CALL FOR PROPOSALS — EAC/13/11

European Policy Network on the Implementation of Key Competences in School Education

(2011/C 180/15)

1. Objectives and description

The overall aim of this call is to establish a Europe-wide network of relevant organisations in countries participating in the Lifelong Learning Programme. The aim of the network is to develop policy advice for the implementation of the 2006 Recommendation on key competences for lifelong learning in schools. It should address the issues raised by the November 2009 Communication 'Key Competences for a Changing World' ⁽¹⁾ and stimulate high-level cooperation between Member States' policymakers responsible for the essential areas of school development.

The network should therefore bring together those organisations, researchers and stakeholder groups whose area of interest and expertise is on school curriculum development, teacher education, assessment and evaluation, learning support and any other area that is seen as crucial for the development of a coherent policy for the promotion of key competences.

The network should examine and bring forward recommendations on what policies can help schools better ensure that all students develop the key competences as set out by the above mentioned Recommendation.

2. Eligible applicants

This call for proposal is open to ministries of education and other public bodies, such as those responsible for curricula, teacher education, assessment and evaluation, research centres and universities, foundations and associations with legal personality and a registered office in one of the countries taking part in the Lifelong Learning Programme ⁽²⁾.

3. Budget and duration

The framework agreement will last from 2012 until 2014.

The total budget earmarked for the co-financing of this network amounts to EUR 500 000 for 2012. Financial assistance from the Commission cannot exceed 75 % of the total eligible costs.

The maximum duration of projects is 36 months.

4. Deadline

Applications must be sent to the Commission no later than **30 September 2011**.

⁽¹⁾ COM(2009) 640 final.

⁽²⁾ Decision No 1720/2006/EC of the European Parliament and of the Council of 15 November 2006 establishing an action programme in the field of lifelong learning.

5. Further information

The full text of this call for proposals and the application forms are available in English on the following website:
