

PROCEDURES RELATING TO THE IMPLEMENTATION OF THE COMMON COMMERCIAL POLICY

COMMISSION

Notice of initiation of an anti-dumping proceeding concerning imports of certain aluminium foil originating in Armenia, Brazil and the People's Republic of China

(2008/C 177/07)

The Commission has received a complaint pursuant to Article 5 of Council Regulation (EC) No 384/96 on protection against dumped imports from countries not members of the European Community ('the basic Regulation')⁽¹⁾, alleging that imports of certain aluminium foil, originating in Armenia, Brazil and the People's Republic of China ('the countries concerned'), are being dumped and are thereby causing material injury to the Community industry.

1. Complaint

The complaint was lodged on 28 May 2008 by the European Association of Metals (EUROMÉTAUX) ('the complainant') on behalf of producers representing a major proportion, in this case more than 25 %, of the total Community production of certain aluminium foil.

2. Product

The product allegedly being dumped is aluminium foil of a thickness of not less than 0,008 mm and not more than 0,018 mm, not backed, not further worked than rolled, in reels of a width not exceeding 650 mm originating in Armenia, Brazil and the People's Republic of China ('the product concerned'), normally declared within CN code ex 7607 11 10. This CN code is only given for information.

3. Allegation of dumping

The allegation of dumping in respect of Brazil is based on a comparison of a constructed normal value with the export prices of the product concerned when sold for export to the Community.

In view of the provisions of Article 2(7) of the basic Regulation, the complainant established normal value for Armenia and the People's Republic of China on the basis of the price in a market

economy country, which is mentioned in point 5.1(d). The allegation of dumping is based on a comparison of normal value, thus calculated, with the export prices of the product concerned when sold for export to the Community.

On this basis, the dumping margins calculated are significant.

4. Allegation of injury

The complainant has provided evidence that imports of the product concerned from Armenia, Brazil and the People's Republic of China have increased overall in absolute terms and in terms of market share.

It is alleged that the volumes and the prices of the imported product concerned have, among other consequences, had a negative impact on the market share held and the quantities sold by the Community industry, resulting in substantial adverse effects on the overall performance, and in particular on the production, capacity utilisation and employment of the Community industry.

5. Procedure

Having determined, after consulting the Advisory Committee, that the complaint has been lodged by or on behalf of the Community industry and that there is sufficient evidence to justify the initiation of a proceeding, the Commission hereby initiates an investigation pursuant to Article 5 of the basic Regulation.

5.1. Procedure for the determination of dumping and injury

The investigation will determine whether the product concerned originating in Armenia, Brazil and the People's Republic of China is being dumped and whether this dumping has caused injury.

(a) *Sampling*

In view of the apparent large number of parties involved in this proceeding, the Commission may decide to apply sampling in accordance with Article 17 of the basic Regulation.

(i) Sampling for exporters/producers in the People's Republic of China

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all exporters/producers, or representatives acting on their behalf, are hereby requested to make themselves known by contacting the Commission and providing the following information on their company or companies within the time limit set in point 6(b)(i) and in the format indicated in point 7:

- name, address, e-mail address, telephone, and fax numbers and contact person,
- the turnover in local currency and the volume in tonnes of the product concerned sold for export to the Community during the period 1 July 2007-30 June 2008,
- the turnover in local currency and the sales volume in tonnes for the product concerned on the domestic market during the period 1 July 2007-30 June 2008,
- the precise activities of the company with regard to the product concerned,
- the names and the precise activities of all related companies⁽¹⁾ involved in the production and/or selling (export and/or domestic) of the product concerned,
- any other relevant information that would assist the Commission in the selection of the sample.

By providing the above information, the company agrees to its possible inclusion in the sample. If the company is chosen to be part of the sample, this will imply replying to a questionnaire and accepting an on-the-spot investigation of its response. If the company indicates that it does not agree to its possible inclusion in the sample, it will be deemed not to have co-operated in the investigation. The consequences of non-cooperation are set out in point 8 below.

In order to obtain the information it deems necessary for the selection of the sample of exporters/producers, the Commission will, in addition, contact the authorities of the exporting country, and any known associations of exporters/producers.

Since a company cannot be certain that it will be selected in the sample, exporters/producers that wish to claim an individual margin pursuant to Article 17(3) of the basic Regulation are advised to request a questionnaire within the deadline foreseen in point 6(a)(i) of this notice, and file it within the deadline foreseen in point 6(a)(ii) first paragraph of this notice. However, attention is drawn to the last sentence of point 5.1(b)(ii) of this notice.

(ii) Sampling for importers

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all importers, or representatives acting on their behalf, are hereby requested to make themselves known to the Commission and to provide the following information on their company or companies within the time limit set in point 6(b)(i) and in the formats indicated in point 7:

- name, address, e-mail address, telephone, and fax numbers and contact person,
- the total turnover in euro of the company during the period 1 July 2007-30 June 2008,
- the total number of employees,
- the precise activities of the company with regard to the product concerned,
- the volume in tonnes and value in euro of imports into and resales made in the Community market during the period 1 July 2007-30 June 2008 of the imported product concerned originating in Armenia, Brazil and the People's Republic of China,
- the names and the precise activities of all related companies⁽¹⁾ involved in the production and/or selling of the product concerned,
- any other relevant information that would assist the Commission in the selection of the sample.

By providing the above information, the company agrees to its possible inclusion in the sample. If the company is chosen to be part of the sample, this will imply replying to a questionnaire and accepting an on-the-spot investigation of its response. If the company indicates that it does not agree to its possible inclusion in the sample, it will be deemed not to have co-operated in the investigation. The consequences of non-cooperation are set out in point 8 below.

In order to obtain the information it deems necessary for the selection of the sample of importers, the Commission will, in addition, contact any known associations of importers.

⁽¹⁾ For guidance on the meaning of related companies, please refer to Article 143 of Commission Regulation (EEC) No 2454/93 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code (OJ L 253, 11.10.1993, p. 1).

(iii) Final selection of the samples

All interested parties wishing to submit any relevant information regarding the selection of the sample must do so within the time limit set in point 6(b)(ii).

The Commission intends to make the final selection of the samples after having consulted the parties concerned that have expressed their willingness to be included in the sample.

Companies included in the samples must reply to a questionnaire within the time limit set in point 6(b)(iii) and must cooperate within the framework of the investigation.

If sufficient co-operation is not forthcoming, the Commission may base its findings, in accordance with Articles 17(4) and 18 of the basic Regulation, on the facts available. A finding based on facts available may be less advantageous to the party concerned, as explained in point 8.

(b) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the Community industry and to any association of producers in the Community, to the sampled exporters/producers in the People's Republic of China, to the exporters/producers in Armenia, Brazil, to any known association of exporters/producers, to the sampled importers, to any known association of importers named in the complaint, and to the authorities of the exporting countries concerned.

(i) Exporters/producers in Brazil

Exporters/producers in Brazil should contact the Commission forthwith by fax, but not later than the time limit set out in point 6(a)(i), in order to find out whether they are listed in the complaint and, if necessary, request a questionnaire, given that the time limit set in point 6(a)(ii) applies to all such interested parties.

(ii) Exporters/producers claiming an individual margin in Armenia and the People's Republic of China

Exporters/producers in Armenia and the People's Republic of China claiming an individual margin, with a view to the application of Articles 17(3) and 9(6) of the basic Regulation, must submit a completed questionnaire within the time limit set in point 6(a)(ii) of this notice. They therefore have to request a questionnaire

within the time limit set in point 6(a)(i). However, such parties should be aware that if sampling is applied to exporters/producers, the Commission may nonetheless decide not to calculate an individual margin for them, if the number of exporters/producers is so large that individual examination would be unduly burdensome and would prevent the timely completion of the investigation.

(c) Collection of information and holding of hearings

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence has to reach the Commission within the time limit set in point 6(a)(ii).

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are particular reasons why they should be heard. This request must be made within the time limit set in point 6(a)(iii).

(d) Selection of the market economy country

In accordance with Article 2(7)(a) of the basic Regulation, it is envisaged to choose Turkey as an appropriate market economy country for the purpose of establishing normal value in respect of Armenia and the People's Republic of China. Interested parties are hereby invited to comment on the appropriateness of this choice within the specific time limit set in point 6(c).

(e) Market economy treatment or Individual Treatment claims

For those exporters/producers in Armenia and the People's Republic of China who claim and provide sufficient evidence that they operate under market economy conditions, i.e. that they meet the criteria laid down in Article 2(7)(c) of the basic Regulation, normal value will be determined in accordance with Article 2(7)(b) of the basic Regulation. Exporters/producers intending to submit duly substantiated claims must do so within the specific time limit set in point 6(d). The Commission will send claim forms to all exporters/producers in Armenia and the People's Republic of China who have either been included in the sample (as far as the People's Republic of China is concerned) or named in the complaint and to any association of exporters/producers named in the complaint, as well as to the authorities of Armenia and the People's Republic of China. This claim form may also be used by the applicant to claim individual treatment, i.e. that it meets the criteria laid down in Article 9(5) of the basic Regulation.

5.2. Procedure for assessment of Community interest

In accordance with Article 21 of the basic Regulation and in the event that the allegations of dumping and injury caused thereby are substantiated, a decision will be reached as to whether the adoption of anti-dumping measures would not be against the Community interest. For this reason the Commission may send questionnaires to the known Community industry, importers, their representative associations, representative users and representative consumer organisations. Such parties, including those not known to the Commission, provided that they prove that there is an objective link between their activity and the product concerned, may, within the general time limits set in point 6(a)(ii), make themselves known and provide the Commission with information. The parties which have acted in conformity with the preceding sentence may request a hearing setting the particular reasons why they should be heard within the time limit set in point 6(a)(iii). It should be noted that any information submitted pursuant to Article 21 of the basic Regulation will only be taken into account if supported by factual evidence at the time of submission.

6. Time limits

(a) General time limits

- (i) For parties to request a questionnaire or other claim forms

All interested parties should request a questionnaire or other claim forms as soon as possible, but not later than 10 days after the publication of this notice in the *Official Journal of the European Union*.

All exporters/producers concerned by this proceeding, who wish to apply for individual examination in accordance with Article 17(3) of the basic Regulation, must also submit a questionnaire reply within 40 days of the date of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. Attention is drawn to the fact that the exercise of most procedural rights set out in the basic Regulation depends on the

party's making itself known within the aforementioned period.

(iii) Hearings

All interested parties may also apply to be heard by the Commission within the same 40-day time limit.

These comments must reach the Commission within 10 days of the date of publication of this notice in the *Official Journal of the European Union*.

(d) Specific time limit for submission of claims for market economy status and/or for individual treatment

Duly substantiated claims for market economy status (as mentioned in point 5.1(e)) and/or for individual treatment pursuant to Article 9(5) of the basic Regulation, must reach the Commission within 15 days of the date of publication of this notice in the *Official Journal of the European Union*.

7. Written submissions, questionnaire replies and correspondence

All submissions and requests made by interested parties must be made in writing (not in electronic format) unless otherwise specified and must indicate the name, address, e-mail address, telephone and fax numbers of the interested party. All written submissions, including the information requested in this notice, questionnaire replies and correspondence provided by interested parties on a confidential basis shall be labelled as 'Limited' ⁽¹⁾ and, in accordance with Article 19(2) of the basic Regulation, shall be accompanied by a non-confidential version, which will be labelled 'For inspection by interested parties'.

8. Non-cooperation

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made of the facts available. If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

9. Schedule of the investigation

The investigation will be concluded, according to Article 6(9) of the basic Regulation within 15 months of the date of the publication of this notice in the *Official Journal of the European Union*. According to Article 7(1) of the basic Regulation, provisional measures may be imposed no later than 9 months from the publication of this notice in the *Official Journal of the European Union*.

11. Hearing Officer

It is also noted that if interested parties consider that they are encountering difficulties in the exercise of their rights of defence, they may request the intervention of the Hearing Officer of DG Trade. He acts as an interface between the interested parties and the Commission services, offering, where necessary mediation on procedural matters affecting the protection of their interests in this proceeding, in particular, with regard to issues concerning access to file, confidentiality, extension of time limits and the treatment of written and/or oral submission of views. For further information and contact details interested parties may consult the Hearing Officer's web pages of the website of DG Trade (<http://ec.europa.eu/trade>).
