**Notice of initiation of an expiry review of the anti-dumping measures applicable to imports of  
certain ring binder mechanisms originating in the People's Republic of China**

(2008/C 310/06)

Following the publication of a notice of impending expiry <sup>(1)</sup> of the anti-dumping measures in force on imports of certain ring binder mechanisms originating in the People's Republic of China ('country concerned'), the Commission has received a request for review pursuant to Article 11(2) of Council Regulation (EC) No 384/96 of 22 December 1995 on protection against dumped imports from countries not members of the European Community <sup>(2)</sup> ('the basic Regulation').

**1. Request for review**

The request was lodged on 4 September 2008 by Community producer Ring Alliance Ringbuchtechnik GmbH ('the applicant') representing a major proportion, in this case more than 50 %, of the total Community production of ring binder mechanisms.

**2. Product**

The product under review are certain ring binder mechanisms originating in the People's Republic of China ('the product concerned'), currently classifiable within CN code ex 8305 10 00. This CN code is given only for information. For the purpose of this Notice, ring binder mechanisms shall consist of two steel sheets or wires with at least four half-rings made of steel wire fixed on them and which are kept together by a steel cover. They can be opened either by pulling the half rings or with a small steel trigger mechanism fixed to the ring binder mechanism.

**3. Existing measures**

The measures currently in force is a definitive anti-dumping duty imposed by Council Regulation (EC) No 2074/2004 <sup>(3)</sup> on imports of certain ring binder mechanisms originating in the

People's Republic of China. By Council Regulation (EC) No 1208/2004 <sup>(4)</sup> the definitive anti-dumping duty was extended to imports of ring binder mechanisms consigned from Vietnam, whether declared as originating in Vietnam or not, and by Council Regulation (EC) No 33/2006 <sup>(5)</sup> to imports of ring binder mechanisms consigned from Lao People's Democratic Republic, whether declared as originating in Lao People's Democratic Republic or not. Council Regulation (EC) No 818/2008 <sup>(6)</sup> amended Council Regulation (EC) No 2074/2004.

**4. Grounds for the review**

The request is based on the grounds that the expiry of measures would be likely to result in a continuation or recurrence of dumping and injury to the Community industry.

In view of the provisions of Article 2(7) of the basic Regulation, the applicant established normal value for the People's Republic of China on the basis of a constructed normal value in an appropriate market economy country, which is mentioned in point 5.1(d). The allegation of a continuation of dumping is based on a comparison of normal value, as set out in the preceding sentence, with the export prices of the product concerned when sold for export to the Community.

On this basis, the dumping margin calculated is significant.

<sup>(1)</sup> OJ C 146, 12.6.2008, p. 33.

<sup>(2)</sup> OJ L 56, 6.3.1996, p. 1.

<sup>(3)</sup> OJ L 359, 4.12.2004, p. 11.

<sup>(4)</sup> OJ L 232, 1.7.2004, p. 1.

<sup>(5)</sup> OJ L 7, 12.1.2006, p. 1.

<sup>(6)</sup> OJ L 221, 19.8.2008, p. 1.

The applicant further alleges the likelihood of further injurious dumping. The applicant has submitted evidence showing the precarious situation of the Community industry and alleges that any continuation or recurrence of substantial imports at dumped prices from the country concerned would likely lead to the continuation or recurrence of injury to the Community industry should measures be allowed to lapse.

## 5. Procedure

Having determined, after consulting the Advisory Committee, that sufficient evidence exists to justify the initiation of an expiry review, the Commission hereby initiates a review in accordance with Article 11(2) of the basic Regulation.

### 5.1. Procedure for the determination of likelihood of dumping and injury

The investigation will determine whether the expiry of the measures would be likely, or unlikely, to lead to a continuation or recurrence of dumping and injury.

#### (a) Sampling

In view of the apparent number of parties involved in this proceeding, the Commission may decide to apply sampling, in accordance with Article 17 of the basic Regulation.

##### (i) Sampling for importers

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all importers, or representatives acting on their behalf, are hereby requested to make themselves known to the Commission and to provide the following information on their company or companies within the time limit set in point 6(b)(i) and in the formats indicated in point 7:

- name, address, e-mail address, telephone and fax numbers and contact person,
- the total turnover in euro of the company during the period 1 October 2007 to 30 September 2008,
- the total number of employees,
- the precise activities of the company with regard to the product concerned,
- the volume in pieces and value in euro of imports into and resales made in the Community market during the period 1 October 2007 to 30 September 2008 of the imported product concerned originating in the People's Republic of China,

- the names and the precise activities of all related companies <sup>(1)</sup> involved in the production and/or selling of the product concerned,
- any other relevant information that would assist the Commission in the selection of the sample.

By providing the above information, the company agrees to its possible inclusion in the sample. If the company is chosen to be part of the sample, this will imply replying to a questionnaire and accepting an on-the-spot investigation of its response. If the company indicates that it does not agree to its possible inclusion or inclusion in the sample, it will be deemed not to have co-operated in the investigation. The consequences of non-cooperation are set out in point 8 below.

In order to obtain the information it deems necessary for the selection of the sample of importers, the Commission will, in addition, contact any known associations of importers.

##### (ii) Final selection of the sample

All interested parties wishing to submit any relevant information regarding the selection of the sample must do so within the time limit set in point 6(b)(ii).

The Commission intends to make the final selection of the sample after having consulted the parties concerned that have expressed their willingness to be included in the sample.

Companies included in the sample must reply to a questionnaire within the time limit set in point 6(b)(iii) and must co-operate within the framework of the investigation.

If sufficient co-operation is not forthcoming, the Commission may base its findings, in accordance with Articles 17(4) and 18 of the basic Regulation, on the facts available. A finding based on facts available may be less advantageous to the party concerned, as explained in point 8.

##### (b) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the Community industry and to any known association of producers in the Community, to the exporters/producers in the People's Republic of China, to any association of exporters/producers, to the sampled importers, to any known association of importers, and to the authorities of the exporting country concerned.

<sup>(1)</sup> For guidance on the meaning of related companies, please refer to Article 143 of Commission Regulation (EEC) No 2454/93 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code (OJ L 253, 11.10.1993, p. 1).

(c) *Collection of information and holding of hearings*

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence must reach the Commission within the time limit set in point 6(a)(ii).

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are particular reasons why they should be heard. This request must be made within the time limit set in point 6(a)(iii).

(d) *Selection of the market economy country*

In the previous investigation India was used as an appropriate market economy country for the purpose of establishing normal value in respect of the People's Republic of China. The applicant has now proposed to use, and the Commission envisages using, Thailand for this purpose. Interested parties are hereby invited to comment on the appropriateness of this possible choice within the specific time limit set in point 6(c).

**5.2. Procedure for the assessment of Community interest**

In accordance with Article 21 of the basic Regulation and in the event that the likelihood of a continuation or recurrence of dumping and injury is confirmed, a determination will be made as to whether maintaining the anti-dumping measures would not be against the Community interest. For this reason the Commission may send questionnaires to the known Community industry, importers, their representative associations, representative users and representative consumer organizations. Such parties, including those not known to the Commission, provided that they prove that there is an objective link between their activity and the product concerned, may, within the general time limits set in point 6(a)(ii), make themselves known and provide the Commission with information. The parties which have acted in conformity with the preceding sentence may request a hearing, setting out the particular reasons why they should be heard, within the time limit set in point 6(a)(iii). It should be noted that any information submitted pursuant to Article 21 of the basic Regulation will only be taken into account if supported by factual evidence at the time of submission.

**6. Time limits**(a) *General time limits*

- (i) For parties to request a questionnaire or other claim forms

All interested parties who did not co-operate in the investigation leading to the measures subject to the present review should request a questionnaire or other claim forms as soon as possible, but not later than

Attention is drawn to the fact that the exercise of most procedural rights set out in the basic Regulation depends on the party's making itself known within the aforementioned period.

Companies selected in a sample must submit questionnaire replies within the time limit specified in point 6(b)(iii).

(iii) *Hearings*

All interested parties may also apply to be heard by the Commission within the same 40-day time limit.

(c) *Specific time limit for the selection of the market economy country*

Parties to the investigation may wish to comment on the appropriateness of Thailand which, as mentioned in point 5.1(d), is envisaged as a market-economy country for the purpose of establishing normal value in respect of the People's Republic of China. These comments must reach the Commission within 10 days of the date of publication of this notice in the *Official Journal of the European Union*.

### 7. Written submissions, questionnaire replies and correspondence

All submissions and requests made by interested parties must be made in writing (not in electronic format, unless otherwise specified) and must indicate the name, address, e-mail address, telephone and fax numbers of the interested party. All written submissions, including the information requested in this notice, questionnaire replies and correspondence provided by interested parties on a confidential basis shall be labelled as 'Limited' <sup>(1)</sup> and, in accordance with Article 19(2) of the basic Regulation, shall be accompanied by a non-confidential version, which will be labelled 'For inspection by interested parties'.

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made, in accordance with Article 18 of the basic Regulation, of the facts available. If an interested party does not cooperate or cooperates only partially, and use of facts available is made, the result may be less favourable to that party than if it had cooperated.

If any party to the proceeding considers that a review of the level of the measures is warranted so as to allow for the possibility to amend (i.e. increase or decrease) the level of the measures, that party may request a review in accordance with Article 11(3) of the basic Regulation.

Parties wishing to request such a review, which would be carried out independently of the expiry review mentioned in this notice, may contact the Commission at the address given above.

### 11. Processing of personal data

It is noted that any personal data collected in this investigation will be treated in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data <sup>(2)</sup>.
