COUNCIL

TENTH ANNUAL REPORT ACCORDING TO OPERATIVE PROVISION 8 OF THE EUROPEAN UNION CODE OF CONDUCT ON ARMS EXPORTS

(2008/C 300/01)

INTRODUCTION

The European Code of Conduct on Arms Exports was adopted on 8 June 1998. The Code sets out eight criteria for the control of exports of conventional arms, and a denial notification procedure requiring Member States to consult on possible undercuts. Since its adoption the Code has significantly contributed to the harmonisation of national arms export control policies.

In the 10th year of operation of the Code, numerous developments have further strengthened the implementation of the Code and contributed to expanding its application. These achievements have reconfirmed the Code's status as the most comprehensive international arms export control regime.

A number of other States have officially aligned themselves with the criteria and principles of the Code. These are: Bosnia and Herzegovina, Canada, Croatia, the former Yugoslav Republic of Macedonia, Iceland, Montenegro and Norway.

1. REVIEW OF THE TENTH YEAR OF IMPLEMENTATION OF THE CODE**1. Review of the Code of Conduct**

Discussions on the review of the Code were completed at technical level in June 2005. The resulting draft Common Position will significantly update and strengthen the Code, deepening and widening its scope of application. However, at the time of publication of this year's report, the Council still awaits the appropriate juncture for adoption of the draft Common Position. Meanwhile, the Working Party on Conventional Arms

Exports (COARM) has continued its activities within and outside the framework of the User's Guide (cf. paragraph I.2 below) aiming at further convergence of national procedures and policies based on the existing Code.

2. User's Guide

The User's Guide is an essential tool summarising agreed guidance for the implementation of the operative provisions of the Code, and the interpretation of the criteria. Regularly updated by COARM, it is intended for use primarily by export licensing officials, thus substantially contributing to harmonisation efforts in a pragmatic way. It is available on the Council website (<http://www.consilium.europa.eu/export-controls>). The User's Guide contains sections, inter alia, on the following issues:

(a) Denial notifications and consultations

Denial notifications and bilateral consultations continue to take place via the EU's electronic *coreu* system on a daily basis; information is circulated in a clear and timely manner, ensuring transparency on the arms export policies of Member States vis-à-vis specific countries of final destination and specific end-users. The denials notified, as well as the results of bilateral consultations, are included in a central electronic EU database of denials. The database, which is managed by the EU Council Secretariat, is developing into a dynamic system reflecting Member States' arms exports control policies. The number of denials per destination and per military list category (notified in 2007) are indicated in row (d) of the tables in Annex AI hereto; the number of consultations issued and received by each Member State, and the number of consultations per destination can be found in Tables BI and BII respectively.

(b) *Best practices for interpretation of criteria*

The purpose of best practices for interpretation of the Code of Conduct criteria is to achieve greater consistency among Member States in the application of the criteria of the EU Code of Conduct on Arms Exports. This is done by identifying factors that need to be considered when assessing export licence applications. The best practices are for the use of export licensing officials and other officials in government departments and agencies whose expertise inter alia in regional, legal (e.g. human rights law, public international law), technical, development, as well as security and military related questions should inform the decision-making process.

As already reported in the ninth Annual Report best practices for the interpretation of criteria 1, 5 and 6 of the Code of Conduct were agreed by Member States in June 2007, thus completing the elaboration of best practices for the interpretation of all eight criteria of the Code of Conduct. Furthermore, in February 2008, best practices for interpretation of criteria 5 were revised.

3. Outreach

Coordinated outreach activities by Member States and the Presidency to promote the principles and criteria of the Code among third countries, (in accordance with the mechanism agreed in 2004) continued throughout 2007 (see Table D, annexed hereto). Member States agreed to step up these activities through the adoption of an EU Joint Action on support for EU activities in order to promote the control of arms exports and the principles and criteria of the EU Code of Conduct on Arms Exports among third countries (Council Joint Action 2008/230/CFSP of 17 March 2008)⁽¹⁾ which tasked four successive presidencies with the implementation of a series of outreach projects in EU neighbouring countries. In order to facilitate the organisation of outreach events, Member States decided in June 2008 to create an informal roster of experts who might share their expertise in arms export control policy and practice with the participants at such events.

Inter alia, the following events took place:

(a) *Presidency seminars in 2007*

The German presidency held an outreach seminar for Western Balkan countries and Moldova, organised in cooperation with Racviac, the Regional Arms Control and Verification Implementation Assistance Centre, on 2 to 4 May 2007 in Zagreb. Building upon the experiences of previous outreach seminars in south eastern Europe, the Portuguese presidency, in cooperation with SIPRI (Stockholm International Peace and Research Institute) and the Ministry of Economic and Regional Development of the Republic of Serbia, organised an outreach seminar for this region on 13 and 14 December 2007 in Belgrade.

⁽¹⁾ OJ L 75, 17.3.2008, p. 81-85.

(b) *EU seminars on the basis of Council Joint Action 2008/230/CFSP*

The Slovenian presidency began implementing the Council Joint Action by holding a two-day outreach seminar for the countries of south eastern Europe (Albania, Bosnia and Herzegovina, Croatia, the former Yugoslav Republic of Macedonia, Montenegro and Serbia) on 4 to 6 May 2008 in Jable Castle, Slovenia. Several aspects of export licensing were discussed, as well as the possibility of preparing and publishing a SEE regional report on arms exports. To assure the successful accomplishment of this task, Member States later (in June 2008) undertook to ensure the inclusion of assistance in drafting a SEE regional report in any future European Union tasking of Seesac or similar organisation to assist south east European countries in the area of arms export controls.

As agreed by Member States in November 2007 and conveyed to SEE delegations at the December 2007 Belgrade outreach seminar, EU Member States participating at the Jable seminar reiterated their readiness to consult with SEE countries on denials and other licensing decisions on an ad-hoc basis.

Further to the interest expressed by SEE delegations at the Jable seminar, COARM agreed at its meeting in June 2008 to extend an offer of assistance to Norway (also participating at the Jable seminar), should Norway decide to organise an export control seminar for the SEE region.

(c) *Troika meetings*

The German, the Portuguese and the Slovenian presidencies each held COARM Troika meetings with Canada, Norway, the Russian Federation, Ukraine and the United States in the framework of the political dialogue of the Common Foreign and Security Policy of the European Union. Fruitful discussions took place with these countries on arms export controls in general and the Code of Conduct in particular. The Presidency informed interlocutors at these meetings about COARM activities since the last round of Troika meetings and of priorities of the German, Portuguese and Slovenian COARM presidencies in the field of arms export control. Furthermore, matters of mutual interest were discussed such as arms exports, compliance and control issues as well as membership applications for the Wassenaar Arrangement.

During the Troika meetings with Norway information on each side's denials has been shared in accordance with an agreement reached with Norway in November 2004. Further to a request by Norway during the 4 October 2007 Troika meeting, Member States agreed in November 2007 that the Secretariat should hand the aggregate list of denials to Norway four times per year, thus reducing the risk that Norway would inadvertently undercut EU denials because it was not aware they had been issued.

4. **Updating of the Common Military List of the European Union**

The Common Military List of the European Union has the status of a political commitment in the framework of the Common Foreign and Security Policy. On 10 March 2008 the Council adopted an updated version of the list which takes into account changes in the Wassenaar Arrangement's Munitions List that were agreed at the 2007 Plenary meeting. This most recent version of the Common Military List of the European Union was published in Official Journal C 98 of 18 April 2008 and is available at the following Internet address: <http://www.consilium.europa.eu/export-controls>.

5. **Arms Trade Treaty**

The Council endorsed the principle of an Arms Trade Treaty in its Conclusions of 3 October 2005, and has further demonstrated support for such Treaty by adopting Conclusions calling for a legally binding international Arms Trade Treaty on 11 December 2006, 18 June 2007 and on 10 December 2007.

Member States follow developments related to the Arms Trade Treaty closely and have strongly supported the process. Throughout 2007 and 2008 they have continued to share views and information on efforts to encourage all United Nations member states to support the concept of an Arms Trade Treaty. Implementing the UN General Assembly Resolution 61/89, the Secretary General sought the views of member states on the feasibility, scope and draft parameters of an arms trade treaty. All EU Member States submitted responses on their views and welcomed the start of practical work towards the elaboration of an Arms Trade Treaty. In addition, a common EU reply was submitted.

Subsequently, the UN Secretary General established a Group of Governmental Experts (GGE) to examine these matters. Seven EU Member States were invited to participate in GGE deliberations. The GGE met three times in 2008.

Furthermore, many Member States have actively promoted the idea of a legally binding Arms Trade Treaty bilaterally and in various multilateral fora in order to maintain the current momentum of this initiative and to further strengthen the increasing international support for it.

6. **Arms brokering**

COARM has agreed that the information sharing commitments set out in Common Position 2003/468/CFSP of 23 June 2003 on the control of arms brokering should be implemented via the mechanism laid down in the Code of Conduct. In accordance with Article 5 of the Common Position, Member States have put in place separate arrangements (specific databases) for the exchange of information regarding national legislation and for the exchange of information regarding registered brokers, if applicable. The notification and consultation system operates on a mandatory basis only for those Member States whose

legislation requires brokers to obtain written authorisation to act as brokers.

At the April 2008 meeting of COARM, Member States further agreed to exchange among themselves on a confidential basis information on brokering licences granted (including licences for transfer of brokered goods) and to work towards publishing the information on brokering in the 11th Annual Report on EU Arms Exports.

Detailed information on national legislation implementing the Common Position on Brokering or, for those Member States which have not yet fully implemented the Common Position, providing information on the state of play, is provided in the annexed Table C.

7. **Intra-Community transfers**

On 5 December 2007 the Commission issued a draft proposal for a directive on simplifying terms and conditions of transfers of defence-related products within the Community. The proposed directive is subject to the co-decision procedure of the Council and the European Parliament and is being discussed in the Council first pillar Working Group for Competitiveness and Growth and in the Committee on the Internal Market and Consumer Protection of the European Parliament.

COARM has closely followed the deliberations on the proposed directive, noting that defence-related products cannot be considered in the same way as other commercial items, given the security aspects of such products, and setting out the second pillar implications of the proposed directive. COARM agreed that experts in the control of exports of military equipment should be fully associated in the deliberations on the proposal.

II. **STATE OF PLAY CONCERNING THE IMPLEMENTATION OF OTHER PRIORITY MEASURES IDENTIFIED IN THE NINTH ANNUAL REPORT**

1. **Harmonisation of national reports**

Although differences in national reporting still remain, further steps have been taken to enhance the harmonisation of reporting procedures and to achieve fully comparable statistical data, in particular regarding the value of actual arms exports.

2. **Dialogue with the European Parliament**

Pursuant to the agreement reached at the December 2005 COARM meeting that each Presidency should endeavour to meet the Security and Defence Sub-Committee of the European Parliament to brief it on COARM activities, the COARM Chairperson met with the Security and Defence Sub-Committee in Brussels on 1 March 2007, 19 December 2007 and 9 June 2008 respectively. The open exchange of views and very

practical, concrete queries in these meetings demonstrated the importance of and need for such transparent and confidence-building dialogue with the European Parliament on a biannual basis. Furthermore the COARM Chairperson invited Mr Raül Romeva i Rueda, MEP, Rapporteur on the annual report on the EU Code of Conduct on Arms Exports, to informal meetings with COARM in January 2007, July 2007 and January 2008.

III. PRIORITY GUIDELINES FOR COARM FOR THE NEAR FUTURE

Ten years of application of the Code of Conduct have shown that the fundamental elements of a common approach to the control of conventional arms exports by Member States are well and truly in place. In spite of the progress, there is still work to be done, especially in the areas which have not been addressed in the past, or where further work is necessary to consolidate and build on the results achieved.

Member States have identified the following priority guidelines for the near future:

1. continuation of the process of earlier adoption and harmonisation of national reports in order to promote more homogeneous statistical data for inclusion in the European Union annual reports, to produce clearer, transparent and complete summary tables;
 2. continuation of activities on the promotion of an Arms Trade Treaty;
 3. implementation of the Common Position on arms brokering, taking into account different national legislation and expanding the appropriate information-sharing mechanism and transparency in reporting;
 4. continuation of the policy of promoting the principles and criteria of the Code of Conduct among third countries, especially those countries that have aligned themselves with the Code of Conduct, and assisting its practical implementation through, inter alia, the provision of practical and technical assistance to ensure the harmonisation of policies on arms export control;
 5. expert contribution to discussions on the Commission Proposal for a directive on simplifying terms and conditions of transfers of defence-related products within the Community, particularly with a view to the security concerns which cannot be dissociated from arms transfers;
 6. further development of a dialogue with the European Parliament;
 7. continued close cooperation and consultation with the interested third parties, including international NGOs and the defence industry.

ANNEX

Information on conventional arms exports and implementation of the Code of Conduct by the Member States over the period 1 January to 31 December 2008

The attached tables contain the following information:

A.I TABLES SETTING OUT EXPORTS AND LICENCE REFUSALS PER DESTINATION, PER REGION AND WORLD WIDE

- figures are broken down per Member State, and where possible per EU Common Military List category ⁽¹⁾, where (a) = number of licences issued, (b) = value of licences issued in Euros, (c) = value of arms exports in Euros (if available) ⁽²⁾ ⁽³⁾
- total EU licence refusals to each destination, region and world wide are provided, broken down by EU Common Military List category, (d) = number of licence refusals (small discrepancies may appear between breakdowns and totals due to refusals concerning more than one ML item or refusals for items other than those appearing in the ML); (e) = criteria numbers on which refusals are based (the approximate number of times each criterion is invoked is indicated in brackets).

NB: Statistics are compiled differently by each Member State: no uniform standard is used. Consequently, owing to current procedures in the area of arms export controls or data protection legislation, not all countries have been able to submit the same information. Concerning refusals (row (d)), totals do not always correspond to the sum of the refusals shown per military list item; this is because in some instances one refusal concerns more than one military list item, and in some instances refusals which have been issued in accordance with the Code for items which do not appear on the military list (for example dual use items for military end use) are included in the total.

D. TABLE OF OUTREACH ACTIVITIES CARRIED OUT BY THE EU AND MEMBER STATES IN 2007

E. TABLE SHOWING INTERNET ADDRESSES FOR NATIONAL REPORTS ON ARMS EXPORTS

⁽¹⁾ See pages 12-13 below for brief descriptions of Military List categories.

⁽²⁾ To make the table more readable, nil values and/or the mention 'not available' are omitted, and empty rows deleted.

⁽³⁾ NB

- (i) Concerning Austria: With regard to items covered by the EU Common Military List, the Austrian law distinguishes between 'war material' (as stipulated in the Austrian War Material Act and Regulation) and 'equipment on the Common Military List not listed as war material'. As to category (c) value of actual exports by Military List category, figures may be inaccurate in particular as such data regarding equipment of the Common Military List not listed as war material is available to the competent authorities only after expiration or full utilisation of the individual export licence.
- (ii) Concerning Bulgaria: The export figures do not include temporary exports for overhaul and repair of MoD equipment.
- (iii) Concerning Finland: All licences and exports in category ML 13 to Afghanistan and Lebanon are for United Nations purposes.
- (iv) Concerning Germany: Germany is unable to deliver data on actual exports by EU ML category; it is able to report the total value country by country of actual exports for 'war weapons' according to the German War Weapons list, which represents a sub-set of the military list.
- (v) Concerning Italy: Out of the total number of licences issued, one licence, for the amount of 1 387 000 000 euros, was issued within the Eurofighter programme for three NATO-country destinations (United Kingdom, Germany and Spain). For the purposes of the present report, the value of the licence has been artificially split equally among the three NATO countries in question, i.e. a value of 462 333 333 euros has been inserted for each destination).
- (vi) Concerning the Netherlands:
 1. As values of global licences cannot always be attributed to individual military list categories or individual countries, quoted total values may be higher than the sum of the values per ML category or per destination.
 2. The figures on actual exports reported by the Netherlands are based on information provided by exporters in 2007, and may reflect exports based on a licence issued in a previous year. Although much care has been given to the collection of the data on actual exports, the actual export figures for 2007 may be higher than the values quoted in this report.
- (vii) Concerning Romania: The licence issued for an export to Nicaragua (ML1) was revoked and no export was made.
- (viii) Concerning Slovenia: Export to Afghanistan was a donation (value =0). Goods exported to Slovakia were to be destroyed at the destination (value =0). Exports to the Netherlands and to Sweden were for testing purposes only (value=0).

Brief descriptions of EU Common Military List categories

(cf. OJ C 98 of 18 March 2008 for the full EU Common Military List)

- ML1 Smooth-bore weapons with a calibre of less than 20 mm, other arms and automatic weapons with a calibre of 12,7 mm (calibre 0,50 inches) or less and accessories, and specially designed components therefore.
- ML2 Smooth-bore weapons with a calibre of 20 mm or more, other weapons or armament with a calibre greater than 12,7 mm (calibre 0,50 inches), projectors and accessories, and specially designed components therefor.
- ML3 Ammunition and fuse setting devices, and specially designed components therefor.
- ML4 Bombs, torpedoes, rockets, missiles, other explosive devices and charges and related equipment and accessories, specially designed for military use, and specially designed components therefor.
- ML5 Fire control, and related alerting and warning equipment, and related systems, test and alignment and countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor.
- ML6 Ground vehicles and components.
- ML7 Chemical or biological toxic agents, 'tear gases', radioactive materials, related equipment, components, materials and 'technology'.
- ML8 'Energetic materials', and related substances.
- ML9 Vessels of war, special naval equipment and accessories, and components therefor, specially designed for military use.
- ML10 'Aircraft', unmanned airborne vehicles, aero-engines and 'aircraft' equipment, related equipment and components, specially designed or modified for military use.
- ML11 Electronic equipment, not controlled elsewhere on the EU Common Military List, specially designed for military use and specially designed components therefor.
- ML12 High velocity kinetic energy weapon systems and related equipment, and specially designed components therefor.
- ML13 Armoured or protective equipment and constructions and components.
- ML14 Specialised equipment for military training or for simulating military scenarios, simulators specially designed for training in the use of any firearm or weapon controlled by ML1 or ML2, and specially designed components and accessories therefor.
- ML15 Imaging or countermeasure equipment, specially designed for military use, and specially designed components and accessories therefor.
- ML16 Forgings, castings and other unfinished products the use of which in a controlled product is identifiable by material composition, geometry or function, and which are specially designed for any products controlled by ML1 to ML4, ML6, ML9, ML10, ML12 or ML19.
- ML17 Miscellaneous equipment, materials and libraries, and specially designed components therefor.
- ML18 Equipment for the production of products referred to in the EU Common Military List.
- ML19 Directed energy weapon systems (DEW), related or countermeasure equipment and test models, and specially designed components therefor.
- ML20 Cryogenic and 'superconductive' equipment, and specially designed components and accessories therefor.
- ML21 'Software' specially designed or modified for the 'development', 'production' 'use' of equipment or materials controlled by the EU Common Military List.
- ML22 'Technology' for the 'development', 'production' or 'use' of items controlled in the EU Common Military List, other than that 'technology' controlled in ML7.

It is important to note that row (c) of table ai is the total of the actual exports by those countries which submitted these data. Belgium, Denmark, Latvia, Poland, Portugal and the United Kingdom could not supply these data; therefore row (c) of the EU total does not reflect total eu actual exports. row (b) of the EU total reflects the value of licences granted by all EU Member States.

For presentational reasons, zero values have been omitted and where convenient empty rows and lines deleted.

EU AND MEMBER STATES' OUTREACH ACTIVITIES TO PROMOTE THE PRINCIPLES AND CRITERIA OF THE CODE OF CONDUCT AMONG THIRD COUNTRIES IN 2007

Target or host country and date	Member State/partner country providing assistance or outreach	Description of assistance/outreach
Albania January 2007	United Kingdom	Objective was to assist the Albanian authorities in the development of their new export regime. Current legislation controls the export of arms but not dual use goods. Albania awaits awaiting approval of a new law on the Export and Import of weapons, military equipment and dual use goods in accordance with the EU Code of Conduct on Arms Transfers. The seminar gave an overview of the UK's export licensing system and facilitated the exchange of ideas and information. The first day focused on the practical side of how the UK processes export licence applications. On the second day, presentations were made by officials from HMRC, FCO and MOD. Enforcement, international regimes, ATT and parliamentary relations were discussed. The Criteria in the EU code of conduct was examined in detail with members from the FCO export licensing team.
Belarus, Georgia, Ukraine (October-November 2007)	Latvia, Norway and Sweden (in cooperation with the Nordic and Baltic countries)	Seminars in Riga. The roles of the United Nations, the European Union and other international frameworks were discussed, and the organisation of the Latvian export control system was presented.
Albania September 2007	Romania	Three day workshop (5-7 September) in Bucharest for official from Albanian MFA and MOD. Presentations and Questions and Answers on subjects related to export controls of conventional weapons and dual use goods.
Georgia (February 2007)	Poland	Consultations in Warsaw 27 February — 1 March 2007. A whole spectrum of subjects was discussed, especially implementation of effective export control system, and establishment of measures for secure storage, handling and transportation of arms. Representatives of Polish institutions engaged in the licensing process presented the functioning of our export control process with practical examples of inter-agency co-operation. Visitors were briefed on the Polish export control system and legislation as well as on political considerations which are taken into account when issuing a licence. The key role of the EU Code of Conduct as well as of the Wassenaar Arrangement resolutions and provisions was highlighted. Representatives from the Ministry of Defence and the Ministry of Interior and Administration stressed the importance of effective legislation and procedures on secure storage, handling and transportation of arms.
Georgia, Belarus, Ukraine (October-November 2007)	Latvia, Norway and Sweden (in cooperation with the Nordic and Baltic countries)	Seminars in Riga. The roles of the United Nations, the European Union and other international frameworks were discussed, and the organisation of the Latvian export control system was presented.
Latin America (Spanish and Portuguese speaking) February 2007	Spain	Seminar for SALW POCs, parliamentarians, civil society reps. and experts from Iberoamerican countries, in Colombia, on implementation of UN Programme of Action and on the envisaged Arms Trade Treaty.
Montenegro 20-21 March 2007	Latvia	On 20-21 March 2007 Latvia in cooperation with UNDP in Montenegro organized a study visit for Montenegrin export control experts to Riga. Montenegrin Ministry of Economic Development, Ministry of Internal Affairs and Customs were represented. The Montenegrin delegation was briefed on the EU principles of export control and the Latvian export control system — policy, legislation, licensing procedures, enforcement and outreach to industry. An overview over databases of Latvia on the issued licences for import, export, transit and transfers of strategic goods, on denials, on chemicals and metals, on arms and munitions and other related databases was given. Education system of Latvian customs officials was also discussed. Within the framework of the study visit the Montenegrin experts paid a visit to the Customs Divisions of the Riga International Airport and the Freeport of Riga to learn about customs procedures and physical control of cargoes.

Ukraine, Georgia, Belarus (October-November 2007)	Latvia, Norway and Sweden (in cooperation with the Nordic and Baltic countries)	Seminars in Riga. The roles of the United Nations, the European Union and other international frameworks were discussed, and the organisation of the Latvian export control system was presented.
Western Balkans countries 3-4 May 2007 (Albania, Bosnia and Herzegovina, Croatia, Serbia, Montenegro, FYROM) and Moldova (Rep. of)	Germany	Seminar in Zagreb. Discussions focussed first on the need for efficient export controls, and how the EU Code of Conduct and other multilateral approaches helped strengthening international cooperation in this field and secondly on the Code's criteria and their practical implementation in licensing decisions. Helpful input was given by COARM members from different EU Member States and the Council Secretariat, which provided translations of the User's Guide in the Western Balkans languages. In different working groups, participants then discussed case studies focussing on practical aspects of licensing. The third part was devoted to South Eastern Europe's efforts on the Code of Conduct. Bulgaria and Romania reflected on their experiences in implementing the Code; WB States informed about the status of the Code in their national legislation and further steps they intended to take. The Presidency called upon States that have not yet done so to adhere to the Code.
Western Balkans countries 13-14 December 2007 (Albania, Bosnia and Herzegovina, Croatia, Serbia, Montenegro, FYROM)	Portugal	Seminar in Belgrade. Discussions focussed on the need for transparency in reporting, control of arms brokering, the User's Guide (implementation of criteria) the envisaged Arms Trade Treaty and the export control regimes (in particular the Wassenaar Arrangement). Helpful input was given by COARM members from different EU Member States and the Council Secretariat, which provided for translations of the User's Guide in the Western Balkans languages. In different working groups, participants discussed case studies focussing on practical aspects of licensing. Western Balkans countries reported on their progress concerning the adoption of arms export control legislation. The Presidency called upon States that have not yet done so to adhere to the Code.
