

## Notice of initiation of a partial interim review of the anti-dumping measures applicable to imports of certain magnesia bricks originating in the People's Republic of China

(2008/C 146/07)

The Commission has received a request for a partial interim review pursuant to Article 11(3) of Council Regulation (EC) No 384/96 on protection against dumped imports from countries not members of the European Community ('the basic Regulation') <sup>(1)</sup>.

### 1. Request for review

The request was lodged by Dashiqiao Sanqiang Refractory Materials Co. Limited ('the applicant'), an exporter from the People's Republic of China.

The request is limited in scope to the examination of dumping as far as the applicant is concerned.

### 2. Product

The product under review is chemically bonded, unfired magnesia bricks, whose magnesia component contains at least 80 % MgO, whether or not containing magnesite, originating in the People's Republic of China ('the product concerned'), currently classifiable within CN codes ex 6815 91 00, ex 6815 99 10 and ex 6815 99 90. These CN codes are given only for information.

### 3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Council Regulation (EC) No 1659/2005 <sup>(2)</sup> on imports of certain magnesia bricks originating in the People's Republic of China.

### 4. Grounds for the review

The request pursuant to Article 11(3) is based on *prima facie* evidence, provided by the applicant, that the circumstances on the basis of which measures were imposed have changed and that these changes are of a lasting nature.

The applicant provided *prima facie* evidence that the continued application of the measure at its current level is no longer necessary to offset dumping. In particular, the applicant has provided *prima facie* evidence showing that it meets the criteria for market economy treatment. Furthermore, a comparison of

its domestic prices and costs of production and export prices to the Community indicates that the dumping margin appears to be substantially lower than the current level of the measure.

### 5. Procedure for the determination of dumping

Having determined, after consulting the Advisory Committee, that sufficient evidence exists to justify the initiation of a partial interim review, the Commission hereby initiates a review in accordance with Article 11(3) of the basic Regulation with a view to determine whether the company operates under market economy conditions as defined in Article 2(7)(c) of the basic Regulation and, if so, to determine the company's individual margin of dumping based on their own costs/domestic prices, and should dumping be found, determine the level of the duty to which its imports of the product concerned into the Community should be subject.

The investigation will assess the need for the continuation, removal or amendment of the existing measures in respect of the applicant.

If it is determined that measures should be removed or amended for the applicant, it may be necessary to amend the rate of duty currently applicable to imports of the product concerned from companies not mentioned in Article 1 of Regulation (EC) No 1659/2005.

#### (a) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the applicant and to the authorities of the exporting country concerned. This information and supporting evidence should reach the Commission within the time limit set in point 6(a)(i).

#### (b) Collection of information and holding of hearings

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence must reach the Commission within the time limit set in point 6(a)(i).

<sup>(1)</sup> OJ L 56, 6.3.1996, p. 1. Regulation as last amended by Regulation (EC) No 2117/2005 (OJ L 340, 23.12.2005, p. 17).

<sup>(2)</sup> OJ L 267, 12.10.2005, p. 1.

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are particular reasons why they should be heard. This request must be made within the time limit set in point 6(b)(ii).

(c) *Market economy status*

In the event that the company provides sufficient evidence showing that it operates under market economy conditions, i.e. that it meets the criteria laid down in Article 2(7)(c) of the basic Regulation, normal value will be determined in accordance with Article 2(7)(b) of the basic Regulation. For this purpose, a duly substantiated claim must be submitted within the specific time limit set in point 6(b) of this notice. The Commission will send a claim form to the company, as well as to the authorities of the People's Republic of China.

In the event that the company is granted market economy treatment, the Commission may, if necessary, use findings concerning the normal value established in an appropriate market economy country, e.g. for the purpose of replacing any unreliable cost or price elements in the People's Republic of China which are needed in establishing the normal value, if reliable required data are not available in the People's Republic of China. The Commission considers using the United States of America for this purpose.

## 6. Time limits

(a) *General time limits*

- For parties to make themselves known, to submit questionnaire replies and any other information

All interested parties, if their representations are to be taken into account during the investigation, must make themselves known by contacting the Commission, present their views and submit questionnaire replies or any other information within 40 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. Attention is drawn to the fact that the exercise of most procedural rights set out in the basic Regulation depends on the party's making itself known within the aforementioned period.

- Hearings

All interested parties may also apply to be heard by the Commission within the same 40-day time limit.

(b) *Specific time limit for submission of claims for market economy treatment*

The company's duly substantiated claim for market economy treatment, as mentioned in point 5(c) of this notice, must reach the Commission within 21 days of the date of publication of this notice in the *Official Journal of the European Union*.

All submissions and requests made by interested parties must be made in writing (not in electronic format, unless otherwise specified) and must indicate the name, address, e-mail address, telephone and fax numbers of the interested party. All written submissions, including the information requested in this notice, questionnaire replies and correspondence provided by interested parties on a confidential basis shall be labelled as 'Limited' <sup>(1)</sup> and, in accordance with Article 19(2) of the basic Regulation, shall be accompanied by a non-confidential version, which will be labeled 'FOR INSPECTION BY INTERESTED PARTIES'.

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made, in accordance with Article 18 of the basic Regulation, of the facts available. If an interested party does not cooperate or cooperates only partially, and use of facts available is made, the result may be less favourable to that party than if it had cooperated.

### 11. Hearing officer

It is also noted that if interested parties consider that they are encountering difficulties in the exercise of their rights of defence, they may request the intervention of the Hearing Officer of DG Trade. He acts as an interface between the interested parties and the Commission services, offering, where necessary, mediation on procedural matters affecting the protection of their interests in this proceeding, in particular, with regard to issues concerning access to the file, confidentiality, extension of time limits and the treatment of written and/or oral submission of views.
