▼B**AGREEMENT****between the European Community and the United States of America on trade in wine**

The EUROPEAN COMMUNITY, hereafter ‘the Community’, and

The UNITED STATES OF AMERICA, hereafter ‘the United States’, hereafter referred to jointly as ‘the Parties’,

RECOGNISING that the Parties desire to establish closer links in the wine sector,

DETERMINED to foster the development of trade in wine within the framework of increased mutual understanding,

RESOLVED to provide a harmonious environment for addressing wine trade issues between the Parties,

HAVE AGREED AS FOLLOWS:

TITLE I**INITIAL PROVISIONS***Article 1***Objectives**

The objectives of this Agreement are:

- (a) to facilitate trade in wine between the Parties and to improve cooperation in the development and enhance the transparency of regulations affecting such trade;
 - (b) to lay the foundation, as the first phase, for broad agreement on trade in wine between the Parties;
- and
- (c) to provide a framework for continued negotiations in the wine sector.

*Article 2***Definitions**

For the purposes of this Agreement:

- (a) ‘wine-making practice’ means a process, treatment, technique or material used to produce wine;
- (b) ‘COLA’ means a Certificate of Label Approval or a Certificate of Exemption from Label Approval that results from an approved Application for and Certification/Exemption of Label/Bottle Approval, as required under US federal laws and regulations and issued by the US Government that includes a set of all labels approved to be firmly affixed to a bottle of wine;

▼B

- (c) 'originating' when used in conjunction with the name of one of the Parties in respect of wine imported into the territory of the other Party means the wine has been produced in accordance with either Party's laws, regulations and requirements from grapes wholly obtained in the territory of the Party concerned;
- (d) 'WTO Agreement' means the Marrakesh Agreement establishing the World Trade Organisation, done on 15 April 1994.

*Article 3***Scope and Coverage**

1. For the purposes of this Agreement, the term 'wine' shall cover beverages obtained exclusively from the total or partial alcoholic fermentation of fresh grapes, whether or not crushed, or of grape must, with the possible addition of any constituent parts of fresh grapes authorised in the producing Party, in accordance with wine-making practices authorised under the regulatory mechanisms of the Party in whose territory the wine is produced, which:

- (a) contains an actual alcohol content of not less than 7 percent (7 %) and not more than 22 percent (22 %) by volume;

and

- (b) contains no artificial coloring, flavoring or added water beyond technical necessity.

2. Measures taken by either Party for the protection of human health and safety are outside the scope of this Agreement.

TITLE II

WINE-MAKING PRACTICES AND SPECIFICATIONS*Article 4***Present wine-making practices and specifications**

1. Each Party recognises that the laws, regulations and requirements of the other Party relating to wine making fulfil the objectives of its own laws, regulations and requirements, in that they authorise wine-making practices that do not change the character of wine arising from its origin in the grapes in a manner inconsistent with good wine-making practices. These practices include such practices that address the reasonable technological or practical need to enhance the keeping or other qualities or stability of the wine and that achieve the winemaker's desired effect, including with respect to not creating an erroneous impression about the product's character and composition.

2. Within the scope of this Agreement as defined in Article 3, neither Party shall restrict, on the basis of either wine-making practices or product specifications, the importation, marketing or sale of wine originating in the territory of the other Party that is produced using wine-making practices that are authorised under laws, regulations and requirements of the other Party listed in Annex I and published or communicated to it by that other Party.

▼B*Article 5***New wine-making practices and specifications**

1. If a Party proposes to authorise for commercial use in its territory a new wine-making practice or modify an existing wine-making practice authorised under the laws, regulations and requirements listed in Annex I, and it intends to propose the inclusion of the practice among those authorised in the Annex I documents, it shall provide public notice and specific notice to the other Party and provide a reasonable opportunity for comment and to have those comments considered.

2. If the new wine-making practice or modification referred to in paragraph 1 is authorised, the authorising Party shall notify the other Party in writing of that authorisation within 60 days.

3. A Party may, within 90 days of receiving the notification provided for in paragraph 2, object in writing to the authorised wine-making practice, on the grounds that it is inconsistent with the objectives referred to in Article 4(1) or the criteria set out in Article 3(1), and request consultations pursuant to Article 11 concerning this wine-making practice.

4. The Parties shall amend Annex I, as provided for in Article 11, as necessary to cover any new wine-making practice or modification that has not been subject to objections pursuant to paragraph 3 or for which the Parties have reached a mutually agreed solution following consultations provided for in paragraph 3. With respect to new wine-making practices or modifications to existing practices that are proposed after 14 September 2005, but before the date of application of Article 4, as provided for in Article 17(2), either Party may specify that the modification to Annex I shall not be effective until the date of application of Article 4.

TITLE III

SPECIFIC PROVISIONS*Article 6***Use of certain terms on wine labels with respect to wines sold in the United States**

1. With respect to wine that is sold in the territory of the United States, the United States shall seek to change the legal status of the terms in Annex II to restrict the use of the terms on wine labels solely to wine originating in the Community. Labels for such wines may use the terms in Annex II in a manner consistent with the US wine labelling regulations in force as of 14 September 2005.

2. Paragraph 1 shall not apply with respect to any person or its successor in interest using a term listed in Annex II on a label of a wine not originating in the Community, where such use has occurred in the United States before 13 December 2005, or the date of signature of this Agreement, whichever is later; provided that the term may only be used on labels for wine bearing the brand name, or the brand name and the fanciful name, if any, for which the applicable COLA was issued

▼B

prior to the later date referred to in this paragraph and the term is presented on the label in accordance with the regulations in effect on 14 September 2005.

3. The United States shall notify the Community in writing of the date that the change in legal status referred to in paragraph 1 has come into effect.

*Article 7***Names of origin**

1. The United States shall provide that certain names may be used as names of origin for wine only to designate wines of the origin indicated by such a name, and shall include, among such names, those listed in Annex IV, Part A, names of quality wines produced in specified regions and names of table wines with geographical indications, and Part B, names of Member States.

2. The Community shall provide that the names of viticultural significance listed in Annex V may be used as names of origin for wine only to designate wines of the origin indicated by such name.

3. Each Party's competent authorities shall take measures to ensure that any wine not labelled in conformity with this Article is not placed on or is withdrawn from the market until it is labelled in conformity with this Article.

4. In addition to the obligations of paragraphs 1 and 3, the United States shall maintain the status of the names listed in Title 27 US Code of Federal Regulations, Section 12.31, set forth in Annex IV, Part C, as nongeneric names of geographic significance that are recognised as distinctive designations of a specific wine of a particular place or region in the Community, distinguishable from all other wines, in accordance with Title 27 US Code of Federal Regulations, Section 4.24(c)(1) and (3) and Section 12.31, as amended.

*Article 8***Wine labelling**

1. Each Party shall provide that labels of wine sold in its territory shall not contain false or misleading information in particular as to character, composition or origin.

2. Each Party shall provide that, subject to paragraph 1, wine may be labelled with optional particulars or additional information in accordance with the Protocol on Wine Labelling (hereinafter 'the Protocol').

3. Neither Party shall require that processes, treatments or techniques used in wine making be identified on the label.

▼B

4. The United States shall permit the names listed in Annex II to be used as a class or type designation on wines originating in the Community.

*Article 9***Wine certification and other marketing conditions**

1. The Community shall permit wine originating in the United States to be imported into, marketed and sold in the Community if it is accompanied by a certification document, the format and required information for which are specified in Annex III(a).

2. The Community shall permit the information on the document referenced in paragraph 1, excluding the producer's signature, to be pre-printed. The Community shall permit the document to be submitted electronically to the competent authorities of its Member States provided they have enabled the necessary technology.

3. The United States shall ensure that decisions to approve or disapprove a COLA are consistent with published criteria and subject to review. The format and required information for the COLA application form are referenced in Annex III(b).

4. The United States shall permit the information on the application form referenced in paragraph 3, excluding the applicant's signature, to be pre-printed and transmitted electronically.

5. Each Party may modify its respective form, referred to in paragraphs 1 and 3, in accordance with its internal procedures, in which case the Party concerned shall give due notice to the other Party. The Parties shall amend Annex III, as necessary, in accordance with the procedure laid down in Article 11.

6. This Agreement does not require certification that the practices and procedures used to produce wine in the Community constitute proper cellar treatment within the meaning of Section 2002 of US Public Law 108-429.

TITLE IV

1. The Parties shall begin negotiations within 90 days of the date of entry into force of this Agreement with a view toward concluding one or more agreements that further facilitate trade in wine between the Parties.

*Article 12***Relationship to other instruments and laws**

1. Nothing in this Agreement shall:
 - (a) affect the rights and obligations of the Parties under the WTO Agreement;
 - (b) oblige the Parties to take any measures concerning intellectual property rights that would not otherwise be taken under the Parties' respective intellectual property laws, regulations and procedures, consistent with subparagraph (a).
2. Nothing in this Agreement prevents a Party from taking measures, as appropriate, to allow the use of homonymous names of origin where consumers will not be misled or to allow a person to use, in the course of trade, that person's name or the name of that person's predecessor in business in a manner that does not mislead the consumer.
3. This Agreement is without prejudice to the rights of free speech in the United States under the First Amendment of the US Constitution and in the Community.

▼B**JOINT DECLARATIONS**

In view of the entry into force of the Agreement between the European Community and the United States of America on Trade in Wine (the 'Agreement'), the Community and the United States hereby jointly declare as follows, for so long as the Agreement remains in force.

On wine labelling dialogue

The Parties intend to engage in a constructive dialogue on wine labelling, with a view to contributing to the attainment of an agreement as provided in Article 10(1) of the Agreement. Discussions shall cover any item that either Party wishes to raise, including:

- the proportion of grapes that should derive from a place, variety or vintage year in order that references to such terms may be used on labels, with a view to agreeing to a harmonised level;
- references to category, class or type of wine, with a view to recognising common terms;
- the specifications, including tolerances and numerical intervals, for references to alcohol percentage, with a view to agreeing on common specifications.

On use of terms in point 1 of Appendix I of the Protocol

When any problem arises regarding the use of a term listed in point 1 of Appendix I on US wine labels, the Parties intend to consult each other.

On future wine policy

The Parties intend to enter into a dialogue to better understand each other's wine policy, including any future policy developments. The dialogue may concern elements being discussed in the Doha Development Agenda (DDA), such as export subsidies, tariffs, domestic support and other issues under negotiation. The results of this dialogue may lead to common positions of the Parties in the DDA and could provide a useful insight into any future negotiations under Article 10 of the Agreement.

On future dialogues

The Parties intend to enter into a dialogue on geographical indications in connection with wine, with a view to better understanding each other's policy. In order to provide useful insights into any future negotiations under Article 10 of the Agreement, the Parties intend to enter into a dialogue on the matter of names of origin and the terms in Annex II of the Agreement, with a view to better understanding each other's policy and increasing recognition, as appropriate, of these names and terms in the Community and in the United States.

In addition, the Parties also intend to enter into dialogues on the following matters:

- terms referred to in Article 24 of Commission Regulation (EC) No 753/2002, as amended, with a view to coming to a better understanding of each other's positions on the use of these terms. The Parties are of the view that these terms do not constitute or create a new form of intellectual property,
- wine not covered by the Agreement,
- wine-making practices,

▼ B

- certification,
- and
- creation of a joint committee on wine issues.

In relation to bilateral trade

The Parties hereby declare their intention to strive, in good faith and for a reasonable period of time, to resolve any bilateral issues concerning trade in wine, including any issues arising from the operation of Commission Regulation (EC) No 753/2002, as amended, through informal bilateral consultations, rather than through formal dispute settlement mechanisms.

On international cooperation

The Parties intend to conduct an exchange of views on issues related to and raised in plurilateral and multilateral organisations involved with wine matters affecting international trade and on how international cooperation on wine matters might best be structured.

DECLARATION BY THE UNITED STATES

on the use of certain terms with respect to wines exported from the United States

In view of the entry into force of the Agreement between the United States of America and the European Community on Trade in Wine, the United States hereby declares as follows.

The members of the wine producer organisations on 1 July 2005, listed below have each agreed, in respect of the use of the terms listed in Annex II of the Agreement that, for so long as the Agreement remains in force, wine exported from the United States shall be labelled consistent with rules applicable within the territory of the United States unless such labelling is inconsistent with the requirements of the importing Party.
