Euro coins intended for circulation have legal tender status throughout the euro area. In accordance with the Council conclusions of 10 February 2009 ⁽²⁾, the Member States of the euro area and countries that have concluded a monetary agreement with the Community providing for the issuing of euro coins are allowed to issue commemorative euro coins intended for circulation, provided that certain conditions are met, particularly that only the 2-euro denomination is used. These coins have the same technical characteristics as other 2-euro coins, but their national side features a commemorative design that is highly symbolic in national or European terms.
