EUROPEAN FOOD SAFETY AUTHORITY

Call for expressions of interest for the position of member of the Management Board of the European Food Safety Authority

(2015/C 158/06)

Applications are invited for the positions of 7 out of 14 members of the Management Board of the European Food Safety Authority established by Regulation (EC) No 178/2002 of the European Parliament and of the Council of 28 January 2002 laying down the general principles and requirements of food law, establishing the European Food Safety Authority and laying down procedures in matters of food safety ⁽¹⁾. The Authority is located in Parma, Italy.

THE EUROPEAN FOOD SAFETY AUTHORITY

The European Food Safety Authority (EFSA) is the keystone of the European Union system of risk assessment for food and feed safety. The Authority was established to provide scientific advice and support for Union legislation and policies in all fields that may have a direct or indirect impact on food and feed safety, as well as closely associated questions in the field of animal health and welfare and plant health. It provides independent information on these matters and communicates on risks. Its mission also includes provision of scientific advice in many areas of food and feed law and whenever Union legislation so requires, including new food technologies such as GMOs. The Authority is widely recognised as the point of reference by virtue of its independence, the scientific quality of its opinions and public information, the transparency of its procedures and its diligence in performing its tasks. In addition to having its own specialist personnel, the Authority is supported by networks of competent organisations in the EU.

Legal background

In accordance with Article 25 of the abovementioned Regulation, 'the members of the Board shall be appointed in such a way as to secure the highest standards of competence, a broad range of relevant expertise and, consistent with these, the broadest possible geographic distribution within the Union'. In addition, four of the members of the Management Board 'shall have their background in organisations representing consumers and other interests in the food chain'.

Furthermore, recital 40 of the aforementioned Regulation stipulates that 'Cooperation with Member States is also indispensable' and recital 41 states that 'the Management Board should be appointed in such a way as to secure the highest standard of competence, a broad range of relevant expertise, for instance in management and in public administration, and the broadest possible geographic distribution within the Union. This should be facilitated by a rotation of the different countries of origin of the members of the Management Board without any post being reserved for nationals of any specific Member State.'

Role and operation of the Management Board

The responsibilities of the Management Board include, in particular:

- general monitoring of the work of the Authority to ensure that it carries out its mission and performs the tasks assigned to it in accordance with its mandate and within a culture of independence and transparency,
- the appointment of the Executive Director on the basis of a list of candidates drawn up by the Commission, and, if necessary, his or her dismissal,

⁽¹⁾ OJ L 31, 1.2.2002, p. 1.

- the appointment of the members of the Scientific Committee and Panels, which are responsible for providing the scientific opinions of the Authority,
- the adoption of annual and multiannual programmes of work of the Authority and the general report of annual activities,
- the adoption of the Authority's internal rules and financial regulation.

The Board operates by public meetings, private sessions, and correspondence. EFSA papers, Board correspondence and private sessions are in English. The Board meets four to six times per year, mainly in Parma.

Composition of the Management Board

The Management Board is composed of 14 members, plus a representative of the Commission, as stated in Article 25(1) of Regulation (EC) No 178/2002. Four of the members shall have their background in organisations representing consumers and other interests in the food chain. The term of office of seven members of the current Management Board expires on 30 June 2016, in accordance with Council Decision of 18 June 2012 appointing half of the members of the Management Board of the European Food Safety Authority and amending the Decision of 24 June 2010 ⁽¹⁾. The term of office of the other seven members will end on 30 June 2018, in accordance with Council Decision of 16 June 2014 appointing half of the members of the Management Board of the European Food Safety Authority ⁽²⁾.

Current membership of the Board can be viewed on EFSA's website <http://www.efsa.europa.eu/en/mb/mbmembers.htm>
