Parties

Defendant: European Parliament (represented by: K. Wójcik and E. Taneva, Agents)

Re:

By its application based on Article 263 TFEU, the applicant seeks the annulment of the decisions of the European Parliament of 3 October 2022 to award lot No 7 of the contract entitled 'PE/ITEC ITS 19 – External Provision of IT Services' to three other tenderers and not to award that lot to a consortium of which it is part and, before a ruling is given, the production of documents relating to the examination of the tenders by the contracting authority having regard to both a 'possible exclusion situation' and the prices proposed.

Operative part of the judgment

The Court:

1. Dismisses the action;
2. Orders Westpole Belgium to bear its own costs and to pay the costs incurred by the European Parliament, including those relating to the proceedings for interim relief.
