COMMISSION

DECISION No 2/1999 OF THE EC-ANDORRA JOINT COMMITTEE
of 22 December 1999
on the arrangements for implementing the Protocol signed in Brussels on 15 May 1997 on veterinary matters supplementary to the Agreement in the form of an Exchange of Letters between the European Economic Community and the Principality of Andorra

(2000/105/EC)

THE JOINT COMMITTEE,

Having regard to the Agreement in the form of an Exchange of Letters between the European Economic Community and the Principality of Andorra signed in Luxembourg on 28 June 1990, and in particular Article 17 thereof (1),

Having regard to the Protocol on veterinary matters supplementary to the Agreement in the form of an Exchange of Letters between the European Economic Community and the Principality of Andorra (2), signed in Brussels on 15 May 1997,

Whereas:

(1) The Parties desire maintaining traditional flows of trade in live animals and animal products between Andorra and the European Community and promoting the development of new flows;

(2) Such trade should accordingly be conducted in compliance with Community veterinary rules;

(3) At its meeting in Andorra on 16 December 1998 the veterinary subgroup recommended the adoption of a list of Community legislation to be applied by Andorra as a matter of priority by 1 June 2000;

(4) Provision should be made that adoption of the Community acquis will not prejudice the application of safeguard measures, especially for cases of bovine spongiform encephalopathy (BSE),

HAS DECIDED AS FOLLOWS:

Article 1

1. Andorra shall accept, without prejudice to the specific rules laid down in this Decision, live animals and animal products originating in the Community under the conditions laid down for intra-Community trade.

2. Andorra undertakes to apply the relevant Community rules to imports of live animals and animal products from third countries.

Article 2

Live animals and animal products covered by Directive 90/425/EEC (1)

1. Checks

Trade between Andorra and the Member States in live animals and animal products covered by Directive 90/425/EEC shall be subject to the rules on checks laid down by the Directive, excluding Article 10 (safeguard measure).

Checks on imports from third countries are provided for in Article 3(2) of this Decision.

2. Identification

For the identification of bovine animals the Andorran authorities shall adopt Regulation (EC) No 820/97 (2) and its implementing provisions.

3. Andorra shall take part in the computerised network linking veterinary authorities (ANIMO). The practical arrangements for Andorra's participation shall be settled between the Commission and the Andorran authorities.

4. Fees

The Andorran authorities shall adopt the principles set out in Chapter I of Annex C to Directive 85/73/EEC (3).

Article 3

Animal products

1. Checks on trade

Trade between Andorra and the Member States shall be subject to the rules and principles of Directive 89/662/EEC (4) and its implementing provisions, including the rules applicable in the event of refusal of entry, excluding Article 9 (safeguard measure).

2. Checks on products imported from third countries and destined for Andorra

The checks on products imported from third countries and destined for Andorra shall be carried out at border inspection posts by the veterinary services of the Member States in the name and on behalf of the Andorran authorities on all imports of live animals and animal products into Andorra; animal products shall be issued with the Annex B document of Decision 93/13/EEC (5) and live animals with the border passage document. The veterinary checks must be carried out before the customs transit operations start. Once the live animals and animal products have been checked, the health fees provided for in Chapter II of Annex A, Chapter II of Annex C and Section 2 of Chapter III of Annex I (fishery products) to Directive 85/73/EEC must be paid. Where applicable, the ANIMO system shall be used.

Article 4

Mutual assistance

Andorra shall implement Directive 89/608/EEC (6)

---

Article 5

Notification of animal diseases

Andorra shall implement Directive 82/894/EEC (1). The arrangements for the participation of Andorra in the animal disease notification system (ADNS) shall be established by the Commission and the Andorran authorities.

Article 6

Control measures

1. Pending the full transposition of the Community acquis into Andorran national law, the Andorran authorities undertake to implement the control measures provided for in Community legislation.

2. The Andorran authorities undertake to consult the relevant Spanish and French authorities on the drawing-up of emergency plans and their implementation in the event of outbreaks of animal diseases.

Article 7

Trade in certain animals

1. The trade in bovine animals and swine between Andorra and the Member States shall be carried out in accordance with Directive 64/432/EEC (2).

2. The trade in ovine and caprine animals shall be governed by Directive 91/68/EEC (3).

3. The trade in equidae shall be carried out in accordance with Directives 90/426/EEC (4) and 90/427/EEC (5).

4. For the purposes of identifying swine and ovine and caprine animals Andorra shall implement Directive 92/102/EEC (6).

Article 8

Trade in certain animal products

2. For animal casings, bones, blood and other products, Andorra shall apply the provisions of Chapters 2, 5 and 7 of Annex I to Directive 92/118/EEC (11).

3. Andorra shall transmit lists of approved establishments to the competent Member State authorities and to the Commission.

---

4. Such establishments shall be subject to the Community inspections applicable to Community establishments.

5. If necessary, details of the stamp shall be set out in a technical amendment.

6. In addition to the provisions of Directive 85/73/EEC, Andorra shall apply the fees laid down in Chapter I of Annex A thereto.

**Article 9**

**Hormones and residues**

Andorra shall implement Directives 96/22/EC(1) and 96/23/EC(2) on the understanding that:

(a) on the first occasion Andorra shall submit its plan to the veterinary subgroup for approval,

(b) later updates shall be approved by the Commission after notification of the Member States within the Standing Veterinary Committee.

**Article 10**

**Rules for (bovine, ovine, caprine and equine) animals subject to crossborder temporary movements**

1. The official veterinarian of the country of dispatch shall:

(a) inform the official veterinarian of the country of destination of the consignment of animals 48 hours in advance,

(b) examine the animals in the 48 hours before their departure; the animals must be duly identified,

(c) issue a certificate conforming to a model to be drawn up by the veterinary subgroup. Pending this certificate, the documents currently applicable shall be used.

2. As soon as the animals arrive in the country of destination the official veterinarian of that country shall check them to ensure that they conform to the standards laid down.

3. Animals must remain under customs control for the duration of the movement.

4. The holder of the animals shall, in a written declaration, agree:

(a) to comply with all the measures taken pursuant to the legislation and with any other measure taken at local level on the same terms as any original holder in the Community or Andorra,

(b) pay the cost of checks carried out pursuant to this decision,

(c) collaborate fully with the veterinarians carrying out the customs or veterinary checks required by the official authorities of the country of dispatch or destination.

5. In the event of outbreaks of disease, the competent veterinary authorities shall take appropriate measures by mutual agreement.

6. The issue of expenses shall be examined by the competent veterinary authorities. If necessary, the matter shall be put to the veterinary subgroup.

**Article 11**

Andorra shall apply the Community provisions set out in the Annex to this Decision before 1 June 2000.

---

Article 12

This Decision shall enter into force on the first day of the month following that of its adoption.

Done at Brussels, 22 December 1999.
