In this video we will look at what you can find on EUR-Lex.

EUR-Lex is your online gateway to EU Law. It provides the official and most comprehensive access to EU legal documents. It is available in all of the EU's 24 official languages and is updated daily.

On EUR-Lex, you can access the following EU legal documents:

- treaties,
- legal acts from EU institutions,
- international agreements,
- preparatory documents related to EU legislation,
- EFTA documents,
- EU case-law,
- references to and, for those Member States that have agreed to it, texts of national transposition measures, and
- references to national case-law related to EU law.

EUR-Lex gives you access to all the editions of the Official Journal of the European Union from the very first one of December 1952.

It also helps you to understand EU Law by providing:

- consolidated texts which combine the initial legal acts and all their amendments into single documents,
- the main stages of the procedures leading to the adoption of legal acts, and
- over 2 000 summaries of EU legislation that explain EU legislation in a plain, easy-to-read and concise way.

In addition to EU legal documents, you can find:

- EU themes in focus, a set of pages where you can find legislation and information linked to specific topics,
- statistics on EU legal acts, EUR-Lex content and EUR-Lex usage, and
- the list of regular website updates in the EUR-Lex Developments section.
