

Notice of initiation of an anti-dumping proceeding concerning imports of sodium cyclamate originating in the People's Republic of China and Indonesia

(2002/C 318/04)

The Commission has received a complaint pursuant to Article 5 of Council Regulation (EC) No 384/96 ⁽¹⁾, as last amended by Regulation (EC) No 1972/2002 ⁽²⁾ ('the Basic Regulation'), alleging that imports of sodium cyclamate, originating in the People's Republic of China and Indonesia ('countries concerned'), are being dumped and are thereby causing material injury to the Community industry.

1. Complaint

The complaint was lodged on 4 November 2002 by Productos Aditivos SA ('the complainant') on behalf of the sole producer in the Community representing 100 % of the Community production of sodium cyclamate.

2. Product

The product allegedly being dumped is sodium cyclamate originating in the People's Republic of China and Indonesia ('the product concerned'), currently classifiable within CN code ex 2929 90 00. This CN code is only given for information.

3. Allegation of dumping

The allegation of dumping in respect of Indonesia is based on a comparison of normal value established on the basis of domestic prices, with the export prices of the product concerned to the Community.

In view of provisions of Article 2(7) of the Basic Regulation, the complainant established normal value for the People's Republic of China on the basis of the price in a market economy country, which is mentioned in point 5(1)(c) of this notice. The allegation of dumping is based on a comparison of normal value, as set out in the preceding sentence, with the export prices of the product concerned when sold for export to the Community.

On this basis, the dumping margins calculated are significant.

4. Allegation of injury

The complainant has provided evidence that imports of the product concerned from the People's Republic of China and Indonesia have increased overall in absolute terms and in terms of market share.

It is alleged that the volumes and the prices of the imported product concerned have, among other consequences, had a negative impact on the market share held, the quantities sold

and the level of prices charged by the Community industry, resulting in substantial adverse effects on the overall performance and the financial situation of the Community industry.

5. Procedure

Having determined, after consulting the Advisory Committee, that the complaint has been lodged by or on behalf of the Community industry and that there is sufficient evidence to justify the initiation of a proceeding, the Commission hereby initiates an investigation pursuant to Article 5 of the Basic Regulation.

5.1. Procedure for the determination of dumping and injury

The investigation will determine whether the product concerned originating in the People's Republic of China and Indonesia is being dumped and whether this dumping has caused injury.

(a) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the Community industry and to any association of producers in the Community, to the exporters/producers in the People's Republic of China and Indonesia and to any association of exporters/producers, to the importers, to any association of importers named in the complaint, and to the authorities of the exporting countries concerned.

In any event, all parties should contact the Commission forthwith by fax, but not later than the time limit set out in point 6(a)(i) of this notice, in order to find out whether they are listed in the complaint and, if necessary, request a questionnaire, given that the time limit set in point 6(a)(ii) of this notice applies to all such interested parties.

(b) Collection of information and holding of hearings

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence has to reach the Commission within the time limit set in point 6(a)(ii) of this notice.

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are particular reasons why they should be heard. This request must be made within the time limit set in point 6(a)(iii) of this notice.

⁽²⁾ OJ L 305, 7.11.2002, p. 1.

(c) *Selection of the market economy country*

In accordance with Article 2(7)(a) of the Basic Regulation, it is envisaged to choose Indonesia as an appropriate market economy country for the purpose of establishing normal value in respect of the People's Republic of China. Interested parties are hereby invited to comment on the appropriateness of this choice within the specific time limit set in point 6(b) of this notice.

(d) *Market economy status*

For those exporters/producers in the People's Republic of China which claim and provide sufficient evidence that they operate under market economy conditions, i.e. that they meet the criteria laid down in Article 2(7)(c) of the Basic Regulation, normal value will be determined in accordance with Article 2(7)(b) of the Basic Regulation. Exporters/producers intending to submit duly substantiated claims must do so within the specific time limit set in point 6(c) of this notice. The Commission will send claim forms to all exporters/producers in the People's Republic of China named in the complaint and to any association of exporters/producers named in the complaint, as well as to the authorities of the People's Republic of China.

5.2. Procedure for assessment of Community interest

In accordance with Article 21 of the Basic Regulation and in the event that the allegations of dumping and injury caused thereby are substantiated, a decision will be reached as to whether the adoption of anti-dumping measures would not be against the Community interest. For this reason the Community industry, importers, their representative associations, representative users and representative consumer organisations, provided that they prove that there is an objective link between their activity and the product concerned, may, within the general time limits set in point 6(a)(ii) of this notice, make themselves known and provide the Commission with information. The parties which have acted in conformity with the precedent sentence may request a hearing setting the particular reasons why they should be heard within the time limit set in point 6(a)(iii) of this notice. It should be noted that any information submitted pursuant to Article 21 will only be taken into account if supported by factual evidence at the time of submission.

6. Time limits(a) *General time limits*(i) For parties to request a questionnaire or other claim forms

All interested parties should request a questionnaire or other claim forms as soon as possible, but not later than 15 days after the publication of this notice in the *Official Journal of the European Communities*.

(ii) For parties to make themselves known, to submit questionnaire replies and any other information

All interested parties, if their representations are to be taken into account during the investigation, must make themselves known by contacting the Commission, present their views and submit questionnaire replies or any other information within 40 days of the date of publication of this notice in the *Official Journal of the European Communities*, unless otherwise specified. Attention is drawn to the fact that the exercise of most procedural rights set out in the Basic Regulation depends on the party's making itself known within the aforementioned period.

(iii) Hearings

All interested parties may also apply to be heard by the Commission within the same 40-day time limit.

(b) *Specific time limit for the selection of the market economy country*

Parties to the investigation may wish to comment on the appropriateness of Indonesia which, as mentioned in point 5(1)(c) of this notice, is envisaged as a market-economy country for the purpose of establishing normal value in respect of the People's Republic of China. These comments must reach the Commission within 10 days of the date of publication of this notice in the *Official Journal of the European Communities*.

(c) *Specific time limit for submission of claims for market economy status*

Duly substantiated claims for market economy status, as mentioned in point 5(1)(d) of this notice, must reach the Commission within 21 days of the date of publication of this notice in the *Official Journal of the European Communities*.

7. Written submissions, questionnaire replies and correspondence

All submissions and requests made by interested parties must be made in writing (not in electronic format, unless otherwise specified), and must indicate the name, address, e-mail address, telephone and fax, and/or telex numbers of the interested party.

or significantly impedes the investigation, provisional or final findings, affirmative or negative, may be made in accordance with Article 18 of the Basic Regulation, on the basis of the facts available.

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made of the facts available.
