AGREEMENT

**in the form of an Exchange of Letters between the European Union and the Republic of Mali
regarding the status of the European Union CSDP Mission in Mali (EUCAP Sahel Mali)**

A. *Letter from the European Union*

Brussels, 20 October 2014

Sir,

In the framework of its Common Security and Defence Policy, in February 2013 the Union deployed a military mission to contribute to the training of the Malian Armed Forces (EUTM Mali). In the same way, in April 2014 the Union deployed a civilian mission in support of the Malian internal security forces (EUCAP Sahel Mali). The status of EUCAP Sahel Mali and its personnel must be the subject of an international agreement between the European Union and the Republic of Mali.

As you will recall, on 4 April 2013 the Republic of Mali concluded an agreement on the status in the Republic of Mali of EUTM Mali. The provisions of that agreement, with certain exceptions, are ideally suited to the needs of EUCAP Sahel Mali. I propose that all provisions of that Agreement (Articles 1 to 19), with the exception of Article 1(3)(e) and Article 13(2) to (5), be made to apply to EUCAP Sahel Mali, on the understanding that:

- every instance of ‘EUTM Mali’ is regarded as referring to ‘EUCAP Sahel Mali’;
- in Article 1(3)(a), the term ‘military headquarters’ is replaced by the term ‘headquarters of EUCAP Sahel Mali’;
- in Article 1(3)(c), the definition ‘Mission Commander’ is replaced by the following definition: “‘Head of Mission’ shall mean the head of EUCAP Sahel Mali in the theatre of operations”;
- in Article 9(2), the words ‘military personnel’ are replaced by the word ‘personnel’;
- in Article 10(3), the words ‘the Host State’s armed forces’ are replaced by the words ‘the Host State’s agents or civilian trainers’.

I should be grateful if you would let me know whether you accept these suggestions.

If you do accept, this letter, with your reply, will constitute a legally-binding international agreement between the European Union and the Republic of Mali on the status of EUCAP Sahel Mali, which will enter into force on the date on which your letter of reply is received.

Please accept, Sir, the assurance of my highest consideration.

B. *Letter from the Republic of Mali*

COMMISSION IMPLEMENTING REGULATION (EU) No 1271/2014**of 28 November 2014****authorising an increase of the limits for the enrichment of wine produced using the grapes harvested in 2014 from certain wine grape varieties in certain wine-growing regions or a part thereof**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007 ⁽¹⁾, and in particular Article 91 thereof,

Whereas:

- (1) Point A.3 of Part I of Annex VIII to Regulation (EU) No 1308/2013 provides that Member States may request that the limits for increasing the alcoholic strength (enrichment) of wine by volume be raised by up to 0,5 % in years in which climatic conditions have been exceptionally unfavourable.
- (2) Belgium, Bulgaria, the Czech Republic, Germany, France, Croatia, Italy, Hungary, Austria, Romania, Slovenia and Slovakia have requested such increases of the limits for enrichment of the wine produced using the grapes harvested in the year 2014, as climatic conditions during the growing season have been exceptionally unfavourable. Such request has been made by Bulgaria, the Czech Republic, Croatia, Hungary, Austria, Romania, Slovenia and Slovakia for all their wine-growing regions. Belgium made the request for one region, Germany for some regions and parts of the regions of Mosel and Saale-Unstrut, France for some communes within the departments of Aude and Hérault, and Italy for some regions in the North and Centre of Italy and a PDO area in the regions of Umbria and Lazio. Belgium, France and Italy have requested the increases of the limits of enrichment for all wine made from grape varieties growing in the areas having suffered from the exceptionally unfavourable weather conditions. Germany requested the increase of enrichment only for wine made from specific wine grape varieties affected for the regions of Baden, Württemberg and Mecklenburger Landwein and the concerned part of the region of Saale-Unstrut.
- (3) Due to the exceptionally adverse weather conditions during 2014, the limits on increases in the natural alcoholic strength provided for in point A.2 of Part I of Annex VIII to Regulation (EU) No 1308/2013 do not enable the production of wine with an appropriate total alcoholic strength from all or certain wine grape varieties in certain wine-growing regions or a part thereof for which there would normally be market demand.
- (4) Having regard to the purpose of Part I of Annex VIII to Regulation (EU) No 1308/2013, namely to discourage and limit enrichment of wine, and given the exceptional nature of the derogation in point A.3 of that Part, authorisations to increase the limits for the enrichment of wine should be granted only for the wine-growing regions or parts thereof and for the grape varieties affected by exceptionally unfavourable climatic conditions. Therefore, in Belgium, the authorisation should only be granted to the region of Wallonia that has suffered such climatic conditions. In Germany, the authorisation should only be granted for wine from the wine grape varieties Blauer Spätburgunder, Schwarzriesling, Blauer Gutedel, Weißer Gutedel and Blauer Trollinger affected by such climatic conditions in the region of Baden; for wine from all red wine grape varieties affected by such climatic conditions in the regions of Hessische Bergstraße and Rheingau; from all red wine grape varieties and from the white wine grape varieties Bacchus, Blauer Silvaner, Cabernet Blanc, Grüner Silvaner, Johanniter, Müller-Thurgau, Ruländer, Sauvignon Blanc, Scheurebe, Weißer Elbling, Weißer Gutedel, Weißer Riesling and Weißer Burgunder affected by such climatic conditions in part of the region of Saale-Unstrut; from the wine grape variety Blauer Trollinger affected by such climatic conditions in the region of Württemberg; from the wine grape varieties Phoenix, Müller-Thurgau, Elbling and Regent affected by such climatic conditions in the region of Mecklenburger Landwein; and from all wine grape varieties in the regions of Ahr, Mittelrhein, Nahe, Pfalz and Rheinhessen and in part of the region of Mosel that have suffered such climatic conditions. In France, the authorisation should only be granted for a limited number of communes in the department of Aude and Hérault that have suffered such climatic conditions. In Italy, the authorisation should only be granted to the regions of Veneto, Friuli-Venezia-Giulia, Provincia autonoma di Trento, Provincia autonoma di Bolzano, Lombardia, Piemonte, Emilia-Romagna, Toscana, Abruzzo and Puglia and to the area of the Protected Denomination of Origin 'Orvieto' in the regions of Umbria and Lazio, that have suffered such climatic conditions.

⁽¹⁾ OJ L 347, 20.12.2013, p. 671.

- (5) It is therefore appropriate to authorise an increase of the limits for the enrichment of wine produced using all or certain varieties of wine grapes harvested in 2014, in wine-growing regions in Belgium, Bulgaria, the Czech Republic, Germany, France, Croatia, Italy, Hungary, Austria, Romania, Slovenia and Slovakia or a part thereof.
- (6) The measures provided for in this Regulation are in accordance with the opinion of the Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

By way of derogation from point A.3 of Part I of Annex VIII to Regulation (EU) No 1308/2013, in the wine-growing regions or a part thereof listed in the Annex to this Regulation and for all or certain wine grape varieties as specified in that Annex, the increase in natural alcoholic strength by volume of fresh grapes harvested in the year 2014, grape must, grape must in fermentation, new wine still in fermentation and wine produced using the grapes harvested in the year 2014, shall not exceed the following limits:

- (a) 3,5 % vol. in wine-growing zone A referred to in appendix I to Annex VII to Regulation (EU) No 1308/2013;
- (b) 2,5 % vol. in wine-growing zone B referred to in appendix I to Annex VII to Regulation (EU) No 1308/2013;
- (c) 2,0 % vol. in wine-growing zone C referred to in appendix I to Annex VII to Regulation (EU) No 1308/2013.

Article 2

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 November 2014.
