#### **COMMISSION IMPLEMENTING REGULATION (EU) 2016/313**

#### of 1 March 2016

amending Implementing Regulation (EU) No 680/2014 with regard to additional monitoring metrics for liquidity reporting

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (1), and in particular the fourth subparagraph of Article 415(3) thereof,

#### Whereas:

- (1) Chapter 7 of Commission Implementing Regulation (EU) No 680/2014 (²) provides for liquidity reporting by credit institutions on an individual and a consolidated basis. In order to increase effective liquidity supervision, it is appropriate to require the reporting of additional liquidity monitoring metrics as referred to in Article 415(3)(b) of Regulation (EU) No 575/2013. This should provide a more complete overview of the liquidity position of an institution, proportionate to the nature, scale and complexity of an institution's activities
- (2) The additional liquidity monitoring metrics to be reported should include: metrics based on the concentration of funding by counterparty and product type, as those metrics identify counterparties and instruments that are of such relevance that withdrawal of funds or declining market liquidity could trigger liquidity problems; metrics based on the concentration of the counterbalancing capacity by issuer or counterparty, as those metrics provide information about the reporting institutions' concentration by the 10 largest holdings of assets or liquidity lines granted to the institution; and metrics based on the prices for various lengths of funding and the rollover of funding, which represents information valuable over time as supervisors are made aware of changes in funding spreads, volumes and tenors.
- (3) Reporting for additional liquidity monitoring metrics should be used by competent authorities as part of their supervisory review and evaluation process, as well as within colleges of supervisors and as an early warning tool for day-to-day supervision.
- (4) The reporting of additional liquidity monitoring metrics should be aligned with the level of application and reporting for the liquidity coverage requirement in accordance with Articles 6 to 10 and Article 415(3)(a) of Regulation (EU) No 575/2013.
- (5) In order to ensure proportionality, quarterly reporting should be allowed instead of monthly reporting, where an institution does not form part of a group with subsidiaries or parent institutions located in jurisdictions other than that of its competent authority and the balance sheet total of the institution represents only a small proportion of the sum of individual balance sheet totals of all institutions in the respective Member State and the institution has total assets which are not significant.
- (6) Given the importance of the reporting of additional liquidity monitoring metrics for proper supervision and as an early warning tool for day-to-day supervision, this Regulation should be applied promptly. However, to facilitate the initial implementation of this Regulation by institutions and competent authorities, during the first six months of its application, the reporting remittance date relating to the monthly reporting of the additional liquidity monitoring metrics should be the 30th, instead of the 15th, calendar day after the reporting reference date.

<sup>(1)</sup> OJ L 176, 27.6.2013, p. 1.

<sup>(2)</sup> Commission Implementing Regulation (EU) No 680/2014 of 16 April 2014 laying down implementing technical standards with regard to supervisory reporting of institutions according to Regulation (EU) No 575/2013 of the European Parliament and of the Council (OJ L 191, 28.6.2014, p. 1).

- (7) This Regulation is based on the draft implementing technical standards submitted by the European Banking Authority (EBA) to the Commission.
- (8) EBA has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the opinion of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council (1).
- (9) In accordance with the procedure set out in Article 15 of Regulation (EU) No 1093/2010, the Commission has endorsed with amendments the draft implementing standard submitted by EBA explaining the reasons for the amendments. EBA provided a formal opinion, accepting the proposed amendments with the exception of those relating to the reporting of liquid assets and expected cash outflows and inflows ('the maturity ladder'), providing a number of reasons for its approach.
- (10) The Commission has carefully assessed the reasons provided by EBA in favour of adopting reporting rules for the maturity ladder based on the provisional reporting approach in Regulation (EU) No 575/2013. That approach will, however, need to be amended in order to be fully aligned with the definitive approach set out in Commission Delegated Regulation (EU) 2015/61 (2) which applies from 1 October 2015.
- (11) The Commission fully recognises the importance of the maturity ladder as a supervisory instrument. However, the Commission considers that, currently, the supervisory benefits achieved by the mandatory reporting of a maturity ladder based on an outdated approach to reporting are disproportionate to the additional regulatory burden and duplication of compliance costs. EBA should seek to update the maturity ladder based on a reporting fully aligned with Delegated Regulation (EU) 2015/61 as soon as possible and submit to the Commission for adoption. In the interim and pending the future adoption of mandatory reporting for the maturity ladder, where necessary and justified, supervisors may seek additional reporting not provided for by this Implementing Regulation, including under Article 412(5) of Regulation (EU) No 575/2013.
- (12) Implementing Regulation (EU) No 680/2014 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

#### Article 1

Implementing Regulation (EU) No 680/2014 is amended as follows:

- 1. in Article 1, the following point (g) is added:
  - '(g) additional liquidity monitoring metrics according to Article 415(3)(b) of Regulation (EU) No 575/2013.';
- 2. the following Chapter 7b is inserted:

'CHAPTER 7b

# FORMAT AND FREQUENCY OF REPORTING ON ADDITIONAL LIQUIDITY MONITORING METRICS ON AN INDIVIDUAL AND A CONSOLIDATED BASIS

Article 16b

- 1. In order to report information on additional liquidity monitoring metrics in accordance with Article 415(3)(b) of Regulation (EU) No 575/2013 on an individual and a consolidated basis, institutions shall submit all of the following information with a monthly frequency:
- (a) the information specified in Annex XVIII in accordance with the instructions in Annex XIX;

<sup>(</sup>¹) Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).

<sup>(2)</sup> Commission Delegated Regulation (EU) 2015/61 of 10 October 2014 to supplement Regulation (EU) No 575/2013 of the European Parliament and the Council with regard to liquidity coverage requirement for Credit Institutions (OJ L 11, 17.1.2015, p. 1).

- (b) the information specified in Annex XX in accordance with the instructions in Annex XXI.
- 2. By way of derogation from paragraph 1, an institution may report the information on additional liquidity monitoring metrics with a quarterly frequency where all of the following conditions are met:
- (a) the institution does not form part of a group with subsidiaries or parent institutions located in jurisdictions other than that of its competent authority;
- (b) the ratio of the individual balance sheet total of the institution to the sum of individual balance sheet totals of all institutions in the respective Member State is below 1 % for two consecutive years preceding the year of reporting;
- (c) the institution has total assets, calculated in accordance with Council Directive 86/635/EEC (\*), of less than EUR 30 billion.

For the purposes of point (b), balance sheet total figures for calculating the ratio shall be based on year-end audited figures for the year before the year preceding the reporting reference date.

- 3. For the purposes of the obligations set out in paragraphs 1 and 2, the first month for which information on additional liquidity monitoring metrics is to be reported shall be April 2016.
- (\*) Council Directive 86/635/EEC of 8 December 1986 on the annual accounts and consolidated accounts of banks and other financial institutions (OJ L 372, 31.12.1986, p. 1).;
- 3. in Article 18, the following sixth paragraph is added:

'By way of derogation from Article 3(1)(a), for the months from April 2016 to October 2016 inclusive, the reporting remittance date relating to the monthly reporting of the additional liquidity monitoring metrics shall be the thirtieth calendar day after the reporting reference date.';

4. Annexes XVIII to XXI are added in accordance with the text set out in the Annex to this Regulation.

#### Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal of the European Union.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 March 2016.

For the Commission
The President
Jean-Claude JUNCKER

#### ANNEX XIX

#### INSTRUCTIONS FOR COMPLETING THE ADDITIONAL MONITORING TOOLS TEMPLATE OF ANNEX XVIII

- Additional Monitoring Tools
- 1.1. General remarks
  - The summary templates contained in Annex XVIII is designed to monitor an institution's liquidity risk that falls outside of the scope of the reports on Liquidity Coverage and Stable Funding.
- 1.2. Concentration of funding by counterparty (C 67.00)
  - This template seeks to collect information about the reporting institutions' concentration of funding by counterparty.
  - 2. For the purpose of completing this template:
    - (a) Institutions shall report the top ten largest counterparties or a group of connected clients according to Article 4(39) of Regulation (EC) No 575/2013 [CRR] from which funding obtained from each counterparty exceeds a threshold of 1 % of total liabilities in the sublines of section 1 of the template. Thus, the counterparty reported in item 1.01 shall be the largest amount of funding received from one counterparty which is above the 1 % threshold as at the reporting date; item 1.02 shall be the second largest above the 1 % threshold; and so on.
    - (b) Institutions shall report the total of all other remaining liabilities in section 2.
    - (c) The totals of section 1 and section 2 shall equal an institution's total liabilities as per its balance sheet reported under the financial reporting framework (FINREP).
  - 3. For each counterparty, institutions shall record the following components:
    - (a) counterparty name;
    - (b) LEI code;
    - (c) counterparty sector;
    - (d) residence of the counterparty;
    - (e) product type;
    - (f) amount received;
    - (g) weighted average initial maturity; and
    - (h) weighted average residual maturity

These components are explained in more detail in the table below.

- 4. Where funding is obtained in more than one product type, the type reported shall be the product in which the largest proportion of funding was obtained. Separate information shall be reported to the competent authority explaining the breakdown of funding received for the top 5 products by product type.
- 5. Identification of the underlying holder of securities may be undertaken on a best efforts basis. Where an institution has information concerning the holder of securities (i.e. is the custodian bank) it should consider that amount for reporting the concentration of counterparties. When there is no information available on the holder of securities the corresponding amount does not have to be reported.

# 6. Instructions concerning specific columns:

Column	Legal references and instructions
010	Counterparty Name
	The name of each counterparty from which funding obtained exceeds 1 % of total liabilities shall be recorded in column 010 in descending order, that is, in order of size of funding obtained.
	The counterparty name recorded shall be the legal entity title of the company from which the funding is derived including any company type references such as SA ( <i>Société anonyme</i> in France) Plc. (public limited company in the UK), or AG ( <i>Aktiengesellschaft</i> in Germany).
020	LEI Code
	The legal entity identifier code of the counterparty.
030	Counterparty Sector
	One sector shall be allocated to every counterparty on the basis of FINREP economic secto classes:
	(i) Central Banks; (ii) General Governments; (iii) Credit institutions; (iv) Other financial corporations; (v) Non-financial corporations; (vi) households.
	For groups of connected clients, no sector shall be reported.
040	Residence of Counterparty
	ISO code 3166-1-alpha-2 of the country of incorporation of the counterparty shall be used (including pseudo-ISO codes for international organisations, available in the last edition of the Eurostat's "Balance of Payments Vademecum").
	For groups of connected clients, no country shall be reported.
050	Product Type
	Counterparties reported in column 010 shall be assigned a product type, corresponding to the product issued in which the funding was received (or in which the largest proportion of funding was received for mixed product types) using the following codes indicated in bold:
	<b>UWF</b> (unsecured wholesale funding obtained from financial customers including interband money)
	UWNF (unsecured wholesale funding obtained from non-financial customers)
	<b>REPO</b> (funding obtained from repurchase agreements as defined in Article 4(1) (82) of CRR)
	<b>CB</b> (funding obtained from covered bond issuance as defined in Article 129(4) or (5) of CRR OF Article 52(4) of Directive 2009/65/EC)
	ABS (funding obtained from asset backed security issuance including asset backed commercial paper)
	IGCP (funding obtained from intragroup counterparties)
060	Amount Received
	The total amount of funding received from counterparties reported in column 010 shall be recorded in column 060.
070	Weighted average initial maturity
	For the amount of funding received reported in column 060, from the counterparty reported in column 010, a weighted average initial maturity (in days) for that funding shall be recorded in column 070.
	Weighted average initial maturity is the average initial maturity (in days) of the funding received from that counterparty based on the size of different amounts of funding received to total funding received.

Column	Legal references and instructions
	For example:  1. EUR 1 billion received from counterparty A with an initial maturity of 180 days.  2. EUR 0,5 billion received from counterparty A with an initial maturity of 360 days.  Weighted average initial maturity = (EUR 1 billion/EUR 1,5 billion) * 180 days + (EUR 0,5 billion/EUR 1,5 billion) * 360 days  Weighted average initial maturity = 240 days
080	Weighted average residual maturity  For the amount of funding received reported in column 060, from the counterparty reported in column 010, a weighted average residual maturity (in days) for that funding shall be recorded in column 080.  Weighted average residual maturity is the average maturity (in days) of the funding received from that counterparty left based on the size of different amounts of funding received to total funding received.  For example:  1. EUR 1 billion received from counterparty A with 60 days residual maturity left.  2. EUR 0.5 billion received from counterparty A with 180 days residual maturity left.  Weighted average residual maturity = (EUR 1 billion/EUR 1,5 billion) * 60 days + (EUR 0,5 billion/EUR 1,5 billion) * 180 days  Weighted average residual maturity = 100 days

# 1.3. Concentration of funding by product type (C 68.00)

- 1. This template seeks to collect information about the reporting institutions' concentration of funding by product type, broken down into the following funding types:
  - 1. Retail funding;
    - (a) Sight deposits;
    - (b) Fixed term deposits less or equal than 30 days
    - (c) Fixed term deposits greater than 30 days;
      - (i) With a penalty for early withdrawal significantly greater than the loss of interest;
      - (ii) Without a penalty for early withdrawal which is significantly greater than the loss of interest;
    - (d) Savings accounts;
      - (i) With a notice period for withdrawal greater than 30 days;
      - (ii) Without a notice period for withdrawal which is greater than 30 days;
  - 2. Wholesale funding;
    - (a) Unsecured wholesale funding;
      - (i) of which financial customers
      - (ii) of which non-financial customers
      - (iii) of which from intra-group entities

- (b) Secured wholesale funding;
  - (i) of which repurchase agreements
  - (ii) of which covered bond issuance
  - (iii) of which asset backed security issuance
  - (iv) of which from intra-group entities
- 2. For the purpose of completing this template institutions shall report the total amount of funding received from each product category, which exceeds a threshold of 1 % of total liabilities.
- 3. For each product type, institutions shall record the following components:
  - (a) total amount received;
  - (b) amount covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country;
  - (c) amount not covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country;
  - (d) weighted average initial maturity; and
  - (e) weighted average residual maturity.

These components are explained in more detail in the table below.

- 4. For the purpose of determining those product types from which funding obtained is greater than 1 % of total liabilities threshold, the currency is irrelevant.
- 5. Instructions concerning specific columns:

Column	Legal references and instructions
010	Total amount received  Total amount of funding received for each of the product categories listed in the "Product name"
	column shall be reported in column 010 of the template in one combined reporting currency.
020	Amount covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country
	Of the total amount of funding received for each of the product categories listed in the "Product name" column reported in column 010, the amount which is covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country.
	Note: the amounts reported in column 020 and column 030, for each of the product categories listed in the "Product name" column, shall be equal to the total amount received reported in column 010.
030	Amount not covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country
	Of the total amount of funding received for each of the product categories listed in the "Product name" column reported in column 010, the amount which is <u>not</u> covered by a Deposit Guarantee Scheme according to Directive 94/19/EC or an equivalent deposit guarantee scheme in a third country.
	Note: the amounts reported in column 020 and column 030, for each of the product categories listed in the "Product name" column, shall be equal to the total amount received reported in column 010.

Column	Legal references and instructions							
040	Weighted average initial maturity							
040	For the amount of funding received reported in column 010, from the product categories listed in the "Product name" column, a weighted average initial maturity (in days) for that funding shall be recorded in column 040.							
	Weighted average initial maturity is the average initial maturity (in days) of the funding received from each and every counterparty as a result of the issuance of a specified product, to total funding received from the issuance of that product.							
	For example:							
	1. EUR 1 billion received from counterparty A as a result of issuing product X with an initial maturity of 180 days.							
	2. EUR 0,5 billion received from counterparty B as a result of issuing product X with an initial maturity of 360 days.							
	Weighted average initial maturity = (EUR 1 billion/EUR 1,5 billion) * 180 days + (EUR 0,5 billion/EUR 1,5 billion) * 360 days							
	Weighted average initial maturity = 240 days							
050	Weighted average residual maturity							
	For the amount of funding received reported in column 010, from the product categories listed in the "Product name" column, a weighted average residual maturity (in days) for that funding shall be recorded in column 050.							
	Weighted average residual maturity is the average maturity (in days) left on the funding received from each and every counterparty as a result of the issuance of a specified product, to total funding received from the issuance of that product.							
	For example:							
	1. EUR 1 billion received from counterparty A as a result of issuing product X with 60 days residual maturity left.							
	2. EUR 0,5 billion received from counterparty B as a result of issuing product X with 180 days residual maturity left.							
	Weighted average residual maturity = (EUR 1 billion/EUR 1,5 billion) * 60 days + (EUR 0,5 billion/EUR 1,5 billion) * 180 days							
	Weighted average residual maturity = 100 days							

# 1.4. Prices for Various Lengths of Funding (C 69.00)

- 1. This template seeks to collect information about the average transaction volume and prices paid by institutions for funding with the following maturities:
  - (a) Overnight (columns 010 and 020)
  - (b) 1 week (columns 030 and 040)
  - (c) 1 month (columns 050 and 060)
  - (d) 3 months (columns 070 and 080)
  - (e) 6 months (columns 090 and 100)
  - (f) 1 year (columns 110 and 120)
  - (g) 2 years (columns 130 and 140)
  - (h) 5 years (columns 150 and 160)
  - (i) 10 years (columns 170 and 180)

- 2. For the purpose of determining the maturity of funding obtained, institutions shall ignore the period between trade date and settlement date, e.g. a three month liability settling in two weeks' time shall be reported in the 3 months maturity (columns 070 and 080).
- 3. The spread reported in the left hand column of each time bucket shall be one of the following:
  - 1. the spread payable by the firm for liabilities less than or equal to one year, if they were to have been swapped to the benchmark overnight index for the appropriate currency no later than close of business on the day of the transaction;
  - 2. the spread payable by the firm at issuance for liabilities greater than one year, were they to be swapped to the relevant benchmark overnight index for the appropriate currency which is three month EURIBOR for EUR or LIBOR for GBP and USD, no later than close of business on the day of the transaction.
- 4. Spread shall be reported in basis points (bp) and calculated on a weighted average basis. For example:
  - 1. EUR 1 billion of funding received or offered by counterparty A with a spread 200 bp above the prevailing EURIBOR rate.
  - 2. EUR 0,5 billion of funding received or offered by counterparty B with a spread 150 bp above the prevailing EURIBOR rate.

Weighted average spread = (EUR 1 billion/EUR 1,5 billion) \* 200 bp + (EUR 0.5 billion/EUR 1,5 billion) \* 150 bp

Weighted average spread = 183 bp

- 5. For the purposes of calculating the average spread payable, institutions shall calculate the total cost in the currency of issue ignoring any FX swap, but include any premium or discount and fees payable or receivable, taking as basis the term of any theoretical or actual interest rate swap matching the term of the liability. The spread is the liability rate minus the swap rate.
- 6. The net amount of funding obtained for the funding categories listed in the "Item" column shall be reported in the "volume" column of the applicable time bucket. For example, for the funding in point 4 above, this would be EUR 1 500 000.
- 7. Where there is nothing to report, spreads shall be left empty.
- 8. Instructions concerning specific rows:

Row	Legal references and instructions
010	1 Total Funding
	Total volume and weighted average spread of all funding obtained for the following lengths:
	(a) Overnight (columns 010 and 020)
	(b) 1 week (columns 030 ad 040)
	(c) 1 month (columns 050 and 060)
	(d) 3 months (columns 070 and 080)
	(e) 6 months (columns 090 and 100)
	(f) 1 year (columns 110 and 120)
	(g) 2 years (columns 130 and 140)
	(h) 5 years (columns 150 and 160)
	(i) 10 years (columns 170 and 180)
020	1.1 of which: Retail deposits
	Of the total funding reported in item 1, the total volume and weighted average spread of retail deposits obtained.

Row	Legal references and instructions
030	1.2 <b>of which: Unsecured wholesale deposits</b> Of the total funding in item 1, the total volume and weighted average spread of unsecured whole-
	sale deposits obtained
040	1.3 of which: Secured funding
	Of the total funding reported in item 1, the total volume and weighted average spread of secured funding obtained.
050	1.4 of which: Senior unsecured securities
	Of the total funding reported in item 1, the total volume and weighted average spread of senior unsecured securities obtained.
060	1.5 of which: Covered bonds
	Of the total funding reported in item 1, the total volume and weighted average spread of all covered bond issuance encumbering the institutions own assets.
070	1.6 of which: Asset backed securities including ABCP
	Of the total funding reported in item 1, the total volume and weighted average spread of asset backed securities issued including asset backed commercial paper.

### 1.5. Roll-over of funding (C 70.00)

- 1. This template seeks to collect information about the volume of funds maturing and new funding obtained i.e. "roll-over of funding" on a daily basis over a monthly time horizon.
- 2. Institutions shall report the funding they have maturing in the following time buckets:
  - (a) Overnight (columns 010 to 040)
  - (b) Between 1 day and 7 days (columns 050 to 080)
  - (c) Between 7 days and 14 days (columns 090 to 120)
  - (d) Between 14 days and 1 month (columns 130 to 160)
  - (e) Between 1 month and 3 months (columns 170 to 200)
  - (f) Between 3 months and 6 months (columns 210 to 240)
  - (g) Maturing greater than 6 months (columns 250 to 280)
- 3. For each time bucket as described in point 2 above, the amount maturing shall be reported in the left-hand column, the amount funds rolled over shall be reported in the "Roll over" column, new funds obtained shall be reported in the "New Funds" column and the net difference (i.e. new funds + roll over maturing) shall be reported in the right-hand column.
- 4. Total net cashflows shall be reported in column 290 and shall equal the sum of all "Net" columns (i.e. 040 + 080 + 120 + 160 + 200 + 240 + 280).
- 5. The average term of funding (in days) for maturing term funds shall be reported in column 300.

- 6. The average term of funding (in days) of funds rolled over shall be reported in column 310
- 7. The average term of funding (in days) for new term funds shall be reported in column 320.
- 8. The average term of funding (in days) for the total funding profile shall be reported in column 330.
- 9. Instructions concerning specific rows:

Column	Legal references and instructions
010 to 040	Overnight  The total amount of funding maturing on a daily basis shall be reported in column 010 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall beleft empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 020 of line item 1.1-1.31.  The total amount of new funding obtained on a daily basis shall be reported in column 030 of line item 1.1-1.31.  The net difference between maturing daily funding and new daily funding obtained shall be reported in column 040 of line item 1.1-1.31.
050 to 080	> 1 day ≤ 7 days  The total amount of funding maturing between one day and one week shall be reported in column 050 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 060 of line item 1.1-1.31.  The total amount of new funding obtained for a duration between one day and one week shall be reported in column 70 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 080 of line item 1.1-1.31.
090 to 120	> 7days ≤ 14 days  The total amount of funding maturing between one week and two weeks shall be reported in column 090 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 100 of line item 1.1-1.31.  The total amount of new funding obtained for a duration between one week and two weeks shall be reported in column 110 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 120 of line item 1.1-1.31.
130 to 160	> 14 days ≤ 1 month  The total amount of funding maturing between two weeks and one month shall be reported in column 130 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 140 of line item 1.1-1.31.  The total amount of new funding obtained for a duration between two weeks and one month shall be reported in column 150 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 160 of line item 1.1-1.31.

Column	Legal references and instructions
170 to 200	> 1 Month ≤ 3 Months  The total amount of funding maturing between one month and three months shall be reported in column 170 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 180 of line item 1.1-1.31.  The total amount of new funding obtained for a duration between one month and three months shall be reported in column 190 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 200 of line item 1.1-1.31.
210 to 240	> 3 Months ≤ 6 Months  The total amount of funding maturing between three months and six months shall be reported in column 210 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 220 of line item 1.1-1.31.  The total amount of new funding obtained for a duration between three months and six months shall be reported in column 230 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 240 of line item 1.1-1.31.
250 to 280	> 6 Months  The total amount of funding maturing beyond six months shall be reported in column 250 of line item 1.1-1.31. For months with less than 31 days, irrelevant lines shall be left empty.  The total amount of funding rolled-over on a daily basis shall be reported in column 260 of line item 1.1-1.31.  The total amount of new funding obtained for a duration beyond six months shall be reported in column 270 of line item 1.1-1.31.  The net difference between maturing funding and new funding obtained shall be reported in column 280 of line item 1.1-1.31.
290	Total net cash flows  The total net cash flows equal to the sum of all "Net" columns (i.e. 040 + 080 + 120 + 160 + 200 + 240 + 280) shall be reported in column 290.
300 to 330	Average Term (days)  The weighted average term (in days) of all funds maturing shall be reported in column 300. The weighted average term (in days) of all funds rolled over shall be reported in column 310, the weighted average term (in days) of all new funds shall be reported in column 320 and the weighted average term (in days) for the total funding profile shall be reported in column 330.

#### ANNEX XXI

# INSTRUCTIONS FOR COMPLETING THE CONCENTRATION OF COUNTERBALANCING CAPACITY TEMPLATE (C 71.00) OF ANNEX XXII

Concentration of Counterbalancing Capacity by issuer/counterparty (CCC) (C 71.00)

This template seeks to collect information about the reporting institutions' concentration of counterbalancing capacity by the ten largest holdings of assets or liquidity lines granted to the institution for this purpose. Counterbalancing capacity represents the stock of unencumbered assets or other funding sources which are legally and practically available to the institution at the reporting date to cover potential funding gaps. Only outflows and inflows pursuant to contracts existing at the reporting date shall be reported.

Column	Legal references and instructions
010	Issuer/Counterparty Name
	The name of the top ten issuers/counterparties of unencumbered assets or undrawn committed liquidity lines granted to the institution shall be recorded in column 010 in a descending fashion. The largest iten will be recorded in 1.01, the second in line item 1.02, and so on.
	The issuer/counterparty name recorded shall be the legal entity title of the company which has issued the assets, or has granted the liquidity lines, including any company type references, e.g. SA (Société anonymin France), Plc. (public limited company in the UK), or AG (Aktiengesellschaft in Germany) etc.
020	LEI code
	The legal entity identifier code of the counterparty.
030	Issuer/Counterparty Sector
	One sector shall be allocated to every counterparty on the basis of FINREP economic sector classes:
	(i) Central Banks; (ii) General Governments; (iii) Credit institutions; (iv) Other financial corporations (v) Non-financial corporations; (vi) Households.
	For groups of connected clients, no sector shall be reported.
040	Residence of Issuer/Counterparty
	ISO code 3166-1-alpha-2 of the country of incorporation of the counterparty shall be used (including pseudo-ISO codes for international organisations, available in the last edition of the Eurostat's "Balance of Payments Vademecum").
	For groups of connected clients, no country shall be reported.
050	Product Type
	Issuers/Counterparties recorded in column 010 shall be assigned a product type corresponding to the product in which the asset is held or the liquidity stand-by facility has been received, using the following codes indicated in bold:
	SrB (Senior Bond)
	SubB (Subordinated Bond)
	CP (Commercial Paper)
	CB (Covered Bonds)
	<b>US</b> (UCITS-security, i.e. financial instruments representing a share in or a security issued by an Undertaking for Collective Investments of transferable securities)
	ABS (Asset Backed Security)

Column	Legal references and instructions								
	Eq (Equity listed on a recognized exchange, not self-issued or issued by a financial institution) Gold								
	LiqL (Undrawn committed liquidity line granted to the institution)								
	OPT (Other product type)								
060	Currency								
	Issuers/counterparties recorded in column 010 shall be assigned a currency ISO code in column 060 corresponding to the denomination of the asset received or undrawn committed liquidity lines granted to the institution. The three-letter currency unit code according to ISO 4217 shall be reported.								
070	Credit quality step								
	Issuers/counterparties recorded in column 010 shall be assigned the appropriate credit quality step according to REGULATION 575/2013, consistent with the items reported in the maturity ladder.								
080	MtM value/nominal								
	The market value or fair value of the assets, or — if applicable — the nominal value of the undrawn liquidity line granted to the institution.								
090	Collateral value CB-eligible								
	The collateral value according to the central bank rules for standing facilities for the specific assets if they are used as collateral against credit received from the central bank.								
	For assets denominated in a currency included in the ITS issued under Article 416(5) Regulation (EC) No 575/2013 as a currency with extremely narrow central bank eligibility, institutions shall leave this field blank.'
