COUNCIL DECISION

of 22 May 2000

providing exceptional financial assistance for Montenegro

(2000/355/EC)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 308 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Whereas:

- (1) The Commission has consulted the Economic and Financial Committee before submitting its proposal.
- (2) The Montenegrin Government pursues a policy of openness towards the European Union and reforms towards a well-functioning market economy.
- (3) Montenegro's overall economic situation has deteriorated during recent years and the Republic's budget suffered a substantial deterioration in 1999.
- (4) In recognition of the difficult situation of the democratic Government of Montenegro and of the severe economic crisis afflicting the population, the Community has provided strong support for Montenegro in 1998 and 1999.
- (5) Montenegro's budgetary needs are expected to remain substantial in 2000.
- (6) The external support in the year 2000 required from international donors is expected to be substantial.
- (7) The Republic of Montenegro is not in a position to obtain long-term borrowing either domestically or abroad.
- (8) The Republic of Montenegro is not eligible for membership of the Bretton Woods Institutions. As a consequence, the Republic of Montenegro may not benefit

from conventional International Monetary Fund (IMF) or World Bank arrangements in support of an economic programme.

- (9) On 23 and 24 March 2000, the European Council in Lisbon underlined '... the urgent need for substantial assistance to Montenegro in order to ensure the survival of democratic government and to avoid another serious crisis in the region'. Furthermore, the European Council asked '... the competent institutions to take without delay the necessary decisions on the funding [...] of projects, programmes and other forms of assistance which would help to alleviate the immediate financial needs to Montenegro, if necessary by resorting to European Union budgetary reserves, as well as macroeconomic assistance'.
- (10) Exceptional financial assistance from the Community in the form of straight grants to be made available to the Republic of Montenegro would ease the Republic's financial constraints in the current difficult circumstances.
- (11) In the absence of macroeconomic monitoring and financial support from the IMF and the World Bank to the Republic of Montenegro, particular attention should be devoted to the proper implementation and monitoring of this assistance. All related preparation, implementation and monitoring costs shall be covered by the assistance.
- (12) The exceptional financial assistance should be managed by the European Commission.
- (13) The Treaty does not provide, for the adoption of this decision, powers other than those of Article 308,

⁽¹⁾ Opinion of 18 May 2000 (not yet published in the Official Journal).

HAS DECIDED AS FOLLOWS:
