Having regard to Council Directive 91/493/EEC of 22 July 1991 laying down the health conditions for the production and the placing on the market of fishery products ⁽¹⁾, as last amended by Regulation (EC) No 806/2003 ⁽²⁾, and in particular Article 11 thereof,

Whereas:

- (1) An inspection has been carried out on behalf of the Commission in Cape Verde to verify the conditions under which fishery products are produced, stored and dispatched to the Community.
- (2) The requirements in the legislation of Cape Verde on health inspection and monitoring of fishery products may be considered equivalent to those laid down in Directive 91/493/EEC.
- (3) In particular, the Direcção-Geral das Pescas (DGP) — Ministério do Ambiente, Agricultura e Pescas, is capable of effectively verifying the implementation of the legislation in force.
- (4) The DGP has provided official assurances regarding compliance with the standards for health controls and monitoring of fishery products as set out in Chapter V of the Annex to Directive 91/493/EEC and regarding the fulfilment of hygienic requirements equivalent to those laid down by that Directive.
- (5) It is appropriate to lay down detailed provisions concerning fishery products imported into the Community from Cape Verde, in accordance with Directive 91/493/EEC.
- (6) It is also necessary to draw up a list of approved establishments, factory vessels, or cold stores, and a list of freezer vessels equipped in accordance with the requirements of Council Directive 92/48/EEC of 16 June 1992 laying down the minimum hygiene rules applicable to fishery products caught on board of certain vessels in accordance with Article 3(1)(a)(i) of Directive 91/493/EEC ⁽³⁾.
