Proposal for a

COUNCIL DECISION

classifying the signature of an Agreement between the Community and the Swiss Confederation in the audiovisual field, establishing the terms and conditions for the participation of the Swiss Confederation in the Community programmes MEDIA Plus and MEDIA Training, and a Final Act

(presented by the Commission)
EXPLANATORY MEMORANDUM

Participation in the Community programmes MEDIA Plus and MEDIA Training, as defined in the legal texts establishing them, is open to EFTA countries which are members of the EEA, as well as European third countries party to the Convention of the Council of Europe on Transfrontier Television. The opening-up of the Programmes to such European third countries is subject to prior examination as to the compatibility of their national legislation with the Community acquis, in both its internal and external dimensions.

Following the results of the 1992 referendum, rejecting Switzerland's participation in the EEA Agreement, Switzerland has showed continued interest in strengthening cooperation with the EU in the audiovisual sector. In one of the joint declarations of 1999 both sides stated that this matter would be broached in a future negotiating round.

During the preparation of the so-called Bilateral II negotiations, Switzerland requested that its participation in the MEDIA Plus and MEDIA Training programmes be included.

The Commission conducted negotiations with Switzerland on the basis of the Directives adopted by the Council on 17 June 2002, and in consultation with the relevant committee appointed by the Council.

The draft Agreement and a draft Final Act were initialled on 25 June 2004. Both documents are attached to the draft Council Decision below.

Switzerland is the first European country which is neither a member of the EEA nor a candidate country to take part in these programmes.

The main issues addressed in the draft Agreement are the following:

- In line with the prerequisites for participation set out in the legal texts establishing the programmes, the Agreement defines, in Annex 1, the conditions to be met by the Swiss broadcasting regulatory framework, as well as other relevant arrangements, that will have to be in force as of the moment the Agreement comes into force.

- Projects and initiatives submitted by participants from Switzerland will be subject to the same conditions, rules and procedures pertaining to these programmes as are applied to Member States, regarding in particular the submission, assessment and selection of applications and projects, the responsibilities of the national structures in the implementation of the programmes, and the activities related to the monitoring of their participation in the programmes.

- Switzerland will each year pay a contribution to the programmes, as established in Annex 3 to the Agreement.

- Concerning financial control and audit matters, Switzerland will conform to Community provisions, including controls by Community bodies, as established in Annex 4.

- The Agreement will apply until the programmes come to an end, or until one of the sides notifies the other side of its wish to terminate the Agreement.
The Agreement will be managed by a joint committee, composed of representatives of both parties.

At the initalling ceremony the Swiss side transmitted a letter to the Commission (Federal Councillor Couchepin to Commissioner Reding) confirming that Swiss positions on the external dimension of audiovisual policy are in line with that of the European Union, in particular in the context of the World Trade Organisation (WTO).

Building on the spirit of the letter, to ensure the healthy implementation of the Agreement and to reinforce the spirit of cooperation in matters concerning audiovisual policy, a Joint Declaration establishing a mutually beneficial dialogue on these matters is included in the Final Act.

By analogy with the arrangements made at the conclusion of the Bilateral I negotiations, a Declaration from the Council is expected to broach questions concerning the attendance of representatives of Switzerland at Programme Committee meetings as observers, for the points which concern Switzerland.

The Commission has judged the results of the negotiations to be satisfactory and requests the Council to authorise the signature on behalf of the European Community of the Agreement between the Community and the Swiss Confederation in the audiovisual field, establishing the terms and conditions for the participation of the Swiss Confederation in the Community programmes MEDIA Plus and MEDIA Training, and a Final Act.

Freedom of broadcast reception and retransmission

1. Where a Member State of the European Union is party to the Convention of the Council of Europe on Transfrontier Television, Switzerland shall ensure the freedom of reception and retransmission on its territory with regard to television broadcasts under the jurisdiction of that Member State in accordance with the provisions of the Convention.

2. In cases other than those referred to in paragraph 1, Switzerland shall ensure freedom of reception and retransmission on its territory with regard to television broadcasts under the jurisdiction of a Member State of the European Union (as determined pursuant to the “Television without Frontiers” Directive, Council Directive 89/552/EEC of 3 October 1989 on the coordination of certain provisions laid down by law, regulation or administrative action in Member States concerning the pursuit of television broadcasting activities, as amended by Directive 97/36/EC of the European Parliament and of the Council), in accordance with the following procedures:

   Switzerland shall maintain the right to

   a) suspend retransmission of broadcasts from a television broadcasting organisation under the jurisdiction of a Member State of the European Union which has manifestly, seriously and gravely infringed the rules on the protection of minors and human dignity set out in Articles 22 and 22a of the "Television without Frontiers" Directive;

   b) take action against a television broadcasting organisation which is established in the territory of a Member State of the European Union but whose activity is entirely or mainly directed towards Swiss territory, if the place of establishment was chosen with a view to evading the rules which would have applied to the organisation had it been established on Swiss territory. These conditions will be interpreted in the light of the relevant case law of the Court of Justice of the European Communities (Case 33/74 Van Binsbergen v Bestuur van de Bedrijfsvereniging, [1974] ECR 1299; and Case C-23/93 TV10 SA v Commissariaat voor de Media, [1994] ECR I-4795).

3. In the cases referred to in paragraph 2 of this Article, action shall be taken after an exchange of views within the Joint Committee established under this Agreement.
Article B

Promotion of distribution and production of television programmes

2. For the purposes of implementation of the previous paragraph, the definition of a European work shall be that set out in Article 6 of Council Directive 89/552/EEC of 3 October 1989 on the coordination of certain provisions laid down by law, regulation or administrative action in Member States concerning the pursuit of television broadcasting activities, as amended by Directive 97/36/EC of the European Parliament and of the Council.

3. Switzerland shall ensure that works originating from Member States of the Community are not subject to discrimination in the context of the application of this Agreement and for the period of its duration.

4. The procedures for realising these commitments shall be defined in the Swiss regulations applicable to television broadcasting and shall be legally binding from the date of entry into force of this Agreement. This regulatory framework shall require broadcasters to ensure that the proportions laid down in Directive 89/552/EEC are achieved, in accordance with paragraphs 1 and 2 of this Article, and that each year they provide the Swiss regulator with a report on the proportions achieved and the reasons for any failure to comply. Where these proportions are only partially achieved and the reasons given are inadequate, the competent authority shall adopt appropriate measures. In all cases, broadcasters shall ensure that progress is made towards the proportions laid down in the Directive.
ANNEX 3

4. **LEGAL BASIS**

Treaty establishing the European Community, and in particular Articles 150 and 157, in conjunction with Article 300 thereof;

Council Decision (2000/821/EC)\(^3\) of 20 December 2000 on the implementation of a programme to encourage the development, distribution and promotion of European audiovisual works (MEDIA Plus –Development, Distribution and Promotion), and in particular Article 11 thereof;

\(^3\) OJ L 13, 17.1.2001, p. 35.

5. DESCRIPTION AND GROUNDS

5.1. Need for Community intervention

5.1.1. Objectives pursued

In line with the provisions in the decisions establishing the programmes, this Agreement lays down conditions, notably as concerns Switzerland’s financial contribution, adaptations to be made to Switzerland’s broadcasting regulatory framework, and other practical arrangements for participating in these programmes.

5.2. Actions envisaged and arrangements for budget intervention

The aim of opening up the programmes MEDIA Plus and MEDIA Training to Switzerland is to bring about synergies and mutual benefit to partners in Switzerland, Member States of the Community, as well as other participating countries, with a view to expand and multiply the chances for successful achievement of the aims and objectives set in the decisions establishing the programmes. Accordingly, objectives and target population are the same as those of the programmes.

5.3. Methods of implementation

– Choice of ways and means Switzerland’s participation has been modelled on the tried and tested terms and conditions used previously for EFTA/EEA countries and candidate countries. Specific provisions have been made to adapt them to the particular conditions of Switzerland, since it constitutes the first case of European country neither member of the EEA nor having a pre-accession strategy that will take part in these programmes. Projects and initiatives submitted by participants from Switzerland shall be subject to the same conditions, rules and procedures pertaining to these programmes as are applied to Member States, regarding in particular the submission, assessment, and selection of applications and projects, the responsibilities of the national structures in the implementation of the programmes, and the activities related to the monitoring of their participation in the programmes.

The Agreement will be managed by a joint committee, composed of representatives of Switzerland and the Community.

Main factors of uncertainty which could affect the specific results of the operation

Since projects will be selected according to quality criteria, it will only be possible to measure the real impact on the basis of Swiss firms’ and institutions’ capacity to respond to the calls for proposal launched by the Commission under the programmes.

The above expenditure will be met from the receipts (article 4 par.2, third indent of the financial regulation) received from Switzerland (see point 2.5 of the financial statement).
8. FOLLOW-UP AND EVALUATION

8.1. Arrangements and schedule for the planned evaluation

The monitoring and evaluation procedures included in the programmes (notably in respect of evaluation, as included in the decisions establishing the programmes) will also cover operations financed for Swiss beneficiaries.

9. ANTI-FRAUD MEASURES

All the Commission’s contracts, agreements and other legal commitments provide for on-the-spot checks by the Commission and Court of Auditors. Among other things, the beneficiaries of the operations are obliged to file reports and financial statements. These are analysed from the point of view of their content and the eligibility of the expenditure in line with the objective of Community financing.

The anti-fraud provisions of the basic budget headings apply to this heading too when adapted to the case of Switzerland.
