

Question referred

Having regard to the fact that, in accordance with Article 4(2) of Directive 93/13/EEC, ⁽¹⁾ assessment of the unfair nature of contractual terms must relate neither to the definition of the main subject-matter of the agreement nor to the adequacy [sic] of the price and remuneration, on the one hand, as against the services or goods supplied in exchange, on the other, in so far as these terms are in plain intelligible language,

and

given that, under Article 2(2)(a) of Directive 2008/48/EC, ⁽²⁾ the definition provided in Article 3(g) of that directive of 'the total cost of the credit to the consumer', which includes all the fees which the consumer is required to pay in connection with the credit agreement, does not apply for the purposes of determining the subject-matter of a credit agreement secured by a mortgage,

can the concepts of 'main subject-matter' and/or of 'price', to which Article 4(2) of Directive 93/13/EEC refers, be interpreted as also covering, among the elements which make up the consideration owed to the credit institution, the global effective annual rate of a credit agreement, formed in particular of the interest rate, whether fixed or variable, the bank charges and other costs included and defined in the agreement?

⁽¹⁾ Council Directive 93/13/EEC of 5 April 1993 on unfair terms in consumer contracts (OJ 1993, L 95, p. 29).

⁽²⁾ Directive 2008/48/EC of the European Parliament and of the Council of 23 April 2008 on credit agreements for consumers and repealing Council Directive 87/102/EEC (OJ 2008, L 133, p. 66).

Questions referred

1. Does Council Directive 85/337/EEC of 27 June 1985, ⁽¹⁾ as amended by Council Directive 97/11/EC of 3 March 1997, ⁽²⁾ preclude a national rule by which it is established that an environmental impact assessment for infrastructure works (not concerning the runway) at an airport, that is the construction of a terminal and the extension of the airport site to construct further facilities (in particular hangars, equipment buildings and parking areas), shall only be carried out if the annual number of aircraft movements is anticipated to increase by no less than 20 000?

In the event that Question 1 is answered in the affirmative:

2. In the absence of relevant national provisions, does Directive 85/337 require and allow for the direct application of its provisions to assess (taking due account of the objectives thereby pursued and the criteria set out in Annex III thereto) the environmental impact of a project — specified in Question 1 — which is covered by Annex II?
