

PROTOCOL No 3
concerning the arrangements applicable to imports into Morocco of agricultural products originating in the Community

Article 1

1. The import duties on imports into Morocco of products originating in the Community as listed in the Annex hereto shall be as set in column (a) of the Annex. The successive reductions provided for in this Agreement shall be made by the percentages indicated in columns (c), (e), (g), (i) and (k) for the quantities covered by the tariff quotas indicated in columns (b), (d), (f), (h) and (j).

2. Without prejudice to paragraph 3, if any *erga omnes* tariff reduction is applied after this Agreement has been signed, the reduced duty shall replace the duties indicated in column (a) of the Annex for the purposes of paragraph 1 as from the date when that reduction is applied.

3. For products falling within CN code ex 1001 90 99 as referred to in the Annex, the duty indicated in column (a) of the Annex shall be that applied on 1 October 2003 and shall remain at or below that level for the purposes of calculating the tariff reduction.

If the duty concerned is reduced on an *erga omnes* basis after that date, the percentage indicated in columns (c), (e), (g), (i) and (k) shall be adjusted according to the following rules:

- if the duty is reduced on an *erga omnes* basis, the percentage shall be increased by 0,275 % per percentage point of reduction;
- if the duty is subsequently increased on an *erga omnes* basis, the percentage shall be reduced by 0,275 % per percentage point of increase;
- if the duty is again adjusted either upwards or downwards, the percentage resulting from the application of the previous indents shall be adjusted using the relevant formula.

Article 2

1. For cereals falling within CN code ex 1001 90 99, the tariff quota shall be fixed as stipulated in the footnote on page 2 of the Annex on the basis of Moroccan output during the current year, as estimated and published by the Moroccan authorities during May. The quota will be adapted if necessary at the end of July in the light of a communication from the

Moroccan authorities fixing the definitive volume of Moroccan output. However, the result of any such adjustment must be adjusted by common accord between the Parties either upwards or downwards by 5 % depending on the outcome of the consultations referred to in paragraph 2.

The above tariff quota shall not apply during June and July. During the consultations provided for in the following paragraph, the Parties shall agree to consider whether to extend the timetable in the light of the forecasts for the Moroccan market. However, any extension may not go beyond 31 August.

2. For the purposes of managing the provisions set out in paragraph 1, and in order to ensure supplies to the Moroccan market as well as the stability and continuity of that market and to stabilise prices on the Moroccan market and preserve traditional trade flows, the following cooperation arrangements shall apply in the cereals sector.

Before the beginning of each marketing year, no later than the second half of May, the parties shall hold consultations.

The purpose of these consultations will be to discuss the market situation for cereals including, in particular, production forecasts for Moroccan common wheat, the situation of stocks, consumption, producer and export prices and possible market development as well as possibilities of adapting supply to demand.

3. If, after the entry into force of this Agreement, Morocco grants a larger tariff reduction on cereals falling within CN code ex 1001 90 99 to a third country under an international agreement, Morocco undertakes to grant the same tariff reduction to the Community as an autonomous measure.

Article 3

Without prejudice to other provisions of this Agreement, if, given the particular sensitivity of the agricultural markets, imports of products originating in the Community which are the subject of concessions granted under this Protocol, cause serious disturbance to the Moroccan market within the meaning of Article 25 of the Agreement, both Parties shall hold consultations immediately to find an appropriate solution. Pending such solution, Morocco may take the measures it deems necessary.
