PROCEDURES RELATING TO THE IMPLEMENTATION OF THE COMMON  
COMMERCIAL POLICY

COMMISSION

**Notice of initiation of a partial interim review of the anti-dumping measures applicable to imports  
of farmed salmon originating in Norway**

(2007/C 88/10)

The Commission has received a request for a partial interim review pursuant to Article 11(3) of Council Regulation (EC) No 384/96 on protection against dumped imports from countries not members of the European Community ('the basic Regulation')<sup>(1)</sup>.

**1. Request for review**

The request was lodged by the following Member States: Italy, Lithuania, Poland, Portugal and Spain ('the applicants').

**2. Product**

The product under review is farmed (other than wild) salmon, whether or not filleted, fresh, chilled or frozen originating in Norway ('the product concerned'), currently classifiable within CN codes ex 0302 12 00, ex 0303 11 00, ex 0303 19 00, ex 0303 22 00, ex 0304 19 13 and ex 0304 29 13. These CN codes are given only for information.

**3. Existing measures**

The measures currently in force are a definitive anti-dumping duty imposed by Council Regulation (EC) No 85/2006<sup>(2)</sup> on imports of farmed salmon originating in Norway.

**4. Grounds for the review**

The applicants have provided prima facie evidence that, with regard to imports of farmed salmon from Norwegian companies other than Nordlaks Oppdrett AS, the basis on which the measures were established have changed and that these changes are of a lasting nature.

The applicants allege and provide prima facie evidence showing that a comparison between a constructed normal value and export prices for Norwegian companies other than Nordlaks Oppdrett AS would lead to a reduction of dumping significantly below the level of the current measures. Therefore, the continued imposition of measures at the existing levels, is no longer necessary to offset dumping.

**5. Procedure for the determination of dumping**

Having determined, after consulting the Advisory Committee, that sufficient evidence exists to justify the initiation of a partial interim review, the Commission hereby initiates a review in accordance with Article 11(3) of the basic Regulation, limited to dumping for all Norwegian companies other than Nordlaks Oppdrett AS.

The investigation will assess the need for the continuation, removal or amendment of the existing measures.

(a) *Sampling*

In view of the apparent number of parties involved in this proceeding, the Commission may decide to apply sampling, in accordance with Article 17 of the basic Regulation.

Volume information requested in points 5(a)(i) and 5(a)(ii) below should be provided on a whole fish equivalent basis (WFE) which should be used consistently for all data provided. In addition, the list of conversion rates used, if any, should be provided.

The consequences of non-cooperation are set out in point 8 below.

<sup>(1)</sup> Individual margins may be claimed pursuant to Article 17(3) of the basic Regulation for companies not included in the sample.

<sup>(2)</sup> For guidance on the meaning of related companies, please refer to Article 143 of Commission Regulation (EEC) No 2454/93 of 2 July 1993 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code (OJ L 253, 11.10.1993, p. 1).

If the company indicates that it does not agree to its possible inclusion in the sample, it will be deemed to not have co-operated in the investigation. The consequences of non-cooperation are set out in point 8 below.

<sup>(3)</sup> For guidance on the meaning of related companies, please refer to Article 143 of Commission Regulation (EEC) No 2454/93.

## (iii) Final selection of the sample

All interested parties wishing to submit any relevant information regarding the selection of the sample must do so within the time limit set in point 6(b)(ii).

The Commission intends to make the final selection of the sample after having consulted the parties concerned that have expressed their willingness to be included in the sample.

Companies included in the sample must reply to a questionnaire within the time limit set in point 6 (b)(iii) and must co-operate within the framework of the investigation.

If sufficient co-operation is not forthcoming, the Commission may base its findings, in accordance with Articles 17(4) and 18 of the basic Regulation, on the facts available. A finding based on facts available may be less advantageous to the party concerned, as explained in point 8.

## (b) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled exporters/producers in Norway, to any association of exporters/producers, to the sampled importers, to any association of importers that cooperated in the proceeding that led to the imposition of the existing measures, and to the authorities of the exporting country concerned.

Exporters/producers in Norway claiming an individual margin, with a view to the application of Articles 17(3) and 9(6) of the basic Regulation, must submit a completed questionnaire within the time limit set in point 6(a)(ii) of this notice. They therefore must request a questionnaire within the time limit set in point 6(a)(i). However, such parties should be aware that if sampling is applied to exporters/producers, the Commission may nonetheless decide not to calculate an individual margin for them, if the number of exporters or producers is so large that individual examination would be unduly burdensome and would prevent the timely completion of the investigation.

## (c) Collection of information and holding of hearings

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence must reach the Commission within the time limit set in point 6(a)(ii).

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are

particular reasons why they should be heard. This request must be made within the time limit set in point 6(a)(iii).

## (iii) Hearings

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made, in accordance with Article 18 of the basic Regulation, of the facts available. If an interested party does not cooperate or cooperates only partially, and use of facts available is made, the result may be less favourable to that party than if it had cooperated.

#### **9. Schedule of the investigation**

It is recalled that the initiation of interim reviews such as this one merely indicates that the Commission will investigate whether measures in their current level are appropriate. The initiation of this review therefore, in no way prejudices the outcome of the investigation. The existing measures will stay in force throughout this investigation which will be concluded according to Article 11(5) of the basic Regulation, within 15 months of the date of the publication of this notice in the *Official Journal of the European Union*.
