(Acts adopted under the EC Treaty/Euratom Treaty whose publication is obligatory)

REGULATIONS

of 25 November 2009
establishing the Body of European Regulators for Electronic Communications (BEREC) and the Office
(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 95 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee (1),

Having regard to the opinion of the Committee of the Regions (2),

Acting in accordance with the procedure laid down in Article 251 of the Treaty (3),

Whereas:

(2) Regulation (EC) No 717/2007 of the European Parliament and of the Council of 27 June 2007 on roaming on public mobile communications networks within the Community (9) complements and supports, in so far as Community-wide roaming is concerned, the rules provided for by the EU regulatory framework for electronic communications.

(3) The need for the EU regulatory framework to be consistently applied in all Member States is essential for the successful development of an internal market for electronic communications networks and services. The EU regulatory framework sets out objectives to be achieved and provides a framework for action by national regulatory authorities (NRAs), whilst granting them flexibility in certain areas to apply the rules in the light of national conditions.

In view of the need to ensure the development of consistent regulatory practice and the consistent application of the EU regulatory framework, the Commission established the European Regulators Group (ERG) pursuant to Commission Decision 2002/627/EC of 29 July 2002 establishing the European Regulators Group for Electronic Communications Networks and Services (1) to advise and assist the Commission in the development of the internal market and, more generally, to provide an interface between NRAs and the Commission.

The ERG has made a positive contribution towards consistent regulatory practice by facilitating cooperation among NRAs, and between NRAs and the Commission. This approach to developing greater consistency among NRAs by exchanging information and knowledge on practical experience has proved successful in the short period following its deployment. Continued and intensified cooperation and coordination among NRAs will be required to develop further the internal market in electronic communications networks and services.

This calls for the strengthening of the ERG and its recognition in the EU regulatory framework as the Body of European Regulators for Electronic Communications (BEREC). BEREC should neither be a Community agency nor have legal personality. BEREC should replace the ERG and act as an exclusive forum for cooperation among NRAs, and between NRAs and the Commission, in the exercise of the full range of their responsibilities under the EU regulatory framework. BEREC should provide expertise and establish confidence by virtue of its independence, the quality of its advice and information, the transparency of its procedures and methods of operation, and its diligence in performing its tasks.

BEREC should, through the pooling of expertise, assist NRAs without replacing the existing functions or duplicating work already being undertaken, and assist the Commission in the execution of its responsibilities.

BEREC should continue the work of the ERG, developing cooperation among NRAs, and between NRAs and the Commission, so as to ensure the consistent application in all Member States of the EU regulatory framework for electronic communications networks and services, and thereby contributing to the development of the internal market.

BEREC should also serve as a body for reflection, debate and advice for the European Parliament, the Council and the Commission in the electronic communications field. BEREC should accordingly advise the European Parliament, the Council and the Commission, at their request or on its own initiative.

In order to provide BEREC with professional and administrative support, the Office should be established as a Community body with legal personality and should exercise the tasks conferred on it by this Regulation. In order to efficiently support BEREC, the Office should have legal, administrative and financial autonomy. The Office should comprise a Management Committee and an Administrative Manager.

The organisational structures of BEREC and of the Office should be lean and suitable for the tasks they are to perform.

The Office should be a Community body within the meaning of Article 185 of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities (5) (Financial Regulation). The Interinstitutional Agreement of 17 May 2006 between the European Parliament, the Council and the Commission on budgetary discipline and sound financial management (6) (IIA of 17 May 2006), and in particular point 47 thereof, should apply to the Office.

(14) Since the objectives of the proposed action, namely the further development of consistent regulatory practice through intensified cooperation and coordination among NRAs, and between NRAs and the Commission, cannot be sufficiently achieved by the Member States in view of the EU-wide scope of this Regulation, and can therefore be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity, as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.

HAVE ADOPTED THIS REGULATION:
