Additional information from the narrative summary of reasons for listing provided by the Sanctions Committee:

Ahmed Ali Saleh has been working to undermine President Hadi's authority, thwart Hadi's attempts to reform the military, and hinder Yemen's peaceful transition to democracy. Saleh played a key role in facilitating the Houthi military expansion. As of mid-February 2013, Ahmed Ali Saleh had issued thousands of new rifles to Republican Guard brigades and unidentified tribal shaykhs. The weapons were originally procured in 2010 and reserved to purchase the loyalties of the recipients for political gain at a later date.

After Saleh's father, former Republic of Yemen President Ali Abdullah Saleh, stepped down as President of Yemen in 2011, Ahmed Ali Saleh retained his post as commander of Yemen's Republican Guard. A little over a year later, Saleh was dismissed by President Hadi but he retained significant influence within the Yemeni military, even after he was removed from command. Ali Abdullah Saleh was designated by the UN under UNSCR 2140 in November 2014.'
