

**COUNCIL REGULATION (EC) No 2112/2005**  
**of 21 November 2005**  
**on access to Community external assistance**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 181a thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament,

Having regard to the opinion of the European Economic and Social Committee <sup>(1)</sup>,

Whereas:

- (1) The practice of tying the granting of aid, directly or indirectly, to the purchase of goods and services procured by means of that aid in the donor country reduces its effectiveness and is not coherent with a pro-poor development policy. The untying of aid is not an aim in itself, but should be used as a tool to cross-fertilise other elements in the fight against poverty, such as ownership, regional integration and capacity building, with a focus on empowering local and regional suppliers of goods and services in developing countries.
- (2) In March 2001, the Development Assistance Committee (DAC) of the Organisation for Economic Cooperation and Development (OECD) adopted a 'Recommendation on Untying Official Development Assistance to the Least Developed Countries' <sup>(2)</sup>. The Member States adopted that recommendation and the Commission recognised the spirit of this recommendation as guidance for Community aid.
- (3) On 14 March 2002, the General Affairs Council held in parallel with the European Council in Barcelona in preparation for the International Conference on Financing for Development, convened in Monterrey on 18 to 22 March 2002, concluded that the European Union would 'implement the DAC recommendation on untying of aid to least developed countries and continue discussions in view of further untying bilateral aid. The EU will also consider steps towards further untying of Community aid while maintaining the existing system of price preferences of the EU-ACP framework'.
- (4) On 18 November 2002, the Commission adopted a communication to the Council and to the European Parliament entitled 'Untying: Enhancing the effectiveness of aid'. It presented the Commission's views on the issue and possible options for the implementation of the abovementioned Barcelona commitment within the EU aid assistance system.
- (5) In its Conclusions on the Untying of Aid of 20 May 2003 the Council underlined the need to further untie Community aid. It agreed to the modalities detailed on the abovementioned Communication and decided on the options proposed.
- (6) On 4 September 2003, the European Parliament adopted a resolution on the abovementioned Commission communication <sup>(3)</sup>, in which it noted the need to further untie Community aid. It supported the modalities detailed in that Communication and agreed to the options proposed. It highlighted the need for further debate geared towards more untying on the basis of further studies and documented proposals, and called explicitly for 'a clear preference for local and regional cooperation, prioritising – in ranking order – suppliers from the recipient country, neighbouring developing countries, and other developing countries', in order to strengthen the efforts of the recipient countries to improve their own production at national, regional, local and family level, as well as actions aimed at improving the availability and accessibility to the public of foodstuffs and basic services, consistent with local habits and production and trading systems.
- (7) Several elements need to be addressed in order to define access to Community external assistance. The rules of eligibility governing access by persons are laid down in Article 3. The rules governing the engagement of experts and the origin of supplies and materials purchased by eligible persons are laid down in Articles 4 and 5 respectively. The definition and modalities of implementation of reciprocity are set out in Article 6. Derogations and their implementation are provided for in Article 7. Specific provisions concerning operations financed through an international organisation or a regional organisation, or co-financed with a third country, are laid down in Article 8. Specific provisions concerning humanitarian aid are laid down in Article 9.

<sup>(1)</sup> OJ C 157, 28.6.2005, p. 99.

<sup>(2)</sup> OECD/DAC 2001 Report, 2002, Volume 3, No 1, p. 46.

<sup>(3)</sup> OJ C 76 E, 25.3.2004, p. 474.

- (8) Access to Community external assistance is defined in the basic acts regulating such assistance, in conjunction with Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities <sup>(1)</sup> (hereinafter the Financial Regulation). The changes made by this Regulation to access to Community aid entail amendments to all those instruments. All the modifications to the basic acts concerned are listed in Annex I to this Regulation.
- (9) When awarding tenders under a Community instrument, special consideration will be given to respect for internationally agreed core labour standards of the International Labour Organisation (ILO), e.g. the conventions on freedom of association and collective bargaining, elimination of forced and compulsory labour, elimination of discrimination in respect of employment and occupation, and the abolition of child labour.
- (10) When awarding tenders under a Community instrument, special consideration will be given to respect for the following internationally agreed environmental conventions: the Convention on Biological Diversity of 1992, the Cartagena Protocol on Biosafety of 2000 and the Kyoto Protocol to the United Nations Framework Convention on Climate Change of 1997,

#### Article 4

##### Experts

All experts engaged by tenderers as defined in Articles 3 and 8 may be of any nationality. This Article is without prejudice to the qualitative and financial requirements set out in the Community's procurement rules.

*Article 5***Rules of origin**

All supplies and materials purchased under a contract financed under a Community instrument must originate from the Community or from an eligible country as defined in Articles 3 and 7 herein. The term 'origin' for the purpose of this Regulation is defined in the relevant Community legislation on rules of origin for customs purposes.

*Article 6***Reciprocity with third countries**

1. Reciprocal access to the Community's external assistance shall be granted for a country falling within the scope of Article 3(4), whenever such country grants eligibility on equal terms to the Member States and to the recipient country concerned.

2. The granting of reciprocal access to the Community's external assistance shall be based on a comparison between the EU and other donors and shall proceed at sectoral level, as defined by the OECD Development Assistance Committee categories, or at country level, regardless of whether the country concerned is a donor or a recipient country. The decision to grant such reciprocity to a donor country shall be based on the transparency, consistency and proportionality of the aid provided by that donor, including its qualitative and quantitative nature.

2. In duly substantiated exceptional cases, the Commission may allow the purchase of supplies and materials originating from a country not eligible under Article 3.

3. Derogations as provided for in paragraphs 1 and 2 may be justified on the basis of the unavailability of products and services in the markets of the countries concerned, for reasons of extreme urgency, or if the eligibility rules would make the realisation of a project, a programme or an action impossible or exceedingly difficult.

*Article 8***Operations involving international organisations or co-financing**

1. Whenever Community funding covers an operation implemented through an international organisation, participation in the appropriate contractual procedures shall be open to all legal persons who are eligible pursuant to Article 3 as well as to all legal persons who are eligible pursuant to the rules of that organisation, care being taken to ensure that equal treatment is afforded to all donors. The same rules shall apply in respect of supplies, materials and experts.

2. Whenever Community funding covers an operation co-financed with a third country, subject to reciprocity as defined in Article 6, or with a regional organisation, or with a Member State, participation in the appropriate contractual procedures shall be open to all legal persons who are eligible pursuant to Article 3 as well as to all legal persons who are eligible under the rules of such third country, regional organisation or Member State. The same rules shall apply in respect of supplies, materials and experts.

<sup>(3)</sup> OJ L 213, 30.7.1998, p. 1. Regulation as amended by Regulation (EC) No 1882/2003.

2. Beneficiaries of these grants shall abide by the rules established in this Regulation where the implementation of the assisted humanitarian action and aid channeled directly through NGOs within the meaning of Regulation (EC) no 1658/98 requires the award of procurement contracts.

*Article 10*

**Respect for core principles and strengthening local markets**

1. In order to accelerate the eradication of poverty through the promotion of local capacities, markets and purchases, special consideration shall be given to local and regional procurement in partner countries.

## ANNEX IV

**Extracts from the Recommendation on Untying Official Development Assistance to the Least Developed Countries by the Development Assistance Committee of the Organisation for Economic Cooperation and Development (OECD/DAC), March 2001****II. Implementation***(a) Coverage*

7. Untying is a complex process. Different approaches are required for different categories of ODA, and actions by Members to implement the recommendation will vary in coverage and timing. Bearing this in mind, DAC Members will untie their ODA to the least developed countries to the greatest extent possible and in accordance with the criteria and procedures set out in this recommendation:
    - (i) DAC Members agree to untie, by 1 January 2002, ODA to the least developed countries in the following areas: balance of payments and structural adjustment support; debt forgiveness; sector and multi-sector programme assistance; investment project aid; import and commodity support; commercial services contracts, and ODA to non-governmental organisations for procurement related activities.
    - (ii) In respect of investment-related technical cooperation and free-standing technical cooperation, it is recognised that DAC Members' policies may be guided by the importance of maintaining a basic sense of national involvement in donor countries alongside the objective of calling upon partner countries' expertise, bearing in mind the objectives and principles of this recommendation. Free-standing technical cooperation is excluded from the coverage of the recommendation.
    - (iii) In respect of food aid, it is recognised that DAC Members' policies may be guided by the discussions and agreements in other international fora governing the provision of food aid, bearing in mind the objectives and principles of this recommendation.
  8. This recommendation does not apply to activities with a value of less than SDR 700 000 (SDR 130 000 in the case of investment-related technical cooperation).
