Personal data relating to contact points in the Member States and EFTA/EEA countries are processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies on the free movement of such data⁽¹⁾.

⁽¹⁾ OJ L 8, 12.1.2001, p. 1.

LEGEND

1. The common catalogue of varieties of vegetable species is published in accordance with the provisions of Article 17 of Council Directive 2002/55/EC of 13 June 2002 on the marketing of vegetable seed ⁽¹⁾.

In accordance with the entry into force of the Agreement on the European Economic Area (EEA), the common catalogue comprises also EFTA countries' varieties fulfilling the requirements of the Agreement ⁽²⁾.

This catalogue lists all the varieties the seeds of which, pursuant to Article 16 of the abovementioned Directive, are not subject — in the EEA — to marketing restrictions relating to variety, except in the cases provided for in Article 16(2) and Article 18 of the abovementioned Directive.

Since the entry into force of Council Directive 92/33/EEC of 28 April 1992 on the marketing of vegetable propagating and planting material other than seed ⁽³⁾, this catalogue also lists the varieties whose propagating or planting material belongs to the genera or species covered by that Directive.

2. The common catalogue of varieties of vegetable species was published for the first time on 29 June 1972 ⁽⁴⁾. This 31st complete edition updates the 30th complete edition ⁽⁵⁾. The updating reflects the situation on 23 August 2012 ⁽⁶⁾.

Supplements will be produced as information is supplied by Member States and new complete editions will be published at regular intervals.

3. The catalogue is subdivided according to the species covered by Directives 92/33/EEC and 2002/55/EC. Within each species or, where appropriate, subspecies (indicated by its botanical name and its English translation), it lists the varieties in alphabetical order of their accepted varietal names. These are:

- (a) the names under which a variety is officially admitted in the Member States or EFTA country; pursuant to Article 9(2) of Directive 2002/55/EC, new varieties may be admitted in a Member State or EFTA country only under one name. The same variety may be admitted in another Member State or EFTA country under a different name only if justified;

- (b) the other names under which seed of the variety is still being marketed (old varieties).

For simplicity, when seeds of one variety are marketed under several names one conventional name has been chosen. As a general rule this name is the official name given to the variety in the first known country of admission. All details of the variety are classed under this name.

For the other varietal names reference is simply made to the relevant conventional name.

4. The catalogue comprises four columns:

— column 1: 'Variety'

— column 2: 'EU country of admission'

— column 3: 'EFTA country of admission' (for the time being only Norway)

— column 4: 'Observations'

⁽¹⁾ OJ L 193, 20.7.2002, p. 1.

⁽²⁾ Agreement on the European Economic Area, 1992.

⁽³⁾ OJ L 157, 10.6.1992, p. 1.

⁽⁴⁾ OJ C 169, 29.6.1972, p. 1.

⁽⁵⁾ OJ C 323 A, 8.11.2011, p. 1.

⁽⁶⁾ 6th supplement to the 30th complete edition, OJ C 260 A, 29.8.2012, p. 1.

Column 1 lists all the varietal names in alphabetical order.

For conventional names the information relating to the varieties is given over the four columns in the manner explained in paragraph 5.

For other names reference is made in column 4 to the conventional name as shown in the following example:

ALLIUM CEPA

1	2	3	4
Bianca di Maggio			= La Reine

5. In the case of conventional names the four columns contain the following information referring to the variety:

5.1. Column 1

Immediately below the conventional name, the other names of the variety by which it has been officially admitted in Member States or EFTA country are repeated in alphabetical order preceded by a dash, only one per country of admission being given.

For names of varieties not covered see 5.3.

5.2. Columns 2 and 3

— The letters 'a' or 'b' appear before the abbreviation of each Member State or EFTA country having officially admitted a variety.

Letter 'a' means that seed of that variety may on one hand be certified as 'basic seed' or 'certified seed' or, on the other hand, be controlled as 'standard seed' (see Article 3(2)(a) of Directive 2002/55/EC).

Letter 'b' means that seed of that variety may only be controlled as 'standard seed' (see Article 3(2)(b) of Directive 2002/55/EC).

— In most cases the country abbreviation is followed by a number. This number indicates the person responsible for the maintenance of the variety in the country of admission. The names corresponding to these numbers are contained in the Annex entitled 'List of names of the person or persons responsible for the maintenance of varieties and of the authorities holding the list of names of such persons'.

— Where an 'x' replaces this number it means that there are several persons considered as responsible for maintenance by the country of admission. Their names may be obtained from the authority indicated in the list for the Member State or EFTA country concerned.

— Where the number or the 'x' is underlined, it means that the persons concerned are also responsible for the maintenance of the variety for other countries of admission for which a letter 'a' or 'b' appears without a number or an 'x'.

— The abovementioned notes are given on the line corresponding to the name under which the variety has been officially admitted in the Member State or EFTA country concerned (see 5.1).

5.3. Column 4

Information of the following kind is given in this column:

— hybrid varieties are indicated by the letter 'H';

— varieties mainly reproduced by propagating and planting material other than seeds are indicated by the letter 'V';

-
- names not covered by point 5.1 are given in alphabetical order followed by the abbreviation for the Member State or EFTA country in which the name is used;
 - a name no longer permitted under the provisions of point 3 or which has been corrected, but was listed in the previous edition of this catalogue, is indicated, for information only, preceded by the abbreviation 'ant.';
 - where a variety is deleted from the catalogue and a period for certification, verification and marketing of seed is allowed under Article 15(2) of Directive 2002/55/EC, the duration of that period shall be indicated by the date of expiry preceded by the letter 'f'.

Other information is given in an ad hoc 'List of notes'.
