**REGULATION (EC) NO 1682/2004 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL  
of 15 September 2004**

**amending Regulation (EC) No 1655/2000 concerning the Financial Instrument for the  
Environment (LIFE)**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE  
EUROPEAN UNION,

Having regard to the Treaty establishing the European  
Community and in particular Article 175(1) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and  
Social Committee <sup>(1)</sup>,

After consulting the Committee of the Regions,

Acting in accordance with the procedure laid down in Article  
251 of the Treaty <sup>(2)</sup>,

Whereas

(1) The financial instrument for the environment, LIFE, as  
established by Regulation (EC) No 1655/2000 of the  
European Parliament and of the Council <sup>(3)</sup>, is being  
implemented in phases the third of which will end on 31  
December 2004.

(2) Given the positive contribution of LIFE to the attainment  
of the objectives of Community policy on the environ-  
ment and with a view to further contributing to the  
implementation, updating and development of Commu-  
nity environment policy and of environment legislation,  
in particular as regards the integration of the environ-  
ment into other policies, and to sustainable development,  
the duration of the third phase should be extended until  
31 December 2006.

(3) A Sixth Community Environment Action Programme  
was adopted on 22 July 2002 by Decision No 1600/  
2002/EC of the European Parliament and of the  
Council <sup>(4)</sup>. It is necessary to adapt Regulation (EC)  
No 1655/2000 to the objectives and priorities laid down  
in that Programme.

(4) There is a need to bridge the gap between the expiry of  
the third phase of LIFE and the new, post-2006 financial  
perspectives, for a period of two years ending on  
31 December 2006.

(5) LIFE should be reinforced as a specific financial  
instrument, complementary to the Community research  
programmes and to the Structural Funds and rural  
development programmes. Efforts should be made to  
encourage more efficient use of these Community  
financial instruments for the funding of elements of  
environment and nature projects. Appropriate measures  
should also be put in place to prevent the possibility of  
double funding.

(6) The Communication entitled 'Developing an action plan  
for environmental technology' was adopted by the  
Commission on 25 March 2003. This Communication  
was followed by an environmental technology action  
plan adopted on 28 January 2004, which should serve as  
a reference for the guidelines for LIFE Environment.

(7) The Court of Auditors' special report No 11/2003 <sup>(5)</sup>  
examined the conception, management and implementa-  
tion of LIFE. It is appropriate to have regard to the  
Court's recommendations.

<sup>(1)</sup> OJ C 80, 30.3.2004, p. 57.

<sup>(2)</sup> Opinion of the European Parliament of 21 April 2004 (not yet  
published in the Official Journal) and Decision of the Council of  
26 July 2004.

<sup>(3)</sup> OJ L 192, 28.7.2000, p. 1. Regulation as amended by  
Regulation (EC) No 788/2004 (OJ L 138, 30.4.2004, p. 17).

<sup>(4)</sup> OJ L 242, 10.9.2002, p. 1.

<sup>(5)</sup> OJ C 61, 10.3.2004, p. 1.

- (8) On 1 May 2004 10 new Member States joined the European Union and this should be reflected accordingly in the budget allocation to LIFE.
- (9) The exploitation and dissemination of results should be improved and the amount allocated in the budget for that purpose should be increased.
- (10) Projects still ongoing at the end of 2006 should continue to be monitored and audited.
- (11) In its Judgment of 21 January 2003 <sup>(1)</sup> the Court of Justice of the European Communities annulled Article 11 (2) of Regulation (EC) No 1655/2000. The Court declared that 'the effects of Article 11(2) of Regulation (EC) No 1655/2000 are to be fully maintained until the Parliament and the Council adopt new provisions concerning the committee procedure to which the measures for the implementation of that Regulation are subject'.
- (12) In accordance with Article 233 of the Treaty, the institutions whose act has been declared void are required to take the necessary measures to comply with the judgment of the Court of Justice.
- (13) The measures that the Commission is empowered to adopt under the implementing powers conferred on it by Regulation (EC) No 1655/2000 are management measures relating to the implementation of a programme with substantial budgetary implications within the meaning of Article 2(a) of Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission <sup>(2)</sup>. Those measures should therefore be adopted in accordance with the management procedure provided for in Article 4 of that Decision, without prejudice to the committee procedure to be chosen for any further development of LIFE or a financial instrument exclusively in the environmental field.
- (14) This Regulation lays down, for the entire duration of the programme, a financial framework constituting the prime reference, within the meaning of point 33 of the Interinstitutional Agreement of 6 May 1999 between the European Parliament, the Council and the Commission on budgetary discipline and improvement of the budgetary procedure <sup>(3)</sup>, for the budgetary authority during the annual budgetary procedure.
