CORRIGENDA

(Official Journal of the European Communities L 60 of 9 March 1999)

On page 38, Annex II, category 2 ‘Organic compounds’, under the entry for the pharmacologically active substance Rifaximin, third column ‘Other provisions’:

for:     ‘For intramammary use, except if the udder may be used as food for human consumption’,

read:   ‘For intramammary use, except if the udder may be used as food for human consumption, and intrauterine use only’.
