GROUP OF THE ProgressIVE ALLIANCE OF SOCIALISTS AND DEMOCRATS IN THE EUROPEAN PARLIAMENT (S&D)

NOTIFICATION TO THE PRESIDENT OF THE EUROPEAN PARLIAMENT

ESTABLISHMENT OF A POLITICAL GROUP PURSUANT TO RULE 33 OF PARLIAMENT'S RULES OF PROCEDURE

STATEMENT

The Group of Socialists & Democrats in the European Parliament is hereby established.

S&D Political Declaration

(Pursuant to rule 33 of Parliament's rules of procedure)

The purpose of the group will be:

We, the progressives of the European Parliament, members of the S&D Group, are the heirs to the long tradition of those who struggle for social justice, tax justice, equality and solidarity. We stand for the protection, preservation and rehabilitation of our natural environment and seek to prevent further climate disasters. We promote a new social contract for Europe, based on the United Nations Sustainable Development Goals, as well as a just transition of European welfare states into European social-ecological states, with strong workers' rights, enhanced social and territorial cohesion, and humane and dignified immigration policy. We fight for full gender equality and against all forms of discrimination as stated in the EU Charter of Fundamental Rights. We believe in the rule of law and fight to ensure it prevails within national, European and international legal orders.

We are committed to reforming our European Union to make it more democratic, more effective and with greater solidarity. We want a Union that provides security in Europe and acts for peace in the world. A Union that is able to compete with other global powers and that is proud to lead on human rights, sustainable development, responsible business and trade, and migration, providing a vision for a different, people-oriented, fair and equitable international order. We are committed to a multilateral and rules-based global order, with respect for international law at its core. We support EU enlargement in the Western Balkans and in our eastern neighbourhood, and we seek a partnership of equals across the world.

We, the progressives of Europe represented in the S&D Group, are committed to voicing and defending the expectations of the European people and ensuring that the EU leads the world to peace, while promoting human rights and sustainable development for people and the planet.

PATRIOTS FOR EUROPE GROUP (PfE)

NOTIFICATION TO THE PRESIDENT OF THE EUROPEAN PARLIAMENT

ESTABLISHMENT OF A POLITICAL GROUP PURSUANT TO RULE 33 OF PARLIAMENT'S RULES OF PROCEDURE

STATEMENT

The Group Patriots for Europe is hereby established.

The purpose of the group will be:

Political declaration entitled 'A Patriotic Manifesto for a European Future'

The Nations of Europe are at a historic juncture. The European Union-once a dream project rooted in a desire for reconciliation after the destruction caused by two world wars and decades of division-has turned against Europeans and now pursues interests contrary to the will of the Nations, Regions and small communities that constitute our European home.

Institutions largely unknown to and removed from European citizens-along with strong globalist forces, unelected bureaucrats, lobbies and interest groups with contempt for the voice of the majority and of popular democracy-are planning to replace the Nations. With what? A European central state.

The elections for the new European Parliament this June were therefore of generational and existential significance. The political fault line today no longer runs between conservatives and liberals or between Right and Left, but between Centralists who herald a new European 'superstate', and Patriots and Sovereigntists who fight to preserve and strengthen the Europe of Nations we cherish. Only through the victory and cooperation of patriotic and sovereigntist parties across the continent we can guarantee our children's inheritance.

We believe in a Europe:

— Of strong, proud and independent Nations free in their determination to live and cooperate in concord with each other;

— United through institutions with legitimacy rooted in Nations, mandated by and held accountable to the peoples of Europe;

— Sovereign and unwavering in the pursuit of its interests, free from dependencies that obstruct the fulfilment, at home and abroad, of the will of its national communities;

— Committed to peace and dialogue, while ready to defend itself against any threat;

— That safeguards and celebrates its European identity, traditions and customs, the fruits of its Greco-Roman and Judeo-Christian heritage;

— That cherishes the inherent diversity among its Nations, their history and way of life, while resisting ultimatums to change according to the fashion of the day;

— That champions real freedoms, fundamental rights and human dignity, while fiercely resisting attempts to limit or redefine these freedoms;

— Competitive, productive, efficient and proud of its intellectual, scientific and economic feats as a continent of innovation, excellence and progress;

— Determined to protect its borders, to stop illegal migration and to preserve its cultural identity, following the will of the vast majority of European citizens;

— Of Nations ready to protect their people against any and all potential threats coming from the political, economic, religious and cultural spheres;

— That respects its own mandate and rules, does not act beyond its competencies, abides by the principle of subsidiarity and proportionality and ceases to justify its attacks on national sovereignty by applying pressure through the European budget;

— Of Nations that refuse all further transfers of national sovereignty to the European institutions;

— That respects the veto right of Nations;

— That recognizes diplomacy as a fundamental element of the sovereignty of Member States, and as a matter for each Nation to decide upon freely without committing others to the same course of action.

We, the patriotic forces of Europe, pledge to return the future of our continent to the European people by retaking our institutions and reorienting European policy to serve our Nations and our people. To prioritize sovereignty over federalism, freedom over diktats, and peace: this is the Manifesto of Patriots for Europe.

Priorities of the Group for the 2024-2029 term

— National Governments, mandated by their people and Member States have the right to counter centralization, and have the right to take back lost parts of their sovereignty. Unanimous decision by the Member States remains the cornerstone of the protection of national interests.

— No new competences shall be transferred to the EU Institutions without full consent of the Member States, especially common debt, direct EU taxes and a mandatory Eurozone budget. As the Covid crisis showed, national governments remain the custodians of the peoples' mandate, and they are the political leaders who are truly accountable to their electorate.

— Every Member State has the right and obligation to protect the EU's external borders. Illegal immigration must be stopped. The current social and economic crisis that Europe faces stems from the earlier, uncontrolled waves of illegal immigration, therefore the free inflow of migrants to Europe must be stopped.

— European civilisation, its Greco-Roman and Judeo-Christian heritage and national identities are the foundations of a Europe that is united in diversity.

— The Group recognises that global tax cooperation is necessary to prevent harmful practices, but direct taxation must remain a national competence. European taxes are another step towards the construction of a centralised 'superstate' in Europe, to which we are opposed, and will impose an additional burden on European citizens and businesses.

— High energy prices and bureaucratic burdens are driving forces of competitiveness loss leading to deindustrialisation, transfer of jobs outside the EU and carbon leakage. Therefore, we demand appropriate changes in energy and climate policies in order to protect European households and businesses. These policies shall respect and enable strategies of individual Member States, including their right to be energy autonomous.

— We want to strengthen value chains of strategic sectors in the EU, such as medicals, materials, chemicals, construction commodities, automotive, food supply, etc. Openness to technology and innovation shall replace regulatory bans. This concerns all sectors, and includes the need to reverse the ban on combustion engines.

RENEW EUROPE GROUP (Renew)

NOTIFICATION TO THE PRESIDENT OF THE EUROPEAN PARLIAMENT

ESTABLISHMENT OF A POLITICAL GROUP PURSUANT TO RULE 33 OF PARLIAMENT'S RULES OF PROCEDURE

STATEMENT

The Renew Europe Group is hereby established.

The purpose of the group will be:

European integration is our solution to a world of shifts and shocks, of threats and opportunities. For our politics to deliver, we need to join hands as Europeans, and we need strong EU leadership to move forward together (Goerens). We are the most pro-European political force — and because we are, we constantly look for ways to improve Europe, to renew it.

Reclaiming the promise of Europe

Renew Europe stands for a Europe where competitiveness and security (Bosse), economic growth and environmental sustainability, rights and responsibilities go hand in hand. We want to rekindle the humanist identity of Europe by putting citizens at the heart of our priorities. We must hand over a better world for future generations. (Radikale Venstre)

A renewed Europe to ensure our sovereignty

Our defence, prosperity, and economic security must be revitalised. (Løkkegaard) The European Union must be able to decide for itself. Therefore, we must deepen integration in relevant areas to increase our open strategic autonomy. We must be at the forefront of the next industrial and digital (Auštrevičius/Radikale Venstre) revolutions. We must also ensure food security and support our farmers (Katainen). We must strengthen (Katainen) our security and defence to protect our citizens, borders and values against malicious forces willing to interfere with our democratic society. This includes upholding law and order, such as the fight against transnational crime. (Azmani) It is vital to achieve real results in tackling illegal migration but also to attract talents from abroad through cooperation with third countries (Azmani/Løkkegaard). We reiterate our unwavering support to Ukraine in its fight against Russia's war of aggression (Auštrevičius), we recognise the European aspirations of neighbouring countries and remain fully committed to building on the success of EU enlargement. (Auštrevičius/Radikale Venstre) The prospective of enlargement makes Treaty change and reform of the Union more urgent and necessary. (Vedrenne)

Protecting democracy and the rule of law, human and fundamental rights

We aspire to a European Union that respects democracy and the individual rights of every citizen. This is why we defend fair elections, opposition rights and a free press and media as well as independent science and academic freedom, and an EU budget conditional upon rule of law commitments. (Azmani). We also fight to preserve and strengthen women's and LGBTQI rights (Vedrenne) and those of other vulnerable groups in society. (Auštrevičius). We firmly reject the nationalist or illiberal movements that are surging all across Europe. We aspire to govern from the pro-European centre, and reject cooperation with any political actors and groups that do not respect the core values of the European Union and promote policies that are ultimately detrimental to citizens, including the extremes on both right and left. We commit to responsible finances and to the principles of subsidiarity and proportionality (Eroglu). We pledge to increase transparency and simplify the EU while clearly communicating our decisions.

Safeguarding prosperity and sustainability

The EU remains vital to ensure prosperity in Europe. It is crucial to invest in real economic, social and fiscal convergence in all of Europe's regions and to reinforce our global (Løkkegaard) competitiveness by completing the internal market and promoting a rules based trading system. (Vedrenne) We must ensure a level playing field for all (Katainen) through coherent implementation and strong enforcement of EU regulation. Increased competitiveness must be an essential principle for introducing new legislation. (Løkkegaard). Europe needs to invest in its entrepreneurs and innovators, to become the place where new businesses and jobs are created and where innovations are developed. Innovation, smart investments and ambitious implementation of regulation (Radikale Venstre) must ensure our continent becomes the first in the world to achieve climate neutrality. We believe that combating climate change and protecting biodiversity are our duty to future generations and that a socially and economically fair transition is possible (Katainen).

THE LEFT GROUP IN THE EUROPEAN PARLIAMENT – GUE/NGL (The Left)

NOTIFICATION TO THE PRESIDENT OF THE EUROPEAN PARLIAMENT

ESTABLISHMENT OF A POLITICAL GROUP PURSUANT TO RULE 33 OF PARLIAMENT'S RULES OF PROCEDURE

STATEMENT

The Left group in the European Parliament – GUE/NGL (abbreviated as The Left) is hereby established.

The purpose of the group will be:

The Left group is a confederal group that works to build another Europe of cooperation, social progress, peace, self-determination, solidarity, equality, feminism, climate justice, and animal rights, rejecting neoliberal dogma.

Our core principles and values are:

— The promotion of economic equality, social justice, cohesion and the eradication of poverty throughout the EU, including its outermost regions. We oppose neoliberal and austerity policies, and we promote universal public services against privatisation, access to universal, public healthcare, the right to affordable housing and public control of strategic common goods, including water and energy;

— The promotion of tax justice, taxation of the rich and windfall profits; ending all tax havens and tax dodging, as well as deregulated movement of capital and speculative activities;

— The promotion of workers' rights, interests, good and safe working conditions, and the right to care for all workers, including platform workers and domestic workers. We promote trade union rights and good union jobs; ensuring workers are neither pitted against each other nor victims of social dumping;

— The promotion of feminism, gender equality, women's rights and SRHR, as well as the inclusion of the right to abortion and a new generation of feminist and LGBTIQ+ rights in the European Charter of Fundamental Rights; ending deep-rooted sexism and gender- based violence;

— The promotion of human rights, democracy and the rule of law; opposing restrictions on democratic freedoms regardless of where they occur; safeguarding civil rights and liberties against attacks from state or private actors; the right to privacy on and off-line; the insistence that new information technology, digitalisation and AI must serve people;

— The promotion of the protection of the earth and all living beings at this time of climate and biodiversity and pollution crisis with respect to the Paris Agreement and the planetary boundaries. We promote stricter environmental and climate targets to ensure net zero emissions by 2040 and a just transition where the largest emitters pay the most. We promote sustainable farming practices and the defence of animal rights and welfare;

— The promotion of fair trade, opposing free trade agreements that do not respect our standards and subject producers, including farmers, to unfair competition with each other. Corporations must be held accountable for their social and environmental impact;

— The promotion of human, social, and political rights of migrants and refugees; promoting a humane migration and asylum policy based on international law, human rights, solidarity and search and rescue; refusing criminalisation of NGOs and refugees; ensuring that the EU receives and welcomes refugees, including climate refugees; rejecting current EU policies based on deterrence, detention, violent practices, and externalisation of EU borders and those that contribute to the root causes of migration; condemning deportations, pushbacks and asylum processing in third countries; ensuring the right to free movement and residency of migrants and refugees within the Schengen Area; ensuring equal access and inclusion of foreign workers in the European labour market;

— The promotion of antifascism, anticolonialism, the fight against racism, antisemitism, xenophobia, anti-Roma prejudice, islamophobia and other forms of intolerance; strengthening equal treatment for all minorities, including those based on sexual orientation or identity. We protect the specific rights and needs of children and youth. We defend the LGBTIQ+ community and are against any type of discrimination, including discrimination based on ethnicity or disability.

— The promotion of peace, human rights and restoration of diplomacy in international relations, opposing the militarisation agenda of the EU and advocating for a perspective of global demilitarisation; promoting the role of the European Union in fostering and enabling peace processes through the tools of diplomacy and strengthening of multilateral bodies; upholding the integrity of neutral member states; promoting and defending international law without any double standards; condemning all illegal invasions including, but not limited to, Russia's illegal invasion of Ukraine — where we support Ukraine's right to uphold its territorial integrity; condemning Israel's illegal occupation of Palestinian territories and supporting the ongoing investigation on genocide as dictated by the ICJ; stressing that respect for UN resolutions, and ICC and ICJ rulings is of the utmost importance for peace;

— Stressing that all international law principles, including the right to self-determination, are of primary significance and, accordingly, they should be equally and unreservedly applied;

— The promotion of more openness and democracy in the European institutions. Promoting ethics, integrity and transparency; putting an end to paid side jobs, conflicts of interests, and the culture of opacity that allows lobby influence and corruption to prevail;

Together, we will work to translate these principles into practical policy and seek allies within and outside the European Parliament who share our vision.

We work together based on our Rules of Procedure as well as our Standards for Integrity and Ethics, with zero tolerance for sexual harassment or any other form of harassment.

EUROPE OF SOVEREIGN NATIONS GROUP (ESN)

NOTIFICATION TO THE PRESIDENT OF THE EUROPEAN PARLIAMENT

ESTABLISHMENT OF A POLITICAL GROUP PURSUANT TO RULE 33 OF PARLIAMENT'S RULES OF PROCEDURE

STATEMENT

The Europe of Sovereign Nations Group is hereby established.

The purpose of the group will be:

European civilisation is in peril. Misguided policies, globalist agendas, wokeist ideologies, and passivity towards the intrusion of political Islam are destined to deprive the peoples of Europe of the only place in the world they have to call home.

We are determined to never let that happen. Rooted in Greco-Roman as well as biblical traditions and the achievements of science, we are committed to the preservation of our European cultures and their native identities.

In the context of a rapidly changing world, we firmly stand by the idea of a Europe of homelands: a European community of sovereign, democratic nation states that work together in peace for the benefit of their peoples, in all areas that can be better managed together.

We advocate the maintenance of a common market but seek to reduce bureaucracy and firmly oppose the building of a European unitary state. International crises must no more be misused — as it has happened consistently since the global financial crisis in 2008 — to advance an EU superstate.

Above all, the dogmatic stipulation that climate change was man-made serves the EU to intervene in all areas of life in an imperious regulatory manner. We want to roll back the Green Deal and its planned economy in favour of market principles, enterprise, and scientific progress. Notably, a safe supply of affordable energy is indispensible for the competitive ability and success of the European economies.

Uncontrolled mass immigration reshapes our homelands in disastrous ways. We consider this migration to be an existential threat to the European nations. Nothing but cooperation at the European level will enable us to effectively protect our external borders — to create a true Fortress Europe — and stop the inflow of illegal immigrants into our countries.

We oppose the implementation of LGBTQ- and diversity-agendas as guiding principle for future generations, but promote the traditional family, consisting of father, mother, and children. In this manner, we are also combating Europe's demographic decline.

'Projecting unity and strength abroad, advancing national diversity within', therefore, runs our formula for cooperation in a Europe of Sovereign Nations.

Priorities of the Group for the 2024-2029 term

— Preservation of European Culture and Identity: Promote and protect European cultural and historical identity within the framework of our shared traditions and values.

— Sovereignty and Cooperation of Nation States: Strengthen the role of national parliaments in EU decision-making processes, promote subsidiarity to enhance local governance and reduce centralization within the EU.

— Reassessment of Climate Policies: Repeal the Green Deal and support new legislation that promotes market-based solutions to environmental challenges while encouraging scientific innovation.

— Control of Mass Migration: Enforce strict border control measures and suspend the United Nations' Global Compact for Migration to prevent illegal immigration and protect national security.
