

## PROCEDURES RELATING TO THE IMPLEMENTATION OF THE COMMON COMMERCIAL POLICY

### EUROPEAN COMMISSION

#### Notice of initiation of an expiry review of the anti-dumping measures applicable to imports of certain iron or steel fasteners originating in the People's Republic of China

(2014/C 27/11)

Following the publication of a notice of impending expiry <sup>(1)</sup> of the anti-dumping measures in force on imports of certain iron or steel fasteners originating in the People's Republic of China ('country concerned'), the European Commission ('the Commission') has received a request for review pursuant to Article 11(2) of Council Regulation (EC) No 1225/2009 of 30 November 2009 on protection against dumped imports from countries not members of the European Community <sup>(2)</sup> ('the basic Regulation').

#### 1. Request for review

The request was lodged on 1 October 2013 by the European Industrial Fasteners Institute ('the applicant') on behalf of producers representing more than 25 % of the total Union production of certain iron or steel fasteners.

#### 2. Product under review

The product subject to this review is certain iron or steel fasteners, other than of stainless steel, i.e. wood screws (excluding coach screws), self-tapping screws, other screws and bolts with heads (whether or not with their nuts or washers, but excluding screws turned from bars, rods, profiles or wire, of solid section, of a shank thickness not exceeding 6 mm and excluding screws and bolts for fixing railway track construction material), and washers, originating in the People's Republic of China, ('the product under review').

#### 3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Council Regulation (EC) No 91/2009 <sup>(3)</sup>, as last amended by Council Implementing Regulation (EU) No 924/2012 <sup>(4)</sup>, and extended to imports consigned from Malaysia, whether declared as originating in Malaysia or not, by Council Implementing Regulation (EU) No 723/2011 <sup>(5)</sup>, as last amended by Council Implementing Regulation (EU) No 693/2012 <sup>(6)</sup>.

<sup>(1)</sup> OJ C 148, 28.5.2013, p. 8.

<sup>(2)</sup> OJ L 343, 22.12.2009, p. 51.

<sup>(3)</sup> OJ L 29, 31.1.2009, p. 1.

<sup>(4)</sup> OJ L 275, 10.10.2012, p. 1.

<sup>(5)</sup> OJ L 194, 26.7.2011, p. 6.

<sup>(6)</sup> OJ L 203, 31.7.2012, p. 23.

#### 4. Grounds for the review

The request is based on the grounds that the expiry of the measures would be likely to result in recurrence of dumping and recurrence of injury to the Union industry.

##### 4.1. Allegation of likelihood of recurrence of dumping

Since, in view of the provisions of Article 2(7) of the basic Regulation, the People's Republic of China is considered to be a non-market economy country, the applicant established normal value for the imports from the People's Republic of China on the basis of the prices paid or payable in market economy third countries, namely India and the United States of America. The applicant alleges that import volumes of the product under consideration coming directly from the People's Republic of China to the Union are limited and do not appear to be dumped due to an apparent concentration of exports to the Union on high value product types and due to inconsistencies between offered prices and the actual prices. Therefore, the applicant bases its request on the allegation of likelihood of recurrence of dumping. The allegation of likelihood of recurrence of dumping is based on a comparison of the normal value thus established with the export price (at ex-works level) of the product under review when sold for export to the United States of America, and the price offered for export to the Union when the product under review is transhipped through third countries.

On the basis of the above comparisons, which show dumping, the applicant alleges that there is a likelihood of recurrence of dumping from the country concerned.

##### 4.2. Allegation of likelihood of recurrence of injury

The applicant alleges the likelihood of recurrence of injury. In this respect the applicant has provided sufficient *prima facie* evidence that, should measures be allowed to lapse, the current import level of the product under review from the country concerned to the Union is likely to increase at injurious price levels. This is so, firstly, because of the potential of the manufacturing facilities of the exporting producers in the People's Republic of China. Secondly, the

Union market is attractive in terms of volume and other third countries have trade defence measures against the product under review, increasing the likelihood that exporting producers in the People's Republic of China would target the Union market. Finally, the current level of export prices of the product under review from the country concerned to other third country markets significantly undercuts the Union industry prices.

The applicant finally alleges that the removal of injury has been mainly due to the existence of measures and that any recurrence of substantial imports at dumped prices from the country concerned would likely lead to a recurrence of injury to the Union industry should measures be allowed to lapse.

## 5. Procedure

Having determined, after consulting the Advisory Committee, that sufficient evidence exists to justify the initiation of an expiry review, the Commission hereby initiates a review in accordance with Article 11(2) of the basic Regulation.

The expiry review will determine whether the expiry of the measures would be likely to lead to a continuation or recurrence of dumping of the product under review originating in the country concerned and a continuation or recurrence of injury to the Union industry.

### 5.1. Procedure for the determination of a likelihood of continuation or recurrence of dumping

Exporting producers<sup>(1)</sup> of the product under review from the country concerned, including those that did not cooperate in the investigation(s) leading to the measures in force, are invited to participate in the Commission investigation.

#### 5.1.1. Investigating exporting producers

##### 5.1.1.1. Procedure for selecting exporting producers to be investigated in the People's Republic of China

###### (a) Sampling

In view of the potentially large number of exporting producers in the People's Republic of China involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission may limit the exporting producers to be investigated to a reasonable number by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary, and if so, to select a sample, all exporting producers, or representatives acting on their behalf, including the ones who did not cooperate in the investigation leading to the measures subject to the

present review, are hereby requested to make themselves known to the Commission. These parties have to do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with the information on their company(ies) requested in Annex I to this notice.

In order to obtain the information it deems necessary for the selection of the sample of exporting producers, the Commission will also contact the authorities of the People's Republic of China and may contact any known associations of exporting producers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the exporting producers may be selected based on the largest representative volume of exports to the Union which can reasonably be investigated within the time available. All known exporting producers, the authorities of the country concerned and associations of exporting producers will be notified by the Commission, via the authorities of the country concerned if appropriate, of the companies selected to be in the sample.

In order to obtain the information it deems necessary for its investigation with regard to exporting producers, the Commission will send questionnaires to the exporting producers selected to be in the sample, to any known association of exporting producers and to the authorities of the People's Republic of China.

All exporting producers selected to be in the sample, any known association of exporting producers and the authorities of the People's Republic of China will have to submit a completed questionnaire within 37 days from the date of notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of the exporting producer's company(ies), the activities of the company(ies) in relation to the product under review, the cost of production, the sales of the product under review on the domestic market of the country concerned and the sales of the product under review to the Union.

Without prejudice to the possible application of Article 18 of the basic Regulation, companies that have agreed to their possible inclusion in the sample but are not selected to be in the sample will be considered to be cooperating ('non-sampled cooperating exporting producers').

<sup>(1)</sup> An exporting producer is any company in the country concerned which produces and exports the product under investigation to the Union market, either directly or via third party, including any of its related companies involved in the production, domestic sales or exports of the product concerned.

### 5.1.2. *Additional procedure with regard to exporting producers in the non-market economy country concerned*

#### 5.1.2.1. *Selection of a market economy third country*

In accordance with Article 2(7)(a) of the basic Regulation, in the case of imports from the People's Republic of China normal value will be determined on the basis of the price or constructed value in a market economy third country.

In the previous investigation India was used as a market economy third country for the purpose of establishing normal value in respect of the People's Republic of China. For the purpose of the current investigation, the Commission envisages using again India. Interested parties are hereby invited to comment on the appropriateness of this choice within 10 days of the date of publication of this notice in the *Official Journal of the European Union*.

#### 5.1.3. *Investigating unrelated importers* <sup>(1)</sup> <sup>(2)</sup>

Unrelated importers of the product under review from the People's Republic of China to the Union are invited to participate in this investigation.

In view of the potentially large number of unrelated importers involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission may limit to a reasonable number the unrelated importers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all unrelated importers, or representatives acting on their behalf, including the ones who did not cooperate in the investigation leading to the measures subject to the present review, are hereby requested to make themselves known to the Commission. These parties must do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with the information on their company(ies) requested in Annex II to this notice.

In order to obtain information it deems necessary for the selection of the sample of unrelated importers, the Commission may also contact any known associations of importers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

<sup>(1)</sup> Only importers not related to exporting producers can be sampled. Importers that are related to exporting producers have to fill in Annex I to the questionnaire for these exporting producers. For the definition of a related party see footnote 5 in Annex I.

<sup>(2)</sup> The data provided by unrelated importers may also be used in relation to aspects of this investigation other than the determination of dumping.

If a sample is necessary, the importers may be selected based on the largest representative volume of sales of the product under review in the Union which can reasonably be investigated within the time available. All known unrelated importers and associations of importers will be notified by the Commission of the companies selected to be in the sample.

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled unrelated importers and to any known association of importers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of their company(ies), the activities of the company(ies) in relation to the product under review and the sales of the product under review.

### 5.2. *Procedure for the determination of a likelihood of a continuation or recurrence of injury*

In order to establish whether there is a likelihood of a continuation or recurrence of injury to the Union industry, Union producers of the product under review are invited to participate in the Commission investigation.

#### 5.2.1. *Investigating Union producers*

In view of the large number of Union producers involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission has decided to limit to a reasonable number the Union producers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling is carried out in accordance with Article 17 of the basic Regulation.

The Commission has provisionally selected a sample of Union producers. Details can be found in the file for inspection by interested parties. Interested parties are hereby invited to consult the file (for this they should contact the Commission using the contact details provided in section 5.6 below). Other Union producers, or representatives acting on their behalf, including Union producers who did not cooperate in the investigation(s) leading to the measures in force, that consider that there are reasons why they should be included in the sample must contact the Commission within 15 days of the date of publication of this notice in the *Official Journal of the European Union*.

All interested parties wishing to submit any other relevant information regarding the selection of the sample must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

All known Union producers and/or associations of Union producers will be notified by the Commission of the companies finally selected to be in the sample.

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled Union producers and to any known associations of Union producers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, *inter alia*, the structure of their company(ies) and the financial and economic situation of the company(ies).

### 5.3. Procedure for the assessment of Union interest

Should the likelihood of continuation or recurrence of dumping and injury be confirmed, a decision will be reached, pursuant to Article 21 of the basic Regulation, as to whether maintaining the anti-dumping measures would not be against the Union interest. Union producers, importers and their representative associations, users and their representative associations, and representative consumer organisations are invited to make themselves known within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. In order to participate in the investigation, the representative consumer organisations have to demonstrate, within the same deadline, that there is an objective link between their activities and the product under review.

Parties that make themselves known within the above deadline may provide the Commission with information on the Union interest within 37 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. This information may be provided either in a free format or by completing a questionnaire prepared by the Commission. In any case, information submitted pursuant to Article 21 will only be taken into account if supported by factual evidence at the time of submission.

### 5.4. Other written submissions

Subject to the provisions of this notice, all interested parties are hereby invited to make their views known, submit information and provide supporting evidence. Unless otherwise specified, this information and supporting evidence must reach the Commission within 37 days of the date of publication of this notice in the *Official Journal of the European Union*.

### 5.5. Possibility to be heard by the Commission investigation services

All interested parties may request to be heard by the Commission investigation services. Any request to be heard must be made in writing and must specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within the specific deadlines set by the Commission in its communication with the parties.

### 5.6. Instructions for making written submissions and sending completed questionnaires and correspondence

All written submissions, including the information requested in this notice, completed questionnaires and correspondence provided by interested parties for which confidential treatment is requested shall be labelled 'Limited' <sup>(1)</sup>.

Interested parties providing 'Limited' information are required to furnish non-confidential summaries of it pursuant to Article 19(2) of the basic Regulation, which will be labelled 'For inspection by interested parties'. These summaries must be sufficiently detailed to permit a reasonable understanding of the substance of the information submitted in confidence. If an interested party providing confidential information does not furnish a non-confidential summary of it in the requested format and quality, such information may be disregarded.

Interested parties are required to make all submissions and requests in electronic format (non-confidential submissions via e-mail, confidential ones on CD-R/DVD), and must indicate their name, address, e-mail address, telephone and fax numbers. However, any powers of attorney, signed certifications, and any updates thereof, accompanying questionnaire replies must be submitted on paper, i.e. by post or by hand, at the address below. ### 6. Non-cooperation

In cases where any interested party refuses access to or does not provide the necessary information within the time limits, or significantly impedes the investigation, findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 18 of the basic Regulation.

Where it is found that any interested party has supplied false or misleading information, the information may be disregarded and use may be made of facts available. If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

<sup>(1)</sup> A 'Limited' document is a document which is considered confidential pursuant to Article 19 of Council Regulation (EC) No 1225/2009 (OJ L 343, 22.12.2009, p. 51) and Article 6 of the WTO Agreement on Implementation of Article VI of the GATT 1994 (Anti-Dumping Agreement). It is also a document protected pursuant to Article 4 of Regulation (EC) No 1049/2001 of the European Parliament and of the Council (OJ L 145, 31.5.2001, p. 43).

Failure to give a computerised response shall not be deemed to constitute non-cooperation, provided that the interested party shows that presenting the response as requested would result in an unreasonable extra burden or unreasonable additional cost. The interested party should immediately contact the Commission.

#### **7. Hearing Officer**

Interested parties may request the intervention of the Hearing Officer for the Directorate-General for Trade. The Hearing Officer acts as an interface between the interested parties and the Commission investigation services. The Hearing Officer reviews requests for access to the file, disputes regarding the confidentiality of documents, requests for extension of time limits and requests by third parties to be heard. The Hearing Officer may organise a hearing with an individual interested party and mediate to ensure that the interested parties' rights of defence are being fully exercised.

A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to the likelihood of a continuation or recurrence of dumping and injury, causal link and Union interest.

For further information and contact details interested parties may consult the Hearing Officer's web pages on DG Trade's website: [http://ec.europa.eu/commission\\_2010-2014/degucht/contact/hearing-officer/](http://ec.europa.eu/commission_2010-2014/degucht/contact/hearing-officer/)

#### **8. Schedule of the investigation**

The investigation will be concluded, pursuant to Article 11(5) of the basic Regulation within 15 months of the date of the publication of this notice in the *Official Journal of the European Union*.

#### **9. Possibility to request a review under Article 11(3) of the basic Regulation**

As this expiry review is initiated in accordance with the provisions of Article 11(2) of the basic Regulation, the findings thereof will not lead to the existing measures being amended but will lead to those measures being repealed or maintained in accordance with Article 11(6) of the basic Regulation.

If any interested party considers that a review of the measures is warranted so as to allow for the possibility to amend the measures, that party may request a review pursuant to Article 11(3) of the basic Regulation.

Parties wishing to request such a review, which would be carried out independently of the expiry review mentioned in this notice, may contact the Commission at the address given above.

#### **10. Processing of personal data**

Any personal data collected in this investigation will be treated in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data<sup>(1)</sup>.
