COMMERCIAL POLICY

## EUROPEAN COMMISSION

**Notice of initiation of an anti-dumping proceeding concerning imports of welded tubes, pipes and hollow profiles of square or rectangular cross-section, of iron other than cast iron or steel other than stainless, originating in the former Yugoslav Republic of Macedonia, Turkey and Ukraine**

(2012/C 96/07)

The European Commission ('the Commission') has received a complaint pursuant to Article 5 of Council Regulation (EC) No 1225/2009 of 30 November 2009 on protection against dumped imports from countries not members of the European Union<sup>(1)</sup> ('the basic Regulation'), alleging that imports of welded tubes, pipes and hollow profiles of square or rectangular cross-section, of iron other than cast iron or steel other than stainless, originating in the former Yugoslav Republic of Macedonia, Turkey and Ukraine, are being dumped and are thereby causing material injury to the Union industry.

**1. Complaint**

The complaint was lodged on 16 February 2012 by the Defence Committee of the Welded Steel Tubes Industry of the European Union ('the complainant') on behalf of producers representing a major proportion, in this case more than 25 %, of the total Union production of welded tubes, pipes and hollow profiles of square or rectangular cross-section, of iron other than cast iron or steel other than stainless.

**2. Product under investigation**

The product subject to this investigation is welded tubes, pipes and hollow profiles of square or rectangular cross-section, of iron other than cast iron or steel other than stainless, but excluding line pipe of a kind used for oil or gas pipelines and casing and tubing of a kind used in drilling for oil or gas ('hollow sections' or 'the product under investigation').

**3. Allegation of dumping**

The product allegedly being dumped is the product under investigation, originating in the former Yugoslav Republic of Macedonia, Turkey and Ukraine ('the countries concerned'), currently falling within CN codes 7306 61 92 and 7306 61 99. These CN codes are given for information only.

The allegation of dumping from the countries concerned is based on a comparison of the domestic price with the export price (at ex-works level) of the product under investigation, when sold for export to the Union.

On this basis, the dumping margins calculated are significant for the countries concerned.

**4. Allegation of injury**

The complainant has provided evidence that imports of the product under investigation from the countries concerned have increased overall in absolute terms and in terms of market share.

The *prima facie* evidence provided by the complainant shows that the volume and the prices of the imported product under investigation have had, among other consequences, a negative impact on the market share held by the Union industry, resulting in substantial adverse effects on the financial and employment situation of the Union industry.

**5. Procedure**

Having determined, after consulting the Advisory Committee, that the complaint has been lodged by or on behalf of the Union industry and that there is sufficient evidence to justify the initiation of a proceeding, the Commission hereby initiates an investigation pursuant to Article 5 of the basic Regulation.

The investigation will determine whether the product under investigation originating in the countries concerned is being dumped and whether the dumped imports have caused injury to the Union industry. If the conclusions are affirmative, the investigation will examine whether the imposition of measures would not be against the Union interest.

<sup>(1)</sup> OJ L 343, 22.12.2009, p. 51.

## 5.1. Procedure for the determination of dumping

Exporting producers <sup>(1)</sup> of the product under investigation from the countries concerned are invited to participate in the Commission investigation.

### 5.1.1. Investigating exporting producers

#### 5.1.1.1. Procedure for selecting exporting producers to be investigated in Turkey and Ukraine

##### (a) Sampling

In view of the potentially large number of exporting producers in Turkey and Ukraine involved in this proceeding, and in order to complete the investigation within the statutory time limits, the Commission may limit the exporting producers to be investigated to a reasonable number by selecting a sample (this process is also referred to as 'sampling') for each of the two countries concerned. The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary, and if so, to select a sample, all exporting producers, or representatives acting on their behalf, in Turkey and Ukraine, are hereby requested to make themselves known to the Commission. These parties have to do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with information on their company(ies) as requested in Annex A to this notice.

In order to obtain information it deems necessary for the selection of a sample of exporting producers for each of the two countries concerned, the Commission will also contact the authorities of Turkey and Ukraine and may contact any known associations of exporting producers.

All interested parties wishing to submit any other relevant information regarding the selection of a sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the exporting producers may be selected based on the largest representative volume of exports to the Union which can reasonably be investigated within the time available. All known exporting producers, the authorities of Turkey and Ukraine and associations of exporting producers will be notified by the Commission, via the authorities of Turkey and Ukraine if appropriate, of the companies selected to be in a sample.

In order to obtain information it deems necessary for its investigation with regard to exporting producers, the

Commission will send questionnaires to the exporting producers selected to be in a sample, to any known association of exporting producers, and to the authorities of Turkey and Ukraine.

All exporting producers selected to be in a sample will have to submit a completed questionnaire within 37 days from the date of notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, inter alia, the structure of the exporting producer's company(ies), the activities of the company(ies) in relation to the product under investigation, the cost of production, the sales of the product under investigation on the domestic market of the country concerned and the sales of the product under investigation to the Union.

Companies that have agreed to their possible inclusion in the sample but are not selected to be in a sample shall be considered to be cooperating ('non-sampled cooperating exporting producers'). Without prejudice to Section (b) below, the anti-dumping duty that may be applied to imports from the non-sampled cooperating exporting producers will not exceed the weighted average margin of dumping established for the exporting producers in a sample <sup>(2)</sup>.

##### (b) Individual dumping margin for companies not included in a sample

Non-sampled cooperating exporting producers may request, pursuant to Article 17(3) of the basic Regulation, that the Commission establishes their individual dumping margins. The exporting producers wishing to claim an individual dumping margin must request a questionnaire and return it duly completed within 37 days of the date of the notification of the sample selection, unless otherwise specified.

However, exporting producers claiming an individual dumping margin should be aware that the Commission may nonetheless decide not to determine their individual dumping margin if, for instance, the number of exporting producers is so large that such determination would be unduly burdensome and would prevent the timely completion of the investigation.

#### 5.1.1.2. Procedure for exporting producers to be investigated in the former Yugoslav Republic of Macedonia

All exporting producers and associations of exporting producers in the former Yugoslav Republic of Macedonia are invited to contact the Commission, preferably by e-mail, immediately but no later than 15 days after the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, in order to make themselves known and request a questionnaire. In order to obtain information it deems necessary for its investigation with regard to exporting producers, the

<sup>(1)</sup> An exporting producer is any company in the countries concerned which produces and exports the product under investigation to the Union market, either directly or via a third party, including any of its related companies involved in the production, domestic sales or exports of the product concerned.

<sup>(2)</sup> Pursuant to Article 9(6) of the basic Regulation, any zero and *de minimis* margins, and margins established in accordance with the circumstances described in Article 18 of the basic Regulation, will be disregarded.

Commission will send questionnaires to known exporting producers in the former Yugoslav Republic of Macedonia, to any known association of exporting producers, and to the authorities of that country.

The exporting producers and, where applicable, the associations of exporting producers must submit the completed questionnaire within 37 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

The questionnaire will request information on, inter alia, the structure of the exporting producer's company(ies), the activities of the company(ies) in relation to the product under investigation, the cost of production, the sales of the product under investigation on the domestic market of the country concerned and the sales of the product under investigation to the Union.

#### 5.1.2. Investigating unrelated importers <sup>(1)</sup> <sup>(2)</sup>

Unrelated importers of the product under investigation from the countries concerned to the Union are invited to participate in this investigation.

In view of the potentially large number of unrelated importers involved in this proceeding and in order to complete the investigation within the statutory time limits, the Commission may limit to a reasonable number the unrelated importers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling will be carried out in accordance with Article 17 of the basic Regulation.

In order to enable the Commission to decide whether sampling is necessary and, if so, to select a sample, all unrelated importers, or representatives acting on their behalf, are hereby requested to make themselves known to the Commission. These parties must do so within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified, by providing the Commission with the information on their company(ies) as requested in Annex B to this notice.

<sup>(1)</sup> Only importers not related to exporting producers can be sampled. Importers that are related to exporting producers have to fill in Annex I to the questionnaire for these exporting producers. In accordance with Article 143 of Commission Regulation (EEC) No 2454/93 concerning the implementation of the Community Customs Code, persons shall be deemed to be related only if: (a) they are officers or directors of one another's businesses; (b) they are legally recognised partners in business; (c) they are employer and employee; (d) any person directly or indirectly owns, controls or holds 5 % or more of the outstanding voting stock or shares of both of them; (e) one of them directly or indirectly controls the other; (f) both of them are directly or indirectly controlled by a third person; (g) together they directly or indirectly control a third person; or (h) they are members of the same family. Persons shall be deemed to be members of the same family only if they stand in any of the following relationships to one another: (i) husband and wife; (ii) parent and child; (iii) brother and sister (whether by whole or half blood); (iv) grandparent and grandchild; (v) uncle or aunt and nephew or niece; (vi) parent-in-law and son-in-law or daughter-in-law; (vii) brother-in-law and sister-in-law (OJ L 253, 11.10.1993, p. 1). In this context, 'person' means any natural or legal person.

<sup>(2)</sup> The data provided by unrelated importers may also be used in relation to aspects of this investigation other than the determination of dumping.

In order to obtain information it deems necessary for the selection of the sample of unrelated importers, the Commission may also contact any known associations of importers.

All interested parties wishing to submit any other relevant information regarding the selection of the sample, excluding the information requested above, must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

If a sample is necessary, the importers may be selected based on the largest representative volume of sales of the product under investigation in the Union which can reasonably be investigated within the time available. All known unrelated importers and associations of importers will be notified by the Commission of the companies selected to be in the sample.

In order to obtain information it deems necessary for its investigation, the Commission will send questionnaires to the sampled unrelated importers and to any known association of importers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, inter alia, the structure of their company(ies), the activities of the company(ies) in relation to the product under investigation and on the sales of the product under investigation.

#### 5.2. Procedure for the determination of injury and investigating Union producers

A determination of injury is based on positive evidence and involves an objective examination of the volume of the dumped imports, their effect on prices on the Union market and the consequent impact of those imports on the Union industry. In order to establish whether the Union industry is materially injured, Union producers of the product under investigation are invited to participate in the Commission investigation.

In view of the large number of Union producers involved in this proceeding and in order to complete the investigation within the statutory time limits, the Commission has decided to limit to a reasonable number the Union producers that will be investigated by selecting a sample (this process is also referred to as 'sampling'). The sampling is carried out in accordance with Article 17 of the basic Regulation.

The Commission has provisionally selected a sample of Union producers. Details can be found in the file for inspection by interested parties. Interested parties are hereby invited to consult the file (for this they should contact the Commission using the contact details provided in Section 5.6 below). Other Union

producers, or representatives acting on their behalf, that consider that there are reasons why they should be included in the sample must contact the Commission within 15 days of the date of publication of this notice in the *Official Journal of the European Union*.

All interested parties wishing to submit any other relevant information regarding the selection of the sample must do so within 21 days of the publication of this notice in the *Official Journal of the European Union*, unless otherwise specified.

All known Union producers and/or associations of Union producers will be notified by the Commission of the companies finally selected to be in the sample.

In order to obtain information it deems necessary for its investigation, the Commission will send questionnaires to the sampled Union producers and to any known association of Union producers. These parties must submit a completed questionnaire within 37 days from the date of the notification of the sample selection, unless otherwise specified.

The questionnaire will request information on, inter alia, the structure of their company(ies), the financial situation of the company(ies), the activities of the company(ies) in relation to the product under investigation, the cost of production and the sales of the product under investigation.

### 5.3. *Procedure for the assessment of Union interest*

Should the existence of dumping and injury caused thereby be established, a decision will be reached, pursuant to Article 21 of the basic Regulation, as to whether the adoption of anti-dumping measures would be against the Union interest. Union producers, importers and their representative associations, users and their representative associations, and representative consumer organisations are invited to make themselves known within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. In order to participate in the investigation, the representative consumer organisations have to demonstrate, within the same deadline, that there is an objective link between their activities and the product under investigation.

Parties that make themselves known within the above deadline may provide the Commission with information on the Union interest within 37 days of the date of publication of this notice in the *Official Journal of the European Union*, unless otherwise specified. This information may be provided either in a free format or by completing a questionnaire prepared by the Commission. In any case, information submitted pursuant to Article 21 will only be taken into account if supported by factual evidence at the time of submission.

### 5.4. *Other written submissions*

Subject to the provisions of this notice, all interested parties are hereby invited to make their views known, submit information and provide supporting evidence. Unless otherwise specified,

this information and supporting evidence must reach the Commission within 37 days of the date of publication of this notice in the *Official Journal of the European Union*.

### 5.5. *Possibility to be heard by the Commission investigation services*

All interested parties may request to be heard by the Commission investigation services. Any request to be heard should be made in writing and must specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within the specific deadlines set by the Commission in its communication with the parties.

### 5.6. *Instructions for making written submissions and sending completed questionnaires and correspondence*

All written submissions, including the information requested in this notice, completed questionnaires and correspondence provided by interested parties for which confidential treatment is requested shall be labelled 'Limited' <sup>(1)</sup>.

Interested parties providing 'Limited' information are required to furnish non-confidential summaries of it pursuant to Article 19(2) of the basic Regulation, which will be labelled 'For inspection by interested parties'. These summaries should be sufficiently detailed to permit a reasonable understanding of the substance of the information submitted in confidence. If an interested party providing confidential information does not furnish a non-confidential summary of it in the requested format and quality, such confidential information may be disregarded.

Interested parties are required to make all submissions and requests in electronic format (non-confidential submissions via e-mail, confidential ones on CD-R/DVD), and must indicate the name, address, e-mail address, telephone and fax numbers of the interested party. However, any Powers of Attorney, signed certifications, and any updates thereof, accompanying questionnaire replies must be submitted on paper, i.e. by post or by hand, at the address below. If an interested party cannot provide its submissions and requests in electronic format, it must immediately contact the Commission in compliance with Article 18(2) of the basic Regulation. ## 6. Non-cooperation

In cases where any interested party refuses access to or does not provide the necessary information within the time limits, or significantly impedes the investigation, provisional or final findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 18 of the basic Regulation.

Where it is found that any interested party has supplied false or misleading information, the information may be disregarded and use may be made of facts available.

If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

## 7. Hearing Officer

Interested parties may request the intervention of the Hearing Officer of Directorate-General for Trade. The Hearing Officer acts as an interface between the interested parties and the Commission investigation services. The Hearing Officer reviews requests for access to the file, disputes regarding the confidentiality of documents, requests for extension of time

limits and requests by third parties to be heard. The Hearing Officer may organise a hearing with an individual interested party and mediate to ensure that the interested parties' rights of defence are being fully exercised.

A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to dumping, injury, causal link and Union interest. Such a hearing would, as a rule, take place at the latest at the end of the fourth week following the disclosure of provisional findings.

For further information and contact details interested parties may consult the Hearing Officer's web pages on Trade DG's website: [http://ec.europa.eu/trade/tackling-unfair-trade/hearing-officer/index\\_en.htm](http://ec.europa.eu/trade/tackling-unfair-trade/hearing-officer/index_en.htm)

In accordance with Article 7(1) of the basic Regulation, provisional measures may be imposed no later than nine months from the publication of this notice in the *Official Journal of the European Union*.

## 9. Processing of personal data

Any personal data collected in this investigation will be treated in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data <sup>(1)</sup>.
