

## Notice of initiation of an expiry review of the anti-dumping measures applicable to imports of certain seamless pipes and tubes of iron or steel originating in Russia and Ukraine

(2017/C 214/07)

Following the publication of a Notice of impending expiry<sup>(1)</sup> of the anti-dumping measures in force on the imports of certain seamless pipes and tubes of iron or steel originating in Russia and Ukraine, the European Commission ('the Commission') has received a request for review pursuant to Article 11(2) of Regulation (EU) 2016/1036 of the European Parliament and of the Council of 8 June 2016 on protection against dumped imports from countries not members of the European Union<sup>(2)</sup> ('the basic Regulation').

### 1. Request for review

The request was lodged on 30 March 2017 by the Defence Committee of the Seamless Steel Tubes Industry of the European Union ('ESTA' or 'the applicant') on behalf of producers representing more than 25 % of the total Union production of certain seamless pipes and tubes of iron or steel.

### 2. Product under review

The product subject to this review is seamless pipes and tubes of iron or steel, of circular cross-section, of an external diameter not exceeding 406,4 mm with a carbon equivalent value (CEV) not exceeding 0,86 according to the International Institute of Welding (IIW) formula and chemical analysis<sup>(3)</sup> ('the product under review'), currently falling within CN codes ex 7304 11 00, ex 7304 19 10, ex 7304 19 30, ex 7304 22 00, ex 7304 23 00, ex 7304 24 00, ex 7304 29 10, ex 7304 29 30, ex 7304 31 80, ex 7304 39 58, ex 7304 39 92, ex 7304 39 93, ex 7304 51 89, ex 7304 59 92 and ex 7304 59 93<sup>(4)</sup> (TARIC codes 7304 11 00 11, 7304 19 10 20, 7304 19 30 20, 7304 22 00 21, 7304 23 00 20, 7304 24 00 21, 7304 29 10 20, 7304 29 30 20, 7304 31 80 30, 7304 39 58 30, 7304 39 92 30, 7304 39 93 20, 7304 51 89 30, 7304 59 92 30 and 7304 59 93 20) and originating in Russia and Ukraine.

### 3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Council Implementing Regulation (EU) No 585/2012<sup>(5)</sup>, as amended by Council Implementing Regulation (EU) No 795/2012<sup>(6)</sup> and by Council Implementing Regulation (EU) No 1269/2012<sup>(7)</sup>.

### 4. Grounds for the review

The request is based on the grounds that the expiry of the measures would be likely to result in continuation of dumping for Ukraine and recurrence of dumping for Russia and recurrence of injury to the Union industry.

#### 4.1. Allegation of likelihood of continuation and recurrence of dumping

The allegation of likelihood of recurrence of dumping for Russia is based on a comparison of domestic price with the export price (at ex-works level) of the product under review when sold for export to third countries, in view of the current absence of significant import volumes from Russia to the Union.

<sup>(1)</sup> OJ C 363, 1.10.2016, p. 22.

<sup>(2)</sup> OJ L 176, 30.6.2016, p. 21.

<sup>(3)</sup> The CEV shall be determined in accordance with Technical Report, 1967, IIW doc. IX-555-67, published by the International Institute of Welding (IIW).

<sup>(4)</sup> As currently defined in Commission Regulation (EU) No 1006/2011 of 27 September 2011 amending Annex I to Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff (OJ L 282, 28.10.2011, p. 1). The product coverage is determined in combining the product description in Article 1(1) and the product description of the corresponding CN codes taken together.

<sup>(5)</sup> Council Implementing Regulation (EU) No 585/2012 of 26 June 2012 imposing a definitive anti-dumping duty on imports of certain seamless pipes and tubes, of iron or steel, originating in Russia and Ukraine, following an expiry review pursuant to Article 11(2) of Regulation (EC) No 1225/2009, and terminating the expiry review proceeding concerning imports of certain seamless pipes and tubes, of iron or steel, originating in Croatia (OJ L 174, 4.7.2012, p. 5).

<sup>(6)</sup> Council Implementing Regulation (EU) No 795/2012 of 28 August 2012 amending Implementing Regulation (EU) No 585/2012 imposing a definitive anti-dumping duty on imports of certain seamless pipes and tubes, of iron or steel, originating in Russia and Ukraine, following a partial interim review pursuant to Article 11(3) of Regulation (EC) No 1225/2009 (OJ L 238, 4.9.2012, p. 1).

<sup>(7)</sup> Council Implementing Regulation (EU) No 1269/2012 of 21 December 2012 amending Implementing Regulation (EU) No 585/2012 imposing a definitive anti-dumping duty on imports of certain seamless steel pipes, of iron or steel, originating, inter alia, in Russia, following a partial interim review pursuant to Article 11(3) of Regulation (EC) No 1225/2009 (OJ L 357, 28.12.2012, p. 1).

The allegation of likelihood of continuation of dumping for Ukraine is based on a comparison of domestic price with the export price (at ex-works level) of the product under review when sold for export to the Union.

On the basis of the above comparisons, which show dumping, the applicant alleges that there is a likelihood of recurrence of dumping for Russia and a likelihood of continuation of dumping for Ukraine.

#### 4.2. *Allegation of likelihood of recurrence of injury*

The applicant alleges the likelihood of recurrence of injury. In this respect the applicant has provided prima facie evidence that, should measures be allowed to lapse, the current import level of the product under review from the countries concerned to the Union is likely to increase due to the existence of unused capacity in the countries concerned.

The applicant alleges that the removal of injury has been mainly due to the existence of measures and that any recurrence of substantial imports at dumped prices from the countries concerned would likely lead to a recurrence of injury to the Union industry should measures be allowed to lapse.

The applicant has also provided prima facie evidence that imports of the product under review from Ukraine to the Union have increased in absolute terms and in terms of market share. The prima facie evidence shows that the volume and the prices of the imported product under review have had among other consequences, a negative impact on the quantities sold, the level of prices charged and the market share held by the Union industry, resulting in adverse effects on the financial situation of the Union industry. The applicant alleges that any further substantial increase of imports at dumped prices from the countries concerned would be likely to further deteriorate the financial situation of the Union industry should measures be allowed to lapse.

### 5. **Procedure**

Having determined, after consulting the Committee established by Article 15(1) of the basic Regulation, that sufficient evidence exists to justify the initiation of an expiry review, the Commission hereby initiates an expiry review in accordance with Article 11(2) of the basic Regulation.

The expiry review will determine whether the expiry of the measures would be likely to lead to a continuation or recurrence of dumping of the product under review originating in the countries concerned and a continuation or recurrence of injury to the Union industry.

#### 5.1. *Review investigation period and period considered*

The investigation of a continuation or recurrence of dumping will cover the period from 1 July 2016 to 30 June 2017 ('the review investigation period'). The examination of trends relevant for the assessment of the likelihood of a continuation or recurrence of injury will cover the period from 1 January 2014 to the end of the investigation period ('the period considered').

#### 5.2. *Procedure for the determination of a likelihood of continuation or recurrence of dumping*

Exporting producers <sup>(1)</sup> of the product under review from the countries concerned, including those that did not cooperate in the investigation leading to the measures in force, are invited to participate in the Commission investigation.

##### 5.2.1. *Investigating exporting producers*

Procedure for selecting exporting producers to be investigated in the countries concerned

In view of the potentially large number of exporting producers in Russia and Ukraine involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission may limit the exporting producers to be investigated to a reasonable number by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary, and if so, to select a sample, all exporting producers, or representatives acting on their behalf, including the ones who did not cooperate in the investigation leading to the measures subject to the present review, are hereby requested to make themselves known to the Commission. These parties have to do so within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with the information on their company(ies) requested in Annex I to this Notice.

---

<sup>(1)</sup> An exporting producer is any company in the countries concerned which produces and exports the product under review to the Union market, either directly or via third party, including any of its related companies involved in the production, domestic sales or exports of the product under review.

In order to obtain the information it deems necessary for the selection of the sample of exporting producers, the Commission will also contact the authorities of the countries concerned and may contact any known associations of exporting producers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the exporting producers will be selected based on the largest representative volume of production, sales or exports which can reasonably be investigated within the time available.

All known exporting producers, the authorities of the countries concerned and associations of exporting producers will be notified by the Commission, via the authorities of the countries concerned if appropriate, of the companies selected to be in the sample.

In order to obtain the information it deems necessary for its investigation with regard to exporting producers, the Commission will send questionnaires to the exporting producers selected to be in the sample, to any known association of exporting producers and to the authorities of the countries.

All exporting producers selected to be in the sample will have to submit a completed questionnaire within 37 days from the date of notification of the sample selection, unless otherwise specified.

Without prejudice to the possible application of Article 18 of the basic Regulation, companies that have agreed to their possible inclusion in the sample but are not selected to be in the sample will be considered to be cooperating ('non-sampled cooperating exporting producers').

#### 5.2.2. Investigating unrelated importers <sup>(1)</sup> <sup>(2)</sup>

Unrelated importers of the product under review from the countries concerned to the Union, including those that did not cooperate in the investigation(s) leading to the measures in force, are invited to participate in this investigation.

In view of the potentially large number of unrelated importers involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission may limit to a reasonable number the unrelated importers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all unrelated importers, or representatives acting on their behalf, including the ones who did not cooperate in the investigation leading to the measures subject to the present review, are hereby requested to make themselves known to the Commission. These parties must do so within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with the information on their company(ies) requested in Annex II to this Notice.

In order to obtain information it deems necessary for the selection of the sample of unrelated importers, the Commission may also contact any known associations of importers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified.

<sup>(1)</sup> Only importers not related to exporting producers can be sampled. Importers that are related to exporting producers have to fill in Annex I to the questionnaire for these exporting producers. In accordance with Article 127 of Commission Implementing Regulation (EU) 2015/2447 of 24 November 2015 laying down detailed rules for implementing certain provisions of Regulation (EU) No 952/2013 of the European Parliament and of the Council laying down the Union Customs Code, two persons shall be deemed to be related if: (a) they are officers or directors of the other person's business; (b) they are legally recognised partners in business; (c) they are employer and employee; (d) a third party directly or indirectly owns, controls or holds 5% or more of the outstanding voting stock or shares of both of them; (e) one of them directly or indirectly controls the other; (f) both of them are directly or indirectly controlled by a third person; (g) together they control a third person directly or indirectly; or (h) they are members of the same family (OJ L 343, 29.12.2015, p. 558). Persons shall be deemed to be members of the same family only if they stand in any of the following relationships to one another: (i) husband and wife, (ii) parent and child, (iii) brother and sister (whether by whole or half blood), (iv) grandparent and grandchild, (v) uncle or aunt and nephew or niece, (vi) parent-in-law and son-in-law or daughter-in-law, (vii) brother-in-law and sister-in-law. In accordance with Article 5(4) of Regulation (EU) No 952/2013 of the European Parliament and of the Council laying down the Union Customs Code, 'person' means a natural person, a legal person, and any association of persons which is not a legal person but which is recognised under Union or national law as having the capacity to perform legal acts (OJ L 269, 10.10.2013, p. 1).

<sup>(2)</sup> The data provided by unrelated importers may also be used in relation to aspects of this investigation other than the determination of dumping.

If a sample is necessary, the importers may be selected based on the largest representative volume of sales of the product under review in the Union which can reasonably be investigated within the time available. All known unrelated importers and associations of importers will be notified by the Commission of the companies selected to be in the sample.

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled unrelated importers and to any known association of importers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

### **5.3. Procedure for the determination of a likelihood of a continuation or recurrence of injury**

In order to establish whether there is a likelihood of a continuation or recurrence of injury to the Union industry, Union producers of the product under review are invited to participate in the Commission investigation.

#### **5.3.1. Investigating Union producers**

In view of the large number of Union producers involved in this expiry review and in order to complete the investigation within the statutory time limits, the Commission has decided to limit to a reasonable number the Union producers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling is carried out in accordance with Article 17 of the basic Regulation.

The Commission has provisionally selected a sample of Union producers. Details can be found in the file for inspection by interested parties. Interested parties are hereby invited to consult the file (for this they should contact the Commission using the contact details provided in section 5.7 below). Other Union producers, or representatives acting on their behalf, including Union producers who did not cooperate in the investigation(s) leading to the measures in force, that consider that there are reasons why they should be included in the sample must contact the Commission within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*.

All interested parties wishing to submit any other relevant information regarding the selection of the sample must do so within 21 days of the publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified.

All known Union producers and/or associations of Union producers will be notified by the Commission of the companies finally selected to be in the sample.

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled Union producers and to any known associations of Union producers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

### **5.4. Procedure for the assessment of Union interest**

Should the likelihood of continuation or recurrence of dumping and injury be confirmed, a decision will be reached, pursuant to Article 21 of the basic Regulation, as to whether maintaining the anti-dumping measures would not be against the Union interest. Union producers, importers and their representative associations, users and their representative associations, and representative consumer organisations are invited to make themselves known within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified. In order to participate in the investigation, the representative consumer organisations have to demonstrate, within the same deadline, that there is an objective link between their activities and the product under review.

Parties that make themselves known within the above deadline may provide the Commission with information on the Union interest within 37 days of the date of publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified. This information may be provided either in a free format or by completing a questionnaire prepared by the Commission. In any case, information submitted pursuant to Article 21 will only be taken into account if supported by factual evidence at the time of submission.

### **5.5. Other written submissions**

Subject to the provisions of this Notice, all interested parties are hereby invited to make their views known, submit information and provide supporting evidence. Unless otherwise specified, this information and supporting evidence must reach the Commission within 37 days of the date of publication of this Notice in the *Official Journal of the European Union*.

#### 5.6. **Possibility to be heard by the Commission investigation services**

All interested parties may request to be heard by the Commission investigation services. Any request to be heard must be made in writing and must specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within the specific deadlines set by the Commission in its communication with the parties.

#### 5.7. **Instructions for making written submissions and sending completed questionnaires and correspondence**

Information submitted to the Commission for the purpose of trade defence investigations shall be free from copyrights. Interested parties, before submitting to the Commission information and/or data which is subject to third party copyrights, must request specific permission to the copyright holder explicitly allowing a) the Commission to use the information and data for the purpose of this trade defence proceeding and b) to provide the information and/or data to interested parties to this investigation in a form that allows them to exercise their rights of defence.

All written submissions, including the information requested in this Notice, completed questionnaires and correspondence provided by interested parties for which confidential treatment is requested shall be labelled 'Limited' <sup>(1)</sup>.

Interested parties providing 'Limited' information are required to furnish non-confidential summaries of it pursuant to Article 19(2) of the basic Regulation, which will be labelled '*For inspection by interested parties*'. These summaries must be sufficiently detailed to permit a reasonable understanding of the substance of the information submitted in confidence. If an interested party providing confidential information does not furnish a non-confidential summary of it in the requested format and quality, such information may be disregarded.

Interested parties are invited to make all submissions and requests by email including scanned powers of attorney and certification sheets, with the exception of voluminous replies which shall be submitted on a CD-ROM or DVD by hand or by registered mail. ## 6. **Non-cooperation**

In cases where any interested party refuses access to or does not provide the necessary information within the time limits, or significantly impedes the investigation, findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 18 of the basic Regulation.

<sup>(1)</sup> A 'Limited' document is a document which is considered confidential pursuant to Article 19 of the basic Regulation and Article 6 of the WTO Agreement on Implementation of Article VI of the GATT 1994 (Anti-Dumping Agreement). It is also a document protected pursuant to Article 4 of Regulation (EC) No 1049/2001 of the European Parliament and of the Council (OJ L 145, 31.5.2001, p. 43).

Where it is found that any interested party has supplied false or misleading information, the information may be disregarded and use may be made of facts available.

If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

Failure to give a computerised response shall not be deemed to constitute non-cooperation, provided that the interested party shows that presenting the response as requested would result in an unreasonable extra burden or unreasonable additional cost. The interested party should immediately contact the Commission.

#### **7. Hearing Officer**

Interested parties may request the intervention of the Hearing Officer in trade proceedings. The Hearing Officer acts as an interface between the interested parties and the Commission investigation services. The Hearing Officer reviews requests for access to the file, disputes regarding the confidentiality of documents, requests for extension of time limits and requests by third parties to be heard. The Hearing Officer may organise a hearing with an individual interested party and mediate to ensure that the interested parties' rights of defence are being fully exercised.

A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to the likelihood of a continuation or recurrence of dumping and injury.

For further information and contact details interested parties may consult the Hearing Officer's web pages on DG Trade's website: <http://ec.europa.eu/trade/trade-policy-and-you/contacts/hearing-officer/>

#### **8. Schedule of the investigation**

The investigation will be concluded, pursuant to Article 11(5) of the basic Regulation within 15 months of the date of the publication of this Notice in the *Official Journal of the European Union*.

#### **9. Possibility to request a review under Article 11(3) of the basic Regulation**

As this expiry review is initiated in accordance with the provisions of Article 11(2) of the basic Regulation, the findings thereof will not lead to the existing measures being amended but will lead to those measures being repealed or maintained in accordance with Article 11(6) of the basic Regulation.

If any interested party considers that a review of the measures is warranted so as to allow for the possibility to amend the measures, that party may request a review pursuant to Article 11(3) of the basic Regulation.

Parties wishing to request such a review, which would be carried out independently of the expiry review mentioned in this Notice, may contact the Commission at the address given above.

#### **10. Processing of personal data**

Any personal data collected in this investigation will be treated in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data <sup>(1)</sup>.
