WHEREAS common rules for the production of statistics within the area covered by the Community and Switzerland are to be set out;

AGREEING that it is appropriate to base those rules on the legislation which is in force within the Community,

Article 1

Subject matter

1. This Agreement applies to the cooperation in the field of statistics between the Contracting Parties in order to ensure the production and dissemination of coherent and comparable statistical information for describing and monitoring all economic, social and environmental policies relevant for the bilateral cooperation.

2. To this end, the Contracting Parties shall develop and use harmonised methods, definitions and classifications as well as common programmes and procedures organising statistical work at appropriate administrative levels and in accordance with the provisions laid down in this Agreement.

3. The production of Contracting Parties' statistics shall conform to impartiality, reliability, objectivity, scientific independence, cost-effectiveness and statistical confidentiality; it shall not entail excessive burdens on economic operators.

It shall be responsible for the administration of this Agreement and shall ensure its proper implementation. For this purpose it shall make recommendations and take decisions in the cases provided for in this Agreement. The Joint Committee shall act by mutual agreement. A decision of the Joint Committee shall be binding upon the Contracting Parties.

1.1. Switzerland shall contribute financially, on an annual basis, to the European Union Statistical Programme.

1.2. This contribution shall be based on two elements:

— The total cost of Eurostat [Cost]

— The number of Member States in the European Union [# Members]

1.3. The financial contribution shall be: $\text{[Cost]/[# Members]}$

1.4. These elements shall be defined as follows:

1.4.1. The total cost of Eurostat shall be defined as 85 % of the amount of commitment appropriations in the Statistics Policy Area (Title 29) of the Budget of the European Union, according to the Activity Based Budgeting nomenclature. This shall comprise Management and Support Expenditure of Policy Area Statistics (Expenditure related to staff in active employment, External staff and other management expenditure, Buildings and related expenditure and Support expenditure for operations) and the Financial Interventions in respect of the Production of Statistical Information. [Cost]

1.4.2. The number of Member States shall be defined as the number of Member States of the European Union on 1 January of the year in question. [# Members]

1.5. A draft calculation of this financial contribution shall be made immediately after the adoption of the Preliminary Draft Budget of the European Union for the year in question. The final calculation shall be made immediately after the adoption of the Budget for that year.

2. Payment procedures

2.1. The Commission shall issue, at the latest on 15 June each financial year, a call for funds to Switzerland corresponding to its contribution under this Agreement. This call for funds shall provide for the payment of its contribution not later than 15 July. Any delay in the issuance of the call for funds shall give rise to a corresponding deferral of the scheduled payment date, to allow for a payment period of at least 30 days.

2.2. The contribution of Switzerland shall be expressed and paid in euro.

2.3. Switzerland shall pay its contribution under this Agreement in accordance with the schedule in point 2.1. Any delay in payment shall give rise to the payment of interest at the rate applied by the European Central Bank to its principal refinancing operations, as published in the C series of the *Official Journal of the European Union*, in force on the first calendar day of the month in which the due date falls, increased by 1,5 percentage points. The increased rate shall be applied to the entire period of delay. However, the interest shall be due only in respect of any contribution paid more than 30 days after the scheduled payment date mentioned in point 2.1.

- 2.4. Costs incurred by Swiss representatives and experts participating in meetings convened by the Commission under this Agreement shall not be reimbursed by the Commission. As stated in Article 6(2), the costs associated with the secondment of Swiss national officials to Eurostat shall be borne entirely by Switzerland.

Subject to an agreement between Eurostat and the Swiss Federal Statistical Office, Switzerland may deduct from its financial contribution the cost for seconded national experts. The maximum amount to be deducted for each official shall not exceed the maximum deducted for officials from EEA-EFTA countries being seconded to Eurostat under the EEA Agreement. This sum shall be agreed on an annual basis in the Joint Committee.

- 2.5. Payments effected by Switzerland shall be credited as budgetary revenue earmarked to the corresponding budget line of the statement of revenue of the General Budget of the European Union. The Financial Regulation ⁽¹⁾ applicable to the General Budget of the European Communities shall apply to the management of appropriations.

This regularisation shall be made in the framework of the establishment of the budget for the following year (n + 2) and shall be reflected in the call for funds.

4. Information

- 4.1. At the latest on 31 May of each financial year (n + 1), the statement of appropriations corresponding to Eurostat's operational and administrative financial obligations, related to the previous financial year (n), shall be prepared and transmitted to Switzerland for information, according to the format of the Commission's revenue and expenditure account.

The Joint Committee shall meet as soon as possible after entry into force of this Agreement to prepare a revision to Annex A in order to update the list of legislative acts contained therein and to include the current Community statistical programme. In addition, the Joint Committee shall update and review Annexes A and B at the time of the entry into force of each new multi-year statistical programme referred to in Article 5(1) in order to add a reference to that programme and take account of the specificities of that programme, including the arrangements for the financial contribution.
