3. PURPOSE OF THE PROPOSAL

The objective of the proposal is to complete the process of modernising the existing rules on
coordination of social security systems, thereby replacing the current implementing
Regulation'.

1 Council Regulation (EEC) No 574/72 of 21 March 1972 laying down the procedure for implementing
Regulation No 1408/71 on the application of social security schemes to employed persons, to self-
employed persons and to their families moving within the Community, OJ L 74, 27.3.1972, p.1.
It aims to define, for the parties involved, (insured persons, their employers, social security institutions and the competent authorities of the Member States) the procedures for implementing the rules set out in the basic Regulation (EC) No 883/2004. The proposal aims to simplify and clarify current procedures. The proposal also clarifies the rights and obligations of the various parties. The new rules will enhance cooperation between institutions and promote transparency and mutual trust. This enhanced cooperation is supported through a new system of electronic data exchange between the Member States, which improves efficiency and accuracy.
