Proposal for a

COUNCIL DECISION

on the position to be adopted, on behalf of the European Union, in the EU-EFTA Joint Committee concerning the adoption of a Decision amending the Convention of 20 May 1987 on a common transit procedure

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

Grounds for and objectives of the proposal

The accession of Turkey to the Convention on a common transit procedure of 20 May 1987 involves the introduction of new linguistic references concerning this country in the Convention. Furthermore, guarantee documents where Contracting Parties to the Convention are mentioned need to be changed accordingly.

General context

The Convention of 20 May 1987 on a common transit procedure ('Convention') establishes the measures facilitating the movement of goods between the European Union and the Republic of Iceland, the Kingdom of Norway and the Swiss Confederation.

Turkey wished formally to accede to the Convention and has fulfilled the legal, structural and information technology requirements, which are preconditions for accession.

As these preconditions have been met by Turkey and Turkey has been invited to accede, it is now necessary to amend the Convention with new linguistic references in the Turkish language and the appropriate adaptations of guarantee documents. These amendments are to be introduced and applied as of the first day Turkey starts using the common transit system.

Existing provisions in the area of the proposal

There are no existing provisions in the area of the proposal.

Consistency with other policies and objectives of the Union

Not applicable.

2. RESULTS OF CONSULTATIONS WITH THE INTERESTED PARTIES AND IMPACT ASSESSMENTS

Consultation of interested parties

Consultation methods, main sectors targeted and general profile of respondents

Consultation with approval by the EU-EFTA "Common transit" working group, representing the Contracting Parties to the Convention.

Summary of responses and how they have been taken into account

Favourable opinion.

Collection and use of expertise

There was no need for external expertise.

Impact assessment

The accession to the Convention of 20 May 1987 on a common transit procedure can be seen within the framework of the pre-accession strategy to the European Union.

It will lead to an alignment to the "acquis communautaire" in the transit area.

The introduction of common transit in Turkey as an alternative to the TIR procedure will bring further facilitation of transit, reduction in costs and a possible increase in trade.

3. LEGAL ELEMENTS OF THE PROPOSAL

Summary of the proposed action

The accession of Turkey involves the introduction of new linguistic references concerning this country, allowing the implementation of the common transit procedure between the Contracting Parties. The guarantee documents in particular have to be subject to the necessary modifications.

This draft decision was approved by the Customs Code Committee "Customs Status and Transit section" and by the EU-EFTA Working Group on common transit.

The Commission is invited to approve this draft decision by the written procedure, in order to submit it to the Council to establish a common position for its final adoption by the EU-EFTA Joint Committee on Common Transit.

Legal basis
