THE EUROPEAN UNION AND THE EUROPEAN ATOMIC ENERGY COMMUNITY,

of the one part, and

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND,

of the other part,

1. REAFFIRMING their commitment to democratic principles, to the rule of law, to human rights, to countering proliferation of weapons of mass destruction and to the fight against climate change, which constitute essential elements of this and supplementing agreements,

2. RECOGNISING the importance of global cooperation to address issues of shared interest,

3. NOTING that the United Kingdom withdrew from the European Union and that Gibraltar is not included in the territorial scope of the Trade and Cooperation Agreement between the European Union and the European Atomic Energy Community, of the one part, and the United Kingdom of Great Britain and Northern Ireland, of the other part ([1]), done at London and Brussels on 30 December 2020 (the 'Trade and Cooperation Agreement'),

4. SEEKING to establish a new mutually cooperative relationship between the European Union and the United Kingdom of Great Britain and Northern Ireland, in respect of Gibraltar, which also promotes shared prosperity and close and constructive relations in respect of Gibraltar and the adjacent area in the Kingdom of Spain, in particular the territory of the municipalities that make up the Mancomunidad de Municipios del Campo de Gibraltar,

5. CONSIDERING that, in order to ensure the efficient implementation and correct interpretation and application of this Agreement and any supplementing agreements, as well as compliance with the obligations under those agreements, it is essential to establish rules for governance, in particular dispute settlement and enforcement rules,

6. CONSIDERING that all current physical barriers to the circulation of persons between Gibraltar and the Schengen area should be removed, while preserving the integrity of the Schengen area through appropriate controls, measures and safeguards, and taking into account that Gibraltar does not participate in and is not associated with the Schengen *acquis*,

7. CONSIDERING that, to strengthen the security of the Parties, the removal of physical barriers to the circulation of persons and the controls, measures and safeguards established should be complemented by cooperation between the Parties relating to the prevention, investigation, detection or prosecution of criminal offences and to the execution of criminal penalties, including the safeguarding against and prevention of threats to public security,

([1]) OJ L 149, 30.4.2021, p. 10, ELI: http://data.europa.eu/eli/agree_internation/2021/689(1)/oj.

9. RECOGNISING the need for a balanced economic partnership to be underpinned by a level playing field for open and fair competition and sustainable development, through effective frameworks for State aid control and a commitment to uphold the Parties' respective high levels of protection in the areas of labour and social standards, the environment, the fight against climate change, and taxation,

10. CONSIDERING that all physical barriers to the movement of goods by land between Gibraltar and the Union should be removed, while protecting the integrity of the Union's internal market and the Parties' financial interests, including by:

— ensuring that customs fraud is fought through appropriate customs controls and procedures as well as other measures;

— providing for cooperation mechanisms between the Parties and safeguards, in order both to prevent and to combat tax fraud, evasion and avoidance;

— applying relevant Union rules governing the movement, production and placing on the market of goods, including prohibitions and restrictions and market access rules,

11. SEEKING, given the geographical proximity between the Parties, to cooperate in civil nuclear safety and security matters,

12. CONSIDERING the importance of ensuring the transport of goods by road and the movement of ambulances between Gibraltar and a limited contiguous frontier zone in the territory of the Union, and road transport of goods between Gibraltar and the United Kingdom through the territory of the Union, as well as certain access to the ports of the Parties,

13. SEEKING to establish rules applicable to Gibraltar airport and its operation,

14. SEEKING to establish clear rules and close and effective cooperation between the competent institutions of the Kingdom of Spain and Gibraltar to protect and provide the rights of frontier workers moving between the Kingdom of Spain and Gibraltar to work and corresponding coordination of social security rights, as well as to ensure the rights of the family members of frontier workers,

15. RECOGNISING the importance of a financial mechanism to promote cohesion between Gibraltar and the Mancomunidad de Municipios del Campo de Gibraltar, while protecting the Parties' financial interests,

16. DESIRING that an agreement be concluded between the Union and the United Kingdom to provide a legal basis for such cooperation,

17. ACKNOWLEDGING that the Parties may supplement this Agreement with other agreements forming an integral part of their overall bilateral relations as governed by this Agreement,

HAVE AGREED AS FOLLOWS:

PART ONE

COMMON AND INSTITUTIONAL PROVISIONS

TITLE I

Article 4

Supplementing agreements

Article 7

All physical barriers shall be removed in accordance with the implementation plan contained in the relevant administrative arrangement between the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain.

TITLE II

BASIS FOR COOPERATION

Article 8

Democracy, rule of law and human rights

1. The Parties shall continue to uphold the shared values and principles of democracy, the rule of law, and respect for human rights, which underpin their domestic and international policies. In that regard, the Parties reaffirm their respect for the Universal Declaration of Human Rights and the international human rights treaties to which they are parties.

2. The Parties shall promote such shared values and principles in international forums. The Parties shall cooperate in promoting those values and principles, including with or in third countries.

Article 9

Fight against climate change

1. The Parties consider that climate change represents an existential threat to humanity and reiterate their commitment to strengthening the global response to this threat. The fight against human-caused climate change as elaborated in the process of the United Nations Framework Convention on Climate Change, done at New York on 9 May 1992 ('UNFCCC'), and in particular in the Paris Agreement adopted at Paris on 12 December 2015 by the Conference of the Parties to the United Nations Framework Convention on Climate Change at its 21st session (the 'Paris Agreement'), inspires the domestic and external policies of the Union and the United Kingdom. Accordingly, each Party shall respect the Paris Agreement and the process set up by the UNFCCC and refrain from acts or omissions that would materially defeat the object and purpose of the Paris Agreement.

2. The Parties shall advocate for the fight against climate change in international forums, including by engaging with other countries and regions to increase their level of ambition in the reduction of greenhouse emissions.

Article 10

Countering proliferation of weapons of mass destruction

1. The Parties consider that the proliferation of weapons of mass destruction ('WMD') and their means of delivery, to both State and non-State actors, represents one of the most serious threats to international stability and security. The Parties therefore agree to cooperate and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery through full compliance with and national implementation of their existing obligations under international disarmament and non-proliferation treaties.

2. The Parties agree furthermore to cooperate on and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery by:

(a) taking steps to sign, ratify, or accede to, as appropriate, and fully implement all other relevant international instruments to the extent that those instruments are open to signature, ratification or accession by the Parties; and

(b) establishing an effective system of national export controls, controlling the export as well as transit of WMD-related goods, including a WMD end-use control on dual-use technologies and containing effective sanctions for breaches of export controls.

3. The Parties agree to establish a regular dialogue on those matters.

Article 11

Small arms and light weapons and other conventional weapons

1. The Parties recognise that the illicit manufacture, transfer and circulation of small arms and light weapons ('SALW'), including their ammunition, their excessive accumulation, their poor management, inadequately secured stockpiles and their uncontrolled spread continue to pose a serious threat to peace and international security.

2. The Parties agree to observe and fully implement their respective obligations, as extended to Gibraltar in the case of the United Kingdom, to deal with the illicit trade in SALW, including their ammunition, under existing international agreements and UN Security Council resolutions, as well as their respective commitments within the framework of other international instruments applicable in this area, such as the UN Programme of Action to prevent, combat and eradicate the illicit trade in SALW in all its aspects.

3. The Parties recognise the importance of domestic control systems for the transfer of conventional arms in line with existing international standards. The Parties recognise the importance of applying such controls in a responsible manner, as a contribution to international and regional peace, security and stability, and to the reduction of human suffering, as well as to the prevention of diversion of conventional weapons.

4. The Parties undertake, in that regard, to cooperate with each other within the framework of the Arms Trade Treaty, adopted at New York on 2 April 2013, including in promoting the universalisation and full implementation of that Treaty by all UN member states.

5. The Parties therefore undertake to cooperate in their efforts to regulate or improve the regulation of international trade in conventional arms and to prevent, combat and eradicate the illicit trade in arms. The Parties shall take steps to sign, ratify, or accede to, as appropriate, and fully implement the international instruments listed in Annex 1, to the extent that those instruments are open to signature, ratification or accession by the Parties.

6. The Parties agree to establish a regular dialogue on those matters.

Article 12

The most serious crimes of concern to the international community

1. The Parties reaffirm that the most serious crimes of concern to the international community as a whole must not go unpunished and that their effective prosecution must be ensured by taking measures at the national level and by enhancing international cooperation, including with the International Criminal Court. The Parties agree to fully support the universality and integrity of the Rome Statute of the International Criminal Court, adopted at Rome on 17 July 1998, and related instruments.

2. The Parties agree to establish a regular dialogue on those matters.

Article 13

Counter-terrorism

1. The Parties shall cooperate at the bilateral, regional and international levels to prevent and combat acts of terrorism in all its forms and manifestations in accordance with international law, including, where applicable, international counterterrorism-related agreements, international humanitarian law and international human rights law, as well as in accordance with the principles of the Charter of the United Nations. The Parties shall take steps to sign, ratify, or accede to, as appropriate, and fully implement the international instruments listed in Annex 2 to the extent that those instruments are open to signature, ratification or accession by the Parties.

2. The Parties shall enhance cooperation on counter-terrorism, including preventing and countering violent extremism and the financing of terrorism, with the aim of advancing their common security interests, taking into account the United Nations Global Counter-Terrorism Strategy and relevant UN Security Council resolutions, without prejudice to law enforcement and judicial cooperation in criminal matters and intelligence exchanges.

3. The Parties agree to establish a regular dialogue on those matters. This dialogue will, inter alia, aim to promote and facilitate:

(a) the sharing of assessments on the terrorist threat;

(b) the exchange of best practices and expertise on counter terrorism;

(c) operational cooperation and exchange of information; and

(d) exchanges on cooperation in the framework of multilateral organisations.

Article 14

Personal data protection

1. This Article applies to the protection of natural persons in relation to their personal data when processed wholly or partly by automated means, or other than by automated means when they form part of a filing system or are intended to form part of a filing system ('data protection').

2. Annex 3 shall form an integral part of this Article. That Annex shall not include the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council [2] governing the competence and role of the lead supervisory authority and the supervisory authority concerned.

3. Article 19 shall apply to Annex 3.

4. Without prejudice to Article 20 of this Agreement, the provisions of the domestic law of the United Kingdom, in respect of Gibraltar, referred to in Article 19(1) of this Agreement, in the area covered by Annex 3 shall be interpreted in accordance with the relevant acts of the European Data Protection Board ('the Board') in the same manner and under the same conditions as they apply to the Member States. This includes the opinions that the data protection supervisory authority of the United Kingdom, in respect of Gibraltar, requests or receives pursuant to Article 64 of Regulation (EU) 2016/679, with respect to rules applicable to the United Kingdom, in respect of Gibraltar, that are the same as the rules of the Union acts contained in Annex 3.

[2] Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) (OJ L 119, 4.5.2016, p. 1, ELI: http://data.europa.eu/eli/reg/2016/679/oj).

5. The data protection supervisory authority of the United Kingdom, in respect of Gibraltar, shall take utmost account of decisions taken by the competent supervisory authority pursuant to Article 60 of Regulation (EU) 2016/679 and decisions taken by the Board pursuant to Article 65 of Regulation (EU) 2016/679, when deciding on cases raising similar questions of interpretation and application of the same rules as those contained in Regulation (EU) 2016/679.

6. The reference to Member States in Article 68(3) of Regulation (EU) 2016/679 shall not be read as including the United Kingdom, in respect of Gibraltar. The data protection supervisory authority of the United Kingdom, in respect of Gibraltar, may be invited to meetings of the Board only in cases where decisions addressed to that supervisory authority are discussed or the presence of that supervisory authority is necessary and in the interest of the Union to ensure the effective application of the same rules as the Union acts in the area of data protection referred to in Article 19(1) in Gibraltar. In such cases, the data protection supervisory authority of the United Kingdom, in respect of Gibraltar, shall participate as an expert or guest pursuant to the relevant rules of procedure of the Board. Its participation shall be strictly limited to the relevant agenda points and it shall be referred to in the relevant documents, such as the minutes of the meeting, as the supervisory authority of the United Kingdom, in respect of Gibraltar.

7. For the purposes of this Agreement, all references to third countries and their competent authorities contained in the provisions of Union law listed in Annex 3 shall be understood as not including the United Kingdom, in respect of Gibraltar, and its competent authorities, provided paragraph 2 of this Article is complied with in accordance with Article 19(1).

8. Whenever the Union intends to adopt an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 or Article 36 of Directive (EU) 2016/680 of the European Parliament and of the Council ([3]), the United Kingdom, in respect of Gibraltar, shall be kept duly informed.

Article 15

Global cooperation on issues of shared economic, environmental and social interest

1. The Parties recognise the importance of global cooperation to address issues of shared economic, environmental and social interest. Where it is in their mutual interest, they shall promote multilateral solutions to common problems.

2. While preserving their decision-making autonomy, and without prejudice to other provisions of this Agreement or any supplementing agreement, the Parties shall endeavour to cooperate on current and emerging global issues of common interest such as peace and security, climate change, sustainable development, cross-border pollution, environmental protection, digitalisation, public health and consumer protection, taxation, financial stability, and free and fair trade and investment. To that end, they shall endeavour to maintain a constant and effective dialogue and to coordinate their positions in multilateral organisations and forums in which the Parties participate, such as the United Nations, the Group of Seven (G-7) and the Group of Twenty (G-20), the Organisation for Economic Co-operation and Development ('OECD'), the International Monetary Fund, the World Bank and the World Trade Organization ('WTO').

([3]) Directive (EU) 2016/680 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data by competent authorities for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, and on the free movement of such data, and repealing Council Framework Decision 2008/977/JHA (OJ L 119, 4.5.2016, p. 89, ELI: http://data.europa.eu/eli/dir/2016/680/oj).

Article 16

Essential elements

1. Article 8(1), Article 9(1) and Article 10(1) constitute essential elements of the cooperation established by this Agreement and any supplementing agreement.

2. If either Party considers that there has been a serious and substantial failure by the other Party to fulfil any of the obligations that are described as essential elements in paragraph 1, it may decide to terminate or suspend the operation of this Agreement or any supplementing agreement in whole or in part.

3. Before doing so, the Party invoking the application of this Article shall request that the Cooperation Council meet immediately with a view to seeking a timely and mutually agreeable solution. If no mutually agreeable solution is found within 30 days from the date of the request to the Cooperation Council, the Party may take the measures referred to in paragraph 2.

4. The measures referred to in paragraph 2 shall be in full respect of international law and shall be proportionate. Priority shall be given to the measures which least disturb the functioning of this Agreement and of any supplementing agreements.

5. The Parties consider that, for a situation to constitute a serious and substantial failure to fulfil any of the obligations described as essential elements in paragraph 1, its gravity and nature would have to be of an exceptional sort that threatens peace and security or that has international repercussions. For greater certainty, an act or omission which materially defeats the object and purpose of the Paris Agreement shall always be considered as a serious and substantial failure for the purposes of this Article.

TITLE III

CIVIL NUCLEAR COOPERATION

Article 17

Civil nuclear cooperation

1. The Parties acknowledge the importance of international cooperation for effective nuclear safety arrangements and shall work together on the continuous improvement of international nuclear safety standards and Conventions, and of their implementation. Insofar as it does not conflict with developments in legally binding international nuclear safety standards, the Union and the United Kingdom, in respect of Gibraltar, shall not weaken or reduce the levels of protection below those provided for by the standards of protection, and by the enforcement thereof, shared by the Parties and applied in respect of Gibraltar until 31 December 2020 in relation to nuclear safety, radiation protection, safe management of radioactive waste and spent fuel, decommissioning, safe shipment of nuclear material, emergency preparedness and response, and effective control of radioactive material and radioactive sources.

2. The United Kingdom, in respect of Gibraltar, shall implement a robust and effective system of nuclear material accountancy and control aiming to ensure that nuclear material, as defined in Article XII of the Statute of the International Atomic Energy Agency ('IAEA'), adopted at New York on 23 October 1956, is exclusively used for peaceful purposes at such time as these arrangements are required.

3. The United Kingdom, in respect of Gibraltar, shall implement safety and security arrangements, in accordance with relevant international agreements, in relation to any relevant civil nuclear facilities and radioactive sources in Gibraltar, at such time as these arrangements are required.

4. The United Kingdom, in respect of Gibraltar, shall implement, at such time as these arrangements are required, an agreement negotiated with the IAEA for the application of safeguards in Gibraltar, and shall take steps to sign, ratify or accede to, as appropriate, and fully implement the international instruments listed in Part 1 of Annex 4 as well as, where relevant, their future amendments to the extent they are ratified by the United Kingdom. Furthermore, the United Kingdom, in respect of Gibraltar, shall take steps to follow, as appropriate, the guidance documents listed in Part 2 of Annex 4 as well as their future amendments to the extent they are used by the United Kingdom.

5. The Parties acknowledge the importance of international cooperation for effective nuclear security arrangements and shall work together on the continuous improvement of international nuclear security standards and conventions. The Union and the United Kingdom, in respect of Gibraltar, shall not weaken or reduce the levels of protection below those provided for by the standards of protection, and by the enforcement thereof, applied by the Union and the United Kingdom, in respect of Gibraltar, until 31 December 2020 in relation to physical protection.

6. The United Kingdom has extended application of the Convention on Third Party Liability in the Field of Nuclear Energy, concluded at Paris on 29 July 1960, as amended by the Additional Protocol of 28 January 1964 and the Protocol of 6 November 1982, to Gibraltar. The Parties note that the United Kingdom will continue to take steps to extend the Protocol of 12 February 2004, which came into force on 1 January 2022 in the United Kingdom, as well as any further amendments, unless a Party has notified the other Party in writing that it does not accept the amendment.

7. The United Kingdom, on behalf of Gibraltar, shall continue to maintain and periodically review operational arrangements in relation to events in, or affecting, Gibraltar, the Convention on the Early Notification of a Nuclear Accident, adopted by the General Conference of the IAEA meeting in special session at Vienna on 26 September 1986, and the Convention on Assistance in the Case of a Nuclear Accident or Radiological Emergency, adopted by the General Conference of the IAEA meeting in special session at Vienna on 26 September 1986, should such an event occur. These operational arrangements are detailed in Annex 5 and their updates shall be notified to the other Party as soon as possible, but not later than 3 months after their entry into effect, and Annex 5 shall be amended accordingly.

8. With respect to the effective control of radioactive material and radioactive sources, the United Kingdom, in respect of Gibraltar, shall ensure effectiveness and coverage that are at least equivalent to the effectiveness and coverage provided under Directive 2008/68/EC of the European Parliament and of the Council ([4]) and Council Directive 2013/59/Euratom ([5]), including as amended or replaced in future.

TITLE IV

PRINCIPLES OF INTERPRETATION

Article 18

Public international law

1. The provisions of this Agreement and any supplementing agreement shall be interpreted in good faith in accordance with their ordinary meaning in their context and in light of the object and purpose of the agreement in accordance with customary rules of interpretation of public international law, including those codified in the Vienna Convention on the Law of Treaties, done at Vienna on 23 May 1969.

([4]) Directive 2008/68/EC of the European Parliament and of the Council of 24 September 2008 on the inland transport of dangerous goods (OJ L 260, 30.9.2008, p. 13, ELI: http://data.europa.eu/eli/dir/2008/68/oj).

([5]) Council Directive 2013/59/Euratom of 5 December 2013 laying down basic safety standards for protection against the dangers arising from exposure to ionising radiation, and repealing Directives 89/618/Euratom, 90/641/Euratom, 96/29/Euratom, 97/43/Euratom and 2003/122/Euratom (OJ L 13, 17.1.2014, p. 1, ELI: http://data.europa.eu/eli/dir/2013/59/oj).

2. For greater certainty, except as provided for in Article 19(1) and (4) and in Article 20, neither this Agreement nor any supplementing agreement establishes an obligation to interpret their provisions in accordance with the domestic law of either Party.

3. Without prejudice to Article 20, for greater certainty, an interpretation of this Agreement or any supplementing agreement given by the courts of either Party shall not be binding on the courts of the other Party.

Article 19

Union law applicable by the United Kingdom, in respect of Gibraltar

1. The United Kingdom, in respect of Gibraltar, shall have in place in its domestic law, and effectively apply, the same provisions as those contained:

(a) in the Union acts listed in those provisions of this Agreement and in those Annexes to this Agreement to which this Article applies; or

(b) under the conditions laid down in paragraphs 2 to 4, in a subsequent Union act, namely:

(i) a Union act amending or replacing a Union act as referred to in point (a);

(ii) a Union act supplementing or implementing a Union act as referred to in point (a); or

(iii) another Union act on the subject matter of a Union act as referred to in point (a).

2. Where the Union adopts a subsequent Union act, it shall immediately notify the United Kingdom, in respect of Gibraltar, of the adoption of such act.

3. Within 30 days of the notification referred to in paragraph 2, the United Kingdom, in respect of Gibraltar, shall notify the Union of its decision whether to accept the content of, and to implement into its domestic law, the subsequent Union act. The acceptance by the United Kingdom, in respect of Gibraltar, of the content of a subsequent Union act shall create rights and obligations between the United Kingdom, in respect of Gibraltar, and the Union.

4. If the implementation into domestic law of the subsequent Union act requires the fulfilment of constitutional requirements, the United Kingdom, in respect of Gibraltar, shall inform the Union of this at the time of the notification referred to in paragraph 3. The United Kingdom, in respect of Gibraltar, shall promptly inform the Union in writing upon fulfilment of all constitutional requirements. From the entry into force of the subsequent Union act and until the information upon fulfilment of constitutional requirements, the United Kingdom, in respect of Gibraltar, shall provisionally apply, to the largest extent possible, the same rules as those contained in the subsequent Union act.

5. If the United Kingdom, in respect of Gibraltar:

(a) notifies its decision not to accept the content of a subsequent Union act;

(b) does not make a notification within the time limit set out in paragraph 3; or

2. Where alerts in the respective databases and information systems require coercive action to be taken, the person concerned shall be escorted to the Second Line Checks Area, with the exception of the situation under the second subparagraph.

Where the discreet collection of information is required on the basis of an alert in a database or information system operated by the competent authorities of the United Kingdom, in respect of Gibraltar, and by the competent authorities of the Kingdom of Spain, and where the escorting of the person to the Second Line Checks Area would jeopardise the discreet nature of any measures to be taken, the authority which identified the alert shall be authorised to collect as much information as is possible during routine border checks.

3. Where coercive action is required on the basis of alerts existing only in the databases and information systems operated by the United Kingdom, in respect of Gibraltar, the competent authorities of the United Kingdom, in respect of Gibraltar, shall take the appropriate follow-up actions under the applicable domestic law of the United Kingdom, in respect of Gibraltar.

However, in exceptional cases, a stay of arrest and detention where there are individual human rights concerns or where there are conflicting international obligations concerning extradition may be requested by the relevant competent authority. In such a case, the issues shall be resolved by the relevant authorities before any removal takes place.

8. The competent authorities of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, shall notify the other competent authorities of the termination of coercive action carried out pursuant to paragraphs 6 and 7 with a view to enabling the other competent authorities, where appropriate, and with the exception of situations under paragraph 9, to take follow-up action to be carried out on the basis of alerts existing in the databases and information systems operated by the competent authorities.

9. Where coercive action for arrest or detention is required by the competent authorities of the Kingdom of Spain, and the person concerned is a person resident in Gibraltar, the action may only be carried out by the competent authorities of the United Kingdom, in respect of Gibraltar. The competent authorities of the United Kingdom, in respect of Gibraltar, shall notify the competent authorities of the Kingdom of Spain of the coercive action carried out with a view to a fast extradition.

10. In all cases of arrest under this Article, the person shall be provided with appropriate procedural safeguards prior to any decision or choice.

11. This Article is without prejudice to the obligations of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain under the Statute of the International Criminal Court.

2. Where an application for international protection is made pursuant to paragraph 1, the applicant shall be escorted by the competent authorities of the United Kingdom, in respect of Gibraltar, to the Second Line Checks Area for the purpose of registering the application, subject to paragraph 5. The competent authorities of the United Kingdom, in respect of Gibraltar, shall immediately inform the competent authorities of the Kingdom of Spain, subject to paragraph 5.

([19]) Measures taken on the grounds of public policy shall be proportionate and shall be based exclusively on the personal conduct of the individual concerned, which must represent a genuine, present and sufficiently serious threat affecting one of the fundamental interests of society.

3. Without prejudice to paragraph 1 of this Article, where a person is going through the border checks carried out pursuant to Article 29(2), they may make an application for international protection before the competent authorities of the United Kingdom, in respect of Gibraltar, or before those of the Kingdom of Spain.

4. Where a person makes an application for international protection before or during the performance of border checks carried out pursuant to Article 29(2), the checks shall be completed.

In the event that border checks trigger the need for follow-up action to be taken as referred to in Article 34, such action shall be taken to the extent that it respects and does not undermine the right to international protection and the principle of non-refoulement.

Where an application for international protection is made pursuant to paragraph 3, the applicant shall be escorted by the competent authorities before which they made the application to the Second Line Checks Area for the purpose of registering the application, subject to paragraph 5.

Where a person makes an application for international protection before the competent authorities of the Kingdom of Spain, the Kingdom of Spain shall be responsible for the examination of that application in accordance with Union and domestic law.

(a) disclose information regarding individual applications for international protection, or the fact that an application has been made, to the alleged actor or actors of persecution or serious harm;

(b) obtain any information from the alleged actor or actors of persecution or serious harm in a manner that would result in such actor or actors being directly informed of the fact that an application has been made by the applicant in question, and would jeopardise the physical integrity of the applicant or their dependants, or the liberty and security of their family members still living in the country of origin.

6. Where the United Kingdom, in respect of Gibraltar, is responsible for the examination of an application for international protection, the application shall be processed in accordance with standards that are at least equivalent to those applicable in the Union with respect to eligibility criteria for and content of international protection, as well as with respect to the procedures applicable to the examination of applications for international protection and reception conditions of applicants.

8. Where the United Kingdom, in respect of Gibraltar, is responsible for the examination of an application for international protection, it shall take all necessary measures to ensure that an applicant, other than a Union citizen, is not permitted to enter, and is prevented from entering, the territory of the Member States for the duration of the procedure for international protection and until a final decision is taken on the application.

The competent authorities of the Kingdom of Spain shall as soon as possible and no later than 72 hours after the escorting of the person to the Second Line Checks Area, take the data of persons, other than Union citizens, who have made an application for international protection pursuant to paragraph 1 and transmit that data in the European Asylum Dactyloscopy Database ('Eurodac').

9. Where a person is granted international protection by the United Kingdom, in respect of Gibraltar, they shall be issued with a residence permit, which shall have territorial validity limited to Gibraltar.

Where a final decision has been taken rejecting an application for international protection, the competent authorities of the United Kingdom, in respect of Gibraltar, shall take all necessary measures to ensure that the person concerned is removed from Gibraltar, in accordance with rules and safeguards that ensure standards equivalent to those laid down in Directive 2008/115/EC.

(b) if the executing judicial authority is informed that the requested person has been finally judged by a Member State or by the United Kingdom or by the United Kingdom, in respect of Gibraltar, in respect of the same acts, provided that, if a penalty has been imposed, it has been enforced, is in the process of being enforced or can no longer be enforced under the law of the Member State by which the requested person has been sentenced or of the United Kingdom or of the United Kingdom, in respect of Gibraltar, if the requested person has been sentenced by any of these; or

Article 120

Other grounds for non-execution of the arrest warrant

1. The execution of the arrest warrant may be refused:

(a) if, in one of the cases referred to in Article 118(2), the act on which the arrest warrant is based does not constitute an offence under the law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor; however, in relation to taxes or duties, customs and exchange, the execution of the arrest warrant shall not be refused on the grounds that the law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, does not impose the same kind of tax or duty or does not contain the same type of rules as regards taxes or duties, customs and exchange regulations as the law of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, or of the issuing Member State;

(b) if the person who is the subject of the arrest warrant is being prosecuted in the executing Member State or by the United Kingdom, in respect of Gibraltar, when it is the executing actor, for the same act as that on which the arrest warrant is based;

(c) if the judicial authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, have decided either not to prosecute for the offence on which the arrest warrant is based or to halt proceedings, or if a final judgment which prevents further proceedings has been passed upon the requested person in a Member State or in the United Kingdom, in respect of Gibraltar, in respect of the same acts;

(d) if the criminal prosecution or punishment of the requested person is statute-barred under the law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, and the acts fall within the jurisdiction of that Member State or of the United Kingdom, in respect of Gibraltar, under its own criminal law;

(e) if the executing judicial authority is informed that the requested person has been finally judged by a third country or by the United Kingdom in respect of the same acts provided that, if a penalty has been imposed, it has been enforced, is in the process of being enforced or can no longer be enforced under the law of the United Kingdom, in respect of Gibraltar, when it is the sentencing actor, or the sentencing Member State;

(f) if the arrest warrant has been issued for the purposes of execution of a custodial sentence or detention order and:

(i) if the executing actor is a Member State, the requested person is staying in, or is a national, or a resident, of that Member State; or

(ii) if the executing actor is the United Kingdom, in respect of Gibraltar, the requested person is a national of the United Kingdom holding a valid identity card or residence permit issued in Gibraltar by the competent authorities of the United Kingdom, in respect of Gibraltar, or is a person staying in, or resident in, Gibraltar,

and a competent authority of that Member State or of the United Kingdom, in respect of Gibraltar, undertakes to execute the sentence or detention order in accordance with the domestic law of the executing Member State or the United Kingdom, in respect of Gibraltar, when it is the executing actor; if consent of the requested person to the transfer of the sentence or detention order to the executing Member State or to the United Kingdom, in respect of Gibraltar, when it is the executing actor, is required, the competent authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, may refuse to execute the arrest warrant only after the requested person consents to the transfer of the sentence or detention order;

(g) if the arrest warrant relates to offences which:

(i) are regarded by the law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, as having been committed in whole or in part in the executing Member State or in Gibraltar when the United Kingdom, in respect of Gibraltar, is the executing actor, or in a place treated as such; or

(ii) have been committed outside the issuing Member State or Gibraltar when the United Kingdom, in respect of Gibraltar, is the issuing actor, and the law of the United Kingdom, in respect of Gibraltar, when it is the executing actor, or of the executing Member State does not allow prosecution for the same offences if committed outside its territory;

(h) if there are reasons to believe on the basis of objective elements that the arrest warrant has been issued for the purpose of prosecuting or punishing a person on the grounds of the person's sex, race, religion, ethnic origin, nationality, language, political opinions or sexual orientation, or that that person's position may be prejudiced for any of those reasons;

(i) if the arrest warrant has been issued for the purpose of executing a custodial sentence or a detention order and the requested person did not appear in person at the trial resulting in the decision, unless the arrest warrant states that the person, in accordance with further procedural requirements defined in the domestic law of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor:

(i) in due time:

(A) either was summoned in person and thereby informed of the scheduled date and place of the trial which resulted in the decision, or by other means actually received official information of the scheduled date and place of that trial in such a manner that it was unequivocally established that the person was aware of the date and place of the scheduled trial;

and

(B) was informed that a decision may be handed down if that person did not appear for the trial;

or

(ii) being aware of the date and place of the scheduled trial, had given a mandate to a lawyer, who was either appointed by the person concerned or by a competent authority of the Member State or of the United Kingdom, in respect of Gibraltar, to defend them at the trial, and was indeed defended by that lawyer at the trial;

or

(iii) after being served with the decision and being expressly informed about the right to a retrial or appeal in which the person has the right to participate and which allows the merits of the case, including fresh evidence, to be re-examined, and which may lead to the original decision being reversed:

(A) expressly stated that the person did not contest the decision;

or

(B) did not request a retrial or appeal within the applicable time frame;

(A) will be personally served with it without delay after the surrender and will be expressly informed of the right to a retrial or appeal in which the person has the right to participate and which allows the merits of the case, including fresh evidence, to be re-examined, and which may lead to the original decision being reversed;

and

(B) will be informed of the time frame within which the person has to request such a retrial or appeal, as mentioned in the relevant arrest warrant.

2. Where the arrest warrant is issued for the purpose of executing a custodial sentence or detention order under the conditions in point (i)(iv) of paragraph 1 and the person concerned has not previously received any official information about the existence of the criminal proceedings against them, that person may, when being informed about the content of the arrest warrant, request to receive a copy of the judgment before being surrendered. Immediately after having been informed about the request, the issuing authority shall provide the copy of the judgment via the executing authority to the person concerned. The request of the person concerned shall neither delay the surrender procedure nor delay the decision to execute the arrest warrant. The provision of the judgment to the person concerned shall be for information purposes only; it shall not be regarded as a formal service of the judgment nor actuate any time limits applicable for requesting a retrial or appeal.

3. Where a person is surrendered under the conditions in point (i)(iv) of paragraph 1 and that person has requested a retrial or appeal, until those proceedings are finalised the detention of that person awaiting such retrial or appeal shall be reviewed in accordance with the domestic law of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, either on a regular basis or upon request of the person concerned. Such a review shall in particular include the possibility of suspension or interruption of the detention. The retrial or appeal shall begin within due time after the surrender.

Article 121

Political offence exception

1. The execution of an arrest warrant may not be refused on the grounds that the offence may be regarded by the competent authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, as a political offence, as an offence connected with a political offence or as an offence inspired by political motives.

2. However, the United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that paragraph 1 will be applied only in relation to:

(a) the offences referred to in Articles 1 and 2 of the European Convention on the Suppression of Terrorism;

(b) offences of conspiracy or association to commit one or more of the offences referred to in Articles 1 and 2 of the European Convention on the Suppression of Terrorism, if those offences of conspiracy or association correspond to the description of behaviour referred to in Article 118(3) of this Agreement; and

(c) terrorism as defined in Annex 13.

3. Where an arrest warrant has been issued by a Member State on behalf of which a notification as referred to in paragraph 2 has been made or where an arrest warrant has been issued by the United Kingdom, in respect of Gibraltar, and where it has made such notification, the United Kingdom, in respect of Gibraltar, when it is the executing actor, or the executing Member State may apply reciprocity.

Article 122

The United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that the United Kingdom's own nationals or that Member State's own nationals, as the case may be, will not be surrendered or that their surrender will be authorised only under certain specified conditions. The notification shall be based on reasons related to the fundamental principles or practice of the domestic legal order of the United Kingdom, in respect of Gibraltar, or the Member State on behalf of which a notification was made. In such a case, the Union, on behalf of any of its Member States or the United Kingdom, in respect of Gibraltar, as the case may be, may notify the Specialised Committee on the Circulation of Persons within a reasonable time after the receipt of the other Party's notification that the executing judicial authorities of the Member State or of the United Kingdom, in respect of Gibraltar, as the case may be, may refuse to surrender its own nationals as referred to in paragraph 1 to that Member State or to the United Kingdom, in respect of Gibraltar, or that surrender shall be authorised only under certain specified conditions.

3. In circumstances where a Member State or the United Kingdom, in respect of Gibraltar, has refused to execute an arrest warrant on the basis that, in the case of the United Kingdom, in respect of Gibraltar, the United Kingdom has made a notification or, in the case of a Member State, the Union has made a notification on its behalf, as referred to in paragraph 2, the competent authorities of that Member State or of the United Kingdom, in respect of Gibraltar, shall consider instituting proceedings against the national of the United Kingdom or of the Member State, as the case may be, which are commensurate with the subject matter of the arrest warrant, having taken into account the views of the competent authorities of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, or of the issuing Member State. In circumstances where a judicial authority decides not to institute such proceedings, the victim of the offence on which the arrest warrant is based shall be able to receive information on the decision in accordance with the applicable domestic law.

4. Where, in accordance with paragraph 3, the competent authorities of a Member State or of the United Kingdom, in respect of Gibraltar, institute proceedings against their own nationals as referred to in paragraph 1, the competent authorities of that Member State or of the United Kingdom, in respect of Gibraltar, shall be able to take appropriate measures to assist the victims and witnesses, particularly with regard to the way in which the proceedings are conducted, in the following circumstances:

(a) proceedings are being instituted in a Member State, where they are persons resident in the United Kingdom or in Gibraltar or in another Member State;

The person may be released provisionally at any time in accordance with the domestic law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor provided that that Member State or the United Kingdom, in respect of Gibraltar, takes all the measures it deems necessary to prevent the person from absconding.

Article 130

1. If judicial authorities of two or more Member States or of one or more Member States and the United Kingdom, in respect of Gibraltar, have issued a European arrest warrant or an arrest warrant for the same person, the decision as to which of those arrest warrants is to be executed shall be taken by the executing judicial authority, with due consideration of all the circumstances, especially the relative seriousness of the offences and place of the offences, the respective dates of the arrest warrants or European arrest warrants and whether they have been issued for the purposes of prosecution or for the execution of a custodial sentence or detention order, and of legal obligations of Member States deriving from Union law regarding, in particular, the principles of freedom of movement and non-discrimination on grounds of nationality.

2. The executing judicial authority of a Member State may seek the advice of Eurojust when making the choice referred to in paragraph 1.

Where in specific cases the arrest warrant cannot be executed within the time limits laid down in paragraphs 2 or 3, the executing judicial authority shall immediately inform the issuing judicial authority of that fact, giving the reasons for the delay. In such cases, the time limits may be extended by a further 30 days.

5. As long as the executing judicial authority has not taken a final decision on the arrest warrant, it shall ensure that the material conditions necessary for the effective surrender of the person remain fulfilled.

(a) agree that the requested person should be heard in accordance with Article 136; or

(b) agree to the temporary transfer of the requested person.

2. The conditions and the duration of the temporary transfer shall be determined by mutual agreement between the issuing and executing judicial authorities.

3. In the case of temporary transfer, the person must be able to return to the executing Member State or to Gibraltar, when the United Kingdom, in respect of Gibraltar, is the executing actor, to attend hearings which concern that person as part of the surrender procedure.

Article 136

Hearing the person pending the decision

1. The requested person shall be heard by a judicial authority. To that end, the requested person shall be assisted by a lawyer designated in accordance with the law of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor.

2. The requested person shall be heard in accordance with the law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor and with the conditions determined by mutual agreement between the issuing and executing judicial authorities.

3. The competent executing judicial authority may assign another judicial authority of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor to take part in the hearing of the requested person in order to ensure the proper application of this Article.

Article 137

Privileges and immunities

1. Where the requested person enjoys a privilege or immunity regarding jurisdiction or execution in the executing Member State or in the United Kingdom, in respect of Gibraltar, when it is the executing actor, the time limits referred to in Article 134 only start running when, or if, the executing judicial authority is informed of the fact that the privilege or immunity has been waived.

2. The competent authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, shall ensure that the material conditions necessary for effective surrender are fulfilled when the person no longer enjoys such privilege or immunity.

3. Where power to waive the privilege or immunity lies with an authority of the executing Member State or of the United Kingdom or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, the executing judicial authority shall request that authority to exercise that power without delay. Where power to waive the privilege or immunity lies with an authority of another Member State, the United Kingdom, the United Kingdom, in respect of Gibraltar, a third country or international organisation, the issuing judicial authority shall request that authority to exercise that power.

Article 138

Competing international obligations

1. This Agreement does not prejudice the obligations of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, where the requested person has been extradited to that Member State or to the United Kingdom, in respect of Gibraltar, from a third country or from the United Kingdom and where that person is protected by provisions of the arrangement under which that person was extradited concerning the speciality rule. The executing Member State or the United Kingdom, in respect of Gibraltar, when it is the executing actor, shall take all necessary measures for requesting without delay the consent of the third country or of the United Kingdom from which the requested person was extradited so that the requested person can be surrendered to the issuing Member State or to the United Kingdom, in respect of Gibraltar, when it is the issuing actor. The time limits referred to in Article 134 do not start running until the day on which the speciality rule ceases to apply.

2. Pending the decision of the third country or of the United Kingdom from which the requested person was extradited, the executing Member State or the United Kingdom, in respect of Gibraltar, when it is the executing actor, shall ensure that the material conditions necessary for effective surrender remain fulfilled.

Article 139

Notification of the decision

The executing judicial authority shall notify the issuing judicial authority immediately of the decision on the action to be taken on the arrest warrant.

Article 140

Time limits for surrender of the person

1. The requested person shall be surrendered as soon as possible on a date agreed between the authorities concerned.

2. The requested person shall be surrendered no later than 10 days after the final decision on the execution of the arrest warrant.

3. If the surrender of the requested person within the time limit in paragraph 2 is prevented by circumstances beyond the control of the competent authorities of any of the Member States or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, the executing and issuing judicial authorities shall immediately contact each other and agree on a new surrender date. In that event, the surrender shall take place within 10 days of the new date thus agreed.

4. The surrender may exceptionally be temporarily postponed for serious humanitarian reasons, for example if there are substantial grounds for believing that the surrender would manifestly endanger the requested person's life or health. The execution of the arrest warrant shall take place as soon as those grounds have ceased to exist. The executing judicial authority shall immediately inform the issuing judicial authority and agree on a new surrender date. In that event, the surrender shall take place within 10 days of the new date agreed.

5. Upon the expiry of the time limits referred to in paragraphs 2 to 4, if the requested person is still being held in custody, that person shall be released. The executing and issuing judicial authorities shall contact each other as soon as it appears that a person is to be released under this paragraph and agree the arrangements for the surrender of that person.

Article 141

Postponed or conditional surrender

1. After deciding to execute the arrest warrant, the executing judicial authority may postpone the surrender of the requested person so that the requested person may be prosecuted in the executing Member State or by the United Kingdom, in respect of Gibraltar, when it is the executing actor or, if the requested person has already been sentenced, so that the requested person may serve a sentence passed for an act other than that referred to in the arrest warrant in the executing Member State or in the United Kingdom, in respect of Gibraltar, when it is the executing actor.

2. Instead of postponing the surrender, the executing judicial authority may temporarily surrender the requested person to the issuing Member State or to the United Kingdom, in respect of Gibraltar, when it is the issuing actor, under conditions to be determined by mutual agreement between the executing and the issuing judicial authorities. That agreement shall be made in writing, and the conditions shall be binding on all the authorities in the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor.

Article 142

Transit

1. Each Member State, the United Kingdom and the United Kingdom, in respect of Gibraltar, shall permit the transit through their territory of a requested person who is being surrendered provided that they have been given information on:

(a) the identity and nationality of the person subject to the arrest warrant;

(b) the existence of an arrest warrant;

(c) the nature and legal classification of the offence; and

(d) the description of the circumstances of the offence, including the date and place.

2. Where a notification has been made by the United Kingdom, in respect of Gibraltar, in accordance with Article 122(2) to the effect that nationals of the United Kingdom will not be surrendered or that surrender will be authorised only under certain specified conditions, the United Kingdom or the United Kingdom, in respect of Gibraltar, as the case may be, may refuse the transit of nationals of the United Kingdom under the same terms or submit it to the same conditions.

3. The Member State on behalf of which a notification has been made in accordance with Article 122(2) to the effect that its own nationals will not be surrendered or that surrender will be authorised only under certain specified conditions, may refuse the transit of its own nationals through its territory under the same terms or submit it to the same conditions.

4. The Member States, the United Kingdom and the United Kingdom, in respect of Gibraltar, shall notify the Specialised Committee on the Circulation of Persons of the authorities responsible for receiving transit requests and the necessary documents, as well as any other official correspondence relating to transit requests.

5. The transit request and the information referred to in paragraph 1 may be addressed to the authority notified pursuant to paragraph 4 by any means capable of producing a written record. The decision of the notified authority of the requested Member State or of the United Kingdom or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall be notified by the same procedure.

6. This Article does not apply in the case of transport by air without a scheduled stopover. However, if an unscheduled landing occurs, the competent authorities of the issuing Member State or the United Kingdom, in respect of Gibraltar, when it is the issuing actor, shall provide the authority notified pursuant to paragraph 4 with the information referred to in paragraph 1.

7. Where a transit concerns a person who is to be extradited, or surrendered, from a third country or the United Kingdom to a Member State or the United Kingdom, in respect of Gibraltar, or between Member States, this Article applies *mutatis mutandis*. In particular, references to an 'arrest warrant' shall be treated as references to an 'extradition request' or a 'European Arrest Warrant', or a 'TCA arrest warrant', as the case may be.

Article 143

Deduction of the period of detention served in the executing Member State or in Gibraltar

1. The issuing Member State or the United Kingdom, in respect of Gibraltar, when it is the issuing actor, shall deduct all periods of detention arising from the execution of an arrest warrant from the total period of detention to be served in the issuing Member State, or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the issuing actor, as a result of a custodial sentence or detention order being passed.

2. All information concerning the duration of the detention of the requested person on the basis of the arrest warrant shall be transmitted by the executing judicial authority or the central authority notified under Article 124(1) to the issuing judicial authority at the time of the surrender.

Article 144

Possible prosecution for other offences

1. The United Kingdom, in respect of Gibraltar, may notify the Specialised Committee on the Circulation of Persons that, in relations with Member States on behalf of which the Union has given the notification referred to in paragraph 2, its consent is presumed to have been given for the prosecution, sentencing or detention of a person with a view to the carrying out of a custodial sentence or detention order for an offence committed prior to the person's surrender, other than that for which that person was surrendered, unless in a particular case the executing judicial authority of the United Kingdom, in respect of Gibraltar, states otherwise in its decision on surrender.

2. The Union, acting on behalf of any of its Member States, may notify the Specialised Committee on the Circulation of Persons that, where the United Kingdom, in respect of Gibraltar, has given the notification referred to in paragraph 1, the consent of those Member States is presumed to have been given for the prosecution, sentencing or detention of a person with a view to the carrying out of a custodial sentence or detention order for an offence committed prior to the person's surrender, other than that for which that person was surrendered, unless in a particular case the executing judicial authority of the Member State states otherwise in its decision on surrender.

3. Except in the cases referred to in paragraphs 1, 2 and 4, a person surrendered may not be prosecuted, sentenced or otherwise deprived of liberty for an offence committed prior to that person's surrender other than that for which the person was surrendered.

4. Paragraph 3 does not apply in the following cases:

(a) the person, having had an opportunity to leave the Member State to which that person has been surrendered or Gibraltar when they have been surrendered to the United Kingdom, in respect of Gibraltar, has not done so within 45 days of that person's final discharge or has returned to that Member State or to Gibraltar, as the case may be, after leaving it;

(b) the offence is not punishable by a custodial sentence or detention order;

(c) the criminal proceedings do not give rise to the application of a measure restricting personal liberty;

(d) the person could be liable to a penalty or a measure not involving the deprivation of liberty, in particular a financial penalty or a measure in lieu of a financial penalty, even if the penalty or measure may give rise to a restriction of the person's personal liberty;

(e) the person consented to be surrendered, where appropriate at the same time as the person renounced the speciality rule, in accordance with Article 130;

(f) the person, after the person's surrender, has expressly renounced entitlement to the speciality rule with regard to specific offences preceding the person's surrender; renunciation must be given before the competent judicial authority of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, and be recorded in accordance with the domestic law of that Member State or the United Kingdom, in respect of Gibraltar, as the case may be; the renunciation must be drawn up in such a way as to make clear that the person concerned has given it voluntarily and in full awareness of the consequences; to that end, the person shall have the right to a lawyer; and

(g) the executing judicial authority which surrendered the person gives its consent in accordance with paragraph 4.

5. A request for consent shall be submitted to the executing judicial authority, accompanied by the information referred to in Article 125(1) and a translation as referred to in Article 125(3). Consent shall be given where the offence for which it is requested is itself subject to surrender in accordance with the provisions of this Chapter. Consent shall be refused on the grounds referred to in Article 119 and otherwise may be refused only on the grounds referred to in Article 120, or Article 121(2) and Article 122(2). The decision shall be taken no later than 30 days after receipt of the request. For the situations laid down in Article 123, the competent authorities of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, must give the guarantees provided for therein.

Article 145

Surrender or subsequent extradition

1. The United Kingdom, in respect of Gibraltar, may notify the Specialised Committee on the Circulation of Persons that, in relations with Member States on behalf of which the Union has given the notification referred to in paragraph 2, its consent to the subsequent surrender by one of those Member States, of a person initially surrendered to that Member State by the United Kingdom, in respect of Gibraltar, pursuant to an arrest warrant, to another one of those Member States pursuant to an European arrest warrant issued for an offence committed prior to that person's surrender, is presumed to have been given, unless in a particular case the executing judicial authority of the United Kingdom, in respect of Gibraltar, states otherwise in its decision on surrender to the Member State deciding on the subsequent surrender.

2. The Union, acting on behalf of any of its Member States, may notify the Specialised Committee on the Circulation of Persons that, where the United Kingdom, in respect of Gibraltar, has given the notification referred to in paragraph 1, the consent of those Member States to the subsequent surrender by the United Kingdom, in respect of Gibraltar, of a person initially surrendered to the United Kingdom, in respect of Gibraltar, by one of those Member States pursuant to an arrest warrant, to another one of those Member States pursuant to an arrest warrant issued for an offence committed prior to that person's surrender, is presumed to have been given, unless in a particular case the executing judicial authority of the Member State which initially surrendered the person to the United Kingdom, in respect of Gibraltar, states otherwise in its decision on that surrender.

3. In any case, a person who has been surrendered to the issuing Member State or to the United Kingdom, in respect of Gibraltar, when it is the issuing actor, pursuant to an arrest warrant or European arrest warrant may be subsequently surrendered to a Member State other than the executing Member State or to the United Kingdom, in respect of Gibraltar, pursuant to an arrest warrant or European arrest warrant issued for any offence committed prior to the person's surrender without the consent of the executing judicial authority in the following cases:

(a) the requested person, having had an opportunity to leave the Member State to which that person has been surrendered or Gibraltar, if that person has been surrendered to the United Kingdom, in respect of Gibraltar, has not done so within 45 days of that person's final discharge, or has returned to that Member State or to Gibraltar after leaving it;

(b) the requested person consents to be surrendered to a Member State other than the executing Member State or to the United Kingdom, in respect of Gibraltar, pursuant to an arrest warrant or European arrest warrant; consent must be given before the competent judicial authorities of the issuing Member State or the United Kingdom, in respect of Gibraltar, when it is the issuing actor, and be recorded in accordance with the domestic law of that Member State or of the United Kingdom, in respect of Gibraltar; it must be drawn up in such a way as to make clear that the person concerned has given it voluntarily and in full awareness of the consequences; to that end, the requested person shall have the right to a lawyer; and

(c) the requested person is not subject to the speciality rule, in accordance with point (a), (e), (f) or (g) of Article 144(4).

4. The executing judicial authority shall consent to the surrender to another Member State or to the United Kingdom, in respect of Gibraltar, in accordance with the following rules:

(a) the request for consent shall be submitted in accordance with Article 126, accompanied by the information set out in Article 125(1) and a translation as referred to in Article 125(3);

(b) consent shall be given where the offence for which it is requested is itself subject to surrender in accordance with the provisions of this Agreement;

(c) the decision shall be taken no later than 30 days after receipt of the request; and

(d) consent shall be refused on the grounds referred to in Article 119 and otherwise may be refused only on the grounds referred to in Article 120, Article 121(2) and Article 122(2).

5. For the situations referred to in Article 123, the competent authorities of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, must give the guarantees provided for therein.

6. Notwithstanding paragraphs 1 and 2, a person who has been surrendered pursuant to an arrest warrant shall not be extradited to a third country or surrendered to the United Kingdom without the consent of the competent authority of the Member State which surrendered the person or of the United Kingdom, in respect of Gibraltar, if it surrendered the person. Such consent shall be given in accordance with the Conventions by which that Member State or the United Kingdom, in respect of Gibraltar, as the case may be, is bound, as well as with the domestic law of that Member State or of the United Kingdom, in respect of Gibraltar.

Article 146

Handing over of property

1. At the request of the issuing judicial authority or on its own initiative, the executing judicial authority shall, in accordance with the domestic law of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, seize and hand over property which:

(a) may be required as evidence; or

(b) has been acquired by the requested person as a result of the offence.

2. The property referred to in paragraph 1 shall be handed over even if the arrest warrant cannot be carried out owing to the death or escape of the requested person.

3. If the property referred to in paragraph 1 is liable to seizure or confiscation in the executing Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the executing actor, the authorities of that Member State or of the United Kingdom, in respect of Gibraltar, may, if the property is needed in connection with pending criminal proceedings, temporarily retain it or hand it over to the United Kingdom, in respect of Gibraltar, when it is the issuing actor, or to the issuing Member State on condition that it is returned.

4. Any rights which the authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor, or third parties may have acquired in the property referred to in paragraph 1 shall be preserved. Where such rights exist the competent authority of the United Kingdom, in respect of Gibraltar, when it is the issuing actor, or of the issuing Member State shall return the property without charge to the executing Member State or to Gibraltar, when the United Kingdom, in respect of Gibraltar, is the executing actor, as soon as the criminal proceedings have been terminated.

Article 147

Expenses

1. Expenses incurred in the executing Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the executing actor, for the execution of an arrest warrant shall be borne by the authorities of the executing Member State or of the United Kingdom, in respect of Gibraltar, when it is the executing actor.

2. All other expenses shall be borne by the authorities of the issuing Member State or of the United Kingdom, in respect of Gibraltar, when it is the issuing actor.

Article 148

Relation to other legal instruments

1. Without prejudice to their application in relations between Member States or the United Kingdom, in respect of Gibraltar, on the one side, and third countries, on the other side, this Chapter, from the date of entry into force of this Agreement, replaces the corresponding provisions of the following conventions applicable in the field of extradition in relations between the United Kingdom, in respect of Gibraltar, on the one side, and Member States, on the other side:

(a) the European Convention on Extradition, done at Paris on 13 December 1957, and its additional protocols; and

(b) the European Convention on the Suppression of Terrorism, as far as extradition is concerned.

2. In the case referred to in Article 68(5), the Conventions referred to in paragraph 1 shall continue to apply between a Member State in relation to which a notification in accordance with Article 68(5) has been made and the United Kingdom, in respect of Gibraltar, until the Union, on behalf of that Member State, notifies the Specialised Committee on the Circulation of Persons that the relevant constitutional requirements for the application of this Chapter in that Member State have been fulfilled.

3. Where the Conventions referred to in paragraph 1 apply to the territories of Member States or to territories for whose external relations a Member State is responsible to which this Chapter does not apply, those Conventions continue to govern the relations existing between those territories and the United Kingdom, in respect of Gibraltar.

Article 149

Review of notifications

When carrying out a joint review of this Agreement in accordance with Article 330, the Parties shall consider the need to maintain the notifications made under Article 118(4), Article 121(2) and Article 122(2). If the notifications referred to in Article 122(2) are not renewed, they shall expire four years after the date of entry into force of this Agreement or at the date of completion of the joint review of this Agreement in accordance with Article 330, whichever is the later. Notifications as referred to in Article 122(2) may only be renewed or newly made during the three months prior to the fourth anniversary of the entry into force of this Agreement and, subsequently, every five years thereafter, provided that the conditions set out in Article 122(2) are met at that time.

Article 150

Ongoing arrest warrants in case of disapplication

Notwithstanding Articles 66, 67 and 334, the provisions of this Chapter apply in respect of arrest warrants where the requested person was arrested before the disapplication of this Chapter for the purposes of the execution of an arrest warrant, irrespective of the decision of the executing judicial authority as to whether the requested person is to remain in detention or be provisionally released.

Article 151

Application to existing European arrest warrants

This Chapter shall apply in respect of European arrest warrants issued in accordance with Council Framework Decision 2002/584/JHA ([24]) by the competent authorities of a Member State or of the United Kingdom, in respect of Gibraltar, before 31 December 2020 where the requested person has not been arrested for the purpose of its execution by the date of entry into force of this Agreement.

CHAPTER 6

MUTUAL ASSISTANCE

Article 152

Objective

1. The objective of this Chapter is to supplement the provisions, and facilitate the application between Member States, on the one side, and the United Kingdom, in respect of Gibraltar, on the other side, of:

(a) the European Mutual Assistance Convention;

(b) the Additional Protocol to the European Mutual Assistance Convention, done at Strasbourg on 17 March 1978;

(c) the Second Additional Protocol to the European Mutual Assistance Convention, done at Strasbourg on 8 November 2001; and

(d) the Third Additional Protocol to the European Mutual Assistance Convention, done at Valletta on 19 September 2025.

2. This Chapter is without prejudice to the provisions of Chapter 4 of this Title, which takes precedence over this Chapter.

Article 153

Definition of competent authority

For the purposes of this Chapter, 'competent authority' means any authority of a Member State or of the United Kingdom, in respect of Gibraltar, which is competent to send or receive requests for mutual assistance in accordance with the provisions of the European Mutual Assistance Convention and its Protocols and, where applicable, as defined by Member States or the United Kingdom, in respect of Gibraltar, in their respective declarations addressed to the Secretary General of the Council of Europe. 'Competent authority' also includes the Union bodies notified in accordance with Article 68; with regard to such Union bodies, the provisions of this Chapter apply accordingly.

Article 154

Form for a request for mutual assistance

1. Requests for mutual assistance shall be made using the standard form set out in Annex 15.

2. The Specialised Committee on the Circulation of Persons may amend the form in Annex 15 as may be necessary.

([24]) Council Framework Decision 2002/584/JHA of 13 June 2002 on the European arrest warrant and the surrender procedures between Member States (OJ L 190, 18.7.2002, p. 1, ELI: http://data.europa.eu/eli/dec_framw/2002/584/oj).

3. The Specialised Committee on the Circulation of Persons shall adopt any modifications to the form in Annex 15 as may be necessary to reflect changes made to the form for requests for mutual assistance between the United Kingdom and the Member States under the Trade and Cooperation Agreement.

4. The Specialised Committee on the Circulation of Persons may also undertake to establish a standard form for notifications such as those referred to in Article 3(2) of the Third Additional Protocol to the European Mutual Assistance Convention. The Specialised Committee on the Circulation of Persons may amend such standard form for notifications as may be necessary.

Article 155

Conditions for a request for mutual assistance

1. The competent authority of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, may only make a request for mutual assistance if it is satisfied that the following conditions are met:

(a) the request is necessary and proportionate for the purpose of the proceedings, taking into account the rights of the suspected or accused person; and

(b) the investigative measure or investigative measures indicated in the request could have been ordered under the same conditions in a similar domestic case.

2. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, may consult the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, if the competent authority of the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, is of the view that the conditions in paragraph 1 are not met. After the consultation, the competent authority of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, may decide to withdraw the request for mutual assistance.

Article 156

Recourse to a different type of investigative measure

1. Wherever possible, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall consider recourse to an investigative measure other than the measure indicated in the request for mutual assistance if:

(a) the investigative measure indicated in the request does not exist under the law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor; or

(b) the investigative measure indicated in the request would not be available in a similar domestic case.

2. Without prejudice to the grounds for refusal available under the European Mutual Assistance Convention and its Protocols and under Article 158, paragraph 1 of this Article does not apply to the following investigative measures, which shall always be available under the law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor:

(a) the obtaining of information contained in databases held by police or judicial authorities that is accessible by the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, in the framework of criminal proceedings;

(b) the hearing of a witness, expert, victim, suspected or accused person or third party in the requested Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requested actor;

(c) any non-coercive investigative measure as defined under the law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor; and

(d) the identification of persons holding a subscription to a specified phone number or IP address.

3. The competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, may also have recourse to an investigative measure other than the measure indicated in the request for mutual assistance if the investigative measure selected by the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, would achieve the same result by less intrusive means than the investigative measure indicated in the request.

4. If the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, decides to have recourse to a measure other than that indicated in the request for mutual assistance as referred to in paragraph 1 or 3, it shall first inform the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, which may decide to withdraw or supplement the request.

5. If the investigative measure indicated in the request does not exist under the law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, or would not be available in a similar domestic case, and there is no other investigative measure which would have the same result as the investigative measure requested, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall inform the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, that it is not possible to provide the assistance requested.

Article 157

Obligation to inform

The competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall inform the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, by any means and without undue delay if:

(a) it is impossible to execute the request for mutual assistance due to the fact that the request is incomplete or manifestly incorrect; or

(b) the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, in the course of the execution of the request for mutual assistance, considers without further enquiries that it may be appropriate to carry out investigative measures not initially foreseen, or which could not be specified when the request for mutual assistance was made, in order to enable the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, to take further action in the specific case.

Article 158

Ne bis in idem

Mutual assistance may be refused, in addition to the grounds for refusal provided for under the European Mutual Assistance Convention and its Protocols, on the ground that the person in respect of whom the assistance is requested and who is subject to criminal investigations, prosecutions or other proceedings, including judicial proceedings, in the requesting Member State or in the United Kingdom, in respect of Gibraltar, when it is the requesting actor, has been finally judged by an authority of the United Kingdom, of the United Kingdom, in respect of Gibraltar, or of a Member State, as the case may be, in respect of the same acts, provided that, if a penalty has been imposed, it has been enforced, is in the process of being enforced or can no longer be enforced, as the case may be, under the law of the United Kingdom, of the United Kingdom, in respect of Gibraltar, or of the Member State in which the person is being sentenced.

Article 159

Time limits

1. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall decide whether to execute the request for mutual assistance as soon as possible and in any event no later than 45 days after the receipt of the request and shall inform the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, of its decision.

2. A request for mutual assistance shall be executed as soon as possible and, in any event, no later than 90 days after the decision referred to in paragraph 1 of this Article or after the consultation referred to in Article 155(2) has taken place.

3. If it is indicated in the request for mutual assistance that, due to procedural deadlines, the seriousness of the offence or other particularly urgent circumstances, a shorter time limit than that provided for in paragraph 1 or 2 is necessary, or if it is indicated in the request that a measure for mutual assistance is to be carried out on a specific date, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take as full account as possible of that requirement.

4. Where applicable, if a request for mutual assistance is made to take provisional measures pursuant to Article 24 of the Second Additional Protocol to the European Mutual Assistance Convention, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall decide on the provisional measure, and shall communicate that decision to the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State as soon as possible after the receipt of the request. Before lifting any provisional measure taken pursuant to this Article, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, wherever possible, shall give the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, an opportunity to present its reasons in favour of continuing the measure.

5. If in a specific case, the time limit provided for in paragraph 1 or 2, or the time limit or specific date referred to in paragraph 3 cannot be met, or the decision on taking provisional measures in accordance with paragraph 4 is delayed, the competent authority of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, without delay, inform the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, by any means, giving the reasons for the delay, and shall consult with the competent authority of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State, on the appropriate timing to execute the request for mutual assistance.

6. For greater certainty, the provisions of this Article take precedence over Article 6 of the Third Additional Protocol to the European Mutual Assistance Convention.

Article 160

Transmission of requests for mutual assistance

1. Article 6(1) of this Agreement shall apply only in relation to the initial transmission of requests for mutual assistance and to the initial transmission of communications relating to spontaneous information and notifications referred to in Articles 3 and 4 of the Third Additional Protocol to the European Mutual Assistance Convention, which shall be transmitted in accordance with Article 6(1) of this Agreement and the respective provisions of the European Mutual Assistance Convention and its Protocols.

2. In addition to the channels of communication provided for under the European Mutual Assistance Convention and its Protocols, if direct transmission is provided for, under their respective provisions, for requests for mutual assistance, and communications relating to spontaneous information and notifications referred to in Articles 3 and 4 of the Third Additional Protocol to the European Mutual Assistance Convention, these may also be transmitted directly by public prosecutors of the United Kingdom, in respect of Gibraltar, to competent authorities of the Member States. Article 6(1) of this Agreement shall apply to the initial transmission of such requests for mutual assistance, and to the initial transmission of such communications relating to spontaneous information and notifications referred to in Articles 3 and 4 of the Third Additional Protocol to the European Mutual Assistance Convention by public prosecutors of the United Kingdom, in respect of Gibraltar.

3. In addition to the channels of communication provided for under the European Mutual Assistance Convention and its Protocols, in urgent cases or where competent authorities of two or more Member States and the United Kingdom, in respect of Gibraltar, need to coordinate judicial cooperation procedures, any request for mutual assistance, as well as spontaneous information, or notification referred to Articles 3 and 4 of the Third Additional Protocol to the European Mutual Assistance Convention, and by way of derogation from paragraph 1 of this Article, may be transmitted via Europol or Eurojust in line with the provisions in the respective Chapters of this Agreement.

Article 161

Joint Investigation Teams

If the competent authorities of Member States and of the United Kingdom, in respect of Gibraltar, set up a Joint Investigation Team, the relationship between Member States within the Joint Investigation Team shall be governed by Union law, notwithstanding the legal basis referred to in the agreement on the setting up of the Joint Investigation Team.

CHAPTER 7

FREEZING AND CONFISCATION

Article 162

Objective and principles of cooperation

1. The objective of this Chapter is to provide for cooperation between the United Kingdom, in respect of Gibraltar, on the one side, and the Member States, on the other side, to the widest extent possible for the purposes of investigations and proceedings aimed at the freezing of property with a view to subsequent confiscation thereof and investigations and proceedings aimed at the confiscation of property within the framework of proceedings in criminal matters. This does not preclude other cooperation pursuant to Article 171(5) and (6). This Chapter also provides for cooperation with Union bodies designated by the Union for the purposes of this Chapter.

2. The United Kingdom, in respect of Gibraltar, and the Member States shall comply, under the conditions provided for in this Chapter, with requests from a Member State or the United Kingdom, in respect of Gibraltar:

(a) for the confiscation of specific items of property, as well as for the confiscation of proceeds consisting of a requirement to pay a sum of money corresponding to the value of proceeds;

(b) for investigative assistance and provisional measures with a view to either form of confiscation referred to in point (a).

3. Investigative assistance and provisional measures sought under point (b) of paragraph 2 shall be carried out as permitted by and in accordance with the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor. Where the request concerning one of these measures specifies formalities or procedures which are necessary under the domestic law of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, even if unfamiliar to the requested Member State or to the United Kingdom, in respect of Gibraltar, when it is the requested actor, the requested authority shall comply with such requests to the extent that the action sought is not contrary to the fundamental principles of its domestic law.

4. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall ensure that the requests coming from another Member State or from the United Kingdom, in respect of Gibraltar, to identify, trace, freeze or seize the proceeds and instrumentalities, receive the same priority as those made in the framework of domestic procedures.

5. When requesting confiscation, investigative assistance and provisional measures for the purposes of confiscation, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall ensure that the principles of necessity and proportionality are respected.

6. The provisions of this Chapter shall apply in place of the 'international cooperation' Chapters of the Council of Europe Convention on Laundering, Search, Seizure and Confiscation of the Proceeds from Crime and on the Financing of Terrorism, done at Warsaw on 16 May 2005 ('the 2005 Convention'), and the Convention on Laundering, Search, Seizure and Confiscation of the Proceeds from Crime, done at Strasbourg on 8 November 1990 ('the 1990 Convention'). Article 163 of this Agreement shall replace the corresponding definitions in Article 1 of the 2005 Convention and Article 1 of the 1990 Convention. The provisions of this Chapter shall not affect the obligations of the United Kingdom, in respect of Gibraltar, or of Member States under the other provisions of the 2005 Convention and the 1990 Convention.

Article 164

Obligation to assist

The United Kingdom, in respect of Gibraltar, and the Member States shall afford each other, upon request, the widest possible measure of assistance in the identification and tracing of instrumentalities, proceeds and other property liable to confiscation. Such assistance shall include any measure providing and securing evidence as to the existence, location or movement, nature, legal status or value of those instrumentalities, proceeds or other property.

Article 165

Requests for information on bank accounts and safe deposit boxes

1. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, under the conditions set out in this Article, take the measures necessary to determine, in answer to a request sent by the United Kingdom, in respect of Gibraltar, or by a Member State, whether a natural or legal person that is the subject of a criminal investigation holds or controls one or more accounts, of whatever nature, in any bank located in that Member State's territory or in Gibraltar, and, if so, provide the details of the identified accounts. These details shall in particular include the name of the customer account holder and the IBAN number, and, in the case of safe deposit boxes, the name of the lessee or a unique identification number.

2. The obligation set out in paragraph 1 applies only to the extent that the information is in the possession of the bank keeping the account.

3. In addition to the requirements of Article 186, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall, in the request:

(a) indicate why it considers that the requested information is likely to be of substantial value for the purposes of the criminal investigation into the offence;

(b) state on what grounds it presumes that banks in the requested Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requested actor, hold the account and specify, to the widest extent possible, which banks and accounts may be involved; and

(c) include any additional information available which may facilitate the execution of the request.

4. The United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that this Article will be extended to accounts held in non-bank financial institutions. Such notifications may be made subject to the principle of reciprocity.

Article 166

1. On request by another Member State or the United Kingdom, in respect of Gibraltar, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall provide the particulars of specified bank accounts and of banking operations which have been carried out during a specified period through one or more accounts specified in the request, including the particulars of any sending or recipient account.

2. The obligation set out in paragraph 1 applies only to the extent that the information is in the possession of the bank keeping the account.

3. In addition to the requirements of Article 186, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall indicate in its request why it considers the requested information relevant for the purposes of the criminal investigation into the offence.

4. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, may make the execution of such a request dependent on the same conditions as it applies in respect of requests for search and seizure.

5. The United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that this Article will be extended to accounts held in non-bank financial institutions. Such notifications may be made subject to the principle of reciprocity.

Article 167

Requests for the monitoring of banking transactions

1. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall ensure that, at the request of the United Kingdom, in respect of Gibraltar, or of a Member State, it is able to monitor, during a specified period, the banking operations that are being carried out through one or more accounts specified in the request and to communicate the results of the monitoring to the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor.

2. In addition to the requirements of Article 186, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall indicate in its request why it considers the requested information relevant for the purposes of the criminal investigation into the offence.

3. The decision to monitor shall be taken in each individual case by the competent authorities of the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, in accordance with its domestic law.

4. The practical details regarding the monitoring shall be agreed by the requesting Member State or the requested Member State and the United Kingdom, in respect of Gibraltar, as the requested or requesting actor, as the case may be.

5. The United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that this Article will be extended to accounts held in non-bank financial institutions. Such notifications may be made subject to the principle of reciprocity.

Article 168

Spontaneous information

Without prejudice to its own investigations or proceedings, a Member State or the United Kingdom, in respect of Gibraltar, may without prior request forward to the United Kingdom, in respect of Gibraltar, or to a Member State information on instrumentalities, proceeds and other property liable to confiscation, where it considers that the disclosure of such information might assist the receiving Member State or the United Kingdom, in respect of Gibraltar, when it is the receiving actor, in initiating or carrying out investigations or proceedings or might lead to a request by that Member State or the United Kingdom, in respect of Gibraltar, under this Chapter.

Article 169

Obligation to take provisional measures

1. At the request of the United Kingdom, in respect of Gibraltar, or of a Member State which has instituted a criminal investigation or proceedings, or an investigation or proceedings for the purposes of confiscation, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take the necessary provisional measures, such as freezing or seizing, to prevent any dealing in, transfer or disposal of property which, at a later stage, may be the subject of a request for confiscation or which might satisfy the request.

2. A Member State or the United Kingdom, in respect of Gibraltar, which has received a request for confiscation pursuant to Article 171 shall, if so requested, take the measures referred to in paragraph 1 of this Article in respect of any property which is the subject of the request or which might satisfy the request.

3. Where a request is received under this Article, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take all necessary measures to comply with the request without delay and with the same speed and priority as for a similar domestic case and send confirmation without delay and by any means of producing a written record to the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or to the requesting Member State.

4. Where the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, states that immediate freezing is necessary since there are legitimate grounds to believe that the property in question will immediately be removed or destroyed, the United Kingdom, in respect of Gibraltar, when it is the requested actor, or the requested Member State shall take all necessary measures to comply with the request within 96 hours of receiving the request and send confirmation to the requesting Member State or to the United Kingdom, in respect of Gibraltar, when it is the requesting actor, by any means of producing a written record and without delay.

5. Where the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, is unable to comply with the time limits under paragraph 4, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall immediately inform the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State and consult with the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State on the appropriate next steps.

6. Any expiration of the time limits under paragraph 4 does not extinguish the requirements placed on the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, by this Article.

Article 170

Execution of provisional measures

1. After the execution of the provisional measures requested in conformity with Article 169(1), the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall provide spontaneously and as soon as possible to the United Kingdom, in respect of Gibraltar, when it is the requested actor, or to the requested Member State all information which may question or modify the extent of those measures. The requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, shall also provide without delay all complementary information required by the United Kingdom, in respect of Gibraltar, when it is the requested actor, or by the requested Member State and which is necessary for the implementation of and the follow-up to the provisional measures.

2. Before lifting any provisional measure taken pursuant to Article 169, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, wherever possible, give the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State an opportunity to present its reasons in favour of continuing the measure.

Article 171

Obligation to confiscate

1. If a Member State or the United Kingdom, in respect of Gibraltar, has received a request for confiscation of property situated in that Member State's territory or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requested actor, it shall:

(a) enforce a confiscation order made by a court in the requesting Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requesting actor, in relation to such property; or

(b) submit the request to its competent authorities for the purpose of obtaining an order of confiscation and, if such an order is granted, enforce it.

2. For the purposes of point (b) of paragraph 1, the Member States or the United Kingdom, in respect of Gibraltar, shall, whenever necessary, have competence to institute confiscation proceedings under their own domestic law.

3. Paragraph 1 also applies to confiscation consisting of a requirement to pay a sum of money corresponding to the value of proceeds, if property against which the confiscation can be enforced is located in the requested Member State's territory or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requested actor. In such cases, when enforcing confiscation pursuant to paragraph 1, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, if payment is not obtained, realise the claim on any property available for that purpose.

4. If a request for confiscation concerns a specific item of property, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, and the United Kingdom, in respect of Gibraltar, when it is the requested actor, or the requested Member State, may agree that the United Kingdom, in respect of Gibraltar, when it is the requested actor, or the requested Member State may enforce the confiscation in the form of a requirement to pay a sum of money corresponding to the value of the property.

5. The United Kingdom, in respect of Gibraltar, and the Member States shall cooperate to the widest extent possible under their domestic law with a Member State or the United Kingdom, in respect of Gibraltar, requesting the execution of measures equivalent to confiscation of property, where the request has not been issued in the framework of proceedings in criminal matters, in so far as such measures are ordered by a judicial authority of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, in relation to a criminal offence, provided that it has been established that the property constitutes proceeds or:

(a) other property into which the proceeds have been transformed or converted;

(b) property acquired from legitimate sources, if proceeds have been intermingled, in whole or in part, with such property, up to the assessed value of the intermingled proceeds; or

(c) income or other benefit derived from the proceeds, from property into which proceeds of crime have been transformed or converted or from property with which the proceeds of crime have been intermingled, up to the assessed value of the intermingled proceeds, in the same manner and to the same extent as proceeds.

6. The measures referred to in paragraph 5 include measures which allow the seizure, detention and forfeiture of property and assets by means of applications to civil courts.

7. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take the decision on the execution of the confiscation order without delay, and, without prejudice to paragraph 8 of this Article, no later than 45 days after receiving the request. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall send confirmation to the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or to the requesting Member State by any means of producing a written record and without delay. Unless grounds for postponement under Article 178 exist, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take the concrete measures necessary to execute the confiscation order without delay and, at least, with the same speed and priority as for a similar domestic case.

8. Where the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, is unable to comply with the time limit under paragraph 7, it shall immediately inform the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State and consult with the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or with the requesting Member State on the appropriate next steps.

9. Any expiration of the time limit under paragraph 7 does not extinguish the requirements placed on the requested Member State or on the United Kingdom, in respect of Gibraltar, when it is the requested actor, by this Article.

Article 172

Execution of confiscation

1. The procedures for obtaining and enforcing the confiscation under Article 171 shall be governed by the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor.

2. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall be bound by the findings as to the facts in so far as they are stated in a conviction or judicial decision issued by a court in the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or in the requesting Member State or in so far as such conviction or judicial decision is implicitly based on them.

3. If the confiscation consists of the requirement to pay a sum of money, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall convert the amount thereof into their respective currency at the rate of exchange applicable at the time when the decision to enforce the confiscation is taken.

Article 173

Confiscated property

1. Subject to paragraphs 2 and 3 of this Article, property confiscated pursuant to Articles 171 and 172 shall be disposed of by the requested Member State or by the United Kingdom, in respect of Gibraltar, when it is the requested actor, in accordance with its domestic law and administrative procedures.

2. When acting on the request made by the United Kingdom, in respect of Gibraltar, or by a Member State pursuant to Article 171, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, to the extent permitted by its domestic law and if so requested, give priority consideration to returning the confiscated property to the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or to the requesting Member State so that it can give compensation to the victims of the crime or return such property to their legitimate owners.

3. Where acting on the request made by the United Kingdom, in respect of Gibraltar, or by a Member State pursuant to Article 171, and after having taken into account the right of a victim to restitution or compensation of property pursuant to paragraph 2 of this Article, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall dispose of the money obtained as a result of the execution of a confiscation order as follows:

(a) if the amount is equal to or less than EUR 10 000, the amount shall accrue to the requested Member State or to the United Kingdom, in respect of Gibraltar, when it is the requested actor; or

(b) if the amount is greater than EUR 10 000, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall transfer 50 % of the amount recovered to the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or to the requesting Member State.

4. Notwithstanding paragraph 3, the United Kingdom, in respect of Gibraltar, and Member States may, on a case-by-case basis, give special consideration to concluding other such agreements or arrangements on disposal of property as they deem appropriate.

Article 174

Right of enforcement and maximum amount of confiscation

1. A request for confiscation made under Article 171 does not affect the right of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, to enforce the confiscation order itself.

2. Nothing in this Chapter shall be interpreted as permitting the total value of the confiscation to exceed the amount of the sum of money specified in the confiscation order. If a Member State or the United Kingdom, in respect of Gibraltar, finds that this might occur, the United Kingdom, in respect of Gibraltar, and the Member States concerned, shall enter into consultations to avoid such an effect.

Article 175

Imprisonment in default

The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall not impose imprisonment in default or any other measure restricting the liberty of a person as a result of a request under Article 171 without the consent of the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or of the requesting Member State.

Article 176

Grounds for refusal

1. Cooperation under this Chapter may be refused if:

(a) the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, considers that executing the request would be contrary to the principle of ne bis in idem; or

(b) the offence to which the request relates does not constitute an offence under the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, if committed within its jurisdiction; however, this ground for refusal applies to cooperation under Articles 164 to 168 only in so far as the assistance sought involves action which is coercive.

2. The United Kingdom, in respect of Gibraltar, and the Union, acting on behalf of any of its Member States, may each notify the Specialised Committee on the Circulation of Persons that, on the basis of reciprocity, the condition of double criminality referred to in point (b) of paragraph 1 of this Article will not be applied provided that the offence giving rise to the request is:

(a) one of the offences listed in Article 118(5), as defined by the law of the requesting Member State or of the United Kingdom, in respect of Gibraltar, when it is the requesting actor; and

(b) punishable by the requesting Member State or by the United Kingdom, in respect of Gibraltar, when it is the requesting actor, by a custodial sentence or a detention order for a maximum period of at least three years.

3. Cooperation under Articles 164 to 168, in so far as the assistance sought involves action which is coercive, and under Articles 169 and 170 may also be refused if the measures sought could not be taken under the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, for the purposes of investigations or proceedings in a similar domestic case.

4. Where the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, so requires, cooperation under Articles 164 to 168, in so far as the assistance sought involves action which is coercive, and under Articles 169 and 170 may also be refused if the measures sought or any other measures having similar effects would not be permitted under the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, or if the request is not authorised by a judicial authority acting in relation to criminal offences.

5. Cooperation under Articles 171 to 175 may also be refused if:

(a) under the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, confiscation is not provided for in respect of the type of offence to which the request relates;

(b) without prejudice to the obligation pursuant to Article 171(3), it would be contrary to the principles of the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, concerning the limits of confiscation in respect of the relationship between an offence and:

(i) an economic advantage that might be qualified as its proceeds; or

(ii) property that might be qualified as its instrumentalities;

(c) under the domestic law of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, confiscation may no longer be imposed or enforced because of the lapse of time;

(d) without prejudice to Article 171(5) and (6), the request does not relate to a previous conviction, or a decision of a judicial nature or a statement in such a decision that an offence or several offences have been committed, on the basis of which the confiscation has been ordered or is sought;

(e) confiscation is either not enforceable in the requesting Member State or in Gibraltar, when the United Kingdom, in respect of Gibraltar, is the requesting actor, or it is still subject to ordinary means of appeal; or

(f) the request relates to a confiscation order resulting from a decision rendered in absentia of the person against whom the order was issued and, in the opinion of the requested Member State or of the United Kingdom, in respect of Gibraltar, when it is the requested actor, the proceedings conducted by the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or by the requesting Member State leading to such decision did not satisfy the minimum rights of defence recognised as due to everyone against whom a criminal charge is made.

6. For the purposes of point (f) of paragraph 5, a decision is not considered to have been rendered in absentia if:

(a) it has been confirmed or pronounced after opposition by the person concerned; or

(b) it has been rendered on appeal, provided that the appeal was lodged by the person concerned.

7. When considering, for the purposes of point (f) of paragraph 5, whether the minimum rights of defence have been satisfied, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall take into account the fact that the person concerned has deliberately sought to evade justice or the fact that that person, having had the possibility of lodging a legal remedy against the decision made in absentia, elected not to do so. The same applies where the person concerned, having been duly served with the summons to appear, elected not to do so nor to ask for adjournment.

8. The Member States or the United Kingdom, in respect of Gibraltar, shall not invoke bank secrecy as a ground to refuse any cooperation under this Chapter. Where its domestic law so requires, a requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, may require that a request for cooperation which would involve the lifting of bank secrecy be authorised by a judicial authority acting in relation to criminal offences.

9. The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall not invoke the fact that:

(a) the person under investigation by, or subject to a confiscation order of, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, is a legal person as an obstacle to affording any cooperation under this Chapter;

(b) the natural person against whom an order of confiscation of proceeds has been issued has died or a legal person against whom an order of confiscation of proceeds has been issued has subsequently been dissolved as an obstacle to affording assistance in accordance with point (a) of Article 171(1); or

(c) the person under investigation by, or subject to a confiscation order of, the requesting Member State or the United Kingdom, in respect of Gibraltar, when it is the requesting actor, is mentioned in the request both as the author of the underlying criminal offence and of the offence of money laundering as an obstacle to affording any cooperation under this Chapter.

Article 177

Consultation and information

Where there are substantial grounds for believing that the execution of a freezing or confiscation order would entail a real risk for the protection of fundamental rights, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, before it decides on the execution of the freezing or confiscation order, consult the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State and may require any necessary information to be provided.

Article 178

Postponement

The requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, may postpone action on a request if such action would prejudice the investigations or proceedings of that Member State or of the United Kingdom, in respect of Gibraltar.

Article 179

Partial or conditional granting of a request

Before refusing or postponing cooperation under this Chapter, the requested Member State or the United Kingdom, in respect of Gibraltar, when it is the requested actor, shall, where appropriate after having consulted the United Kingdom, in respect of Gibraltar, when it is the requesting actor, or the requesting Member State, consider whether the request may be granted partially or subject to such conditions as it deems necessary.

Article 180

Notification of documents

1. The United Kingdom, in respect of Gibraltar, and the Member States shall afford each other the widest measure of mutual assistance in the serving of judicial documents to persons affected by provisional measures and confiscation.

2. Nothing in this Article is intended to interfere with:

(a) the possibility of sending judicial documents, by postal channels, directly to persons abroad; and

(b) the possibility for judicial officers, officials or other competent authorities of the Member State of origin, or of the United Kingdom, in respect of Gibraltar, when it is the sending actor, to effect service of judicial documents directly through the consular authorities of that Member State or of the United Kingdom, as the case may be, or through the judicial authorities, including judicial officers and officials, or other competent authorities, of the Member State of destination, or of the United Kingdom, in respect of Gibraltar, when it is the receiving actor.

3. 1. Where legal action on liability for damages resulting from an act or omission in relation to cooperation under this Chapter has been initiated by a person, the Member States concerned or the United Kingdom, in respect of Gibraltar, as the case may be, shall consider consulting each other, where appropriate, to determine how to apportion any sum of damages due.

TITLE VI

ANTI-MONEY LAUNDERING AND COUNTER-TERRORIST FINANCING

Article 196

Objective

The objective of this Title is to support and strengthen action by the Union and by the United Kingdom, in respect of Gibraltar, to prevent and combat money laundering and terrorist financing.

Article 197

Principles

1. The Parties agree to support international efforts to prevent and combat money laundering and terrorist financing.

2. The Parties recognise the need to cooperate in preventing the use of their financial systems to launder the proceeds of all criminal activity, including drug trafficking and corruption, and to combat terrorist financing.

3. The Parties recognise the importance of information exchange in relation to money laundering, associated predicate offences and terrorist financing.

4. The Parties recognise the need to take into account the standards and recommendations of the Financial Action Task Force in their respective anti-money laundering and counter-terrorist financing regimes.

Article 198

Non-regression from existing measures to prevent and combat money laundering and terrorist financing

1. The Parties affirm the right of each Party to set its policies and priorities in the areas covered by this Chapter, to determine the levels necessary to prevent and combat money laundering and terrorist financing it deems appropriate and to adopt and modify its law and policies in a manner consistent with each Party's international commitments, including those under this Title.

2. The United Kingdom, in respect of Gibraltar, shall not weaken or reduce its anti-money laundering and terrorist financing measures below the levels set out in the Union acts listed in Annex 17 in force at the entry into force of this Agreement, including by failing to effectively enforce its law and standards.

3. The Parties shall continue to strive to increase their respective anti-money laundering and terrorist financing protection level referred to in this Title.

4. The Parties shall regularly review the need to enhance the measures to prevent and combat money laundering and terrorist financing referred to in paragraph 2, as well as every time one Party amends its legislation and affects protection in a manner incompatible with this Title.

5. Where differences with regard to the level playing field between the Parties, leading to distortions in the prevention of money laundering and terrorist financing, arise as a result of significant divergences between the Parties in their domestic legislation, a consultation within the Specialised Committee on the Circulation of Persons shall take place with a view to finding a mutually satisfactory resolution to the matter within 45 days.

6. If no mutually satisfactory resolution has been found during the consultation referred to in paragraph 5, either Party may take appropriate rebalancing measures to address the situation. Such measures shall be restricted with respect to their scope and duration to what is strictly necessary and proportionate in order to remedy the situation. Priority shall be given to such measures as will least disturb the functioning of this Agreement. A Party's assessment of those impacts shall be based on reliable evidence and not merely on conjecture or remote possibility.

PART THREE

ECONOMY AND TRADE

TITLE I

LEVEL PLAYING FIELD FOR OPEN AND FAIR COMPETITION AND SUSTAINABLE DEVELOPMENT

CHAPTER 1

GENERAL PRINCIPLES

Article 199

Principles and objectives

1. The Parties recognise that trade and investment between the Union and the United Kingdom, in respect of Gibraltar, under the terms set out in this Agreement, require conditions that ensure a level playing field for open and fair competition between the Parties and that ensure that trade and investment take place in a manner conducive to sustainable development.

2. The Parties recognise that sustainable development encompasses economic development, social development and environmental protection, all three being interdependent and mutually reinforcing, and affirm their commitment to promoting the development of international trade and investment in a way that contributes to the objective of sustainable development.

3. Each Party reaffirms its ambition of achieving economy-wide climate neutrality by 2050.

4. The Parties affirm their common understanding that their economic relationship, as it pertains to Gibraltar, can only deliver benefits in a mutually satisfactory way if the commitments relating to a level playing field for open and fair competition stand the test of time, by preventing distortions of trade or investment, and by contributing to sustainable development. The Parties are determined to maintain and improve their respective high standards in the areas covered by this Title.

5. The Specialised Committee on Economy and Trade may include additional areas or lay down higher standards than those referred to in paragraph 4 with a view to ensuring the maintenance of a level playing field between the Parties over time.

Article 200

Right to regulate, precautionary principle and scientific and technical information

1. The Parties affirm the right of each Party to set its policies and priorities in the areas covered by this Title, to determine the levels of protection it deems appropriate and to adopt or modify its law and policies in a manner consistent with each Party's international commitments, including its commitments under this Title.

2. The Parties acknowledge that, in accordance with the precautionary principle, where there are reasonable grounds for concern that there are potential threats of serious or irreversible damage to the environment or human health, the lack of full scientific certainty shall not be used as a reason for preventing a Party from adopting appropriate measures to prevent such damage.

3. When preparing or implementing measures aimed at protecting the environment or labour conditions that may affect trade or investment, each Party shall take into account relevant and available scientific and technical information, international standards, guidelines and recommendations.

CHAPTER 2

STATE AID CONTROL

Article 201

Substantive rules

1. This Chapter and Annex 18 shall apply to state aid granted by the United Kingdom, in respect of Gibraltar, to one or more economic actors that:

(b) are engaged in the provision of services insofar as the aid has, or could have, an effect on trade in goods or investment between the Union and Gibraltar.

2. The Union is committed to maintaining its State aid control system in accordance with Articles 93, 106, 107 and 108 of the Treaty on the Functioning of the European Union, applying it, where relevant, to any aid that has, or could have, an effect on trade in goods or investment between the Union and Gibraltar.

(a) the legal basis and policy objective or purpose of the State aid;

(b) the name of the recipient of the State aid where available;

(c) the date of the grant of the State aid, the duration of the State aid and any other time limits attached to the State aid; and

(d) the amount of the State aid or the amount budgeted for the State aid.

2. For State aid in the form of tax measures, information shall be made public within one year from the date the tax declaration is due. The transparency obligations for State aid in the form of tax measures concern the same information as listed in paragraph 1, except for the information required under point (d) of that paragraph, which may be provided as a range.

3. The obligations in this Article are without prejudice to the obligations of the Parties under their respective laws concerning the freedom of information or access to documents.

Article 204

Use of State aid

Each Party shall ensure that economic actors use State aid only for the specific purpose for which it is granted.

Article 205

Independent authority or body and cooperation

1. Each Party shall establish or maintain an operationally independent authority or body with an appropriate role in its State aid control system. That independent authority or body shall have the necessary guarantees of independence in exercising its operational functions and shall act impartially.

2. Each Party shall ensure that any intended measure to grant or alter State aid is notified to their respective independent authority or body and that such intended measure is not put into effect before the independent authority or body has authorised it.

3. A Party may exempt certain categories of State aid from the obligations laid down in paragraph 2, provided that such exemptions are transparent and based on objective criteria such as, but not limited to, the size of the beneficiaries and quantitative thresholds. In the case of the United Kingdom, in respect of Gibraltar, such exemptions shall comply with Annex 18.

4. Each Party shall ensure that its independent authority or body has the power to order recovery of any State aid granted without prior authorisation by the independent authority or body.

5. Each Party shall encourage its independent authority or body to cooperate with the other Party's independent authority or body on issues of common interest within their respective functions, including the application of Articles 201 to 204, as applicable, within the limits established by their respective legal frameworks. The Parties, or their respective independent authorities or bodies, may agree upon a separate framework regarding cooperation between those independent authorities or bodies.

6. Paragraph 2 of this Article shall not apply to any intended measure to grant or alter state aid referred to in Article 201 by an Act of the Gibraltar Parliament. The United Kingdom, in respect of Gibraltar, shall ensure that any such intended measure is notified to its independent authority or body. The United Kingdom, in respect of Gibraltar, shall ensure that its independent authority or body has the power to issue an opinion on any such intended measure. The United Kingdom, in respect of Gibraltar, shall have regard to such an opinion and, where applicable, propose amendments to the Act in question for the Gibraltar Parliament to consider.

7. Paragraph 4 of this Article shall not apply to any measure to grant or alter state aid referred to in Article 201 by an Act of the Gibraltar Parliament. The United Kingdom, in respect of Gibraltar, shall ensure that its independent authority or body has the power to issue an opinion on any such measure. The United Kingdom, in respect of Gibraltar, shall have regard to such an opinion and, where applicable, propose amendments to the Act in question for the Gibraltar Parliament to consider.

Article 206

Courts and tribunals

1. Each Party shall ensure that, in accordance with its constitutional order, its courts or tribunals are competent to:

(a) review decisions on State aid taken by a granting authority or, where relevant, the independent authority or body, in accordance with its State aid control system;

(b) review any other relevant decisions of the independent authority or body and any relevant failure to act;

(c) impose remedies that are effective, in relation to point (a) or (b), including the suspension, prohibition or requirement of action by the granting authority, the award of damages, and the recovery of a State aid from its beneficiary with interest; and

(d) hear claims from interested parties in respect of State aid where that interested party has standing to bring a claim in respect of a State aid under that Party's law.

2. For the purposes of this Article and Article 207, 'interested party' means any natural or legal person, economic actor or association of economic actors whose interest might be affected by the granting of a State aid, in particular the beneficiary, economic actors competing with the beneficiary or relevant trade associations.

3. Point (c) of paragraph 1 of this Article shall not apply to any measure to grant or alter state aid referred to in Article 201 on the basis of an Act of the Gibraltar Parliament save that, if a court or tribunal is satisfied that such aid is incompatible with this Agreement, it may make a declaration of that incompatibility. The United Kingdom, in respect of Gibraltar, shall have regard to such a declaration and propose amendments to the Act in question for the Gibraltar Parliament to consider or take other appropriate steps, where applicable.

Article 207

Recovery

1. Each Party shall have in place an effective mechanism of recovery in respect of State aid in accordance with the following provisions, without prejudice to the power of the independent authority or body as set out in Article 205 and other remedies that exist in that Party's law.

2. Without prejudice to paragraph 3, each Party shall ensure that, provided that an interested party has challenged a decision of that Party to grant State aid before a court or a tribunal within the relevant time period, in accordance with that Party's State aid control system, recovery may be ordered if a court or tribunal of that Party makes a finding of a material error of law or fact, in that:

(a) a measure constituting State aid was not treated by the granting authority as a State aid;

(b) the granting authority has not complied with the relevant State aid control system that binds it; or

(c) the granting authority has, by deciding to grant that State aid, acted outside the scope of its powers or misused those powers in accordance with this Chapter.

3. Each Party shall suspend payment of any new State aid to a beneficiary until the State aid granted to that beneficiary, in respect of which an order for recovery has been made, has been fully recovered, including any recovery interests due.

4. In accordance with Article 205(6) and (7) and Article 206(3), recovery of a State aid shall not be required where such aid is granted or altered on the basis of an Act of the Gibraltar Parliament.

Article 208

Consultations

1. If a Party considers that State aid has been granted by the other Party or that there is clear evidence that the other Party intends to grant State aid and that the granting of the State aid has or could have a negative effect on trade in goods or investment between the Parties, it may request the other Party to provide an explanation of how this Agreement has been respected with regard to that State aid.

2. A Party may also request the information listed in Article 203(1) to the extent that the information has not already been made publicly available, on an official website or a public database, as referred to in Article 203, or to the extent that the information has not been made available in an easily and readily accessible manner.

3. The other Party shall provide the requested information in writing no later than 45 days from receipt of the request. If any requested information cannot be provided, that Party shall explain the absence of such information in its written response.

4. If, after receiving the information requested, the requesting Party still considers that the State aid granted or intended to be granted by the other Party has or could have a negative effect on trade in goods or investment between the Parties, the requesting Party may request consultations within the Specialised Committee on Economy and Trade. The request shall be in writing and shall include an explanation of the requesting Party's reasons for requesting the consultation.

5. The Specialised Committee on Economy and Trade shall make every attempt to arrive at a mutually satisfactory resolution of the matter. It shall hold its first meeting within 30 days of the request for consultation.

6. The timeframes for the consultations referred to in paragraphs 3 and 5 may be extended by agreement between the Parties.

Article 209

Remedial measures

1. A Party may deliver to the other Party a written request for information and consultations regarding a State aid that it considers causes, or there is a serious risk that it will cause, a significant negative effect on trade in goods or investment between the Parties. The requesting Party should provide in that request all relevant information to enable the Parties to find a mutually acceptable solution, including a description of the State aid and the concerns of the requesting Party regarding its effect on trade in goods or investment.

2. No later than 30 days from the date of delivery of the request, the requested Party shall deliver a written response providing the requested information to the requesting Party, and the Parties shall enter into consultations, which shall be deemed concluded 60 days from the date of delivery of that request, unless the Parties agree otherwise. Such consultations, and in particular all information designated as confidential and positions taken by the Parties during consultations, shall be confidential and shall be without prejudice to the rights of either Party in any further proceedings.

3. No earlier than 60 days from the date of delivery of the request referred to in paragraph 1, the requesting Party may unilaterally take appropriate remedial measures if there is evidence that a State aid of the requested Party causes, or there is a serious risk that it will cause, a significant negative effect on trade in goods or investment between the Parties.

4. No earlier than 45 days from the date of delivery of the request referred to in paragraph 1, the requesting Party shall notify the requested Party of the remedial measures that it intends to take in accordance with paragraph 3. The requesting Party shall provide all relevant information in relation to the measures that it intends to take to enable the Parties to find a mutually acceptable solution. The requesting Party may not take those remedial measures earlier than 15 days from the date of delivery of the notification of those measures to the requested Party.

5. A Party's assessment of the existence of a serious risk of a significant negative effect shall be based on facts and not merely on allegation, conjecture or remote possibility. The change in circumstances that would create a situation in which the State aid would cause such a significant negative effect must be clearly predictable.

6. A Party's assessment of the existence of a State aid or of a significant negative effect on trade in goods or investment between the Parties caused by the State aid shall be based on reliable evidence and not merely on conjecture or remote possibility, and shall relate to identifiable goods or economic actors, including, if relevant, in the case of State aid schemes.

7. The Specialised Committee on Economy and Trade may maintain an illustrative list of what would amount to a significant negative effect on trade in goods or investment between the Parties within the meaning of this Article. This shall be without prejudice to the right of the Parties to take remedial measures.

8. The remedial measures taken pursuant to paragraph 3 shall be restricted to what is strictly necessary and proportionate in order to remedy the significant negative effect caused or to address the serious risk of such an effect. Priority shall be given to measures that will least disturb the functioning of this Agreement.

9. Within five days from the date on which the remedial measures referred to in paragraph 3 of this Article enter into effect and without having prior recourse to consultations in accordance with Article 304, the notified Party may request, in accordance with Article 305(2), the establishment of an arbitration tribunal by means of a written request delivered to the requesting Party in order for the arbitration tribunal to decide whether:

(a) a remedial measure taken by the requesting Party is inconsistent with paragraph 3 or 5;

(b) the requesting Party did not participate in the consultations after the requested Party delivered the requested information and agreed to the holding of such consultations; or

(c) there was a failure to take or notify a remedial measure in accordance with the time periods referred to in paragraph 3 or 4 respectively.

That request shall not have a suspensive effect on the remedial measures. Furthermore, the arbitration tribunal shall not assess the application by a Party of its State aid control system.

10. The arbitration tribunal established following the request referred to in paragraph 9 of this Article shall conduct its proceedings in accordance with Article 327 and deliver its final ruling within 30 days from its establishment.

11. In the case of a finding against the respondent Party, the respondent Party shall, at the latest 30 days from the date of delivery of the ruling of the arbitration tribunal, deliver a notification to the complaining Party of any measure that it has taken to comply with that ruling.

12. Following a finding against the respondent Party in the procedure referred to in paragraph 10 of this Article, the complaining Party may request the arbitration tribunal, within 30 days from its ruling, to determine a level of suspension of obligations under this Agreement or a supplementing agreement not exceeding the level equivalent to the nullification or impairment caused by the application of the remedial measures, if it finds that the inconsistency of the remedial measures with paragraph 3 or 8 of this Article is significant. The request shall propose a level of suspension of obligations in accordance with the principles set out in Article 316. The complaining Party may suspend obligations under this Agreement or a supplementing agreement in accordance with the level of suspension of obligations determined by the arbitration tribunal. Such suspension shall not be applied sooner than 15 days following such ruling.

13. A Party shall not invoke the WTO Agreement or any other international agreement to preclude the other Party from taking measures pursuant to this Article, including where those measures consist in the suspension of obligations under this Agreement or a supplementing agreement.

14. For the purposes of assessing whether imposing or maintaining remedial measures on imports of the same product is restricted to what is strictly necessary or proportionate for the purposes of this Article, a Party:

(a) shall take into account countervailing measures applied or maintained in accordance with the requirements of the Agreement on Subsidies and Countervailing Measures, contained in Annex 1A to the WTO Agreement, and pursuant to a fair and transparent process; and

(b) may take into account anti-dumping measures applied or maintained in accordance with the requirements of the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 and pursuant to a fair and transparent process.

15. If the Party against which remedial measures were taken does not submit a request pursuant to paragraph 9 of this Article within the time period laid down in that paragraph, that Party may initiate the arbitration procedure referred to in Article 305 to challenge a remedial measure on the grounds set out in paragraph 9 of this Article without having prior recourse to consultations in accordance with Article 304. An arbitration tribunal shall treat the issue as a case of urgency for the purposes of Article 310.

16. For the purposes of the proceedings under paragraph 9 or 15, in assessing whether a remedial measure is strictly necessary or proportionate, the arbitration tribunal shall pay due regard to the principles set out in paragraphs 5, 6 and 13.

Article 210

Dispute settlement

1. Subject to paragraphs 2 and 3 of this Article, Part Six applies to disputes between the Parties concerning the interpretation and application of this Chapter, except for Articles 205 and 206.

2. An arbitration tribunal shall have no jurisdiction regarding:

(a) an individual State aid measure, including whether such a measure has complied with the relevant Party's State aid control system; and

(b) whether the recovery remedy within the meaning of Article 207 has been correctly applied in any individual case.

3. Part Six shall apply to Article 209 in accordance with that Article and Article 327.

CHAPTER 3

TAXATION

(a) the exchange of information, whether upon request, spontaneously or automatically, concerning financial accounts, cross-border tax rulings, country-by-country reports between tax administrations, and potential cross-border tax planning arrangements;

(b) rules on interest limitation, controlled foreign companies and hybrid mismatches.

2. The Parties recognise that each Party retains the right to exercise reasonable discretion and to make bona fide decisions regarding the allocation of environmental enforcement resources with respect to other environmental law and climate policies determined to have higher priorities, provided that the exercise of that discretion, and those decisions, are not inconsistent with its obligations under this Chapter.

3. The Union shall not weaken or reduce its environmental and climate levels of protection below the levels in place as at 31 December 2020 including by failing to effectively enforce its environmental and climate law.

2. In accordance with the ILO Constitution and the ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up, adopted at Geneva on 18 June 1998 by the International Labour Conference at its 86th Session, as amended in 2022, each Party commits to respecting, promoting and effectively implementing the principles concerning the fundamental rights, as defined in the fundamental ILO conventions, which are:

2. In light of paragraph 1, each Party:

(a) commits to effectively implementing the UNFCCC, and the Paris Agreement of which one principal aim is strengthening the global response to climate change and holding the increase in the global average temperature to well below 2 °C above pre-industrial levels and pursuing efforts to limit the temperature increase to 1,5 °C above pre-industrial levels;

(b) shall promote the mutual supportiveness of trade and climate policies and measures thereby contributing to the transition to a low greenhouse gas emission, resource-efficient economy and to climate-resilient development; and

Article 229

Trade and biological diversity

1. The Parties recognise the importance of conserving and sustainably using biological diversity and the role of trade in pursuing these objectives, including by promoting sustainable trade or controlling or restricting trade in endangered species, in line with the relevant multilateral environmental agreements to which they are party and to the extent the United Kingdom has extended such agreements to Gibraltar, and the decisions adopted thereunder, notably the Convention on Biological Diversity and its protocols, and the Convention on International Trade in Endangered Species of Wild Fauna and Flora, done at Washington D.C. on 3 March 1973 ('CITES').

CHAPTER 7

HORIZONTAL AND INSTITUTIONAL PROVISIONS

Article 235

Consultations

1. A Party may request consultations with the other Party regarding any matter arising under Article 199(3) and Chapters 4, 5 and 6 of this Title by delivering a written request to the other Party. The complaining Party shall specify in its written request the reasons and basis for the request, including identification of the measures at issue, specifying the provisions that it considers applicable. Consultations must commence promptly after a Party delivers a request for consultations and in any event not later than 30 days after the date of delivery of the request, unless the Parties agree to a longer period.

2. The Parties shall enter into consultations with the aim of reaching a mutually satisfactory resolution of the matter. During consultations, each Party shall provide the other Party with sufficient information in its possession to allow a full examination of the matters raised. Each Party shall endeavour to ensure the participation of personnel of their competent authorities who have expertise in the matter subject to the consultations.

3. In matters relating to Article 199(3) or to the multilateral agreements or instruments referred to in Chapters 4, 5 and 6 of this Title, the Parties shall take into account available information from the ILO or relevant bodies or organisations established under multilateral environmental agreements. Where relevant, the Parties shall jointly seek advice from such organisations or their bodies, or any other expert or body they deem appropriate.

4. Any resolution reached by the Parties shall be made available to the public.

Article 236

Panel of experts

1. For any matter that is not satisfactorily addressed through consultations under Article 235, a Party may, after 90 days from the receipt of a request for consultations under that Article, request that a panel of experts be convened to examine that matter, by delivering a written request to the other Party. The request shall identify the measure at issue, specify and explain how that measure does not conform with the provisions of the relevant Chapter or Chapters in a manner sufficient to present the complaint clearly.

2. The panel of experts shall be composed of three panellists.

3. The Cooperation Council shall, no later than one year after the entry into force of this Agreement, establish a list of at least 15 individuals who are willing and able to serve as panellists. Each Party shall name at least five individuals to the list to serve as panellists. The Parties shall also name at least five individuals who are not nationals of either Party and who are willing and able to serve as chairperson of a panel of experts. The Cooperation Council shall ensure that the list is kept up to date and that the number of experts is maintained at a minimum of 15 individuals.

4. The experts proposed as panellists must have specialised knowledge or expertise in labour or environmental law, other issues addressed in the relevant Chapter or Chapters, or in the resolution of disputes arising under international agreements. They must serve in their individual capacities and not take instructions from any organisation or government with regard to matters related to the dispute. They must not be affiliated with or take instructions from either Party. They shall not be persons who are members, officials or other servants of the Union institutions, of the Government of a Member State, or of the Government of the United Kingdom or of Gibraltar.

5. Unless the Parties agree otherwise within five days from the date of establishment of the panel of experts, the terms of reference shall be:

'to examine, in the light of the relevant provisions, the matter referred to in the request for the establishment of the panel of experts, and to deliver a report in accordance with this Article that makes findings on the conformity of the measure with the relevant provisions'.

6. In respect of matters related to multilateral standards or agreements covered in this Title, the panel of experts should seek information from the ILO or relevant bodies established under those agreements, including any pertinent available interpretative guidance, findings or decisions adopted by the ILO and those bodies.

7. The panel of experts may request and receive written submissions or any other information from persons with relevant information or specialised knowledge.

8. The panel of experts shall make available such information to each Party, allowing them to submit their comments within 20 days of its receipt.

9. The panel of experts shall issue to the Parties an interim report and a final report setting out the findings of fact, its determinations on the matter including as to whether the respondent Party has conformed with its obligations under the relevant Chapter or Chapters and the rationale behind any findings and determinations that it makes. For greater certainty, the Parties share the understanding that if the Panel makes recommendations in its report, the respondent Party does not need to follow these recommendations in ensuring conformity with this Agreement.

10. The panel of experts shall deliver to the Parties the interim report within 100 days after the date of establishment of the panel of experts. When the panel of experts considers that this deadline cannot be met, the chairperson of the panel of experts shall notify the Parties in writing, stating the reasons for the delay and the date on which the panel of experts plans to deliver its interim report. The panel of experts shall, under no circumstances, deliver its interim report later than 125 days after the date of establishment of the panel of experts.

11. Each Party may deliver to the panel of experts a reasoned request to review particular aspects of the interim report within 25 days of its delivery. A Party may comment on the other Party's request within 15 days of the delivery of the request.

12. After considering those comments, the panel of experts shall prepare the final report. If no request to review particular aspects of the interim report are delivered within the time period referred to in paragraph 11, the interim report shall become the final report of the panel of experts.

13. The panel of experts shall deliver its final report to the Parties within 175 days of the date of establishment of the panel of experts. When the panel of experts considers that this time limit cannot be met, its chairperson shall notify the Parties in writing, stating the reasons for the delay and the date on which the panel of experts plans to deliver its final report. The panel of experts shall, under no circumstances, deliver its final report later than 195 days after the date of establishment of the panel of experts.

14. The final report shall include a discussion of any written request by the Parties on the interim report and clearly address the comments of the Parties.

Article 6(1) shall not apply to exchanges of information under this paragraph.

3. When the competent authorities of the United Kingdom, in respect of Gibraltar, have found that goods imported from a Member State and placed on the market in Gibraltar are not in compliance with the legislation referred to in Article 256(1) and where bringing such non-compliance to an end requires measures to be taken within the jurisdiction of a Member State, those authorities may send a reasoned request to the market surveillance authorities of that Member State to investigate whether those goods are in compliance with the rules that would apply if those goods were placed on the market in the Union and, if it is found that the goods are not in compliance, to take appropriate corrective measures.

4. Without prejudice to the relevant provisions on mutual administrative assistance in customs matters, representatives of the competent authorities within the Union shall verify in accordance with Article 265, as provided for in the second and third subparagraphs of this paragraph, whether goods produced or placed on the market in Gibraltar comply with relevant rules of Union law applicable to those goods in the Union.

The competent authorities of the United Kingdom, in respect of Gibraltar, shall carry out those measures expeditiously.

(c) the verification that goods placed on the market in Gibraltar are compliant with the relevant rules of Union law applicable for the production and placing on the market of those goods in the Union.

5. In order to allow the competent authorities within the Union to decide, on the basis of risk-based market surveillance criteria, whether and to what extent joint verification visits are necessary, the competent authorities of the United Kingdom, in respect of Gibraltar, shall provide the competent authorities within the Union with a list of the existing producers of goods in Gibraltar by the end of January and of July of each year following the entry into force of this Agreement. That list shall indicate:

(a) any new licensed producer, including a description of the products produced by that producer;

(b) the quantities produced during the previous period of six months per producer and per good; and

The Specialised Committee on Economy and Trade may adopt a decision amending the content of such list.

3. When a Party adopts a new regulatory measure referred to in paragraph 1, it shall notify the other Party and supply the text of the new regulatory measure within one week of its publication.

4. The Specialised Committee on Economy and Trade shall meet to discuss any new regulatory measure adopted, on request by a Party, within two months of the submission of the request, whether or not a notification has taken place in accordance with paragraph 1 or 3, or a discussion has taken place in accordance with paragraph 2.

5. The Specialised Committee on Economy and Trade shall have the power to:

(a) amend Annex 26;

(b) confirm that the amendments made by the new regulatory measure conform to Annex 27;

(c) decide on any other measure aimed at safeguarding the proper functioning of this Chapter; and

(d) adopt any modifications to Annex 27 as may be necessary to reflect changes made to Annex 31 to the Trade and Cooperation Agreement.

Article 284

Remedial measures

1. If a Party considers that the other Party has adopted a new regulatory measure that does not comply with the requirements of Annex 27, in particular in cases where the Specialised Committee on Economy and Trade has not reached a decision under Article 283, and the other Party nevertheless applies the provisions of the new regulatory measure to the Party's road haulage operators, drivers or vehicles, the Party may, after notifying the other Party, adopt appropriate remedial measures, including the suspension of obligations under this Agreement or any supplementing agreement, provided that such measures:

(a) do not exceed the level equivalent to the nullification or impairment caused by the new regulatory measure adopted by the other Party that does not comply with the requirements of Annex 27; and

(b) take effect at the earliest seven days after the Party which intends to take such measures has given the other Party notice under this paragraph.

2. The appropriate remedial measures shall cease to apply:

(a) when the Party having taken such measures is satisfied that the other Party is complying with its obligations under this Chapter; or

(b) in compliance with a ruling of the arbitration tribunal.

3. A Party shall not invoke the WTO Agreement or any other international agreement to preclude the other Party from suspending obligations under this Article.

Article 285

CHAPTER 3

MARITIME TRANSPORT

Article 286

Maritime transport

Each Party shall:

(a) accord to ships supplying international maritime transport services ([43]) and flying the flag of any Member State or of the United Kingdom (Gibraltar), or operated by service suppliers of the other Party, treatment no less favourable than that accorded to its own ships with regard to:

(i) access to ports;

(ii) the use of port infrastructure;

(iii) the use of maritime auxiliary services ([44]); and

(iv) customs facilities and the assignment of berths and facilities for loading and unloading, including related fees and charges; and

([43]) 'International maritime transport services' means the transport of passengers or cargo by seagoing vessels between a port of one Party and a port of the other Party or of a third country, or between ports of different Member States, including the direct contracting with providers of other transport services, with a view to covering door-to-door or multimodal transport operations under a single transport document.

([44]) 'Maritime auxiliary services' means maritime cargo handling services, customs clearance services, container station and depot services, maritime agency services, maritime freight forwarding services and storage and warehousing services.

(b) make available, in the port and the port internal waters, to international maritime transport service suppliers of the other Party on terms and conditions which are both reasonable and no less favourable than those applicable to its own suppliers or vessels (including fees and charges, specifications and quality of the service to be provided), the following port services: pilotage, towing and tug assistance, provisioning, fuelling and watering, garbage collecting and ballast waste disposal, port captain's services, navigation aids, emergency repair facilities, anchorage, berth, berthing and unberthing services and shore-based operational services essential to ship operations, including communications, water and electrical supplies.

TITLE IV

EXCEPTIONS

Article 287

General exceptions

1. Nothing in Titles I and II of this Part shall be construed as preventing a Party from adopting or maintaining measures compatible with Article XX of the General Agreement on Tariffs and Trade 1994 ('GATT 1994'). To that end, Article XX of GATT 1994, including its Notes and Supplementary Provisions, is incorporated into and made part of this Agreement, *mutatis mutandis*.

2. Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on trade in services, nothing in Title III of this Part shall be construed to prevent the adoption or enforcement by either Party of measures:

(a) necessary to protect public security or public morals, or to maintain public order ([45]);

(b) necessary to protect human, animal or plant life or health;

(c) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Agreement including those relating to:

(i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on contracts;

(ii) the protection of the privacy of individuals in relation to the processing and dissemination of personal data and the protection of confidentiality of individual records and accounts; and

(iii) safety.

3. For greater certainty, the Parties understand that, to the extent that such measures are otherwise inconsistent with the provisions of Titles I, II and III of this Part:

(a) the measures referred to in point (b) of Article XX of GATT 1994 and in point (b) of paragraph 2 of this Article include environmental measures, which are necessary to protect human, animal or plant life or health;

(b) point (g) of Article XX of GATT 1994 applies to measures relating to the conservation of living and non-living exhaustible natural resources; and

([45]) The public security and public order exceptions may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

(c) measures taken to implement multilateral environmental agreements can fall under point (b) or (g) of Article XX GATT 1994 or under point (b) of paragraph 2 of this Article.

4. Before a Party takes any measures provided for in points (i) and (j) of Article XX of GATT 1994, that Party shall provide the other Party with all relevant information, with a view to seeking a solution acceptable to the Parties. If no agreement is reached within 30 days of providing the information, the Party may apply the relevant measures. Where exceptional and critical circumstances requiring immediate action make prior information or examination impossible, the Party intending to take the measures may apply forthwith precautionary measures necessary to deal with the situation. That Party shall inform the other Party immediately thereof.

Article 288

Security exceptions

Nothing in this Part shall be construed:

(a) to require a Party to furnish or allow access to any information the disclosure of which it considers contrary to its essential security interests; or

(b) to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:

(i) connected to the production of or traffic in arms, ammunition and implements of war and to such traffic and transactions in other goods and materials, services and technology, and to economic activities, carried out directly or indirectly for the purpose of supplying a military establishment;

(ii) relating to fissionable and fusionable materials or the materials from which they are derived; or

(iii) taken in time of war or other emergency in international relations; or

(c) to prevent a Party from taking any action pursuant to its obligations under the Charter of the United Nations for the maintenance of international peace and security.

Article 289

Taxation

1. Nothing in Titles I and II of this Part shall affect the rights and obligations of either the Union or its Member States and the United Kingdom, in respect of Gibraltar, under any tax convention. In the event of any inconsistency between this Agreement and any such tax convention, the tax convention shall prevail to the extent of the inconsistency. With regard to a tax convention between the Union or its Member States and the United Kingdom, in respect of Gibraltar, the relevant competent authorities under this Agreement and that tax convention shall jointly determine whether an inconsistency exists between this Agreement and the tax convention ([46]).

2. Articles 276 and 277 shall not apply to an advantage accorded by a Party pursuant to a tax convention.

([46]) For greater certainty, such determination shall be without prejudice to Part Six.

3. Subject to the requirement that tax measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on trade and investment, nothing in Titles I and II of this Part shall be construed to prevent the adoption, maintenance or enforcement by a Party of any measure that:

(a) aims at ensuring the equitable or effective ([47]) imposition or collection of direct taxes; or

(b) distinguishes between taxpayers who are not in the same situation, in particular with regard to their place of residence, or with regard to the place where their capital is invested.

4. For the purposes of this Article, the following definitions apply:

(a) 'direct taxes' comprise all taxes on income or capital, including taxes on gains from the alienation of property, taxes on estates, inheritances and gifts, taxes on wages or salaries paid by enterprises and taxes on capital appreciation;

(b) 'residence' means residence for tax purposes; and

(c) 'tax convention' means a convention for the avoidance of double taxation or any other international agreement or arrangement relating wholly or mainly to taxation ([48]).

Article 290

WTO waivers

If an obligation in this Agreement is substantially equivalent to an obligation contained in the WTO Agreement, any measure taken in conformity with a waiver adopted pursuant to Article IX of the WTO Agreement is deemed to be in conformity with the substantially equivalent provision in this Agreement.

([47]) Measures that are aimed at ensuring the equitable or effective imposition or collection of direct taxes include measures taken by a Party under its taxation system which:
(i) apply to non-resident service suppliers in recognition of the fact that the tax obligation of non-residents is determined with respect to taxable items sourced or located in the Party's territory; or
(ii) apply to non-residents in order to ensure the imposition or collection of taxes in the Party's territory; or
(iii) apply to non-residents or residents in order to prevent the avoidance or evasion of taxes, including compliance measures; or
(iv) apply to consumers of services supplied in or from the territory of the other Party or of a third country in order to ensure the imposition or collection of taxes on such consumers derived from sources in the Party's territory; or
(v) distinguish service suppliers subject to tax on worldwide taxable items from other service suppliers, in recognition of the difference in the nature of the tax base between them; or
(vi) determine, allocate or apportion income, profit, gain, loss, deduction or credit of resident persons or branches, or between related persons or branches of the same person, in order to safeguard the Party's tax base.

([48]) This includes the International Agreement on Taxation and the Protection of Financial Interests between the United Kingdom of Great Britain and Northern Ireland and the Kingdom of Spain regarding Gibraltar, done at London and Madrid on 4 March 2019.

In this case, the status of worker shall be retained for no less than six months; or

(iv) they embark on vocational training. Unless they are involuntarily unemployed, the retention of the status of worker shall require the training to be related to the previous employment.

6. Persons referred to in points (a) and (b) of Article 291(1) may be refused the right to take up employment in the public service which involves direct or indirect participation in the exercise of powers conferred by public law and duties designed to safeguard the general interests of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, as the case may be, or of other public authorities.

Article 294

Objectively justified measures

Measures derogating from equal treatment pursuant to paragraphs 3, 4 and 7 of Article 292 are permissible only if they are objectively justified. In order to be justified, they must be appropriate for securing the attainment of a legitimate objective and must not go beyond what is necessary to attain that objective.

Article 295

Posted workers

1. Persons referred to in points (a) and (b) of Article 291(1) who pursue an activity as employed persons for an employer which normally carries out its activities in the Kingdom of Spain and Gibraltar, respectively, and who are posted for a limited period by that employer to Gibraltar and the Kingdom of Spain, respectively, to supply services that are both locally produced and consumed at the contiguous frontier zone on that employer's behalf shall enjoy the right to enter, leave and stay without hindrance necessary for the supply of those services and shall enjoy, on the basis of equality of treatment, the terms and conditions of employment which are laid down in the territory where the worker is posted and which are set out in that territory by law, regulation or administrative provision and/or by collective agreements or arbitration awards which have been declared universally applicable or otherwise apply in accordance with paragraph 2 of this Article. Those terms and conditions of employment are listed in Annex 28 to this Agreement. The application of those terms and conditions of employment shall not prevent the application of terms and conditions of employment which are more favourable to posted workers.

2. For the purposes of this Article, 'collective agreements or arbitration awards which have been declared universally applicable' means collective agreements or arbitration awards which must be observed by all undertakings in the geographical area and in the profession or industry concerned.

3. In the absence of, or in addition to, a system for declaring collective agreements or arbitration awards to be of universal application within the meaning of paragraph 2, Gibraltar and the Kingdom of Spain, may, if they so decide, base themselves on:

(b) are required to fulfil such obligations with the same effects.

Article 296

Documentation

Persons referred to in points (a) and (b) of Article 291(1) who are employed or self-employed frontier workers shall have the right to be issued with a document certifying their status under this Part. This document may be in a digital form.

Article 297

Public policy, public security and public health

1. The rights granted under this Title may be restricted by means of measures which are justified on grounds of public policy, public security or public health.

2. Measures taken on grounds of public policy or public security shall comply with the principle of proportionality and shall be based exclusively on the personal conduct of the individual concerned. Previous criminal convictions shall not in themselves constitute grounds for taking such measures.

3. The only diseases justifying measures restricting stay, entry or exit shall be the diseases with epidemic potential as defined by the relevant instruments of the World Health Organisation and other infectious diseases or contagious parasitic diseases if they are the subject of protection provisions applying to persons as referred to in points (a) and (b) of Article 291(1).

4. The persons concerned shall be notified in writing of any decision taken under paragraph 1 in such a way that they are able to comprehend its content and the implications for them. They shall be informed, precisely and in full, of the public policy, public security or public health grounds on which the decision taken in their case is based, unless this is contrary to the interests of State security. The notification shall specify the court or administrative authority with which the person concerned may lodge an appeal, the time limit for the appeal and, where applicable, the time allowed for the person to leave the territory.

5. The persons concerned shall have access to judicial and, where appropriate, administrative redress procedures to appeal against or seek review of any decision taken against them on the grounds of public policy, public security or public health. The redress procedures shall allow for an examination of the legality of the decision, as well as of the facts and circumstances on which the proposed measure is based. Those procedures shall ensure that the decision is not disproportionate.

6. The United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, may not prevent the individual from submitting their defence in person, except when their appearance may cause serious troubles to public policy or public security or when the appeal or judicial review concerns a denial of entry to the territory.

TITLE III

SOCIAL SECURITY COORDINATION

Article 298

Social security coordination

In order to secure the social security rights of the persons covered by the Protocol on Social Security Coordination, the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall apply their social security systems in accordance with that Protocol.

PART FIVE

FINANCIAL PROVISIONS

Article 299

Financial provisions

1. The Cooperation Council shall establish a financial mechanism to promote cohesion between Gibraltar and the contiguous frontier zone, including on matters of training and employment. Any such measures should take into account the protection of the Parties' financial interests against fraud and other illegal activities and irregularities.

2. Both Parties should provide funding for the mechanism referred to in paragraph 1.

PART SIX

DISPUTE SETTLEMENT

CHAPTER 1

GENERAL PROVISIONS

Article 300

Objectives

The objective of this Part is to establish an effective and efficient mechanism for avoiding and settling disputes between the Parties concerning the interpretation and application of this Agreement and supplementing agreements, with a view to reaching, where possible, a mutually agreed solution.

Article 301

Scope

1. This Part applies, subject to paragraphs 2 to 5, to disputes between the Parties concerning the interpretation and application of the provisions of this Agreement or of any supplementing agreement ('covered provisions').

2. The covered provisions shall include all provisions of this Agreement and of any supplementing agreement with the exception of:

(a) Article 2;

(b) Title II of Part One;

(c) Title V of Part Two, including when applying in relation to situations governed by other provisions of this Agreement;

(d) Article 199(1), (2) and (4), Articles 207 and 208 and Chapters 3, 4, 5 and 6 of Title I of Part Three.

3. The Cooperation Council may be seized by a Party with a view to resolving a dispute with respect to obligations arising from the provisions referred to in paragraph 2.

4. Article 302 applies to the provisions referred to in paragraph 2 of this Article.

5. Notwithstanding paragraphs 1 and 2, this Part shall not apply to disputes concerning the interpretation and application of the provisions of the Protocol on Social Security Coordination or its Annexes in individual cases.

6. This Part does not apply to any disputes with regard to sovereignty and jurisdiction. If the respondent Party submits a reasoned statement to the arbitration tribunal, to the effect that the request may affect the legal position of the United Kingdom or of the Kingdom of Spain or with regard to sovereignty and jurisdiction, the arbitration tribunal shall not decide on the dispute with regard to sovereignty and jurisdiction or on any matter that requires or implies a decision on sovereignty or jurisdiction and shall immediately declare its lack of jurisdiction on the matters regarding sovereignty and jurisdiction or having an effect thereon.

Any decision adopted in the framework of this Part, including decisions and rulings by an arbitration tribunal, shall not produce any legal effects direct or indirect, on the legal position of the United Kingdom or of the Kingdom of Spain with regard to sovereignty and jurisdiction.

Article 302

Exclusivity

The Parties undertake not to submit a dispute between them regarding the interpretation or application of provisions of this Agreement or of any supplementing agreement to a mechanism of settlement other than those provided for in this Agreement.

Article 303

Choice of forum

1. If a dispute arises regarding a measure allegedly in breach of an obligation under this Agreement or any supplementing agreement and of a substantially equivalent obligation under another international agreement to which both Parties are party, the Party seeking redress shall select the forum in which to settle the dispute.

2. Once a Party has selected the forum and initiated dispute settlement procedures either under this Part or under another international agreement, that Party shall not initiate such procedures under the other international agreement with respect to the particular measure referred to in paragraph 1, unless the forum selected first fails to make findings for procedural or jurisdictional reasons.

3. For the purposes of this Article:

(a) dispute settlement procedures under this Part are deemed to be initiated by a Party's request for the establishment of an arbitration tribunal under Article 305; and

(b) dispute settlement procedures under any other agreement are deemed to be initiated if they are initiated in accordance with the relevant provisions of that agreement.

4. Without prejudice to paragraph 2, nothing in this Agreement or any supplementing agreement shall preclude a Party from suspending obligations authorised under the dispute settlement procedures of another international agreement to which the Parties are party. Any international agreement between the Parties shall not be invoked to preclude a Party from suspending obligations under this Part.

CHAPTER 2

PROCEDURE

Article 304

Consultations

1. If a Party ('the complaining Party') considers that the other Party ('the respondent Party') has breached an obligation under this Agreement or under any supplementing agreement, the Parties shall endeavour to resolve the matter by entering into consultations in good faith, with the aim of reaching a mutually agreed solution.

2. The complaining Party may seek consultations by means of a written request delivered to the respondent Party. The complaining Party shall specify in its written request the reasons for the request, including the identification of the measures at issue and the legal basis for the request, and the covered provisions it considers applicable.

3. The respondent Party shall reply to the request promptly, and in any case no later than 10 days after the date of its delivery. Consultations shall be held within 30 days of the date of delivery of the request in person or by any other means of communication agreed by the Parties. If held in person, consultations shall take place in the territory of the respondent Party, unless the Parties agree otherwise.

4. The consultations shall be deemed concluded within 45 days of the date of delivery of the request, unless the Parties agree to continue consultations.

5. Consultations on matters of urgency, including those regarding perishable goods or seasonal goods shall be held within 20 days of the date of delivery of the request. The consultations shall be deemed concluded within those 20 days unless the Parties agree to continue consultations.

6. Each Party shall provide sufficient factual information to allow a complete examination of the measure at issue, including an examination of how that measure could affect the application of this Agreement or any supplementing agreement. Each Party shall endeavour to ensure the participation of personnel of their competent authorities who have expertise in the matter subject to the consultations.

7. The consultations referred to in paragraph 1 of this Article shall be held in the framework of the Cooperation Council, except for disputes relating to Chapters 3, 4 and 5 of Title I of Part Three. The Cooperation Council may resolve the dispute by a decision. The time periods referred to in paragraph 3 of this Article shall apply. The venue of meetings shall be governed by the rules of procedure of the Cooperation Council.

8. Consultations, and in particular all information designated as confidential and positions taken by the Parties during consultations, shall be confidential, and shall be without prejudice to the rights of either Party in any further proceedings.

Article 305

Arbitration procedure

1. The complaining Party may request the establishment of an arbitration tribunal if:

(a) the respondent Party does not respond to the request for consultations within 10 days of the date of its delivery;

(b) consultations are not held within the time periods referred to in Article 304(1), (2) or (3);

(c) the Parties agree not to have consultations; or

(d) consultations have been concluded without a mutually agreed solution having been reached.

2. The request for the establishment of the arbitration tribunal shall be made by means of a written request delivered to the respondent Party. In its request, the complaining Party shall explicitly identify the measure at issue and explain how that measure constitutes a breach of the covered provisions in a manner sufficient to present the legal basis for the complaint clearly.

Article 306

Establishment of an arbitration tribunal

1. An arbitration tribunal shall be composed of three arbitrators.

2. No later than 10 days after the date of delivery of the request for the establishment of an arbitration tribunal, the Parties shall consult with a view to agreeing on the composition of the arbitration tribunal.

3. If the Parties do not agree on the composition of the arbitration tribunal within the time period provided for in paragraph 2 of this Article, each Party shall appoint an arbitrator from the sub-list for that Party established pursuant to Article 319 no later than five days after the expiry of the time period provided for in paragraph 2 of this Article. If a Party fails to appoint an arbitrator from its sub-list within that time period, the co-chair of the Cooperation Council from the complaining Party shall select, no later than five days after the expiry of that time period, an arbitrator by lot from the sub-list of the Party that has failed to appoint an arbitrator. The co-chair of the Cooperation Council from the complaining Party may delegate such selection by lot of the arbitrator.

4. If the Parties do not agree on the chairperson of the arbitration tribunal within the time period provided for in paragraph 2 of this Article, the co-chair of the Cooperation Council from the complaining Party shall select, no later than five days after the expiry of that time period, the chairperson of the arbitration tribunal by lot from the sub-list of chairpersons established pursuant to Article 319. The co-chair of the Cooperation Council from the complaining Party may delegate such selection by lot of the chairperson of the arbitration tribunal.

5. Should any of the lists provided for in Article 319 not be established or not contain sufficient names at the time a selection is made pursuant to paragraph 3 or 4 of this Article, the arbitrators shall be selected by lot from the individuals who have been formally proposed by one Party or both Parties in accordance with Annex 29.

6. The date of establishment of the arbitration tribunal shall be the date on which the last of the three arbitrators has notified to the Parties the acceptance of their appointment in accordance with Annex 29.

Article 307

Requirements for arbitrators

1. All arbitrators shall:

(a) have demonstrated expertise in law, including international law, and in any matter covered by this Agreement or by any supplementing agreement and, in the case of a chairperson, also have experience in arbitration procedures;

(b) not be affiliated with or take instructions from either Party;

(c) serve in their individual capacities and not take instructions from any organisation or government with regard to matters related to the dispute; and

(d) comply with Annex 30.

2. All arbitrators shall be persons whose independence is beyond doubt, who possess the qualifications required for appointment to high judicial office in their respective jurisdictions or who are jurisconsults of recognised competence.

Article 308

Functions of the arbitration tribunal

The arbitration tribunal:

(a) shall make an objective assessment of the matter before it, including an objective assessment of the facts of the case and the applicability of, and conformity of the measures at issue with, the covered provisions;

(b) shall set out, in its decisions and rulings, the findings of facts and law and the rationale behind any findings that it makes; and

(c) should consult regularly with the Parties and provide adequate opportunities for the development of a mutually agreed solution.

Article 309

Terms of reference

1. Unless the Parties agree otherwise no later than five days after the date of the establishment of the arbitration tribunal, the terms of reference of the arbitration tribunal shall be:

'to examine, in the light of the relevant covered provisions of this Agreement or of a supplementing agreement, the matter referred to in the request for the establishment of the arbitration tribunal, to decide on the conformity of the measure at issue with the provisions referred to in Article 301 and to issue a ruling in accordance with Article 311'.

2. If the Parties agree on terms of reference other than those referred to in paragraph 1, they shall notify the agreed terms of reference to the arbitration tribunal within the time period referred to in paragraph 1.

Article 310

Urgent proceedings

1. If a Party so requests, the arbitration tribunal shall decide, no later than 10 days after the date of its establishment, whether the case concerns matters of urgency.

2. In cases of urgency, the applicable time periods set out in Article 311 shall be half the time prescribed therein.

Article 311

Ruling of the arbitration tribunal

1. The arbitration tribunal shall deliver an interim report to the Parties within 100 days after the date of establishment of the arbitration tribunal. If the arbitration tribunal considers that this deadline cannot be met, the chairperson of the arbitration tribunal shall notify the Parties in writing, stating the reasons for the delay and the date on which the arbitration tribunal plans to deliver its interim report. The arbitration tribunal shall deliver its interim report no later than 130 days after the date of establishment of the arbitration tribunal under any circumstances.

2. Each Party may deliver to the arbitration tribunal a written request to review precise aspects of the interim report within 14 days of its delivery. A Party may comment on the other Party's request within six days of the delivery of the request.

3. If no written request to review precise aspects of the interim report is delivered within the time period referred to in paragraph 2, the interim report shall become the ruling of the arbitration tribunal.

4. The arbitration tribunal shall deliver its ruling to the Parties within 130 days of the date of establishment of the arbitration tribunal. When the arbitration tribunal considers that that deadline cannot be met, its chairperson shall notify the Parties in writing, stating the reasons for the delay and the date on which the arbitration tribunal plans to deliver its ruling. The arbitration tribunal shall not under any circumstances deliver its ruling later than 160 days after the date of establishment of the arbitration tribunal.

5. The ruling shall include a discussion of any written request by the Parties on the interim report and clearly address the comments of the Parties.

6. For greater certainty, a 'ruling' or 'rulings' as referred to in Articles 308, 309 and 320 and Article 321(1), (3), (4) and (6) shall be understood to refer also to the interim report of the arbitration tribunal.

Article 312

Disputes raising issues of interpretation on Union law

1. Where a dispute submitted to arbitration in accordance with this Part raises a question of interpretation of a concept or a provision of Union law contained in a Union act referred to in this Agreement, the arbitration tribunal shall not decide on any such question. In such case, it shall request the Court of Justice of the European Union to give a ruling on the question. The Court of Justice of the European Union shall have jurisdiction to give such a ruling, which shall be binding on the arbitration tribunal.

The arbitration tribunal shall make such request after having heard the Parties.

2. Without prejudice to the first sentence of the first subparagraph of paragraph 1, if the Union or the United Kingdom, in respect of Gibraltar, considers that a request in accordance with paragraph 1 is to be made, it may make submissions to the arbitration tribunal to that effect. In such case, the arbitration tribunal shall submit the request in accordance with paragraph 1 unless the question raised does not concern the interpretation of a concept or a provision of Union law contained in a Union act referred to in this Agreement. The arbitration tribunal shall provide reasons for its assessment. Within 10 days following the assessment, either Party may request the arbitration tribunal to review its assessment, and a hearing shall be organised within 15 days of the request for the Parties to be heard on the matter. The arbitration tribunal shall provide reasons for its assessment.

3. In the cases referred to in paragraphs 1 and 2 of this Article, the time limits laid down in Article 311 shall be suspended until the Court of Justice of the European Union has given its ruling. The arbitration tribunal shall not be required to give its ruling less than 60 days from the date on which the Court of Justice of the European Union has given its ruling.

CHAPTER 3

COMPLIANCE

Article 313

Compliance measures

1. If, in its ruling referred to in Article 311(4), the arbitration tribunal finds that the respondent Party has breached an obligation under this Agreement or under any supplementing agreement, that Party shall take the necessary measures to comply immediately with the ruling of the arbitration tribunal in order to bring itself in compliance with the covered provisions.

2. The respondent Party, no later than 30 days after delivery of the ruling, shall deliver a notification to the complaining Party of the measures which it has taken or which it envisages to take in order to comply.

Article 314

Reasonable period of time

1. If immediate compliance is not possible, the respondent Party, no later than 30 days after delivery of the ruling referred to in Article 311(4), shall deliver a notification to the complaining Party of the length of the reasonable period of time it will require for compliance with the ruling referred to in Article 311(4). The Parties shall endeavour to agree on the length of the reasonable period of time to comply.

2. If the Parties have not agreed on the length of the reasonable period of time, the complaining Party may, at the earliest 20 days after the delivery of the notification referred to in paragraph 1, request in writing that the original arbitration tribunal determines the length of the reasonable period of time. The arbitration tribunal shall deliver its decision to the Parties within 20 days of the date of delivery of the request.

3. The respondent Party shall deliver a written notification of its progress in complying with the ruling referred to in Article 311(4) to the complaining Party at least one month before the expiry of the reasonable period of time.

4. The Parties may agree to extend the reasonable period of time.

Article 315

Compliance review

1. The respondent Party shall, no later than the date of expiry of the reasonable period of time, deliver a notification to the complaining Party of any measure that it has taken to comply with the ruling referred to in Article 311(4).

2. When the Parties disagree on the existence of, or the consistency with the covered provisions of, any measure taken to comply, the complaining Party may deliver a request, which shall be in writing, to the original arbitration tribunal to decide on the matter. The request shall identify any measure at issue and explain how that measure constitutes a breach of the covered provisions in a manner sufficient to present the legal basis for the complaint clearly. The arbitration tribunal shall deliver its decision to the Parties within 45 days of the date of delivery of the request.

Article 316

Temporary measures

1. The respondent Party shall, at the request of and after consultations with the complaining Party, present an offer for temporary compensation if:

(a) the respondent Party delivers a notification to the complaining Party that it is not possible to comply with the ruling referred to in Article 311(4); or

(b) the respondent Party fails to deliver a notification of any measure taken to comply within the deadline referred to in Article 313 or before the date of expiry of the reasonable period of time referred to in Article 314; or

(c) the arbitration tribunal finds that no measure taken to comply exists or that the measure taken to comply is inconsistent with the covered provisions.

2. Under any of the circumstances referred to in paragraph 1, the complaining Party may deliver a written notification to the respondent Party that it intends to suspend the application of obligations under the covered provisions if:

(a) the complaining Party decides not to make a request under paragraph 1; or

(b) the Parties do not agree on the temporary compensation within 20 days after the expiry of or the delivery of the arbitration tribunal decision under Article 315(2) if a request under paragraph 1 of this Article is made.

The notification shall specify the level of intended suspension of obligations.

3. Obligations under the Protocol on Social Security Coordination or its Annexes may not be suspended under this Article.

4. The suspension of obligations shall not exceed the level equivalent to the nullification or impairment caused by the violation.

5. The complaining Party may suspend the obligations 10 days after the date of delivery of the notification referred to in paragraph 2 unless the respondent Party made a request under paragraph 6.

6. If the respondent Party considers that the notified level of suspension of obligations exceeds the level equivalent to the nullification or impairment caused by the violation, it may deliver a written request to the original arbitration tribunal before the expiry of the 10 day period set out in paragraph 5 to decide on the matter. The arbitration tribunal shall deliver its decision to the Parties within 30 days of the date of the request. Obligations shall not be suspended until the arbitration tribunal has delivered its decision. The suspension of obligations shall be consistent with that decision.

7. The suspension of obligations or the compensation referred to in this Article shall be temporary and shall not be applied after:

(a) the Parties have reached a mutually agreed solution pursuant to Article 323;

(b) the Parties have agreed that the measure taken to comply brings the respondent Party into compliance with the covered provisions; or

(c) any measure taken to comply which the arbitration tribunal has found to be inconsistent with the covered provisions has been withdrawn or amended so as to bring the respondent Party into compliance with those covered provisions.

Article 317

Review of any measure taken to comply after the adoption of temporary measures

1. The respondent Party shall deliver a notification to the complaining Party of any measure it has taken to comply following the suspension of obligations or following the application of temporary compensation, as the case may be. The complaining Party shall terminate the suspension of obligations within 30 days from the delivery of the notification. In cases where compensation has been applied, the respondent Party may terminate the application of such compensation within 30 days from the delivery of its notification that it has complied.

2. If the Parties do not reach an agreement on whether the notified measure brings the respondent Party into compliance with the covered provisions within 30 days of the date of delivery of the notification, the complaining Party shall deliver a written request to the original arbitration tribunal to decide on the matter. The arbitration tribunal shall deliver its decision to the Parties within 46 days of the date of the delivery of the request. If the arbitration tribunal finds that the measure taken to comply is in conformity with the covered provisions, the suspension of obligations or compensation, as the case may be, shall be terminated. When relevant, the level of suspension of obligations or of compensation shall be adjusted in light of the arbitration tribunal decision.

CHAPTER 4

COMMON PROCEDURAL PROVISIONS

Article 318

Receipt of information

1. On request of a Party, or on its own initiative, the arbitration tribunal may seek from the Parties relevant information it considers necessary and appropriate. The Parties shall respond promptly and fully to any request by the arbitration tribunal for such information.

2. On request of a Party, or on its own initiative, the arbitration tribunal may seek from any source any information it considers appropriate. The arbitration tribunal may also seek the opinion of experts as it considers appropriate and subject to any terms and conditions agreed by the Parties, where applicable.

3. The arbitration tribunal shall consider amicus curiae submissions from natural persons of a Party or legal persons established in a Party in accordance with Annex 29.

4. Any information obtained by the arbitration tribunal under this Article shall be made available to the Parties and the Parties may submit comments on that information to the arbitration tribunal.

Article 319

List of arbitrators

1. The Cooperation Council shall, no later than one year after the date of entry into force of this Agreement, establish a list of individuals with expertise in sectors covered by this Agreement or its supplementing agreements who are willing and able to serve as members of an arbitration tribunal. The list shall comprise at least 15 persons and shall be composed of three sub-lists:

(a) one sub-list of individuals established on the basis of proposals by the Union;

(b) one sub-list of individuals established on the basis of proposals by the United Kingdom, in respect of Gibraltar; and

(c) one sub-list of individuals who are not nationals of either Party who shall serve as chairperson to the arbitration tribunal.

Each sub-list shall include at least five individuals. The Cooperation Council shall ensure that the list is always maintained at this minimum number of individuals.

2. The list referred to in paragraph 1 shall not comprise persons who are members, officials or other servants of the Union institutions, of the Government of a Member State, or of the Government of the United Kingdom or of Gibraltar.

Article 320

Replacement of arbitrators

If during dispute settlement procedures under this Part, an arbitrator is unable to participate, withdraws, or needs to be replaced because that arbitrator does not comply with the requirements of the Code of Conduct, the procedure set out in Article 306 shall apply. The time period for the delivery of the ruling or decision shall be extended for the time necessary for the appointment of the new arbitrator.

Article 321

Arbitration tribunal decisions and rulings

1. The deliberations of the arbitration tribunal shall be kept confidential. The arbitration tribunal shall make every effort to draft rulings and take decisions by consensus. If this is not possible, the arbitration tribunal shall decide the matter by majority vote. In no case shall separate opinions of arbitrators be disclosed.

2. The decisions and rulings of the arbitration tribunal shall be binding on the Union and on the United Kingdom. They shall not create any rights or obligations with respect to natural or legal persons.

3. Decisions and rulings of the arbitration tribunal cannot add to or diminish the rights and obligations of the Parties under this Agreement or under any supplementing agreement.

4. For greater certainty, the arbitration tribunal shall have no jurisdiction to determine the legality under the domestic law of a Party of a measure alleged to constitute a breach of this Agreement or of any supplementing agreement. No finding made by the arbitration tribunal when ruling on a dispute between the Parties shall bind the domestic courts or tribunals of either Party as to the meaning to be given to the domestic law of that Party.

5. Each Party shall make the rulings and decisions of the arbitration tribunal publicly available, subject to the protection of confidential information.

6. The information submitted by the Parties to the arbitration tribunal shall be treated in accordance with the confidentiality rules laid down in Annex 29.

Article 322

Suspension and termination of the arbitration proceedings

At the request of both Parties, the arbitration tribunal shall suspend its work at any time for a period agreed by the Parties and not exceeding 12 consecutive months. The arbitration tribunal shall resume its work before the end of the suspension period at the written request of both Parties, or at the end of the suspension period at the written request of either Party. The requesting Party shall deliver a notification to the other Party accordingly. If neither Party requests the resumption of the arbitration tribunal's work at the expiry of the suspension period, the authority of the arbitration tribunal shall lapse and the dispute settlement procedure shall be terminated. In the event of a suspension of the work of the arbitration tribunal, the relevant time periods shall be extended by the same time period for which the work of the arbitration tribunal was suspended.

Article 323

Mutually agreed solution

1. The Parties may at any time reach a mutually agreed solution with respect to any dispute referred to in Article 301.

2. If a mutually agreed solution is reached during panel proceedings, the Parties shall jointly notify the agreed solution to the chairperson of the arbitration tribunal. Upon such notification, the arbitration proceedings shall be terminated.

3. The solution may be adopted by means of a decision of the Cooperation Council. Mutually agreed solutions shall be made publicly available. The version disclosed to the public shall not contain any information either Party has designated as confidential.

4. Each Party shall take the measures necessary to implement the mutually agreed solution within the agreed time period.

5. No later than the date of expiry of the agreed time period, the implementing Party shall inform the other Party in writing of any measures thus taken to implement the mutually agreed solution.

Article 324

Time periods

1. All time periods laid down in this Part shall be counted in days from the day following the act to which they refer.

2. Any time period referred to in this Part may be modified by mutual agreement of the Parties.

3. The arbitration tribunal may at any time propose to the Parties to modify any time period referred to in this Part, stating the reasons for the proposal.

Article 325

Costs

1. Each Party shall bear its own expenses derived from the participation in the arbitration tribunal procedure.

2. The Parties shall share jointly and equally the expenses derived from organisational matters, including the remuneration and expenses of the members of the arbitration tribunal. The remuneration of the arbitrators shall be in accordance with Annex 29.

Article 326

Annexes

1. Dispute settlement procedures set out in this Part shall be governed by the rules of procedure set out in Annex 29 and conducted in accordance with Annex 30.

2. The Cooperation Council may amend Annexes 29 and 30.

Article 327

Special procedures for remedial measures

1. For the purposes of Article 209, this Part applies with the modifications set out in this Article.

2. By way of derogation from Article 306 and Annex 29, if the Parties do not agree on the composition of the arbitration tribunal within two days, the co-chair of the Cooperation Council from the complaining Party shall select, no later than one day after the expiry of the two-day time period, an arbitrator by lot from the sub-list of each Party and the chairperson of the arbitration tribunal by lot from the sub-list of chairpersons established pursuant to Article 319. The co-chair of the Cooperation Council from the complaining Party may delegate such selection by lot of the arbitrator or chairperson. Each individual shall confirm their availability to both Parties within two days from the date on which they were informed of their appointment. The organisational meeting referred to in Rule 10 of Annex 29 shall take place within two days from the establishment of the arbitration tribunal.

3. By way of derogation from Rule 13 of Annex 29, the complaining Party shall deliver its written submission no later than seven days after the date of establishment of the arbitration tribunal. The respondent Party shall deliver its written submission no later than seven days after the date of delivery of the written submission of the complaining Party. The arbitration tribunal shall adjust any other relevant time periods of the dispute settlement procedure as necessary to ensure the timely delivery of the report.

4. Article 311 does not apply and references to the ruling in this Part shall be read as references to the ruling referred to in Article 209(10).

5. By way of derogation from Article 315, the arbitration tribunal shall deliver its decision to the Parties within 30 days from the date of delivery of the request.

PART SEVEN

FINAL PROVISIONS

Article 329

Relationship with other agreements

1. This Agreement is not a supplementing agreement to the Trade and Cooperation Agreement, as defined in Article 2 of the Trade and Cooperation Agreement.

2. This Agreement and any supplementing agreement applies without prejudice to any earlier bilateral agreement concerning Gibraltar between the United Kingdom, of the one part, and the Union, of the other part. The Parties reaffirm their obligations to implement any such agreement.

Article 330

Review

The Parties shall jointly review the implementation of this Agreement and supplementing agreements and any matters related thereto four years after the entry into force of this Agreement and regularly thereafter.

Article 331

Confidential information

1. Nothing in this Agreement or in any supplementing agreement shall be construed as requiring a Party to make available confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private, except where an arbitration tribunal requires such confidential information in dispute settlement proceedings under Part Six or where a panel of experts requires such confidential information in proceedings under Title I of Part Three. In such cases, the arbitration tribunal, or, as the case may be, the panel of experts, shall ensure that confidentiality is fully protected in accordance with Annex 29.

2. When a Party submits information to the Cooperation Council or to Specialised Committees that is considered confidential under its laws and regulations, the other Party shall treat that information as confidential, unless the submitting Party agrees otherwise.

Article 332

The Parties shall agree on handling instructions to ensure the protection of sensitive non-classified information and material exchanged between them.

1. The Protocols, Annexes, Appendices and footnotes to this Agreement shall form an integral part of this Agreement.

2. Each of the Annexes to this Agreement, including its appendices, shall form an integral part of the Part, Title, Chapter or Protocol that refers to that Annex or to which reference is made in that Annex.

1. This Agreement shall enter into force on the first day of the month following that in which both Parties have notified each other that they have completed their respective internal requirements and procedures for establishing their consent to be bound.

2. The Parties may agree to provisionally apply this Agreement from a date prior to the day referred to in paragraph 1 of this Article, provided that prior to the date from which this Agreement is provisionally applied the Parties have notified each other of the fact that the implementation plan referred to in Article 7 and the administrative arrangements referred to in Articles 29, 33, 38, 55, 56, 251, 260 and 265 of this Agreement and in the Protocol on Social Security Coordination are in effect and have been fully implemented, and that the measures described in Article 258 of this Agreement are in place.

3. Provisional application shall cease on the day referred to in paragraph 1.

4. CIVIL NUCLEAR COOPERATION – OPERATIONAL ARRANGEMENTS FOR EARLY NOTIFICATION AND ASSISTANCE IN THE CASE OF A NUCLEAR ACCIDENT AS REFERRED TO IN ARTICLE 17(7) OF THE AGREEMENT

The existing operational arrangements for the international notification of both civil and defence incidents, including accidents and emergencies of the type contemplated by each of the Convention on Early Notification of a Nuclear Accident, adopted by the General Conference of the IAEA meeting in special session at Vienna on 26 September 1986, and the Convention on Assistance in the Case of a Nuclear Accident or Radiological Emergency, adopted by the General Conference of the IAEA meeting in special session at Vienna on 26 September 1986, are currently maintained in the United Kingdom Department for Energy Security and Net Zero ('DESNZ') operational response guide. Notification of such an incident in or affecting Gibraltar is part of those arrangements. In summary, should the Royal Navy operational HQ be alerted to an incident of this nature, it will notify the United Kingdom Ministry of Defence ('MOD'). In turn, the MOD will notify the competent authorities of Gibraltar, to enable their emergency plans to be put into action without delay, and DESNZ, providing sufficient information regarding the incident to enable DESNZ to undertake IAEA notification via the IAEA Unified System for Information Exchange in Incidents and Emergencies ('USIE') within two hours of being notified. Similarly, DESNZ will deal with any request for assistance received from Gibraltar via the Response and Assistance Network ('RANET') system or otherwise. Given the cross-border risks in these kinds of accidents, the United Kingdom, in respect of Gibraltar, commits to establishing a direct reciprocal bilateral channel of notification with the Kingdom of Spain.

CHAPTER 1

GENERAL PROVISIONS

Article 1

The objective of this Annex is to lay down the necessary procedural and technical provisions for the implementation of Chapter 4 of Title V of Part Two of this Agreement.

Article 2

Communications network

1. The electronic exchange of information extracted from the criminal record between, on the one side, a Member State and, on the other side, the United Kingdom, in respect of Gibraltar, shall take place using a common communication infrastructure that provides for encrypted communications.

2. The common communication infrastructure shall be the Trans European Services for Telematics between Administrations ('TESTA') communications network. Any further developments thereof or any alternative secure network shall ensure that the common communication infrastructure in place continues to fulfil the security requirements adequate for the exchange of criminal record information.

The Member States and the United Kingdom, in respect of Gibraltar, shall use a standardised interconnection software enabling the connection of their central authorities to the common communication infrastructure in order to exchange the information extracted from the criminal record with the other central authorities electronically in accordance with the provisions of Chapter 4 of Title V of Part Two of this Agreement and this Annex.

For the purposes of this Annex, 'Union acts' shall also include all guidelines, notices and communications listed in this Annex.

This Annex applies pursuant to Article 201(1) of this Agreement.

The Parties note that this Annex contains Union acts on State aid granted by Member States as enforced by the European Commission. As regards State aid granted by the United Kingdom, in respect of Gibraltar, within the scope of Article 201(1) of this Agreement, such Union acts shall apply *mutatis mutandis*, including to the substantive assessment of State aid, as well as the enforcement procedures of its independent authority or body.

The Parties note that the United Kingdom, in respect of Gibraltar, is not required to incorporate such Union acts into its domestic legal system until it has the respective economic activities regulated by those Union acts in its territory or unless it intends to grant aid potentially falling under such Union acts. In any event, its independent authority or body has to pay due regard without delay to the relevant Union acts in this Annex if called upon to assess State aid.

Goods dispatched to Gibraltar that are in free circulation within the Union in accordance with Article 242 of this Agreement at the moment of their presentation to a designated customs post, shall be moved by land or by sea using the New Computerised Transit System ('NCTS') applying the code T2GI. The transit data of the goods as well as the additional information referred to in paragraph 2 of this Article shall be declared in the NCTS at the designated customs post, acting as office of departure, and the goods shall be moved following the transit process to the competent authorities of the United Kingdom, in respect of Gibraltar, acting as office of destination.

By derogation from the first subparagraph, professional equipment as defined in Article 1 of Annex B.2 to the Convention on Temporary Admission, done at Istanbul on 26 June 1990 ('Istanbul Convention on Temporary Admission'), may be moved by land without using the NCTS.

2. For control purposes, a register shall be kept by the designated customs post containing details of all exports bound for Gibraltar, including reference to the commodity codes, quantities and value of goods based on an invoice provided by the holder of the transit procedure, the date of acceptance of the transit declaration, the items of charge, the master reference number (T2GI XXX), and any other data necessary for the calculation of the transaction tax and the excise duty, where applicable. This information shall be transmitted on item level to the competent authorities of the United Kingdom, in respect of Gibraltar, for the calculation of the amount of the transaction tax and excise duty due at the moment of presentation of the goods in Gibraltar to the competent authorities of the United Kingdom, in respect of Gibraltar, via the special transit procedure defined in paragraph 1.

3. The special transit procedure shall end at the competent authorities of the United Kingdom, in respect of Gibraltar.

The competent authorities of the United Kingdom, in respect of Gibraltar, using an 'arrival advice' message, shall notify the designated customs post that acted as office of departure of the arrival of the goods on the day the goods are presented in Gibraltar at the office of destination and shall forward a 'control results' message to the office of departure no later than three working days after the goods are presented at the office of destination together with a proof that the transaction tax and the excise duties, where relevant, have been levied in Gibraltar on the goods, unless the goods are covered by the derogation referred to in paragraph 5. In cases where such a derogation applies, the competent authorities of the United Kingdom, in respect of Gibraltar, shall forward to the office of departure a message indicating that the goods have been included in a special procedure for tax purposes (warehousing, inward processing or temporary admission) instead of the proof that the transaction tax and the excise duties, where relevant, have been levied in Gibraltar.

4. Where the messages or the proofs on transaction tax and excise levied, where relevant, are not presented, or where the transit movement could not be discharged, an entry shall be made in the register referred to in paragraph 2 by the designated customs post. In this case, the relevant designated customs post shall treat the movement as an irregular entry and levy the applicable VAT and excise duties in the Member State of the designated customs post. The holder of the transit procedure shall be liable for the relevant amount. This application shall be without prejudice to any corrections which might prove necessary, for instance, in light of investigations conducted in the context of the transit arrangements or as a result of action undertaken in the context of mutual assistance as laid down in the Protocol on mutual administrative assistance in customs matters and the Protocol on administrative cooperation and combating fraud in the field of value added tax and excise duty and on mutual assistance for the recovery of claims relating to taxes and duties.

5. By derogation from paragraphs 3 and 4, Union goods, for which there is a justified business need to suspend levying of transaction tax and excise duties, where applicable, may benefit from the following exception. Those goods may be released by the competent authorities of the United Kingdom, in respect of Gibraltar, for tax purposes for a warehousing procedure in an authorised customs warehouse in Gibraltar, in the case of a customs warehouse for tax purposes for ship supplies without minimum storage period, otherwise for a period between one month and nine months or for an inward processing procedure or for a temporary admission procedure for a period of up to three months, to take effect simultaneously with the ending of the T2GI transit procedure. In such cases, the competent authorities of the United Kingdom, in respect of Gibraltar, shall supply information on a case by case basis to the designated customs post which acted as office of departure for the T2GI transit procedure regarding goods which have been taken out of the special procedure for tax purposes to be placed on the market in Gibraltar, taken out of Gibraltar under the re-export procedure, or destroyed with no waste remaining.

6. In addition, in the case of discharging the special procedures for tax purposes by placing the goods on the market in Gibraltar, the competent authorities of the United Kingdom, in respect of Gibraltar, shall supply to the designated customs post, which acted as office of departure for the T2GI transit procedure, on a monthly basis, proof that transaction tax and, if applicable, excise duties, have been levied by the United Kingdom, in respect of Gibraltar, for goods placed on the market in Gibraltar.

In the case of discharging the special procedures for tax purposes by taking the goods out of Gibraltar or destroying them with no waste remaining, the competent authorities of the United Kingdom, in respect of Gibraltar, shall supply to the designated customs post, which acted as office of departure for the T2GI transit procedure, on a case by case basis, proof of their exit from Gibraltar or proof of that destruction.

A period of more than three months for the discharge may be authorised in the case of an inward processing procedure or a temporary admission procedure, at the time the application is made, or by way of extension, if there are duly justified circumstances accepted by the designated customs post, which acted as office of departure for the T2GI transit procedure.

Where the messages or the proofs of discharge are not presented or where the special procedures could not be discharged within the period of nine months, or within a longer period authorised in the case of an inward processing procedure or temporary admission procedure under duly justified circumstances, an entry shall be made in the register referred to in paragraph 2 by the designated customs post. In this case, the competent authorities of the United Kingdom, in respect of Gibraltar, shall transfer to the Member State of the office of departure the amount of the VAT and excise duties applicable at the time of discharge of the transit movement in that Member State.

7. The designated customs posts listed in Appendix 1 to Annex 21 shall be the exit customs office for all exports of goods from the Union into Gibraltar.

Goods which would be eligible for partial relief from import duty according to the Union rules on temporary admission, may be granted full relief from indirect tax by the United Kingdom, in respect of Gibraltar, pursuant to an authorisation for temporary admission granted in accordance with paragraph 5 of this Article.

Professional equipment as defined in Article 1 of Annex B.2 of the Istanbul Convention on Temporary Admission may also be placed in the temporary admission procedure by the act of their entry into Gibraltar.

8. Administrative arrangements between the competent authorities within the Union and the competent authorities of the United Kingdom, in respect of Gibraltar, shall set out the practical modalities for the implementation of this Article.

Article 2

Goods moving from Gibraltar to the Union

1. Where goods in free circulation or in a customs warehousing, inward processing or temporary admission procedure for tax purposes in Gibraltar are presented to the competent authorities of the United Kingdom, in respect of Gibraltar, with a view to be moved to the Union, the NCTS shall be used applying the code T2GI. The transit data of the goods shall be declared in the NCTS and the goods shall be moved following the transit process to the designated customs post in the Union acting as office of destination, in order to furnish evidence that the goods in question are in free circulation in Gibraltar.

By derogation from the first subparagraph, professional equipment as defined in Article 1 of Annex B.2 of the Istanbul Convention on Temporary Admission may be moved by land without using the NCTS.

2. The procedure of Article 1(3) shall apply *mutatis mutandis*. Where the office of departure in Gibraltar has not received the information required to prove that the goods have arrived in a designated customs post, the United Kingdom, in respect of Gibraltar, shall collect the relevant VAT and excise duties applicable in the Member State of the designated customs post and shall transfer the taxes levied to the competent authorities of that Member State. However, in the event that the competent authorities of the United Kingdom, in respect of Gibraltar, can provide conclusive evidence that the goods under transit have ultimately remained in Gibraltar, transaction tax and, if applicable, Gibraltar excise duties shall be levied instead.

3. Administrative arrangements between the competent authorities within the Union and the competent authorities of the United Kingdom, in respect of Gibraltar, shall set out the practical modalities for the implementation of paragraph 2.

Article 5

Union goods leaving Gibraltar

Union goods which are to be exported from Gibraltar as ship supplies may leave the territory of Gibraltar via the port or airport, provided that they comply with the Union customs and indirect taxation provisions applicable for comparable transactions in the Union. Article 8(1) of Annex 21 applies, with the exception of the presentation of the goods at a designated customs post.

ANNEX 20

PROVISIONS OF UNION LAW REFERRED TO IN ARTICLE 247(1) OF THE AGREEMENT

1. Union acts and other equivalent legislation as necessary to avoid distortions with the neighbouring region in relation to Article 247(1) of this Agreement shall be applied in the United Kingdom, in respect of Gibraltar. The areas covered are as follows:

(a) customs legislation as defined in the Union Customs Code, with the exclusion of all tariff quotas, and of tariffs set at a level lower than those contained in the Union's schedule of concessions and commitments on trade in goods, incorporated into the GATT 1994 on the basis of international trade agreements, or by other Union legislation granting unilateral tariff preferences;

(b) Union acts governing import and export prohibitions and restrictions on grounds of, inter alia, public morality, public policy or public security; the protection of the health and life of humans, animals or plants; the protection of the environment; the protection of national treasures possessing artistic, historic or archaeological value; the protection of industrial or commercial property, including controls on drug precursors, goods infringing certain intellectual property rights and cash; as well as Union acts concerning the implementation of fishery conservation and management measures and the implementation of commercial policy measures, safety and security measures or related to any border formalities and procedures to be controlled and applied by customs authorities;

(c) any other Union acts the implementation of which comes wholly or partly within the jurisdiction of the customs authorities of the Member States;

(d) Union legislation on mutual assistance between the administrative authorities of the Member States and cooperation between the latter and the European Commission to ensure the correct application of the law on customs and agricultural matters, as last amended by Regulation (EU) 2015/1525 of the European Parliament and the Council ([1]);

(e) Union acts setting product rules, requirements and standards applicable in the Union's internal market, including on tobacco and related products, chemicals, waste and sanitary and phytosanitary measures;

(f) the Treaty establishing the European Atomic Energy Community and the relevant Union acts, which have as a legal base that Treaty;

(g) Union acts governing trade statistics, general trade related aspects, trade defence instruments and bilateral safeguards;

(h) Union legislation establishing a carbon border adjustment mechanism; and

(i) Union legislation concerning VAT, excise, and administrative cooperation and recovery assistance.

2. The provisions referred to in paragraph 1 shall be determined in greater detail by the Cooperation Council.

3. The proper collection of customs duties in Gibraltar shall be considered as part of the protection of the financial interests of the Union.

ANNEX 21

PROCEDURE FOR GOODS ENTERING INTO AND EXPORTED FROM GIBRALTAR FROM AND TO COUNTRIES AND TERRITORIES OUTSIDE THE CUSTOMS UNION IN ACCORDANCE WITH ARTICLE 247(3) OF THE AGREEMENT

Article 1

Imports from countries and territories outside the customs union into Gibraltar

1. The Union shall be authorised to carry out, on behalf of the competent authorities of the United Kingdom, in respect of Gibraltar, customs clearance formalities necessary for the release for free circulation of non-Union goods presented at a designated customs post, or for the placement of such goods under a customs warehousing, inward processing or temporary admission procedure as defined in Union customs legislation. The Union shall be also responsible for the authorisation procedure, supervision and remaining aspects of these procedures according to Union customs legislation, including where the authorisation also covers goods referred to in Annex 19. Such customs clearance and authorisation formalities shall be carried out by a designated customs post, except sanitary and phytosanitary related customs clearance formalities, which shall be carried out at the first entry point of the Union when required by Union legislation. This is without prejudice to the trading licences and trading authorisations that may need to be granted by the competent authorities of the United Kingdom, in respect of Gibraltar, to economic operators with respect to activities taking place in Gibraltar.

2. The customs clearance formalities shall be carried out in accordance with those provisions of Union law that would apply if the goods were customs cleared in the Union. However, all tariff quotas, and tariffs set at a level lower than those contained in the Union's schedule of concessions and commitments on trade in goods, incorporated into the GATT 1994 on the basis of international trade agreements, or by other Union legislation granting unilateral tariff preferences shall not apply, with the exception of those referred to in Appendix 2 to this Annex and under the conditions established in the relevant international agreement.

3. Where import duties are payable on goods pursuant to paragraph 1, those duties shall be levied in the relevant designated customs post on behalf of the United Kingdom, in respect of Gibraltar. The United Kingdom, in respect of Gibraltar, shall not refund these sums directly or indirectly.

4. The import duties shall be entered in the customs accounts within the time-limits laid down by the relevant legislation of the Union.

For control purposes, duties entered in the accounts shall also be recorded in the register, referred to in Article 6(1), containing details of all imports bound for Gibraltar, including reference to the goods imported, the date of acceptance of the import declaration, the items of charge, the amount of duty involved and the master reference number.

5. For the purposes of this Annex, rules of the Union transit procedure shall apply, including as amended or replaced in future as well as any Union act implementing or supplementing those Union rules, without prejudice to the special provisions laid down in this Annex.

Article 2

Movements of goods to Gibraltar from designated customs posts of the Union

1. Where goods specified in Article 1 and bound for Gibraltar are released for free circulation or for special procedures of customs warehousing, inward processing or temporary admission at one of the designated customs posts, NCTS shall be used thereafter applying the code T1GI. The transit data of the goods as well as the additional information referred to in Article 6 shall be declared in the NCTS at the designated customs post, acting as office of departure, and the goods shall be moved following the transit process to the competent authorities of the United Kingdom, in respect of Gibraltar, acting as customs office of destination.

2. The customs office of destination in Gibraltar, using an 'arrival advice' message, shall notify the designated customs post that acted as office of departure of the arrival of the goods on the day the goods are presented in Gibraltar at the office of destination and shall forward a 'control results' message to the office of departure at the latest on the third working day following the day the goods are presented at the office of destination, together with proof that the transaction tax and the excise duties, where relevant, have been levied in Gibraltar on the goods, unless the goods are covered by the exception referred to in Article 6(3) or by a special procedure under paragraph 1 of this Article.

Article 3

Collection of import duty and entry into the relevant accounts

1. With regard to the establishment, monitoring and making available of import duty collected on goods destined for Gibraltar, Council Regulation (EU, Euratom) No 609/2014 ([1]) shall apply *mutatis mutandis*. In particular, the following provisions shall apply:

(a) Member States with designated customs posts shall maintain separate Gibraltar accounts for import duty collected on goods destined for Gibraltar, identical to those provided for as regards the Union's own resources under Article 6(3) of Regulation (EU, Euratom) No 609/2014; and

(b) The import duties relating to the T1GI document shall be established by the designated customs posts in accordance with the applicable Union law and entered in the accounts referred to in point (a).

2. The procedure referred to in paragraph 1 shall apply *mutatis mutandis* to processed products and to goods moved into the territory of Gibraltar for which a customs debt has arisen.

3. The Member States shall, pursuant to the first subparagraph of Article 6(4) of Regulation (EU, Euratom) No 609/2014, send to the European Commission a statement of their accounts referred to in point (a) of paragraph 1 of this Article. The statement shall be established in the same way as the statements established for own resources and sent to the European Commission together with those relating to own resources. The statements shall however also indicate the total amount of import duties collected at each designated customs post and a breakdown on transaction level shall be provided to the European Commission on request.

4. The supporting documents shall be kept in accordance with the first and second paragraphs of Article 3 of Regulation (EU, Euratom) No 609/2014. These documents and the other documents relating to own resources shall be filed separately.

([1]) Council Regulation (EU, Euratom) No 609/2014 of 26 May 2014 on the methods and procedure for making available the traditional, VAT and GNI-based own resources and on the measures to meet cash requirements (OJ L 168, 7.6.2014, p. 39, ELI: http://data.europa.eu/eli/reg/2014/609/oj).

5. Corrections to established entitlements or to the accounts made after 31 December of the third year following the year of the initial establishment shall not be entered in the accounts, except on points notified before this date either by the European Commission or by a Member State or by the United Kingdom, in respect of Gibraltar.

6. Article 2 of Council Regulation (EU, Euratom) 2021/768 ([2]) shall apply. The inspection measures in question shall also apply to such documents within the meaning of point (c) of Article 2(3) of that Regulation which prove that the goods have arrived in Gibraltar.

7. Member States shall credit to the European Commission's account provided for in Article 9 of Regulation (EU, Euratom) No 609/2014, within the time limits indicated in Article 10(1) of that Regulation, the entitlements entered in the accounts in accordance with point (a) of paragraph 1 of this Article. Member States shall retain, by way of collection costs, a percentage of the import duties collected on behalf of the United Kingdom, in respect of Gibraltar, in accordance with the applicable retention rate in the Union.

8. The Member States shall be released from the obligation to place at the disposal of the European Commission the amounts corresponding to the duties recorded for the United Kingdom, in respect of Gibraltar, only if the conditions laid down in Article 13(2) of Regulation (EU, Euratom) No 609/2014 have been fulfilled.

9. The European Commission shall transfer the amounts credited to an account opened by the United Kingdom, in respect of Gibraltar, within thirty days from the date of notification by a Member State that an amount has been credited. The United Kingdom, in respect of Gibraltar, shall inform the European Commission of the details of the account to be credited and shall bear any charges on this account.

10. In the implementation of paragraph 1 of this Article, Articles 4 to 7 shall apply.

Article 4

Completion of accounting procedures at designated customs posts

1. The import duty shall be entered in the accounts of the United Kingdom, in respect of Gibraltar, by a procedure analogous to that detailed in the first subparagraph of Article 6(3) of Regulation (EU, Euratom) No 609/2014 in accordance with the provisions of that Article. However, the authorities of the Member States with designated customs posts may decide not to make an entry in the accounts of the United Kingdom, in respect of Gibraltar if the established duties for which security has been provided have been challenged and might upon settlement of the disputes be subject to change. In this case, pending the outcome of the ensuing national administrative or legal procedures undertaken by the competent authorities, the amount of import duties shall be recorded in the separate accounts of the United Kingdom, in respect of Gibraltar, by a procedure analogous to that detailed in the second subparagraph of Article 6(3) of Regulation (EU, Euratom) No 609/2014.

2. For the purposes of paragraph 1, the following shall be considered to be 'competent authorities':

(a) for any question relating to implementation of the laws, regulations or administrative provisions applicable to customs matters, the administrative or judicial authorities of the Member State which carried out the customs clearance or, where appropriate, those of the Union;

(b) for any question relating to procedural provisions, the administrative or judicial authorities of the Member State which carried out the customs clearance; and

(c) for any question relating to implementation concerning the forced recovery of debts, the judicial authorities of the United Kingdom, in respect of Gibraltar, in Gibraltar or the competent authorities within the Union in their territory.

([2]) Council Regulation (EU, Euratom) 2021/768 of 30 April 2021 laying down implementing measures for the system of own resources of the European Union and repealing Regulation (EU, Euratom) No 608/2014 (OJ L 165, 11.5.2021, p. 1, ELI: http://data.europa.eu/eli/reg/2021/768/oj).

Article 5

Discharge of the special transit procedure

1. The special transit procedure shall be discharged by the customs office of departure when it is possible to establish, on the basis of a comparison of the data available to the customs office of departure and those available to the customs office of destination, that the procedure has ended correctly.

2. In cases where the special transit procedure cannot be discharged and, in any event, no later than three months after the release of the goods for transit, an entry shall be made in the register referred to in Article 6(1) of this Annex and a correction shall be made to the initial entry in the accounts of the United Kingdom, in respect of Gibraltar. In this case, the import duties shall be established as the Union's own resources and entered in the accounts detailed in the first subparagraph of Article 6(3) of Regulation (EU, Euratom) No 609/2014 or, where appropriate, in the separate accounts referred to in the second subparagraph of Article 6(3) of that Regulation. This shall be without prejudice to any corrections which might prove necessary, for instance, in light of investigations conducted in the context of the transit arrangements or as a result of action undertaken in the context of mutual assistance as laid down in the Protocol on mutual administrative assistance in customs matters and the Protocol on administrative cooperation and combating fraud in the field of value added tax and excise duty and on mutual assistance for the recovery of claims relating to taxes and duties.

Article 6

Transaction tax and excise duties

1. For control purposes, a register shall also be kept by the designated customs post containing details of all imports bound for Gibraltar, including:

(a) reference to the duties entered in the accounts;

(b) the commodity codes;

(c) the quantities and value of goods;

(d) the date of acceptance of the declaration;

(e) the items of charge;

(f) the amount of duty involved;

(g) the master reference number (T1GIXXX); and

(h) any other data necessary for the calculation of the transaction tax and, where applicable, the excise duty.

This information shall be transmitted to the competent authorities of the United Kingdom, in respect of Gibraltar, for the calculation of the amount of the transaction tax and excise duty, where applicable, due at the moment of presentation of the goods in Gibraltar to the competent authorities of the United Kingdom, in respect of Gibraltar.

2. Where the messages or the proofs on transaction tax and excise duties, where relevant, are not presented, or where the transit movement could not be discharged, an entry shall be made in the register referred to in paragraph 1. In this case, the relevant designated customs post shall treat the movement as an irregular entry and levy the VAT and excise duties applicable in the Member State of the designated customs post. The holder of the transit procedure shall be liable for the relevant amount. This application of VAT and excise duty shall be without prejudice to any corrections which might prove necessary in the light of an investigation conducted or as a result of action undertaken in the context of mutual assistance as laid down in the Protocol on mutual administrative assistance in customs matters and the Protocol on administrative cooperation and combating fraud in the field of value added tax and excise duty and on mutual assistance for the recovery of claims relating to taxes and duties.

3. By derogation from paragraph 2, goods released for free circulation with regard to import duties for which there is a justified business need to suspend levying of transaction tax and excise duties may benefit from the exceptions established in Article 1(5) of Annex 19, the conditions and procedure laid down in Article 1(5) to (9) of Annex 19 being applicable *mutatis mutandis*.

Article 7

Completion of the border formalities for goods placed under a special procedure other than transit

1. The procedures referred to in Articles 3 and 4 shall apply *mutatis mutandis* to processed products and to goods moved into the territory of Gibraltar for which a customs debt has arisen.

2. The customs declaration for the discharge of the inward processing or the temporary admission procedures shall be submitted to the designated customs post where the declaration for the placement of the goods under that procedure was presented. Processed products derived from the goods which were placed under the inward processing procedure or the goods which were placed in inward processing or temporary admission procedure in Gibraltar must be physically presented in that designated customs post when the customs declaration for discharge is submitted.

3. In exceptional and duly justified circumstances, goods or processed products derived from the goods placed under an inward processing procedure or goods placed under a temporary admission procedure may leave Gibraltar by sea to countries and territories outside the customs union from the port in Gibraltar without a physical presentation in the designated customs post. The holder of the authorisation shall submit a re-export declaration at the designated customs post that granted the inward processing authorisation for the goods in accordance with Article 8(1), at least 48 hours before the effective removal from Gibraltar port. The goods must be physically present in Gibraltar port at the moment the re-export declaration is submitted to the designated customs post. This designated customs post shall discharge the inward processing procedure once the holder of the authorisation provides proof that the goods have left the customs union.

4. In exceptional and duly justified circumstances, goods arriving by sea to the port in Gibraltar from countries and territories outside the customs union can be placed under an inward processing or temporary admission procedure. In addition, fuel for commercial seagoing vessels which is to be placed under the customs warehousing procedure for subsequent use in the context of ship supplies may arrive by sea to the port of Gibraltar. The customs declaration shall be sent to a designated customs post and the goods shall not be moved from the port until the release of the goods for the relevant special procedures by the designated customs post.

Article 8

Export to countries and territories outside the customs union from Gibraltar

1. Customs clearance operations relating to exports from Gibraltar to countries and territories outside the customs union shall be carried out at any designated customs post.

The customs clearance operations relating to exports referred to in the first subparagraph shall be carried out by the designated customs posts in accordance with those provisions of Union law that would apply if the goods were exported from the Union.

2. Where the goods are presented to the competent authorities of the United Kingdom, in respect of Gibraltar, for the purposes of paragraph 1, those authorities shall issue a T1GI or T2GI document, which shall be submitted to a designated customs post which will act as customs office of destination. Where goods in Gibraltar are presented to the competent authorities of the United Kingdom, in respect of Gibraltar, with a view to be moved to the Union, the NCTS shall be used applying the code T1GI or T2GI as the case may be (re-export from a customs warehouse or after inward processing or temporary admission). The transit data of the goods shall be declared in the NCTS and the goods moved following the transit process to the designated customs post acting as office of destination.

3. The procedure of Article 5 shall apply *mutatis mutandis*. Where the customs office of departure in Gibraltar has not received the information required to prove that the goods have arrived in a designated customs post, the United Kingdom, in respect of Gibraltar, shall collect, in the case of code T2GI, the relevant VAT and excise duties applicable in the Member State of the designated customs post and shall transfer the taxes levied to the competent authorities of that Member State. However, in the event that the competent authorities of the United Kingdom, in respect of Gibraltar, can provide conclusive evidence that the goods under transit have ultimately remained in Gibraltar, transaction tax and, where applicable, Gibraltar excise duties shall be levied instead.

In the case of T1GI, the customs office of departure shall inform the designated customs post acting as office of destination in the Union, which shall establish the customs duties, VAT and excise duties, where applicable.

4. Administrative arrangements between the competent authorities within the Union and the competent authorities of the United Kingdom, in respect of Gibraltar, shall set out the practical modalities for the implementation of paragraph 3.

5. Ship supplies may leave the territory of Gibraltar via the port or airport solely in accordance with the Union customs and indirect taxation provisions applicable for comparable transactions in the Union. Paragraph 1 applies with the exception of the presentation of the goods at a designated customs post.

Appendix 1

However, a subsidiary designated customs post shall be designated in the Portuguese Republic to be accessible for the purposes of this Agreement and to function exclusively in the event that none of the designated customs posts in the Kingdom of Spain are accessible for over 24 hours because of unforeseeable circumstances or for reasons of force majeure. In such case, the European Commission shall communicate without delay to the Portuguese Republic the need to activate the functions of the subsidiary designated customs posts that shall apply the business continuity procedures under the Union customs provisions.

ANNEX 24

INDIRECT TAXATION IN GIBRALTAR IN APPLICATION OF ARTICLE 247(3) AND ARTICLE 248 OF THE AGREEMENT

SECTION 1

GENERAL PROVISIONS

Article 1

Scope and chargeability of the transaction tax and of the excise duty

1. The transaction tax, and excise duty, where applicable, shall be charged and collected by the competent authorities of the United Kingdom, in respect of Gibraltar:

(a) where the goods which were in free circulation in the Union are moved to Gibraltar, upon presentation of the goods to the competent authorities of the United Kingdom, in respect of Gibraltar, transported under the special transit system for Gibraltar, in accordance with the procedure provided for in Annex 19;

(b) where the goods are imported from countries and territories outside the customs union into Gibraltar, upon presentation of the goods to the competent authorities of the United Kingdom, in respect of Gibraltar, transported under the special transit system for Gibraltar in accordance with the procedure provided for in Annex 21;

(c) where, within the special fiscal or customs procedures established in Annexes 19 and 21, Union goods are put on the market in Gibraltar or a customs debt has arisen for non-Union goods;

(d) when goods produced in Gibraltar leave the production site;

(e) when goods are found to have irregularly entered Gibraltar; or

(f) when goods are brought into Gibraltar by travellers in excess of the quantitative thresholds provided for in Annex 23 but are still not considered as of commercial nature upon declaration or completion of checks.

2. For the purposes of point (d) of paragraph 1, goods are considered to have left the production site:

(a) when the goods are physically dispatched or transported out of the production facility by or on behalf of the producer, irrespective of the destination or purpose of such movement;

(b) the moment when the right to dispose of goods as owner is transferred to another party, whether by sale, exchange or any other legal means, even if the goods remain at the production facility.

Article 2

Taxable amount and rate of the transaction tax

1. The taxable amount for goods imported into Gibraltar shall be determined with reference to the value for customs purposes. It shall include, insofar as these elements were not already included in the customs value:

(a) taxes, duties, levies and other charges, including excise duties, due by reason of importation, excluding the transaction tax to be levied; and

(b) incidental expenses, such as commission, packing, transport and insurance costs.

2. The taxable amount for goods produced in Gibraltar shall be the open market value at the time the goods leave the production site.

'Open market value' shall mean the full amount that, in order to obtain the goods in question at that time, a customer at the same marketing stage would have to pay, under conditions of fair competition, to a supplier at arm's length in Gibraltar.

Where no comparable supply of goods can be ascertained, 'open market value' shall mean an amount that is not less than the purchase price of the goods or of similar goods or, in the absence of a purchase price, the cost price, determined at the time the goods leave the production site.

3. The rate of the transaction tax shall be set as follows:

(a) the standard rate shall be set at not less than the lowest standard VAT rate applied by a Member State, which at the time of signature of this Agreement is 17 %.

By derogation from the foregoing, the United Kingdom, in respect of Gibraltar, may gradually increase its standard rate over a period of three years to reach the lowest standard VAT rate applied by a Member State, which at the time of signature of this Agreement is 17 %, in accordance with the table below following the entry into force of this Agreement.

Year 1	Year 2	Year 3
15 %	16 %	17 % (or such rate as may be the lowest applied by any Member State at that time)

In the context of its ongoing assessment under point (a) of Article 248(5), the independent consultative body may, in order to avoid significant actual distortions in Gibraltar or the contiguous frontier zone, recommend, at any time during or after the three-year period referred to in the second subparagraph of this point, that a higher or lower standard rate should apply to a selection of goods or categories of goods. In such cases:

(i) the higher rate that may be proposed would be such rate as the independent consultative body may consider appropriate to eliminate the distortions linked to the differences in rates of the transaction tax charged on those goods or categories of goods by the United Kingdom, in respect of Gibraltar, compared to the rates of VAT charged by the Kingdom of Spain on the same goods or category of goods;

(ii) the lower rate that may be proposed by the independent consultative body would never be lower than two percentage points below the lowest standard rate of VAT applied by any Member State.

After the three-year period, if the recommendations to apply rates different (higher or lower) from the standard rate to a selection of goods or categories of goods are insufficient to avoid significant actual distortions in Gibraltar or the contiguous frontier zone linked to the differences in rates of the transaction tax charged by the United Kingdom, in respect of Gibraltar, compared to the rates of VAT charged by the Kingdom of Spain, the independent consultative body may recommend, in the context of its annual assessment under point (b) of Article 248(5), that the standard rate is adjusted upwards or downwards for all goods subject to that rate.

(b) the reduced rate applicable to goods determined in accordance with paragraph 5 shall be not less than 5 %.

Any adjustment of the reduced rate by the United Kingdom, in respect of Gibraltar, following a recommendation of the independent consultative body referred to in Article 248(5) may concern either all goods or a specific good or a category of goods, and may entail changing a good or category of goods from a reduced rate to a standard rate or a super reduced rate.

4. The United Kingdom, in respect of Gibraltar, may apply a super reduced rate of less than 5 % to the goods listed in Article 2 of Appendix 1.

Any adjustment of the super reduced rate by the United Kingdom, in respect of Gibraltar, following a recommendation of the independent consultative body referred to in Article 248(5) may concern either all goods or a specific good or a category of goods, and may entail changing a good or category of goods from a super reduced rate to a reduced or standard rate.

5. The list of goods to which a reduced or super reduced tax rate applies as well as the actual rate to be applied is included in Appendix 1 to this Annex. The list of goods to which a reduced or super reduced rate applies shall only include goods to which Member States may, in line with Union legislation concerning VAT, apply a reduced or super reduced rate.

6. If the United Kingdom, in respect of Gibraltar, modifies the list of goods referred to in paragraph 5, it shall only do so in line with Union legislation concerning VAT and shall notify the Union prior to the modifications taking effect.

Article 3

Person liable to pay the transaction tax and the Gibraltar excise duty

1. The person who declares the goods or on whose behalf they are declared for entry into Gibraltar and, in the case of irregular entry, any other person involved in the irregular entry of the goods, shall be liable to pay the transaction tax and the Gibraltar excise duty, where applicable.

2. The person producing the goods in Gibraltar shall be liable to pay the transaction tax and, where applicable, the Gibraltar excise duty. In the case of an irregular production, any person involved in the production shall be liable to pay Gibraltar excise duty.

3. Where several persons are liable for payment of the Gibraltar excise duty they shall be jointly and severally liable for such debt.

Article 4

Exemptions

1. Goods shall be exempt from the transaction tax where, had such goods been imported, supplied or acquired in the Union, they would have benefited from a mandatory exemption from VAT. Goods shall be exempt from excise duty in cases where, had such goods been released for consumption in the Union, they would have benefited from a mandatory exemption from harmonised excise duty.

Where the United Kingdom, in respect of Gibraltar, seeks to avail itself of a discretionary exemption from VAT or harmonised excise duty as regards any goods, it shall first notify the Specialised Committee on Economy and Trade, which shall assess whether the exemption may be implemented. The Specialised Committee on Economy and Trade shall approve or reject the implementation of such exemptions on the basis of objective evidence and reasons.

2. In addition, liquefied natural gas imported and used for the production of electricity as well as electricity produced in Gibraltar shall be exempted from transaction tax and excise duty.

Article 5

Refund of the transaction tax and excise duty where goods are exported from Gibraltar

The United Kingdom, in respect of Gibraltar, shall refund the transaction tax and excise duty, where applicable, charged on a good upon its export to the Union provided the exporter can prove that VAT or, where applicable, VAT and excise duty have been paid in the Union.

The United Kingdom, in respect of Gibraltar, shall also refund the transaction tax and excise duty, where applicable, where goods are exported to a country outside the customs union via a designated customs post. The designated customs post shall notify the competent authorities of the United Kingdom, in respect of Gibraltar, thereof.

Goods consumed in Gibraltar shall not be eligible for a refund of the transaction tax and excise duties, where applicable.

SECTION 2

EXCISE DUTY

Article 6

Scope and chargeability of excise duties

1. Excise duties in Gibraltar shall be applied consistently with applicable Union excise legislation at any given time.

Any new Union excise duties shall also apply in Gibraltar unless the independent consultative body recommends, in accordance with Article 248(5) of this Agreement, a temporary suspension of up to one year.

2. Goods subject to excise duties in the Union, their taxable basis and duty minima, are laid down in Appendix 2. The levels of excise duties shall apply as follows:

(a) Union minimum excise rates shall apply at the entry into force of this Agreement;

(b) target excise rates not diverging by more than six percentage points from or being equivalent to 94 % of the excise rates applied in the Kingdom of Spain shall apply within three years of the entry into force of this Agreement.

3. Point (a) of paragraph 2 shall not apply to the fuel goods referred to in table A of Section 2(3) of Appendix 2 to this Annex.

4. By derogation from paragraph 2, the Specialised Committee on Economy and Trade, upon the recommendation of the independent consultative body referred to in Article 248(5), in cases where the supply of fuel for vehicles in petrol stations in Gibraltar is at risk, may allow the United Kingdom, in respect of Gibraltar, to apply excise duties below the Union minimum excise duties.

5. By derogation from paragraphs 1 and 2, manufactured tobacco products shall be subject to the provisions laid down in Section 3 of Appendix 2 to this Annex.

6. Without prejudice to paragraphs 3, 4 and 5, as from three years after the entry into force of this Agreement, and in the context of its ongoing assessment under point (a) of Article 248(5), the independent consultative body may, in order to avoid significant actual distortions in Gibraltar or the contiguous frontier zone, recommend that higher or lower excise rates than those referred to in point (b) of paragraph 2 should apply.

In those cases:

(a) the higher rate that may be proposed would be such rate as the independent consultative body may consider appropriate to eliminate the distortions linked to the differences in levels of the excise duty charged on those goods or category of goods by the United Kingdom, in respect of Gibraltar, compared to the rates of excise duty charged by the Kingdom of Spain on the same goods or category of goods; and

(b) the lower rate that may be proposed by the independent consultative body would never be lower than the Union minimum excise rates.

Article 7

Registration of excise duty operators

Any person responsible for the entry, production, holding, storage, movement, or exit of excise goods for commercial purposes in Gibraltar shall:

(a) be registered by the competent authorities of the United Kingdom, in respect of Gibraltar;

(b) keep accounts of stock and movements of excise goods and periodically submit them to the competent authorities of the United Kingdom, in respect of Gibraltar; and

(c) consent to all monitoring and stock checks.

Article 8

Refund of excise duty in the event of total destruction or irretrievable loss

The United Kingdom, in respect of Gibraltar, may refund excise duties of excise goods when there is a total destruction or irretrievable loss, total or partial, of these goods as a result of unforeseeable circumstances or force majeure, or as a consequence of an authorisation to destroy the goods by the competent authorities.

SECTION 3

OTHER PROVISIONS

Article 9

Exceptional circumstances

1. In response to exceptional circumstances and subject to certain conditions laid down in this Article, the United Kingdom, in respect of Gibraltar, may take one of the following measures:

(a) apply a temporary reduced rate of the transaction tax to specific goods deemed essential for addressing the exceptional circumstances; or

(b) temporarily exempt from the transaction tax and excise duties, where applicable, specific goods deemed essential for addressing the exceptional circumstances.

2. The specific goods eligible for a temporary reduced rate or temporary exemption, along with the duration of this measure, shall be subject to approval within a maximum of one week of their notification by the Specialised Committee on Economy and Trade taking into account the nature of the exceptional circumstances and the need for rapid response.

3. It shall be ensured that such temporary measures have no negative impact on the Union's internal market in the form of fiscal fraud risks nor any distortion of competition.

Article 10

Statistical information

The United Kingdom, in respect of Gibraltar, shall compile and provide to the Specialised Committee on Economy and Trade statistics on the transaction tax and excise duty paid in Gibraltar on a quarterly basis.

SECTION 3

MANUFACTURED TOBACCO

1. Manufactured tobacco shall be subject to excise duties. Manufactured tobacco are:

(a) cigarettes;

(b) cigars and cigarillos;

(c) smoking tobacco:

(i) fine-cut tobacco for the rolling of cigarettes; and

(ii) other smoking tobacco.

2. Products consisting in whole or in part of substances other than tobacco but otherwise conforming to the criteria of cigarettes, cigars, cigarillos and smoking tobacco shall be treated as cigarettes, cigars, cigarillos and smoking tobacco, respectively.

3. Cigarettes shall be subject to an ad valorem excise duty calculated on the maximum retail selling price, including customs duties, and also to a specific excise duty (of between 7,5 % and 76,5 % of the total tax burden) calculated per unit of the product.

The overall excise duty (specific duty and ad valorem duty excluding VAT) shall not be less than EUR 115 per 1 000 cigarettes. The price difference resulting from the applicable overall excise duty shall not exceed EUR 0,80 or 15 % per packet of cigarettes, whichever leads to the lower price differential.

The rate of the ad valorem excise duty and the amount of the specific excise duty must be the same for all cigarettes.

4. The minimum excise duty for manufactured tobacco other than cigarettes shall be:

(a) either an ad valorem duty calculated on the basis of the maximum retail selling price of each product;

(c) other smoking tobacco: 20 % of the retail selling price inclusive of all taxes, or EUR 22 per kilogram.

6. For the purposes of paragraphs 3 and 5, the weighted average retail selling price of cigarettes and fine-cut smoking tobacco intended for the rolling of cigarettes shall be calculated by reference to the total value of all cigarettes and fine-cut smoking tobacco intended for the rolling of cigarettes released for consumption, based on the retail selling price including all taxes, divided by the total quantity of cigarettes and fine-cut smoking tobacco intended for the rolling of cigarettes released for consumption. The weighted average retail selling price shall be determined by 1 March at the latest of each year on the basis of data relating to all such releases for consumption made in the preceding calendar year.

7. The rates referred to in paragraphs 4 and 5 shall be effective for all products belonging to the group of manufactured tobacco concerned, without distinction within each group as to quality, presentation, origin of the products, the materials used, the characteristics of the firms involved or any other criterion.

8. The competent authorities of the United Kingdom, in respect of Gibraltar, shall provide statistical data on the structure and rates of excise duty applied on manufactured tobacco. Article 6 of this Agreement does not apply.

(b) 'competent authority' means a national, regional or local authority in a Party which, for the purpose of authorising the pursuit of the occupation of road haulage operator, verifies whether a natural or legal person fulfils the conditions laid down in this Part, and which is empowered to grant, suspend or withdraw an authorisation to pursue the occupation of road haulage operator; and

(c) 'normal residence' means the place where a person usually lives, that is for at least 185 days in each calendar year, because of personal ties which show close links between that person and the place where that person is living.

(a) has a genuine link to the road haulage operator, such as being an employee, director, owner or shareholder or administering it, or is that person; and

(b) is resident in the Party in the territory of which the road haulage operator is established.

2. If a natural or legal person does not fulfil the requirement of professional competence, the competent authority may authorise the natural or legal person to engage in the occupation of road haulage operator without designating a transport manager in accordance with paragraph 1, provided that:

(a) the natural or legal person designates a natural person residing in the Party of establishment of the road haulage operator who fulfils the requirements laid down in points (b) and (d) of Article 3 and who is entitled under contract to carry out duties as transport manager on behalf of the undertaking;

(b) the contract linking the natural or legal person with the person referred to in point (a) specifies the tasks to be performed on an effective and continuous basis by that person and indicates that person's responsibilities as transport manager. The tasks to be specified shall comprise, in particular, those relating to vehicle maintenance management, verification of transport contracts and documents, basic accounting, the assignment of loads or services to drivers and vehicles, and the verification of safety procedures;

(c) in his or her capacity as transport manager, the person referred to in point (a) may manage the transport activities of up to four different road haulage operators carried out with a combined maximum total fleet of 50 vehicles; and

(d) the person referred to in point (a) performs the specified tasks solely in the interests of the natural or legal person and that person's responsibilities are exercised independently of any natural or legal persons for which it carries out transport operations.

4. The natural or legal person shall notify the competent authority of the transport manager or managers designated.

Article 6

Conditions relating to the requirement of good repute

1. Subject to paragraph 2, the Parties shall determine the conditions to be met by natural or legal persons and transport managers in order to fulfil the requirement of good repute.

In determining whether a natural or legal person has fulfilled that requirement, the Parties shall consider the conduct of the natural or legal person, its transport managers, executive directors and any other relevant person as may be determined by the Party. Any reference in this Article to convictions, penalties or infringements shall include convictions, penalties or infringements of the natural or legal person itself, its transport managers, executive directors and any other relevant person as may be determined by the Party.

The conditions referred to in this paragraph shall include at least the following:

(a) that there be no compelling grounds for doubting the good repute of the transport manager or the road haulage operator, such as convictions or penalties for any serious infringement of national rules in force in the fields of:

(i) commercial law;

(ii) insolvency law;

(iii) pay and employment conditions in the profession;

(iv) road traffic;

(v) professional liability;

(vi) trafficking in human beings or drugs; and

(vii) tax law; and

(b) that the transport manager or the road haulage operator have not in one or both Parties been convicted of a serious criminal offence or incurred a penalty for a serious infringement of the rules of Articles 278 to 282 of this Agreement or of national rules relating in particular to:

(i) the driving time and rest periods of drivers, working time and the installation and use of recording equipment;

(ii) the maximum weights and dimensions of commercial vehicles used in international traffic;

(iii) the initial qualification and continuous training of drivers;

(iv) the roadworthiness of commercial vehicles, including the compulsory technical inspection of motor vehicles;

(v) access to the market in international road haulage;

2. For the purposes of point (b) of the third subparagraph of paragraph 1 of this Article, where the transport manager or the road haulage operator has been convicted of a serious criminal offence or has incurred a penalty for one of the most serious infringements as set out in Appendix 27-A-1-1 in one or both Parties, the competent authority in the Party of establishment shall carry out and complete in an appropriate and timely manner an administrative procedure, which shall include, if appropriate, an on-site inspection at the premises of the natural or legal person concerned.

During the administrative procedure, the competent authority shall assess whether, due to specific circumstances, the loss of good repute would constitute a disproportionate response in the individual case. In that assessment, the competent authority shall take into account the number of serious infringements of the rules as referred to in the third subparagraph of paragraph 1 of this Article, as well as the number of most serious infringements as set out in Appendix 27-A-1-1 for which the transport manager or the road haulage operator have been convicted or had penalties imposed on them. Any such finding shall be duly reasoned and justified.

Where the competent authority finds that the loss of good repute would be disproportionate, it shall decide that the natural or legal person concerned continues to be of good repute. Where the competent authority does not find that the loss of good repute would be disproportionate, the conviction or penalty shall lead to the loss of good repute.

3. In addition to the list of most serious infringements set out in Appendix 27-A-1-1, serious infringements set out in Appendix 27-A-1-1bis may lead to the loss of good repute.

4. The requirement of good repute shall not be fulfilled until a rehabilitation measure or any other measure having an equivalent effect has been taken pursuant to the relevant provisions of national law of the Parties.

Article 7

Conditions relating to the requirement of financial standing

1. In order to fulfil the requirement of financial standing, a natural or legal person shall, on a permanent basis, be able to meet its financial obligations in the course of the annual accounting year. The natural or legal person shall demonstrate, on the basis of annual accounts certified by an auditor or a duly accredited person, that, every year, it has at its disposal capital and reserves:

(a) totalling at least EUR 9 000 / GBP 8 000 when only one motor vehicle is used, EUR 5 000 / GBP 4 500 for each additional motor vehicle or combination of vehicles used that has a permissible laden mass exceeding 3,5 tonnes and EUR 900 / GBP 800 for each additional motor vehicle or combination of vehicles that has a permissible laden mass, exceeding 2,5 tonnes but not 3,5 tonnes;

(b) natural or legal persons engaged in the occupation of road haulage operator solely by means of motor vehicles or combinations of vehicles that have a permissible laden mass exceeding 2,5 tonnes but not 3,5 tonnes shall demonstrate, on the basis of annual accounts certified by an auditor or a duly accredited person, that, every year, they have at their disposal capital and reserves totalling at least EUR 1 800 / GBP 1 600 when only one vehicle is used and EUR 900 / GBP 800 for each additional vehicle used.

2. By way of derogation from paragraph 1, the competent authority may agree or require that an undertaking demonstrate its financial standing by means of a certificate determined by the competent authority, such as a bank guarantee or an insurance, including a professional liability insurance from one or more banks or other financial institutions including insurance companies or another binding document providing a joint and several guarantee for the undertaking in respect of the amounts specified in point (a) of paragraph 1.

3. By way of derogation from paragraph 1, in the absence of certified annual accounts for the year of an undertaking's registration, the competent authority shall agree that an undertaking is to demonstrate its financial standing by means of a certificate, such as a bank guarantee, a document issued by a financial institution establishing access to credit in the name of the undertaking, or another binding document as determined by the competent authority proving that the undertaking has at its disposal the amounts specified in point (a) of paragraph 1.

4. The annual accounts referred to in paragraph 1, and the guarantee referred to in paragraph 2, which are to be verified, are those of the economic entity established in the Party in which an authorisation has been applied for and not those of any other entity established in the other Party.

Article 8

Conditions relating to the requirement of professional competence

1. In order to satisfy the requirement of professional competence, the person or persons concerned shall possess knowledge corresponding to the level provided for in Part I of Appendix 27-A-1-2 in the subjects listed therein. That knowledge shall be demonstrated by means of a compulsory written examination which, if a Party so decides, may be supplemented by an oral examination. Those examinations shall be organised in accordance with Part II of Appendix 27-A-1-2. To this end, a Party may decide to impose training prior to the examination.

2. The persons concerned shall sit the examination in the Party in which they have their normal residence.

3. Only the authorities or bodies duly authorised for this purpose by a Party, in accordance with criteria defined by it, may organise and certify the written and oral examinations referred to in paragraph 1 of this Article. The Parties shall regularly verify that the conditions under which those authorities or bodies organise the examinations are in accordance with Appendix 27-A-1-2.

4. A Party may exempt the holders of certain higher education qualifications or technical education qualifications issued in that Party, specifically designated to this end and entailing knowledge of all the subjects listed in Part I of Appendix 27-A-1-2 from the examination in the subjects covered by those qualifications. The exemption shall only apply to those Sections of Part I of Appendix 27-A-1-2 for which the qualification covers all subjects listed under the heading of each Section.

A Party may exempt from specified parts of the examinations holders of certificates of professional competence valid for national transport operations in that Party.

Article 9

Exemption from examination

For the purpose of granting a licence to a road haulage operator which only operates motor vehicles or combinations of vehicles the permissible laden mass of which does not exceed 3,5 tonnes, a Party may decide to exempt from the examinations referred to in Article 8(1) persons who provide proof that they have continuously managed, for the period of 10 years before 20 August 2020, a natural or legal person of the same type.

Article 10

Procedure for the suspension and withdrawal of authorisations

1. Where a competent authority establishes that a natural or legal person runs the risk of no longer fulfilling the requirements laid down in Article 3, it shall notify the natural or legal person thereof. Where a competent authority establishes that one or more of those requirements is no longer satisfied, it may set one of the following time limits for the natural or legal person to rectify the situation:

(a) a time limit not exceeding six months, which may be extended by three months in the event of the death or physical incapacity of the transport manager, for the recruitment of a replacement transport manager where the transport manager no longer satisfies the requirement as to good repute or professional competence;

2. The competent authority may require a natural or legal person whose authorisation has been suspended or withdrawn to ensure that its transport managers have passed the examinations referred to in Article 8(1) prior to any rehabilitation measure being taken.

3. If the competent authority establishes that the natural or legal person no longer satisfies one or more of the requirements laid down in Article 3, it shall suspend or withdraw the authorisation to engage in the occupation of road haulage operator within the time limits referred to in paragraph 1 of this Article.

Degrees of seriousness of serious infringements

(1) The degrees of seriousness of infringements shall be serious ('SI'), very serious ('VSI') and most serious ('MSI').

(2) Serious and very serious infringements, when committed repeatedly by the same operator, shall be regarded as more serious by the competent authority in the Party of establishment. When calculating the frequency of occurrence of repeated infringements, the competent authorities in the Party shall take into account the following factors:

— The seriousness of the infringements (SI or VSI);

— Time (at least one rolling year from the date of a control);

— Number of vehicles used for the transport activities managed by the transport manager (average per year).

(3) Taking into account the potential of creating a risk to road safety, the maximum frequency of serious infringements beyond which they should be considered as more serious shall be established as follows:

— three SI per vehicle and per year = one VSI;

— three VSI per vehicle and per year = launch of a national procedure on good repute.

(4) The number of infringements per vehicle per year is an average figure calculated by dividing the total number of all infringements of the same level of seriousness (SI or VSI) by the average number of vehicles used during the year. The frequency formula provides for a maximum threshold for occurrence of serious infringements beyond which they shall be considered more serious. Competent authorities in the Parties may establish stricter thresholds if envisaged in their national administrative procedure for assessing good repute.

SECTION 1

CERTIFICATE OF PROFESSIONAL COMPETENCE

Article 1

Scope

This Section applies to the activity of driving by anyone employed or used by a road haulage operator of a Party undertaking journeys referred to in Article 276 or 277 of this Agreement and using vehicles for which a driving licence of category C1, C1+E, C or C+E, or a driving licence recognised as equivalent by the Specialised Committee on Economy and Trade is required.

Article 2

Exemptions

A certificate of professional competence ('CPC') is not required for drivers of vehicles:

(a) with a maximum authorised speed not exceeding 45 km/h;

(b) used by, or under the control of, the armed forces, civil defence, the fire service, forces responsible for maintaining public order, and emergency ambulance services, when the carriage is undertaken as a consequence of the tasks assigned to those services;

(c) undergoing road tests for technical development, repair or maintenance purposes, or the drivers of new or rebuilt vehicles which have not yet been put into service;

(d) used in states of emergency or assigned to rescue missions;

(e) carrying material, equipment or machinery to be used by the drivers in the course of their work, provided that driving the vehicles is not the drivers' principal activity; or

(f) used, or hired without a driver, by agricultural, horticultural, forestry, farming or fishery undertakings for carrying goods as part of their own entrepreneurial activity, except if driving is part of the driver's principal activity or the driving exceeds a distance set in national law from the base of the undertaking which owns, hires or leases the vehicle.

Article 3

Qualification and training

1. The activity of driving as defined in Article 1 shall be subject to a compulsory initial qualification and to compulsory periodic training. To that end the Parties shall provide for:

(a) a system of initial qualification corresponding to one of the following two options:

(i) option combining both course attendance and a test

In accordance with Section 2(2.1) of Appendix 27-B-1-1, this type of initial qualification involves compulsory course attendance for a specific period. It shall conclude with a test. Upon successful completion of the test, the qualification shall be certified by a CPC as provided for in point (a) of Article 6(1);

(ii) option involving only tests

In accordance with Section 2(2.2) of Appendix 27-B-1-1, this type of initial qualification does not involve compulsory course attendance but only theoretical and practical tests. Upon successful completion of the tests, the qualification shall be certified by a CPC as provided for in point (b) of Article 6(1).

However, a Party may authorise a driver to drive within its territory before obtaining a CPC, where the driver is undergoing a national vocational training course of at least six months, for a maximum period of three years. In the context of that vocational training course, the tests referred to in points (i) and (ii) of this point may be completed in stages; and

(b) a system of periodic training.

In accordance with Section 4 of Appendix 27-B-1-1, periodic training involves compulsory course attendance. It shall be certified by a CPC as provided for in Article 8(1).

2. A Party may also provide for a system of accelerated initial qualification so that a driver may drive in the cases referred to in points (a)(ii) and (b) of Article 5(2).

In accordance with Section 3 of Appendix 27-B-1-1, the accelerated initial qualification shall involve compulsory course attendance. It shall conclude with a test. Upon successful completion of the test, the qualification shall be certified by a CPC as provided for in Article 6(2).

3. A Party may exempt drivers who have obtained the certificate of professional competence provided for in Part A from the tests referred to in points (a)(i) and (ii) of paragraph 1 and in paragraph 2 of this Article in the subjects covered by the test provided for in that part of this Annex and, where appropriate, from attending the part of the course corresponding thereto.

Article 4

Acquired rights

Drivers who hold a category C1, C1+E, C or C+E licence, or a licence recognised as equivalent by the Specialised Committee on Economy and Trade, issued no later than 10 September 2009, shall be exempted from the need to obtain an initial qualification.

Article 5

Initial qualification

1. Access to an initial qualification shall not require the corresponding driving licence to be obtained beforehand.

2. Drivers of a vehicle intended for the carriage of goods may drive:

(a) from the age of 18:

(i) a vehicle in licence categories C and C+E, provided they hold a CPC as referred to in Article 6(1); and

(ii) a vehicle in licence categories C1 and C1+E, provided they hold a CPC as referred to in Article 6(2);

(b) from the age of 21, a vehicle in licence categories C and C+E, provided they hold a CPC as referred to in Article 6(2).

3. Without prejudice to the age limits specified in paragraph 2, drivers undertaking carriage of goods who hold a CPC as provided for in Article 6 for one of the categories provided for in paragraph 2 of this Article shall be exempted from obtaining such a CPC for any other of the categories of vehicles referred to in that paragraph.

4. Drivers undertaking carriage of goods who broaden or modify their activities in order to carry passengers, or vice versa, and who hold a CPC as provided for in Article 6, shall not be required to repeat the common parts of the initial qualification, but rather only the parts specific to the new qualification.

Article 6

CPC certifying the initial qualification

1. CPC certifying an initial qualification

(a) CPC awarded on the basis of course attendance and a test

In accordance with point (a)(i) of Article 3(1), the Parties shall require trainee drivers to attend courses in a training centre approved by the competent authorities in accordance with Section 5 of Appendix 27-B-1-1, hereinafter referred to as 'approved training centre'. Those courses shall cover all the subjects referred to in Section 1 of Appendix 27-B-1-1.

That training shall conclude with successful completion of the test provided for in Section 2(2.1) of Appendix 27-B-1-1. That test shall be organised by the competent authorities in the Parties or an entity designated by them and shall serve to check whether, for the aforementioned subjects, the trainee driver has the level of knowledge required in Section 1 of Appendix 27-B-1-1. The said authorities or entities shall supervise the test and, upon successful completion, issue the drivers with a CPC certifying an initial qualification.

(b) CPC awarded on the basis of tests

Those tests shall be organised by the competent authorities in the Parties or an entity designated by them and shall serve to check whether, for all the aforementioned subjects, the trainee driver has the level of knowledge required in Section 1 of Appendix 27-B-1-1. The said authorities or entities shall supervise the tests and, upon successful completion, issue the drivers with a CPC certifying an initial qualification.

2. CPC certifying an accelerated initial qualification

In accordance with Article 3(2), the Parties shall require trainee drivers to attend courses in an approved training centre. Those courses shall cover all the subjects referred to in Section 1 of Appendix 27-B-1-1.

That training shall conclude with the test provided for in Section 3 of Appendix 27-B-1-1. That test shall be organised by the competent authorities in the Parties or an entity designated by them and shall serve to check whether, for the aforementioned subjects, the trainee driver has the level of knowledge required in Section 1 of Appendix 27-B-1-1. The said authorities or entities shall supervise the test and, upon successful completion, issue the drivers with a CPC certifying an accelerated initial qualification.

Article 7

Periodic training

Periodic training shall consist of training to enable holders of a CPC to update the knowledge which is essential for their work, with specific emphasis on road safety, health and safety at work, and the reduction of the environmental impact of driving.

That training shall be organised by an approved training centre, in accordance with Section 5 of Appendix 27-B-1-1. Training shall consist of classroom teaching, practical training and, if available, training by means of information and communication technology (ICT) tools or on top-of-the-range simulators. If a driver moves to another undertaking, the periodic training already undergone must be taken into account.

Periodic training shall be designed to expand on, and to revise, some of the subjects referred in Section 1 of Appendix 27-B-1-1. It shall cover a variety of subjects and shall always include at least one road safety related subject. The training subjects shall take into account developments in the relevant legislation and technology, and shall, as far as possible, take into account the specific training needs of the driver.

Article 8

CPC certifying periodic training

1. When a driver has completed the periodic training referred to in Article 7, the competent authorities in the Parties or the approved training centre shall issue him or her with a CPC certifying periodic training.

2. The following drivers shall undergo a first course of periodic training:

(a) holders of a CPC as referred to in Article 6, within five years of the issue of that CPC; and

(b) the drivers referred to in Article 4, within five years of 10 September 2009.

A Party may reduce or extend the periods of time referred to in point (a) or (b) by a maximum of two years.

3. A driver who has completed a first course of periodic training as referred to in paragraph 2 of this Article shall undergo periodic training every five years, before the end of the period of validity of the CPC certifying periodic training.

4. Holders of the CPC as referred to in Article 6 or the CPC as referred to in paragraph 1 of this Article and the drivers referred to in Article 4 who have ceased pursuit of the occupation and do not meet the requirements of paragraphs 1, 2 and 3 of this Article, shall undergo a course of periodic training before resuming pursuit of the occupation.

5. Drivers undertaking the carriage of goods by road who have completed courses of periodic training for one of the licence categories provided for in Article 5(2) shall be exempt from the obligation to undergo further periodic training for another of the categories provided for in that paragraph.

Article 9

Enforcement

The competent authorities in a Party shall either affix directly on the driver's driving permit (licence), beside the corresponding categories of licence, a distinguishing sign attesting to the possession of a CPC and indicating the date of expiry, or introduce a special driver qualification card which should be drawn up in accordance with the model reproduced in Appendix 27-B-1-2. Any other model may be acceptable provided that it is recognised as equivalent by the Specialised Committee on Economy and Trade. The driver qualification card or any equivalent document as specified above issued by the competent authorities in a Party shall be recognised by the other Party for the purposes of this Section.

Drivers must be able to present, at the request of any authorised inspecting officer, a driving permit (licence) or a specific driver qualification card or equivalent document bearing the distinguishing sign confirming possession of a CPC.

Appendix 27-B-1-1

MINIMUM QUALIFICATION AND TRAINING REQUIREMENTS

To ensure that the rules governing the transport of goods by road covered by Articles 276 and 277 of this Agreement are as harmonised as possible, the minimum requirements for driver qualification and training as well as the approval of training centres are set out in Sections 1 to 5 of this Appendix. Any other content for this qualification or training may be acceptable provided that it is considered as equivalent by the Specialised Committee on Economy and Trade.

SECTION 2

COMPULSORY INITIAL QUALIFICATION PROVIDED FOR IN POINT (a) OF ARTICLE 3(1) OF SECTION 1 OF PART B OF THIS ANNEX

A Party may count specific other training related to the transport of goods by road required under its legislation as part of the training under this Section and under Section 3 of this Appendix.

2.1. Option combining both course attendance and a test

Initial qualification must include the teaching of all subjects in the list under Section 1 of this Appendix. The duration of that initial qualification must be 280 hours.

Each trainee driver must drive for at least 20 hours individually in a vehicle of the category concerned which meets at least the requirements for test vehicles.

When driving individually, the trainee driver must be accompanied by an instructor, employed by an approved training centre. Each trainee driver may drive for a maximum of eight hours of the 20 hours of individual driving on special terrain or on a top-of-the-range simulator so as to assess training in rational driving based on safety regulations, in particular with regard to vehicle handling in different road conditions and the way they change with different atmospheric conditions, the time of day or night, and the ability to optimise fuel consumption.

A Party and, in the case of the Union, a Member State may allow part of the training to be delivered by the approved training centre by means of ICT tools, such as e-learning, while ensuring that the high quality and the effectiveness of the training are maintained, and by selecting the subjects where ICT tools can most effectively be deployed. Reliable user identification and appropriate means of control shall be required in such a case.

For the drivers referred to in Article 5(4) of Section 1 of Part B the length of the initial qualification must be 70 hours, including five hours of individual driving.

At the end of that training, the competent authorities in the Parties or the entity designated by them shall give the driver a written or oral test. The test must include at least one question on each of the objectives in the list of subjects under Section 1 of this Appendix.

2.2. Option involving a test

The competent authorities in the Parties or the entity designated by them shall organise the aforementioned theoretical and practical tests to check whether the trainee driver has the level of knowledge required in Section 1 of this Appendix for the subjects and objectives listed there.

(a) The theoretical test shall consist of at least two parts:

(i) questions including multiple-choice questions, questions requiring a direct answer, or a combination of both; and

(ii) case studies.

The minimum duration of the theoretical test must be four hours.

(b) The practical test shall consist of two parts:

(i) a driving test aimed at assessing training in rational driving based on safety regulations. The test must take place, whenever possible, on roads outside built-up areas, on fast roads and on motorways (or similar), and on all kinds of urban highways presenting the different types of difficulties that a driver is liable to encounter. It would be desirable for that test to take place in different traffic density conditions. The driving time on the road must be used optimally in order to assess the candidate in all traffic areas likely to be encountered. The minimum duration of that test must be 90 minutes;

(ii) a practical test covering at least points 1.5, 3.2, 3.3 and 3.5 of Section 1 of this Appendix.

The minimum duration of that test must be 30 minutes.

The vehicle used for the practical test must meet at least the requirements for test vehicles.

The practical test may be supplemented by a third test taking place on special terrain or on a top-of the-range simulator so as to assess training in rational driving based on safety regulations, in particular with regard to vehicle handling in different road conditions and the way they change with different atmospheric conditions and the time of day or night.

The duration of that optional test is not fixed. Should the driver undergo such a test, its duration may be deducted from the 90 minutes of the driving test referred to under point (i), but the time deducted may not exceed 30 minutes.

For the drivers referred to in Article 5(4) of Section 1 of Part B, the theoretical test must be limited to the subjects, referred to in Section 1 of this Appendix, which are relevant to the vehicles to which the new initial qualification applies. However, such drivers must undergo the whole practical test.

SECTION 3

ACCELERATED INITIAL QUALIFICATION PROVIDED FOR IN ARTICLE 3(2) OF SECTION 1 OF PART B OF THIS ANNEX

Accelerated initial qualification must include the teaching of all subjects in the list in Section 1 of this Appendix. Its duration must be 140 hours.

Each trainee driver must drive for at least 10 hours individually in a vehicle of the category concerned which meets at least the requirements for test vehicles.

When driving individually, the trainee driver must be accompanied by an instructor, employed by an approved training centre. Each trainee driver may drive for a maximum of four hours of the 10 hours of individual driving on special terrain or on a top-of-the-range simulator so as to assess training in rational driving based on safety regulations, in particular with regard to vehicle handling in different road conditions and the way those road conditions change with different atmospheric conditions, the time of day or night, and the ability to optimise fuel consumption.

The provisions of the fourth paragraph of point 2.1 of Section 2 of this Appendix shall also apply to the accelerated initial qualification.

For the drivers referred to in Article 5(4) of Section 1 of Part B, the length of the accelerated initial qualification must be 35 hours, including two-and-a-half hours of individual driving.

At the end of that training, the competent authorities in the Parties or the entity designated by them shall give the driver a written or oral test. The test must include at least one question on each of the objectives in the list of subjects under Section 1 of this Appendix.

A Party may count specific other training related to the transport of goods by road required under its legislation as part of the training under this Section.

SECTION 4

COMPULSORY PERIODIC TRAINING PROVIDED FOR IN POINT (b) OF ARTICLE 3(1) OF SECTION 1 OF PART B OF THIS ANNEX

Compulsory periodic training courses must be organised by an approved training centre. Their duration must be of 35 hours every five years, given in periods of at least seven hours, which may be split over two consecutive days. Whenever e-learning is used, the approved training centre shall ensure that the proper quality of the training is maintained, including by selecting the subjects where ICT tools can most effectively be deployed. In particular, the Parties shall require reliable user identification and appropriate means of control. The maximum duration of the e-learning training shall not exceed 12 hours. At least one of the training course periods shall cover a road safety related subject. The content of the training shall take into account training needs specific to the transport operations carried out by the driver and relevant legal and technological developments and should, as far as possible, take into account specific training needs of the driver. A range of different subjects should be covered over the 35 hours, including repeat training where it is shown that the driver needs specific remedial training.

A Party and, in the case of the Union, a Member State may count specific other training related to the transport of goods by road required under its legislation as part of the training under this Section.

SECTION 5

APPROVAL OF THE INITIAL QUALIFICATION AND PERIODIC TRAINING

5.1. The training centres taking part in the initial qualification and periodic training must be approved by the competent authorities in the Parties. Approval may be given only in response to a written application. The application must be accompanied by documents including:

5.1.1. a suitable qualification and training programme specifying the subjects taught and setting out the proposed implementing plan and teaching methods;

5.1.2. the instructors' qualifications and fields of activity;

5.1.3. information about the premises where the courses are given, the teaching materials, the resources made available for the practical work, and the vehicle fleet used; and

5.1.4. the conditions regarding participation in the courses (number of participants).

5.2. The competent authority must give approval in writing subject to the following conditions:

5.2.1. the training must be given in accordance with the documents accompanying the application;

5.2.2. the competent authority must be entitled to send authorised persons to assist in the training courses of the approved centres, and must be entitled to monitor such centres, with regard to the resources used and the proper running of the training courses and tests; and

5.2.3. the approval may be withdrawn or suspended if the conditions of approval are no longer complied with.

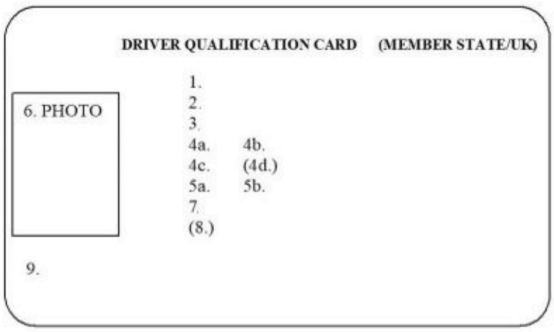

The approved centre must guarantee that the instructors have a sound knowledge of the most recent regulations and training requirements. As part of a specific selection procedure, the instructors must provide certification showing a knowledge of both the subject material and teaching methods. As regards the practical part of the training, instructors must provide certification of experience as professional drivers or similar driving experience, such as that of driving instructors for heavy vehicles.

The programme of instruction must be in accordance with the approval and must cover the subjects in the list in Section 1.

Article 3

Requirement for drivers' mates

The minimum age for drivers' mates shall be 18 years. However, each Party and, in the case of the Union, a Member State may reduce the minimum age for drivers' mates to 16 years, provided that the reduction is for the purposes of vocational training and there is compliance with the limits imposed by the United Kingdom, in respect of Gibraltar, and, for the Union, the Member State's national rules on employment matters.

Article 4

Driving times

1. The daily driving time shall not exceed nine hours.

However, the daily driving time may be extended to at most 10 hours not more than twice during the week.

2. The weekly driving time shall not exceed 56 hours and shall not result in the maximum weekly working time of 60 hours being exceeded.

4. Daily and weekly driving times shall include all driving time on the territory of the Parties.

5. A driver shall record as other work any time spent as described in point (c) of Article 2 of this Section as well as any time spent driving a vehicle used for commercial operations where a driver is not required to record driving time, and shall record any periods of availability, as defined in point (2) of Article 2 of Section 3 of Part B, in accordance with point (b)(iii) of Article 6(5) of Section 4 of Part B. This record shall be entered either manually on a record sheet or printout or by use of manual input facilities on recording equipment.

Article 5

Breaks

After a driving period of four and a half hours a driver shall take an uninterrupted break of not less than 45 minutes, unless the driver takes a rest period.

That break may be replaced by a break of at least 15 minutes followed by a break of at least 30 minutes each distributed over the period in such a way as to comply with the provisions of the first paragraph.

A driver engaged in multi-manning may take a break of 45 minutes in a vehicle driven by another driver provided that the driver taking the break is not involved in assisting the driver driving the vehicle.

Article 6

Rests

1. A driver shall take daily and weekly rest periods.

2. Within each period of 24 hours after the end of the previous daily rest period or weekly rest period a driver shall have taken a new daily rest period.

If the portion of the daily rest period which falls within that 24-hour period is at least nine hours but less than 11 hours, then the daily rest period in question shall be regarded as a reduced daily rest period.

3. A daily rest period may be extended to make a regular weekly rest period or a reduced weekly rest period.

4. A driver may have at most three reduced daily rest periods between any two weekly rest periods.

5. By way of derogation from paragraph 2, within 30 hours of the end of a daily or weekly rest period, a driver engaged in multi-manning must have taken a new daily rest period of at least nine hours.

6. In any two consecutive weeks a driver shall take at least:

(a) two regular weekly rest periods; or

(b) one regular weekly rest period and one reduced weekly rest period of at least 24 hours.

A weekly rest period shall start no later than at the end of six 24-hour periods from the end of the previous weekly rest period.

7. By way of derogation from paragraph 6, a driver engaged in international transport of goods may, outside the territory of the Party of the road haulage operator or, for drivers of Union road haulage operators, outside the territory of the Member State of the road haulage operator, take two consecutive reduced weekly rest periods provided that the driver in any four consecutive weeks takes at least four weekly rest periods, of which at least two shall be regular weekly rest periods.

For the purpose of this paragraph, a driver shall be considered to be engaged in international transport where the driver starts the two consecutive reduced weekly rest periods outside the territory of the Party of the road haulage operator and drivers' place of residence or, for the Union, outside the territory of the Member State of the road haulage operator and the country of the drivers' place of residence.

Any reduction in weekly rest period shall be compensated by an equivalent period of rest taken *en bloc* before the end of the third week following the week in question.

Where two reduced weekly rest periods have been taken consecutively in accordance with the third subparagraph, the next weekly rest period shall be preceded by a rest period taken as compensation for those two reduced weekly rest periods.

8. Any rest taken as compensation for a reduced weekly rest period shall be attached to another rest period of at least nine hours.

9. The regular weekly rest periods and any weekly rest period of more than 45 hours taken in compensation for previous reduced weekly rest periods shall not be taken in a vehicle. They shall be taken in suitable gender-friendly accommodation with adequate sleeping and sanitary facilities.

Any costs for accommodation outside the vehicle shall be covered by the employer.

10. Transport undertakings shall organise the work of drivers in such a way that the drivers are able to return to the employer's operational centre where the driver is normally based and where the driver's weekly rest period begins, in Gibraltar and, in the case of the Union, the Member State of the employer's establishment, or to return to the drivers' place of residence, within each period of four consecutive weeks, in order to spend at least one regular weekly rest period or a weekly rest period of more than 45 hours taken in compensation for reduced weekly rest period.

However, where the driver has taken two consecutive reduced weekly rest periods in accordance with paragraph 7, the transport undertaking shall organise the work of the driver in such a way that the driver is able to return before the start of the regular weekly rest period of more than 45 hours taken in compensation.

The undertaking shall document how it fulfils that obligation and shall keep the documentation at its premises in order to present it at the request of control authorities.

11. A weekly rest period that falls in two weeks may be counted in either week, but not in both.

12. By way of derogation, where a driver accompanies a vehicle which is transported by ferry or train and takes a regular daily rest period or a reduced weekly rest period, that period may be interrupted not more than twice by other activities not exceeding one hour in total. During that regular daily rest or reduced weekly rest period the driver shall have access to a sleeper cabin, bunk or couchette at their disposal.

With regard to regular weekly rest periods, that derogation shall only apply to ferry or train journeys where:

(a) the journey is scheduled for eight hours or more; and

(b) the driver has access to a sleeper cabin in the ferry or on the train.

13. Any time spent travelling to a location to take charge of a vehicle falling within the scope of this Section, or to return from that location, when the vehicle is neither at the driver's home nor at the employer's operational centre where the driver is normally based, shall not be counted as a rest or break unless the driver is on a ferry or train and has access to a sleeper cabin, bunk or couchette.

14. Any time spent by a driver driving a vehicle which falls outside the scope of this Section to or from a vehicle which falls within the scope of this Section, which is not at the driver's home or at the employer's operational centre where the driver is normally based, shall count as other work.

Article 7

Liability of road haulage operators

1. A road haulage operator of a Party shall not give drivers it employs or who are put at its disposal any payment, even in the form of a bonus or wage supplement, related to distances travelled, the speed of delivery and/or the amount of goods carried if that payment is of such a kind as to endanger road safety and/or encourages infringement of this Section.

2. A road haulage operator of a Party shall organise road transport operations and properly instruct crew members so that they are able to comply with the provisions of this Section.

3. A road haulage operator of a Party shall be liable for infringements committed by drivers of the operator, even if the infringement was committed on the territory of the other Party.

Without prejudice to the right of the Parties to hold road haulage operators fully liable, the Parties may make this liability conditional on the operator's infringement of paragraphs 1 and 2. The Parties may consider any evidence that the road haulage operator cannot reasonably be held responsible for the infringement committed.

4. Road haulage operators, consignors, freight forwarders, principal contractors, subcontractors and driver employment agencies shall ensure that contractually agreed transport time schedules respect this Section.

5. A road haulage operator which uses vehicles that are fitted with recording equipment complying with point (f), (g) or (h) of Article 2 of Section 4 of Part B and that fall within the scope of this Section, shall:

(i) ensure that all data are downloaded from the vehicle unit and driver card as regularly as is stipulated by the Party and that relevant data are downloaded more frequently so as to ensure that all data concerning activities undertaken by or for that road haulage operator are downloaded; and

(ii) ensure that all data downloaded from both the vehicle unit and driver card are kept for at least 12 months following recording and, should an inspecting officer request it, such data are accessible, either directly or remotely, from the premises of the road haulage operator.

For the purposes of this paragraph 'downloaded' shall be interpreted in accordance with the definition laid down in point (g) of Article 2(2) of Section 2 of Part C.

The maximum period within which the relevant data shall be downloaded under point (i) of this paragraph shall be 90 days for data from the vehicle unit and 28 days for data from the driver card.

Article 8

Exceptions

1. Provided that road safety is not thereby jeopardised and to enable the vehicle to reach a suitable stopping place, the driver may depart from Articles 4, 5 and 6 to the extent necessary to ensure the safety of persons, of the vehicle or its load. The driver shall indicate the reason for such departure manually on the record sheet of the recording equipment or on a printout from the recording equipment or in the duty roster, at the latest on arrival at the suitable stopping place.

2. Provided that road safety is not thereby jeopardised, in exceptional circumstances, the driver may also depart from Article 4(1) and (2) and from Article 6(2) by exceeding the daily and weekly driving time by up to one hour in order to reach the employer's operational centre or the driver's place of residence to take a weekly rest period.

Under the same conditions, the driver may exceed the daily and weekly driving time by up to two hours, provided that an uninterrupted break of 30 minutes was taken immediately prior to the additional driving in order to reach the employer's operational centre or the driver's place of residence for taking a regular weekly rest period.

The driver shall indicate the reason for such departure manually on the record sheet of the recording equipment, or on a printout from the recording equipment or in the duty roster, at the latest on arrival at the destination or the suitable stopping place.

Any period of extension shall be compensated by an equivalent period of rest taken *en bloc* with any rest period, by the end of the third week following the week in question.

3. Provided that road safety is not thereby jeopardised, each Party and, in the case of the Union, a Member State may grant exceptions from Articles 3 to 6 and make such exceptions subject to individual conditions on its own territory or, with the agreement of the other Party, on the territory of the other Party, applicable to transport by the following:

(d) vehicles or combinations of vehicles with a maximum permissible mass not exceeding 7,5 tonnes used by universal service providers to deliver items as part of the universal service. Those vehicles shall be used only within a 100 km radius from the base of the undertaking, and on condition that driving the vehicles does not constitute the driver's main activity;

(e) vehicles operating exclusively on islands not exceeding 2 300 square kilometres in area which are not linked to the rest of the national territory by a bridge, ford or tunnel open for use by motor vehicles;

4. Provided that working conditions of drivers and road safety are not thereby jeopardised and that the limits set out in Article 3 of Section 3 of Part B are complied with, a Party, and in the case of the Union, a Member State, may grant temporary exceptions from the application of Articles 4, 5 and 6 of this Section to transport operations carried out in exceptional circumstances, in accordance with the procedure applicable in the Party.

The temporary exceptions shall be duly reasoned and notified immediately to the other Party. The Specialised Committee on Economy and Trade shall specify the modalities of that notification. Each Party shall immediately publish that information on a public website and shall ensure that its enforcement activities take into account an exception granted by the other Party.

(b) in the case of self-employed drivers, the same definition applies to the time from the beginning to the end of work, during which the self-employed driver is at his or her workstation, at the disposal of the client and exercising his or her functions or activities other than general administrative work that is not directly linked to the specific transport operation under way.

The break times referred to in Article 4, the rest times referred to in Article 5 and, without prejudice to the legislation of the Parties or agreements between the social partners providing that such periods should be compensated or limited, the periods of availability referred to in point (2) of this Article, shall be excluded from working time;

2. Each Party shall take the measures necessary to ensure that working time for different employers is the sum of the working hours. The employer shall ask the mobile worker concerned in writing for an account of time worked for another employer. The mobile worker shall provide such information in writing.

Article 4

Breaks

Each Party shall take the measures necessary to ensure that, without prejudice to the provisions of Section 2 of Part B of this Annex, persons performing mobile road transport activities, in no circumstances work for more than six consecutive hours without a break. Working time shall be interrupted by a break of at least 30 minutes, if working hours total between six and nine hours, and of at least 45 minutes, if working hours total more than nine hours.

Breaks may be subdivided into periods of at least 15 minutes each.

Article 5

Article 6

Night work

Each Party shall take the measures necessary to ensure that:

(a) if night work is performed, the daily working time does not exceed 10 hours in each 24 period, and

Article 7

Derogations

1. Derogations from Articles 3 and 6 may, for objective or technical reasons or reasons concerning the organisation of work, be adopted by means of collective agreements, agreements between the social partners, or if that is not possible, by laws, regulations or administrative provisions provided that there is consultation of the representatives of the employers and workers concerned and efforts are made to encourage all relevant forms of social dialogue.

2. The option to derogate from Article 3 may not result in the establishment of a reference period exceeding six months, for calculation of the average maximum weekly working time of forty-eight hours.

3. The Specialised Committee on Economy and Trade shall be informed of the derogations applied by a Party in accordance with paragraph 1.

Article 8

Information and records

Each Party shall ensure that:

(a) mobile workers are informed of the relevant national requirements, the internal rules of the road haulage operator and agreements between the two sides of industry, in particular collective agreements and any company agreements, reached on the basis of this Section; and

(b) the working time of persons performing mobile road transport activities is recorded. Records shall be kept for at least two years after the end of the period covered. Employers shall be responsible for recording the working time of mobile workers. Employers shall upon request provide mobile workers with copies of the records of hours worked.

Article 9

More favourable provisions

This Section shall not affect the right of each Party to apply or introduce laws, regulations or administrative provisions more favourable to the protection of the health and safety of persons performing mobile road transport activities, or their right to facilitate or permit the application of collective agreements or other agreements concluded between the two sides of industry which are more favourable to the protection of the health and safety of mobile workers. Those rules shall be applied in a non-discriminatory manner.

SECTION 4

USE OF TACHOGRAPHS BY DRIVERS

Article 1

Subject matter and principles

This Section lays down requirements for drivers falling within the scope of Section 2 of Part B regarding the use of tachographs referred to in point (b) of Article 280 of this Agreement.

2. For the purposes of this Article, 'normal residence' means the place where a person usually lives, that is for at least 185 days in each calendar year, because of personal and occupational ties, or, in the case of a person with no occupational ties, because of personal ties which show close links between that person and the place where that person is living.

However, the normal residence of a person whose occupational ties are in a place different from their personal ties and who consequently lives in turn in different places situated in the two Parties shall be regarded as being the place of their personal ties, provided that such person returns there regularly. This last condition does not need to be complied with where the person is living in a Party in order to carry out a fixed-term assignment.

3. Drivers shall give proof of their normal residence by any appropriate means, such as their identity card or any other valid document.

Article 5

Renewal of driver cards

Where a driver wishes to renew his or her driver card, the driver shall apply to the competent authorities in the Party of his or her normal residence not later than 15 working days before the expiry date of the card.

Article 6

Use of driver cards and record sheets

1. Drivers shall use record sheets or driver cards every day on which they drive, starting from the moment they take over the vehicle. The record sheet or driver card shall not be withdrawn before the end of the daily working period unless its withdrawal is otherwise authorised or is necessary in order to enter the symbol of the country after having crossed a border. No record sheet or driver card may be used to cover a period longer than that for which it is intended.

2. Drivers shall adequately protect the record sheets or driver cards, and shall not use dirty or damaged record sheets or driver cards. The driver shall ensure that, taking into account the length of the period of service, the printing of data from the tachograph at the request of a control officer can be carried out correctly in the event of an inspection.

3. When, as a result of being away from the vehicle, a driver is unable to use the tachograph fitted to the vehicle, the periods of time referred to in points (b)(ii), (b)(iii) and (b)(iv) of paragraph 5 shall:

(a) if the vehicle is fitted with an analogue tachograph, be entered on the record sheet, either manually, by automatic recording or other means, legibly and without dirtying the record sheet; or

(b) if the vehicle is fitted with a digital tachograph, smart tachograph 1 or smart tachograph 2, be entered onto the driver card using the manual entry facility provided for in the tachograph.

Each Party shall not impose on drivers a requirement to present forms attesting to their activities while away from the vehicle.

4. Where there is more than one driver on board a vehicle fitted with a digital, a smart tachograph 1 or smart tachograph 2, each driver shall ensure that his or her driver card is inserted into the correct slot in the tachograph.

Where there is more than one driver on board a vehicle fitted with an analogue tachograph, the drivers shall amend the record sheets as necessary, so that the relevant information is recorded on the record sheet of the driver who is actually driving.

5. Drivers shall:

(a) ensure that the time recorded on the record sheet corresponds to the official time in the country of registration of the vehicle;

(b) operate the switch mechanisms enabling the following periods of time to be recorded separately and distinctly:

(i) under the  sign: driving time,

(ii) under the  sign: 'other work', which means any activity other than driving, as defined in point (a) of Article 2 of Section 3 of Part B, and also any work for the same or another employer within or outside of the transport sector,

(iii) under the  sign: 'availability', as defined in point (b) of Article 2 of Section 3 of Part B,

(iv) under the  sign: breaks, rest, annual leave or sick leave, and

(v) under the sign for 'ferry/train': In addition to the  sign: the rest period spent on a ferry or train as required in paragraph 12 of Article 6 of Section 2 of Part B.

6. Each driver of a vehicle fitted with an analogue tachograph shall enter the following information on his or her record sheet:

(a) on beginning to use the record sheet – the driver's surname and first name;

(b) the date and place where use of the record sheet begins and the date and place where such use ends;

(c) the registration number of each vehicle to which the driver is assigned, both at the start of the first journey recorded on the record sheet and then, in the event of a change of vehicle, during use of the record sheet;

(d) the odometer reading:

(i) at the start of the first journey recorded on the record sheet;

(ii) at the end of the last journey recorded on the record sheet; and

(iii) in the event of a change of vehicle during a working day, the reading on the first vehicle to which the driver was assigned and the reading on the next vehicle;

(e) the time of any change of vehicle; and

(f) the symbols of the countries in which the daily working period started and finished. The driver shall also enter the symbol of the country or territory that the driver enters after crossing a border of a Member State and of Gibraltar, at the beginning of the driver's first stop in that Member State or Gibraltar. That first stop shall be made at the nearest possible stopping place at or after the border. Where the crossing of the border takes place on a ferry or train, the driver shall enter the symbol of the country at the port or station of arrival.

7. The driver shall enter in the digital tachograph the symbols of the countries in which the daily working period started and finished.

The driver shall also enter the symbol of the country or territory that the driver enters after crossing a border of a Party, or in the case of the Union, a Member State at the beginning of the driver's first stop in that Party, or in the case of the Union, the Member State. That first stop shall be made at the nearest possible stopping place at or after the border. Where the crossing of the border takes place on a ferry or train, the driver shall enter the symbol of the country at the port or station of arrival.

A Party or, in the case of the Union, a Member State may require drivers of vehicles engaged in transport operations inside their territory to add more detailed geographic specifications to the country symbol, provided that each Party notifies in advance the other Party about those detailed geographic specifications.

It shall not be necessary for drivers to enter the information referred to in the first sentence of the first subparagraph if the tachograph is automatically recording that location data.

Article 7

Correct use of tachographs

1. Transport undertakings and drivers shall ensure the correct functioning and proper use of digital tachographs and driver cards. Transport undertakings and drivers using analogue tachographs shall ensure their correct functioning and the proper use of record sheets.

2. It shall be forbidden to falsify, conceal, suppress or destroy data recorded on the record sheet or stored in the tachograph or on the driver card, or print-outs from the tachograph. Any manipulation of the tachograph, record sheet or driver card which could result in data and/or printed information being falsified, suppressed or destroyed shall also be prohibited. No device which could be used to that effect shall be present on the vehicle.

Article 8

Stolen, lost or defective driver cards

1. Issuing authorities of the Parties shall keep records of issued, stolen, lost or defective driver cards for a period at least equivalent to their period of validity.

2. If a driver card is damaged or if it malfunctions, the driver shall return it to the competent authority in the country of the driver's normal residence. Theft of the driver card shall be formally declared to the competent authorities of the State where the theft occurred.

3. Any loss of the driver card shall be reported in a formal declaration to the competent authorities in the issuing Party and to the competent authorities in the Party of the driver's normal residence if that is different.

4. If the driver card is damaged, malfunctions or is lost or stolen, the driver shall, within seven days, apply for its replacement to the competent authorities in the Party of the driver's normal residence.

5. In the circumstances set out in paragraph 4, the driver may continue to drive without a driver card for a maximum period of 15 days or for a longer period if that is necessary for the vehicle to return to the premises where it is based, provided that the driver can prove the impossibility of producing or using the card during that period.

Article 9

Damaged driver cards and record sheets

1. In the event of damage to a record sheet bearing recordings or to a driver card, drivers shall keep the damaged record sheet or driver card together with any spare record sheet used to replace it.

2. Where a driver card is damaged, malfunctions, or is lost or stolen, the driver shall:

(a) at the start of his or her journey, print out the details of the vehicle that the driver is driving, and enter on that printout:

(i) details that enable the driver to be identified (name, driver card or driving licence number), including the driver's signature; and

(ii) the periods referred to in points (b)(ii), (b)(iii) and (b)(iv) of Article 6(5); and

(b) at the end of the journey, print out the information relating to periods of time recorded by the tachograph, record any periods of other work, availability and rest taken since the printout made at the start of the journey, where not recorded by the tachograph, and mark on that document details enabling the driver to be identified (name, driver card or driving licence number), including the driver's signature.

Article 10

Records to be carried by the driver

1. Where a driver drives a vehicle fitted with an analogue tachograph, the driver shall be able to produce, whenever an authorised control officer so requests:

(i) the record sheets for the current day and the preceding 28 days;

(ii) the driver card, if one is held; and

(iii) any manual records and printouts made during the current day and the previous 28 days.

2. Where the driver drives a vehicle fitted with a digital, a smart tachograph 1 or smart tachograph 2, the driver shall be able to produce, whenever an authorised control officer so requests:

(i) the driver's driver card;

(ii) any manual records and printouts made during the current day and the previous 28 days; and

(iii) the record sheets corresponding to the same period as that referred to in point (ii) during which the driver drove a vehicle fitted with an analogue tachograph.

From 31 December 2024, the period of 28 days referred to in points (i) and (iii) of paragraph 1 and in point (ii) of paragraph 2 shall be replaced by 56 days.

3. An authorised control officer may check compliance with Section 2 of Part B by analysis of the record sheets, of the displayed, printed or downloaded data which have been recorded by the tachograph or by the driver card or, failing that, of any other supporting document that justifies non-compliance with a provision of that Section.

Article 11

Procedures for drivers in the event of malfunctioning equipment

While the tachograph is unserviceable or malfunctioning, the driver shall mark data enabling him to be identified (name, driver card or driving licence number), including a signature, as well as the information for the various periods of time which are no longer recorded or printed out correctly by the tachograph:

(a) on the record sheet or sheets; or

(b) on a temporary sheet to be attached to the record sheet or to be kept together with the driver card.

Article 12

Enforcement measures

1. Each Party shall adopt all appropriate measures to ensure observance of the provisions of Sections 2, 3 and 4 of Part B, in particular by ensuring annually an adequate level of roadside checks and checks performed at the premises of undertakings covering a large and representative cross-section of mobile workers, drivers, undertakings and vehicles of all transport categories falling within the scope of those Sections.

The competent authorities in each Party shall organise the checks so that:

(i) during each calendar year, a minimum of 3 % of the days worked by the drivers of vehicles falling within the scope of Section 2 of Part B applies shall be checked; and

(ii) at least 30 % of the total number of working days checked shall be checked at the roadside and at least 50 % at the premises of undertakings.

The elements of roadside checks shall include:

(i) daily and weekly driving periods, interruptions and daily and weekly rest periods;

(ii) the record sheets of the preceding days, which shall be on board the vehicle, and/or the data stored for the same period on the driver card and/or in the memory of the tachograph and/or on the printouts, when required; and

(iii) the correct functioning of the tachograph.

Those checks shall be carried out without discrimination among vehicles, undertakings and drivers whether resident or not, and regardless of the origin or destination of the journey or type of tachograph.

The elements of checks on the premises of undertakings shall include, in addition to the elements subject to roadside checks:

(i) weekly rest periods and driving periods between those rest periods;

(ii) fortnightly driving limits;

(iii) compensation for reduced weekly rest periods in accordance with Article 6(6) and (7) of Section 2 of Part B; and

(iv) use of record sheets and/or vehicle unit and driver card data and printouts and/or the organisation of drivers' working time.

2. If the findings of a roadside check on the driver of a vehicle registered in the territory of the other Party provide grounds to believe that infringements have been committed which cannot be detected during the check due to lack of necessary data, the competent authorities in each Party shall assist each other to clarify the situation. In cases where, to that end, the competent authorities in a Party carry out a check at the premises of the undertaking, the results of that check shall be communicated to the competent authorities of the other Party.

3. The competent authorities in the Parties shall work in cooperation with each other in the organisation of concerted roadside checks.

4. Each Party shall introduce a risk rating system for undertakings based on the relative number and severity of any infringements, as set out in Appendix 27-A-1-1 and of any infringements included in the list set out in Appendix 27-A-1-1bis.

5. Undertakings with a high risk rating shall be checked more closely and more often.

6. Each Party and, in the case of the Union, each Member State, shall enable its competent authorities to impose a penalty on a road haulage operator and/or a driver for an infringement of the applicable provisions on driving time, breaks and rest periods detected on its territory and for which a penalty has not already been imposed, even where that infringement has been committed on the territory of the other Party or, in the case of the Union, the territory of a Member State or of a third country.

Article 3

Special permits

A vehicle or vehicle combination which exceeds the maximum weights or dimensions set out in Appendix 27-C-1-1 may only be allowed to circulate on the basis of a special permit issued without discrimination by the competent authorities, or on the basis of similar non-discriminatory arrangements agreed on a case-by-case basis with those authorities, where these vehicles or vehicle combinations carry or are intended to carry indivisible loads.

Article 4

Local restrictions

This Section shall not preclude the non-discriminatory application of road traffic provisions in force in each Party which permit the weight and/or dimensions of vehicles on certain roads or civil engineering structures to be limited.

This includes the possibility to impose local restrictions on maximum authorised dimensions and/or weights of vehicles that may be used in specified areas or on specified roads, where the infrastructure is not suitable for long and heavy vehicles, such as city centres, small villages or places of special natural interest.

Article 5

Aerodynamic devices attached to the rear of vehicles or vehicle combinations

1. Vehicles or vehicle combinations equipped with aerodynamic devices may exceed the maximum lengths provided for in point 1.1 of Appendix 27-C-1-1, to allow the addition of such devices to the rear of vehicles or vehicle combinations. Vehicles or vehicle combinations equipped with such devices shall comply with point 1.5 of Appendix 27-C-1-1, and any exceeding of the maximum lengths shall not result in an increase in the loading length of those vehicles or vehicle combinations.

2. The aerodynamic devices referred to in paragraph 1 shall fulfil the following operational conditions:

(a) in circumstances where the safety of other road users or of the driver is at risk, they shall be folded, retracted or removed by the driver;

Article 6

Aerodynamic cabins

Vehicles or vehicle combinations may exceed the maximum lengths laid down in point 1.1 of Appendix 27-C-1-1 provided that their cabs deliver improved aerodynamic performance, energy efficiency and safety performance. Vehicles or vehicle combinations equipped with such cabs shall comply with point 1.5 of Appendix 27-C-1-1 and any exceeding of the maximum lengths shall not result in an increase in the load capacity of those vehicles.

Article 7

Intermodal transport operations

1. The maximum lengths laid down in point 1.1 of Appendix 27-C-1-1, subject where applicable to Article 6, and the maximum distance laid down in point 1.6 of Appendix 27-C-1-1, may be exceeded by 15 cm for vehicles or vehicle combinations engaged in the transport of 45-foot containers or 45-foot swap bodies, empty or loaded, provided that the road transport of the container or swap body in question is part of an intermodal transport operation carried out according to the conditions set by each Party.

2. For intermodal transport operations, the maximum authorised vehicle weight for articulate vehicles with five or six axles may be exceeded by two tonnes in the combination set out in point 2.2.2(a) of Appendix 27-C-1-1 and by four tonnes in the combination set out in point 2.2.2(b) of Appendix 27-C-1-1. 1. As proof of compliance with this Section, vehicles covered by it shall carry one of the following proofs:

(a) a combination of the following two plates:

— the manufacturer's statutory plate, which is a plate or label, affixed by the manufacturer on a vehicle that provides the main technical characteristics which are necessary for the identification of the vehicle and provides the competent authorities with the relevant information concerning the permissible maximum laden masses; and

— a plate relating to dimensions as far as possible affixed next to the manufacturer's statutory plate and containing the following information:

(i) name of the manufacturer;

(ii) vehicle identification number;

(iii) length of the motor vehicle, trailer or semi-trailer (L);

(iv) width of the motor vehicle, trailer or semi-trailer (W); and

(v) data for the measurement of the length of vehicle combinations:

(c) a single document issued by the competent authorities of a Party or, in the case of the Union, the Member State where the vehicle is registered or put into circulation containing the same information as the plates referred to in point (a). It shall be kept in a place easily accessible to inspection and shall be adequately protected.

2. If the characteristics of the vehicle no longer correspond to those indicated on the proof of compliance, the Party or, in the case of the Union, the Member State in which the vehicle is registered or put into circulation shall take the necessary steps to ensure that the proof of compliance is altered.

3. The plates and documents referred to in paragraph 1 shall be recognised by the Parties as the proof of vehicle compliance provided for in this Section.

Article 9

Enforcement

1. Each Party shall take specific measures to identify vehicles or vehicle combinations in circulation that are likely to have exceeded the maximum authorised weight and that shall therefore be checked by the competent authorities of the Parties in order to ensure compliance with the requirements of this Section. This can be done with the aid of automatic systems set up on the road infrastructure, or by means of on-board weighing equipment installed in vehicles. Such on-board weighing equipment shall be accurate and reliable, fully interoperable and compatible with all vehicle types.

2. A Party shall not require on-board weighing equipment to be installed on vehicles or vehicle combinations which are registered in the other Party.

3. Where automatic systems are used to establish infringements of this Section and to impose penalties, such automatic systems shall be certified. Where automatic systems are used only for identification purposes, they need not be certified.

4. The Parties shall, in accordance with Article 14 of Part A, ensure that their competent authorities exchange information about infringements and penalties relating to this Article.

1. Each Party or, in the case of the Union, each Member State shall approve, regularly control and certify the fitters, workshops and vehicle manufacturers which may carry out installations, checks, inspections and repairs of tachographs.

2. Each Party or, in the case of the Union, each Member State shall ensure that fitters, workshops and vehicle manufacturers are competent and reliable. For that purpose, they shall establish and publish a set of clear national procedures and shall ensure that the following minimum criteria are met:

(a) the staff are properly trained;

(b) the equipment necessary to carry out the relevant tests and tasks is available; and

(c) the fitters, workshops and vehicle manufacturers are of good repute.

3. Audits of approved fitters or workshops shall be carried out as follows:

(a) approved fitters or workshops shall be subject, at least every two years, to an audit of the procedures they apply when handling tachographs. The audit shall focus in particular on the security measures taken and the handling of workshop cards. Parties or, in the case of the Union, Member States may carry out these audits without conducting a site visit; and

(b) unannounced technical audits of approved fitters or workshops shall also take place in order to check the calibrations, inspections and installations carried out. Those audits shall cover at least 10 % of the approved fitters and workshops annually.

4. Each Party and their competent authorities shall take appropriate measures to prevent conflicts of interests between fitters or workshops and road haulage operators. In particular, where there is a serious risk of a conflict of interests, additional specific measures shall be taken to ensure that the fitter or workshop complies with this Section.

5. The competent authorities of each Party shall withdraw approvals, either temporarily or permanently, from fitters, workshops and vehicle manufacturers which fail to meet their obligations under this Section.

Article 8

Workshop cards

1. The period of validity of workshop cards shall not exceed one year. When renewing the workshop card, the competent authority shall ensure that the criteria listed in Article 7(2) are met by the fitter, workshop or vehicle manufacturer.

2. The competent authority shall renew a workshop card within 15 working days after receipt of a valid renewal request and all the necessary documentation. If a workshop card is damaged, malfunctions, or is lost or stolen, the competent authority shall supply a replacement card within five working days of receiving a detailed request to that effect. Competent authorities shall maintain a register of lost, stolen or defective cards.

3. If a Party or, in the case of the Union, a Member State withdraws the approval of a fitter, workshop or vehicle manufacturer as provided for in Article 7, it shall also withdraw the workshop cards issued thereto.

4. Each Party shall take all necessary measures to prevent the workshop cards distributed to approved fitters, workshops and vehicle manufacturers from being falsified.

Article 9

Issuing of driver cards

1. Driver cards shall be issued, at the request of the driver, by the competent authority in a Party where the driver has his normal residence. Where the competent authorities in a Party issuing the driver card have doubts as to the validity of a statement as to normal residence, or for the purpose of certain specific controls, they may request any additional information or evidence from the driver.

For the purposes of this Article, 'normal residence' means the place where a person usually lives, that is for at least 185 days in each calendar year, because of personal and occupational ties, or, in the case of a person with no occupational ties, because of personal ties which show close links between that person and the place where he is living.

However, the normal residence of a person whose occupational ties are in a place different from their personal ties and who consequently lives in turn in different places situated in the two Parties shall be regarded as being the place of their personal ties, provided that such person returns there regularly. This last condition need not be complied with where the person is living in a Party in order to carry out a fixed-term assignment.

2. In duly justified and exceptional cases, each Party or, in the case of the Union, a Member State may issue a temporary and non-renewable driver card valid for a maximum period of 185 days to a driver who does not have his normal residence in a Party, provided that such driver is in a labour law relationship with an undertaking established in the issuing Party and, in so far, presents a driver attestation when required.

3. The competent authorities of the issuing Party shall take appropriate measures to ensure that an applicant does not already hold a valid driver card and shall personalise the driver card, ensuring that its data are visible and secure.

4. The driver card shall not be valid for more than five years.

5. A valid driver card shall not be withdrawn or suspended unless the competent authorities of a Party find that the card has been falsified, or the driver is using a card of which he is not the holder, or the card held has been obtained on the basis of false declarations and/or forged documents. If such suspension or withdrawal measures are taken by a Party or, in the case of the Union, a Member State other than the issuing Party or, in the case of the Union, other than the issuing Member State, the former shall return the card to the authorities of the Party or, in the case of the Union, the authorities of the Member State which issued it, as soon as possible, indicating the reasons for the withdrawal or suspension. If the return of the card is expected to take longer than two weeks, the suspending or withdrawing Party or, in the case of the Union, the suspending or withdrawing Member State shall inform the issuing Party or, in the case of the Union, the issuing Member State within those two weeks of the reasons for suspension or withdrawal.

6. The competent authority of the issuing Party may require a driver to replace the driver card by a new one if this is necessary to comply with the relevant technical specifications.

7. Each Party shall take all necessary measures to prevent driver cards from being falsified.

8. This Article shall not prevent a Party or, in the case of the Union, a Member State from issuing a driver card to a driver who has his normal residence in a part of that Party's territory, to which this Annex does not apply, provided that the relevant provisions of this Section are applied in such cases.

Article 10

Renewal of driver cards

1. Where, in the case of renewals, the Party of the driver's normal residence is different from that which issued his current card, and where the authorities of the former Party are requested to renew the driver card, they shall inform the authorities which issued the earlier card of the reasons for its renewal.

2. In the event of a request for the renewal of a card which is imminently about to expire, the competent authority shall supply a new card before the expiry date, provided that the request was sent within the time-limits laid down in Article 5 of Section 4 of Part B.

Article 11

Stolen, lost or defective driver cards

1. Issuing authorities shall keep records of issued, stolen, lost or defective driver cards for a period at least equivalent to their period of validity.

2. If the driver card is damaged, malfunctions or is lost or stolen, the competent authorities in the Party of his normal residence shall supply a replacement card within eight working days after their receipt of a detailed request to that effect.

Article 12

Mutual acceptance of driver cards

1. Each Party shall accept the driver cards issued by the other Party.

2. Where the holder of a valid driver card issued by a Party has established his normal residence in the other Party and has asked for his card to be exchanged for an equivalent driver card, it shall be the responsibility of the Party or, in the case of the Union, the Member State which carries out the exchange to verify whether the card produced is still valid.

3. Parties or, in the case of the Union, Member States carrying out an exchange shall return the old card to the authorities of the issuing Party or, in the case of the Union, the issuing Member State and indicate the reasons for so doing.

4. Where a Party or, in the case of the Union, a Member State replaces or exchanges a driver card, the replacement or exchange, and any subsequent replacement or exchange, shall be registered in that Party or, in the case of the Union, in that Member State.

Article 13

Electronic exchange of information on driver cards

1. In order to ensure that an applicant does not already hold a valid driver card, Parties or, in the case of the Union, Member States shall maintain national electronic registers containing the following information on driver cards for a period at least equivalent to the period of validity of those cards:

— surname and first name of the driver;

— birth date and, if available, place of birth of the driver;

— valid driving licence number and country of issue of the driving licence (if applicable);

— status of the driver card; and

— driver card number.

2. The electronic registers of the Parties or, in the case of the Union, the Member States shall be interconnected and accessible throughout the territory of the Parties, using the TACHOnet messaging system or a compatible system. In the case of the use of a compatible system, the exchange of electronic data with the other Party shall be possible through the TACHOnet messaging system.

3. When issuing, replacing and, where necessary, renewing a driver card, Parties or, in the case of the Union, Member States shall verify through electronic data exchange that the driver does not already hold another valid driver card. The data exchanged shall be limited to the data necessary for the purpose of this verification.

4. Control officers may have access to the electronic register in order to check the status of a driver card.

Article 14

Settings of tachographs

1. Digital tachographs shall not be set in such a way that they automatically switch to a specific category of activity when the vehicle's engine or ignition is switched off, unless the driver remains able to choose manually the appropriate category of activity.

2. Vehicles shall not be fitted with more than one tachograph, except for the purposes of field tests.

3. Each Party shall forbid the production, distribution, advertising and/or selling of devices constructed and/or intended for the manipulation of tachographs.

Article 15

Responsibility of road haulage operators

1. Road haulage operators shall be responsible for ensuring that their drivers are properly trained and instructed as regards the correct functioning of tachographs, whether digital, smart or analogue, shall make regular checks to ensure that their drivers make correct use thereof, and shall not give to their drivers any direct or indirect incentives that could encourage the misuse of tachographs.

Road haulage operators shall issue a sufficient number of record sheets to drivers of vehicles fitted with analogue tachographs, taking into account the fact that record sheets are personal in character, the length of the period of service and the possible need to replace record sheets which are damaged or have been taken by an authorised control officer. Road haulage operators shall issue to drivers only record sheets of an approved model suitable for use in the equipment installed in the vehicle.

The road haulage operator shall ensure that, taking into account the length of the period of service, the printing of data from the tachograph at the request of a control officer can be carried out correctly in the event of an inspection.

2. Road haulage operators shall keep record sheets and printouts, whenever printouts have been made to comply with Article 9 of Section 4 of Part B of this Annex, in chronological order and in a legible form, for at least a year after their use, and shall give copies to the drivers concerned who request them. Road haulage operators shall also give copies of data downloaded from driver cards to the drivers concerned who request them, together with printed paper versions of those copies. Record sheets, printouts and downloaded data shall be produced or handed over at the request of any authorised control officer.

3. Road haulage operators shall be liable for infringements of this Section and of Section 4 of Part B of this Annex committed by their drivers or by drivers at their disposal. However, each Party may make such liability conditional on the road haulage operator's infringement of the first subparagraph of paragraph 1 of this Article and Article 7(1) and (2) of Section 2 of Part B of this Annex.

Article 16

Procedures for road haulage operators in the event of malfunctioning equipment

1. In the event of the breakdown or faulty operation of a tachograph, the road haulage operator shall have it repaired by an approved fitter or workshop, as soon as circumstances permit.

2. If the vehicle is unable to return to the road haulage operator's premises within a period of one week calculated from the day of the breakdown or of the discovery of defective operation, the repair shall be carried out en route.

3. Each Party or, in the case of the Union, the Member States shall give the competent authorities power to prohibit the use of the vehicle in cases where the breakdown or faulty operation has not been remedied as provided in paragraphs 1 and 2 in so far as this is in accordance with the national legislation in the Party concerned.

Article 17

The European Commission shall provide to the competent authorities of the United Kingdom, in respect of Gibraltar, the cryptographic material for the issuing of tachograph cards for drivers, workshops and control authorities, in accordance with the European Root Certification Authority (ERCA) certificate policy and the certificate policy of the United Kingdom, in respect of Gibraltar.

3. Article SSC.18 also applies to benefits falling within this Chapter.

Article SSC.29

Costs of transport

1. The competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, depending on which legislation provides for meeting the costs of transporting a person who has sustained an accident at work or is suffering from an occupational disease, either to their place of residence or to a hospital, shall meet such costs to the corresponding place where the person resides.

When a person who has contracted an occupational disease has, under the legislation applicable in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, pursued an activity which by its nature is likely to cause the said disease, the benefits that that person or their survivors may claim shall be provided exclusively under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, whichever is the last where such conditions are satisfied.

Article SSC.31

Aggravation of an occupational disease

In the event of aggravation of an occupational disease for which a person suffering from such a disease has received or is receiving benefits under the legislation applicable in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, the following rules shall apply:

(a) if the person concerned, while in receipt of benefits, has not pursued, under the legislation applicable either in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, an activity as an employed or self-employed person likely to cause or aggravate the disease in question, the competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, whichever is the first where the person has received benefits, shall bear the cost of the benefits under the legislation it applies, taking into account the aggravation;

(b) if the person concerned, while in receipt of benefits, has pursued such an activity under the legislation applicable either in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, the competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, whichever is the first where the person has received benefits, shall bear the cost of the benefits under the legislation it applies without taking the aggravation into account. The competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, whichever is the second where the person has received benefits, shall grant a supplement to the person concerned, the amount of which shall be equal to the difference between the amount of benefits due after the aggravation and the amount which would have been due prior to the aggravation under the legislation it applies, if the disease in question had occurred under the legislation applied by that institution;

(c) the rules concerning reduction, suspension or withdrawal laid down by the legislation applicable either in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, shall not be invoked against persons receiving benefits provided by institution of the other in accordance with point (b).

Article SSC.32

Rules for taking into account the special features of the legislation concerned

1. If there is no insurance against accidents at work or occupational disease in the place, where the person concerned resides or stays, or if such insurance exists but there is no institution responsible for providing benefits in kind, those benefits shall be provided by the institution of the place of residence or stay responsible for providing benefits in kind in the event of sickness.

2. If there is no insurance against accidents at work or occupational disease in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, whichever is competent, the provisions of this Chapter concerning benefits in kind shall nevertheless be applied to a person who is entitled to those benefits in the event of sickness, maternity or equivalent paternity under the legislation of the United Kingdom, in respect of Gibraltar, if that person sustains an accident at work or suffers from an occupational disease during residence in the Kingdom of Spain, or under the legislation of the Kingdom of Spain, if that person sustains an accident at work or suffers from an occupational disease during residence in Gibraltar. (a) no compensation is due in respect of an accident at work or an occupational disease which had occurred or had been confirmed previously under the legislation it applies; and

(b) no compensation is due in respect of an accident at work or an occupational disease which had occurred or had been confirmed subsequently, under the legislation applicable either in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain, depending on where the accident at work or the occupational disease had occurred or had been confirmed.

1. When an insured person or a member of their family dies in the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, or in Gibraltar, where the Kingdom of Spain is competent, the death shall be deemed to have occurred where the competent institution is located.

2. The competent institution shall be obliged to provide death grants payable under the legislation it applies, even if the person entitled resides in the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent or in Gibraltar, where the Kingdom of Spain is competent.

3. Paragraphs 1 and 2 shall also apply when the death is the result of an accident at work or an occupational disease.

Article SSC.35

Provision of benefits in the event of the death of a pensioner

1. In the event of the death of a pensioner who was entitled to one pension or more pensions under the legislation applicable in the United Kingdom, in respect of Gibraltar, and in the Kingdom of Spain when that pensioner was residing in the Kingdom of Spain, when the institution responsible for the cost of benefits in kind is in Gibraltar and residing in Gibraltar, when the institution responsible for the cost of benefits in kind is in the Kingdom of Spain, the death grants payable under the legislation administered by that institution shall be provided at its own expense as though the pensioner had been residing at the time of their death in the place where that institution is situated.

2. Paragraph 1 shall apply *mutatis mutandis* to the members of the family of a pensioner.

CHAPTER 4

INVALIDITY BENEFITS

Article SSC.36

Persons subject only to type A legislation

1. For the purposes of this Chapter, 'type A legislation' means legislation under which the amount of invalidity benefits is independent of the duration of the periods of insurance, and 'type B legislation' means any other legislation.

2. A person who has completed periods of insurance exclusively under type A legislation shall be entitled to benefits only from the institution of the place whose legislation was applicable at the time when the incapacity for work followed by invalidity occurred, taking into account, where appropriate, Article SSC.37 and shall receive such benefits in accordance with that legislation.

3. If the legislation referred to in paragraph 2 contains rules for reduction, suspension or withdrawal of invalidity benefits in the case of overlapping with other income or with benefits of a different kind within the meaning of Articles SSC.46(2), SSC.46(3) and SSC.48(3) shall apply *mutatis mutandis*.

Article SSC.37

Special provisions on aggregation of periods

The competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, whose legislation makes the acquisition, retention or recovery of the right to benefits conditional upon the completion of periods of insurance shall, where necessary, apply Article SSC.44(1).

Article SSC.38

Persons subject either only to type B legislation or to type A and B legislation

1. A person who has been successively or alternately subject to type A and type B legislation shall be entitled to benefits under Chapter 5, which shall apply *mutatis mutandis* taking into account paragraph 3.

2. If the person concerned has been previously subject to a type B legislation and suffers incapacity for work leading to invalidity while subject to a type A legislation, that person shall receive benefits according to Article SSC.36 under type A legislation, provided that:

— that person satisfies the conditions of that legislation exclusively, or of others of the same type taking into account, where appropriate Article SSC.37 but without having recourse to periods of insurance or residence completed under a type B legislation; and

— that person does not assert any claims to old-age benefits, taking into account Article SSC.43.

3. A decision taken by an institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain concerning the degree of invalidity of a claimant shall be binding on the institution of the Kingdom of Spain, or of the United Kingdom, in respect of Gibraltar, respectively.

Article SSC.39

Aggravation of invalidity

1. In the case of aggravation of an invalidity for which a person is receiving benefits under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, the following provisions shall apply, taking the aggravation into account:

(a) the benefits shall be provided in accordance with Chapter 5, applied *mutatis mutandis*;

(b) however, where the person concerned has been subject to type A legislation and since receiving benefit has not been subject to the type B legislation, the benefit shall be provided in accordance with Article SSC.36(2).

2. If the total amount of the benefit or benefits payable under paragraph 1 is lower than the amount of the benefit which the person concerned was receiving at the expense of the institution previously competent for payment, that institution shall pay them a supplement equal to the difference between the two amounts.

3. If the person concerned is not entitled to benefits at the expense of an institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, the previously competent institution shall provide the benefits in accordance with the legislation it applies, taking into account the aggravation and, where appropriate, Article SSC.37.

Article SSC.40

Conversion of invalidity benefits into old-age benefits

1. Invalidity benefits shall be converted into old-age benefits, where appropriate, under the conditions laid down by the legislation under which they are provided and in accordance with Chapter 5.

2. Where a person receiving invalidity benefits can establish a claim to old-age benefits under the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain in accordance with Article SSC.47, any institution which is responsible for providing invalidity benefits under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall continue to provide such a person with the invalidity benefits to which that person is entitled under the legislation it applies until paragraph 1 becomes applicable in respect of that institution, or otherwise for as long as the person concerned satisfies the conditions for such benefits.

3. Where invalidity benefits provided under the legislation applicable, in accordance with Article SSC.36, are converted into old-age benefits and where the person concerned does not yet satisfy the conditions laid down by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain for receiving those benefits, the person concerned shall receive, from the United Kingdom, in respect of Gibraltar, and/or the Kingdom of Spain invalidity benefits from the date of the conversion.

Those invalidity benefits shall be provided in accordance with Chapter 5 as if that Chapter had been applicable at the time when the incapacity for work leading to invalidity occurred, until the person concerned satisfies the qualifying conditions for old-age benefits laid down by the national legislation concerned or, where such conversion is not provided for, for as long as that person is entitled to invalidity benefits under the latter legislation.

4. The invalidity benefits provided under Article SSC.36 shall be recalculated in accordance with Chapter 5 as soon as the beneficiary satisfies the qualifying conditions for invalidity benefits laid down by a type B legislation, or as soon as that person receives old-age benefits.

Article SSC.41

Special provisions for civil servants

Articles SSC.7, SSC.36, SSC.38, SSC.39, SSC.40 and SSC.53(2) and (3) shall apply *mutatis mutandis* to persons covered by a special scheme for civil servants.

CHAPTER 5

OLD-AGE AND SURVIVORS' PENSIONS

Article SSC.42

Taking into account child-raising periods

1. Where, under the legislation of the United Kingdom, in respect of Gibraltar, when the institution which is competent under Title II is the United Kingdom, in respect of Gibraltar, or where, under the legislation of the Kingdom of Spain, when the institution which is competent under Title II is the Kingdom of Spain, no child-raising period is taken into account, the institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain whose legislation, according to Title II, was applicable to the person concerned on the grounds that the person was pursuing an activity as an employed or self-employed worker at the date when, under that legislation, the child-raising period started to be taken into account for the child concerned, shall remain responsible for taking into account that period as a child-raising period under its own legislation, as if such child-raising took place in its own territory.

2. Paragraph 1 shall not apply if the person concerned is, or becomes, subject to the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain due to the pursuit of an employed or self-employed activity.

Article SSC.43

General provisions

1. The competent institutions shall determine entitlement to benefit, under the legislation of either the United Kingdom, in respect of Gibraltar, where the person concerned has been subject to the legislation of the United Kingdom, in respect of Gibraltar, when a request for award has been submitted, or the Kingdom of Spain, where the person concerned has been subject to Spanish legislation when a request for award has been submitted, or both, unless the person concerned expressly requests deferment of the award of old-age benefits under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain or both.

2. If at a given moment the person concerned does not satisfy, or no longer satisfies, the conditions laid down by the legislation of either the United Kingdom, in respect of Gibraltar, where that person has been subject to the legislation of the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, where that person has been subject to the legislation of the Kingdom of Spain, the institutions applying legislation the conditions of which have been satisfied shall not take into account, when performing the calculation in accordance with point (a) or (b) of Article SSC.45(1), the periods completed under the legislation the conditions of which have not been satisfied, or are no longer satisfied, where this gives rise to a lower amount of benefit.

3. Paragraph 2 shall apply *mutatis mutandis* when the person concerned has expressly requested deferment of the award of old-age benefits.

4. A new calculation shall be performed automatically as and when the conditions to be fulfilled under the other legislation are satisfied or when a person requests the award of an old-age benefit deferred in accordance with paragraph 1, unless the periods completed under the other legislation have already been taken into account by virtue of paragraph 2 or 3.

Article SSC.44

Special provisions on aggregation of periods

1. Where the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain makes the granting of certain benefits conditional upon the periods of insurance having been completed only in a specific activity as an employed or self-employed person or in an occupation which is subject to a special scheme for employed or self-employed persons, the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall take into account periods completed under the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, respectively, only if completed under a corresponding scheme or, failing that, in the same occupation, or, where appropriate, in the same activity as an employed or self-employed person.

If, account having been taken of the periods thus completed, the person concerned does not satisfy the conditions for receipt of the benefits of a special scheme, these periods shall be taken into account for the purpose of providing the benefits of the general scheme or, failing that, of the scheme applicable to manual or clerical workers, as the case may be, provided that the person concerned had been affiliated to one or other of those schemes.

2. The periods of insurance completed under a special scheme of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall be taken into account for the purpose of providing the benefits of the general scheme or, failing that, of the scheme applicable to manual or clerical workers, as the case may be, of the United Kingdom, in respect of Gibraltar, in the case of a scheme of the Kingdom of Spain, or of the Kingdom of Spain, in the case of a scheme of the United Kingdom, in respect of Gibraltar, provided that the person concerned had been affiliated to one or other of those schemes, even if those periods have already been taken into account under a special scheme in the Kingdom of Spain, in the case of a scheme of the United Kingdom, in respect of Gibraltar, or in Gibraltar, in the case of a scheme of the Kingdom of Spain.

3. Where the legislation or specific scheme of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain makes the acquisition, retention or recovery of the right to benefits conditional upon the person concerned being insured at the time of the materialisation of the risk, this condition shall be regarded as having been satisfied if that person has been previously insured under the legislation or specific scheme of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain and is, at the time of the materialisation of the risk, insured under the legislation of the United Kingdom, in respect of Gibraltar, where previously insured under the legislation or a specific scheme of the Kingdom of Spain, or insured under the legislation of the Kingdom of Spain, where previously insured under the legislation or a specific scheme of the United Kingdom, in respect of Gibraltar, for the same risk or, failing that, if a benefit is due under the legislation of the United Kingdom, in respect of Gibraltar, where not due under the legislation of the Kingdom of Spain, or of the Kingdom of Spain, where not due under the legislation of the United Kingdom, in respect of Gibraltar, for the same risk. The latter condition shall, however, be deemed to be fulfilled in the cases referred to in Article SSC.50.

Article SSC.45

Award of benefits

1. The competent institution shall calculate the amount of the benefit that would be due:

(a) under the legislation it applies, only where the conditions for entitlement to benefits have been satisfied exclusively under national law (independent benefit);

(b) by calculating a theoretical amount and subsequently an actual amount (pro rata benefit), as follows:

(i) the theoretical amount of the benefit is equal to the benefit which the person concerned could claim if all the periods of insurance which have been completed under the legislation of the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or of the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, had been completed under the legislation it applies on the date of the award of the benefit. If, under that legislation, the amount does not depend on the duration of the periods completed, that amount shall be regarded as being the theoretical amount;

(ii) the competent institution shall then establish the actual amount of the pro rata benefit by applying to the theoretical amount the ratio between the duration of the periods completed before materialisation of the risk under the legislation it applies and the total duration of the periods completed before materialisation of the risk under the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain.

2. Where appropriate, the competent institution shall apply, to the amount calculated in accordance with points (a) and (b) of paragraph 1, all the rules relating to reduction, suspension or withdrawal, under the legislation it applies, within the limits provided for by Articles SSC.46, SSC.47 and SSC.48.

3. The person concerned shall be entitled to receive from the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain the higher of the amounts calculated in accordance with points (a) and (b) of paragraph 1.

4. Where the calculation pursuant to point (a) of paragraph 1 in the United Kingdom, in respect of Gibraltar, or in the Kingdom of Spain invariably results in the independent benefit being equal to or higher than the pro rata benefit, calculated in accordance with point (b) of paragraph 1, the competent institution shall waive the pro rata calculation, provided that:

(a) such a situation is set out in Annex SSC-2;

(b) no legislation containing rules against overlapping, as referred to in Articles SSC.47 and SSC.48, is applicable unless the conditions laid down in Article SSC.48(2) are fulfilled; and

(c) Article SSC.50 is not applicable in the specific circumstances of the case in relation to periods completed under the legislation of the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or of the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent.

5. Notwithstanding paragraphs 1, 2 and 3, the pro rata calculation shall not apply to schemes providing benefits in respect of which periods of time are of no relevance to the calculation, subject to such schemes being listed in Annex SSC-2. In such cases, the person concerned shall be entitled to the benefit calculated in accordance with the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain.

Article SSC.46

Rules to prevent overlapping

1. Any overlapping of old-age and survivors' benefits calculated or provided on the basis of periods of insurance completed by the same person shall be considered to be overlapping of benefits of the same kind.

2. Overlapping of benefits which cannot be considered to be of the same kind within the meaning of paragraph 1 shall be considered to be overlapping of benefits of a different kind.

3. The following provisions shall be applicable for the purposes of rules to prevent overlapping laid down by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain in the case of overlapping of a benefit in respect of old-age or survivors with a benefit of the same kind or a benefit of a different kind or with other income:

(a) the competent institution shall take into account the benefits or incomes acquired in Gibraltar, where the Kingdom of Spain is competent, or in the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, only where the legislation it applies provides for benefits or income acquired outside of its territory to be taken into account;

(b) the competent institution shall take into account the amount of benefits to be paid by the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or by the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, before deduction of tax, social security contributions and other individual levies or deductions, unless the legislation it applies provides for the application of rules to prevent overlapping after such deductions, under the conditions and the procedures laid down in Annex SSC-5;

(c) the competent institution shall not take into account the amount of benefits acquired under the legislation of the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or of the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, on the basis of voluntary insurance or continued optional insurance;

(d) if the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain applies rules to prevent overlapping because the person concerned receives benefits of the same or of a different kind under the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, or income acquired in Gibraltar or the Kingdom of Spain, the benefit due may be reduced solely by the amount of such benefits or such income.

Article SSC.47

Overlapping of benefits of the same kind

1. Where benefits of the same kind due under the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain overlap, the rules to prevent overlapping laid down by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall not be applicable to a pro rata benefit.

2. The rules to prevent overlapping shall apply to an independent benefit only if the benefit concerned is:

(a) a benefit the amount of which does not depend on the duration of periods of insurance; or

(b) a benefit the amount of which is determined on the basis of a credited period deemed to have been completed between the date on which the risk materialised and a later date, overlapping with:

(i) a benefit of the same type, except where an agreement has been concluded between both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain to avoid the same credited period being taken into account more than once; or

(ii) a benefit referred to in point (a).

The benefits and agreements referred to in points (a) and (b) are listed in Annex SSC-3.

Article SSC.48

Overlapping of benefits of a different kind

1. If the receipt of benefits of a different kind or other income requires the application of the rules to prevent overlapping provided for by the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain regarding:

(a) two or more independent benefits, the competent institutions shall divide the amounts of the benefit or benefits or other income, as they have been taken into account, by the number of benefits subject to the said rules; however, the application of this point cannot deprive the person concerned of their status as a pensioner for the purposes of the other chapters of this Title under the conditions and the procedures laid down in Annex SSC-5;

(b) one or more pro rata benefits, the competent institutions shall take into account the benefit or benefits or other income and all the elements stipulated for applying the rules to prevent overlapping as a function of the ratio between the periods of insurance established for the calculation referred to in point (b)(ii) of Article SSC.45(1);

(c) one or more independent benefits and one or more pro rata benefits, the competent institutions shall apply *mutatis mutandis* point (a) as regards independent benefits and point (b) as regards pro rata benefits.

2. The competent institution shall not apply the division stipulated in respect of independent benefits, if the legislation it applies provides for account to be taken of benefits of a different kind or other income and all other elements for calculating part of their amount determined as a function of the ratio between periods of insurance referred to in point (b) point (ii) of Article SSC.45(1).

3. Paragraphs 1 and 2 shall apply *mutatis mutandis* where the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain provides that a right to a benefit cannot be acquired in the case where the person concerned is in receipt of a benefit of a different kind, payable under the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, respectively, or of other income.

Article SSC.49

Additional provisions for the calculation of benefits

1. For the calculation of the theoretical and pro rata amounts referred to in point (b) of Article SSC.45(1), the following rules shall apply:

(a) where the total length of the periods of insurance completed before the risk materialised under the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain is longer than the maximum period required by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain for receipt of full benefit, the competent institution of the United Kingdom, in respect of Gibraltar, where the United Kingdom, in respect of Gibraltar, is competent, or of the Kingdom of Spain, where the Kingdom of Spain is competent, shall take into account this maximum period instead of the total length of the periods completed; this method of calculation shall not result in the imposition on that institution of the cost of a benefit greater than the full benefit provided for by the legislation it applies. This provision shall not apply to benefits the amount of which does not depend on the length of insurance;

(b) the procedure for taking into account overlapping periods is laid down in Annex SSC-5;

(c) if the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain provides that the benefits are to be calculated on the basis of incomes, contributions, bases of contributions, increases, earnings, other amounts or a combination of more than one of them (average, proportional, fixed or credited), the competent institution shall:

(i) determine the basis for calculation of the benefits in accordance only with periods of insurance completed under the legislation it applies;

(ii) use, in order to determine the amount to be calculated in accordance with the periods of insurance completed under the legislation of either the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, the same elements determined or recorded for the periods of insurance completed under the legislation it applies; where necessary in accordance with the procedures laid down in Annex SSC-4 for the United Kingdom, in respect of Gibraltar, or for the Kingdom of Spain;

(d) in the event that point (c) is not applicable because the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain provides for the benefit to be calculated on the basis of elements other than periods of insurance which are not linked to time, the competent institution shall take into account, in respect of each period of insurance completed under the legislation of either the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, the amount of the capital accrued, the capital which is considered as having been accrued or any other element for the calculation under the legislation it administers divided by the corresponding units of periods in the pension scheme concerned.

2. The provisions of the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain concerning the revalorisation of the elements taken into account for the calculation of benefits shall apply, as appropriate, to the elements to be taken into account by the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain in accordance with paragraph 1, in respect of the periods of insurance completed under the legislation of either the United Kingdom, in respect of Gibraltar, where the Kingdom of Spain is competent, or the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent.

Article SSC.50

Periods of insurance of less than one year

1. Notwithstanding point (b) of Article SSC.45(1), the institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall not be required to provide benefits in respect of periods completed under the legislation it applies which are taken into account when the risk materialises, if:

(a) the duration of the said periods is less than one year; and

(b) taking only these periods into account no right to benefit is acquired under that legislation.

For the purposes of this Article, 'periods' shall mean all periods of insurance employment or self-employment which either qualify for, or directly increase, the benefit concerned.

2. The competent institution of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall take into account the periods referred to in paragraph 1, for the purposes of point (b)(i) of Article SSC.45(1).

3. If the effect of applying paragraph 1 would be to relieve all the institutions of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain of their obligations, benefits shall be provided exclusively under the legislation of either the United Kingdom, in respect of Gibraltar, where the conditions under its legislation are the last to have been satisfied, or the Kingdom of Spain, where the conditions under its legislation are the last to have been satisfied, as if all the periods of insurance completed and taken into account in accordance with Article SSC.7 and Article SSC.44(1) and (2) had been completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain.

4. This Article shall not apply to schemes listed in Annex SSC-2.

Article SSC.51

Award of a supplement

1. A recipient of benefits to whom this Chapter applies may not, in either Gibraltar, where Gibraltar is the place of residence and where under the legislation of the United Kingdom, in respect of Gibraltar, a benefit is payable to them, or in the Kingdom of Spain, where the Kingdom of Spain is the place of residence and under which legislation a benefit is payable to them, be provided with a benefit which is less than the minimum benefit fixed by that legislation for a period of insurance equal to all the periods taken into account for the payment in accordance with this Chapter.

2. The competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall pay the recipient of benefits referred to in paragraph 1 throughout the period of their residence in Gibraltar or the Kingdom of Spain, respectively, a supplement equal to the difference between the total of the benefits due under this Chapter and the amount of the minimum benefit.

Article SSC.52

Recalculation and revaluation of benefits

1. If the method for determining benefits or the rules for calculating benefits are altered under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, or if the personal situation of the person concerned undergoes a relevant change which, under that legislation, would lead to an adjustment of the amount of the benefit, a recalculation shall be carried out in accordance with Article SSC.45.

2. On the other hand, if, by reason of an increase in the cost of living or changes in the level of income or other grounds for adjustment, the benefits of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain are altered by a percentage or fixed amount, such percentage or fixed amount shall be applied directly to the benefits determined in accordance with Article SSC.45, without the need for a recalculation.

Article SSC.53

Special provisions for civil servants

1. Articles SSC.7 and SSC.43, Article SSC.44(3) and Articles SSC.45 to SSC.52 shall apply *mutatis mutandis* to persons covered by a special scheme for civil servants.

2. However, if the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain makes the acquisition, liquidation, retention or recovery of the right to benefits under a special scheme for civil servants subject to the condition that all periods of insurance be completed under one or more special schemes for civil servants in Gibraltar or in the Kingdom of Spain, or be regarded by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain as equivalent to such periods, the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall take into account only the periods which can be recognised under the legislation it applies.

If, account having been taken of the periods thus completed, the person concerned does not satisfy the conditions for the receipt of these benefits, these periods shall be taken into account for the award of benefits under the general scheme or, failing that, the scheme applicable to manual or clerical workers, as the case may be.

3. Where, under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain benefits under a special scheme for civil servants are calculated on the basis of the last salary or salaries received during a reference period, the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall take into account, for the purposes of the calculation, only those salaries, duly revalued, which were received during the period or periods for which the person concerned was subject to that legislation.

CHAPTER 6

UNEMPLOYMENT BENEFITS

Article SSC.54

Special provisions on aggregation of periods of insurance, employment or self-employment

1. The competent institution of either the United Kingdom, in respect of Gibraltar, where the legislation of the United Kingdom, in respect of Gibraltar, makes the acquisition, retention, recovery or duration of the right to benefits conditional upon the completion of either periods of insurance, employment or self-employment, or the Kingdom of Spain, where the legislation of the Kingdom of Spain makes the acquisition, retention, recovery or duration of the right to benefits conditional upon the completion of either periods of insurance, employment, or self-employment, shall, to the extent necessary, take into account periods of insurance, employment or self-employment completed under the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, respectively, as though they were completed under the legislation it applies.

However, when the applicable legislation makes the right to benefits conditional on the completion of periods of insurance, employment or self-employment, such periods completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall not be taken into account unless such periods would have been considered to be periods of insurance had they been completed in accordance with the applicable legislation.

2. The application of paragraph 1 of this Article shall be conditional on the person concerned having most recently completed, in accordance with the legislation under which the benefits are claimed:

(a) periods of insurance, if that legislation requires periods of insurance;

(b) periods of employment, if that legislation requires periods of employment; or

(c) periods of self-employment, if that legislation requires periods of self-employment.

Article SSC.55

Calculation of unemployment benefits

1. Where the calculation of unemployment benefits is based on the amount of the previous salary or professional income of the person concerned, the United Kingdom, in respect of Gibraltar, where the United Kingdom, in respect of Gibraltar, is competent, or the Kingdom of Spain, where the Kingdom of Spain is competent, shall take into account the salary or professional income received by the person concerned based exclusively on their last activity as an employed or self-employed person under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, whichever is competent.

2. Where the United Kingdom, in respect of Gibraltar, is competent and the legislation applied by the United Kingdom, in respect of Gibraltar, provides for a specific reference period for the determination of the salary or professional income used to calculate the amount of benefit, and the person concerned was subject to the legislation of the Kingdom of Spain, the United Kingdom, in respect of Gibraltar, shall only take into account the salary or professional income received during their last activity as an employed or self-employed person under that legislation.

Where the Kingdom of Spain is competent and the legislation applied by the Kingdom of Spain provides for a specific reference period for the determination of the salary or professional income used to calculate the amount of benefit, and the person concerned was subject to the legislation of the United Kingdom, in respect of Gibraltar, for all or part of that reference period, the Kingdom of Spain shall only take into account the salary or professional income received during their last activity as an employed or self-employed person under that legislation.

Article SSC.56

Unemployed persons who resided in the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, or in Gibraltar, where the Kingdom of Spain is competent

1. Persons who become wholly, partially or intermittently unemployed and during their last activity as an employed or self-employed person in Gibraltar resided in the Kingdom of Spain and who continue to reside in the Kingdom of Spain shall make themselves available to the employment services in Gibraltar. They shall receive benefits in accordance with the legislation of Gibraltar as if they were residing there. These benefits shall be provided by the institution of Gibraltar.

Persons who become wholly, partially or intermittently unemployed and during their last activity as an employed or self-employed person in the Kingdom of Spain resided in Gibraltar and who continue to reside in Gibraltar shall make themselves available to the employment services in the Kingdom of Spain. They shall receive benefits in accordance with the legislation of the Kingdom of Spain as if they were residing there. These benefits shall be provided by the institution of the Kingdom of Spain.

Unemployment benefits may be payable in a lump sum.

2. Persons who are wholly unemployed may, as a complementary step, make themselves available to the competent employment services of the Kingdom of Spain if they reside in the Kingdom of Spain or Gibraltar if they reside in Gibraltar.

Persons who are wholly unemployed who pursued their last activity as an employed or self-employed person in Gibraltar and reside in the Kingdom of Spain, or who pursued their last activity as an employed or self-employed person in the Kingdom of Spain and reside in Gibraltar, may additionally apply for any supplementary unemployment benefits which may be available under Spanish legislation, as if they had been subject to that legislation during their last period of activity or the legislation of the United Kingdom, in respect of Gibraltar, as if they had been subject to that legislation during their last period of activity.

3. Persons referred to in paragraph 2 who are registered as a person seeking work with the competent employment services of the Kingdom of Spain where they reside in the Kingdom of Spain or Gibraltar where they reside in Gibraltar, shall be subject to the control procedure organised in either the Kingdom of Spain or Gibraltar, as the case may be, and shall adhere to the conditions laid down under the legislation applicable in the Kingdom of Spain where they reside in the Kingdom of Spain or Gibraltar where they reside in Gibraltar. Insofar as those persons remain registered as a person seeking work in their place of last activity, those persons shall comply with the obligations applicable.

4. The United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall adopt the necessary arrangements for the implementation of this Article, in particular as regards lump-sum payments where applicable, as well as the arrangements for exchanges of information, cooperation and mutual assistance between the institutions and services of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain.

The competent institution of the place of employment shall efficiently and without undue delay facilitate the exchange of information and documentation about the periods of insured activity and benefits, in order not to affect the recognition, sustainment, suspension, termination or resumption of the benefits.

CHAPTER 7

PRE-RETIREMENT BENEFITS

Article SSC.57

Benefits

When the applicable legislation makes the right to pre-retirement benefits conditional on the completion of periods of insurance, of employment or of self-employment, Article SSC.7 shall not apply.

CHAPTER 8

FAMILY BENEFITS

Article SSC.58

Members of the family residing in the Kingdom of Spain or in Gibraltar

1. A person to whom this Protocol applies shall be entitled to family benefits in accordance with the legislation of the Kingdom of Spain, where the Kingdom of Spain is competent, including for their members of the family residing in Gibraltar as if they were residing in the Kingdom of Spain.

2. A person to whom this Protocol applies shall be entitled to family benefits in accordance with the legislation of the United Kingdom, in respect of Gibraltar, where the United Kingdom, in respect of Gibraltar, is competent, including for their members of the family residing in the Kingdom of Spain as if they were residing in Gibraltar.

3. Pensioners residing either in the Kingdom of Spain or Gibraltar shall be entitled, for the members of their family residing in Gibraltar or the Kingdom of Spain, respectively, to family benefits in accordance with the legislation applied by the institution which is competent for their pension.

Article SSC.59

Priority rules in the event of overlapping

1. Where, during the same period and for the same family members, benefits are provided for under the legislation of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain, the following priority rules shall apply:

(a) in the case of benefits payable by both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain on a different basis, the order of priority shall be as follows: firstly, rights available on the basis of an activity as employed or self-employed person, secondly, rights available on the basis of the receipt of a pension and finally, rights obtained on the basis of residence;

(b) in the case of benefits payable by both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain on the same basis, the order of priority shall be established by referring to the following subsidiary criteria:

(i) in the case of rights available on the basis of an activity as an employed or self-employed person: the place of residence of the children, provided that there is such activity, and additionally, where appropriate, the highest amount of the benefits provided for by the conflicting legislation. In the latter case, the cost of the benefits shall be shared in accordance with the criteria laid down in Annex SSC-5;

(ii) in the case of rights available on the basis of receipt of pensions: the place of residence of the children, provided that a pension is payable under its legislation, and additionally, where appropriate, the longest period of insurance under the conflicting legislation.

2. In the case of overlapping entitlements, family benefits shall be provided in accordance with the legislation designated as having priority in accordance with paragraph 1. Entitlements to family benefits by virtue of the other conflicting legislation shall be suspended up to the amount provided for by the first legislation and a differential supplement shall be provided, if necessary, for the sum which exceeds this amount. However, such a differential supplement does not need to be provided when the entitlement to the benefits in question is based on residence only.

3. If, under Article SSC.57, an application for family benefits is submitted to the competent institution of either the United Kingdom, in respect of Gibraltar, when its legislation is applicable, or the Kingdom of Spain, when its legislation is applicable, but not by priority in accordance with paragraphs 1 and 2 of this Article:

(a) that institution shall forward the application to the competent institution of either the United Kingdom, in respect of Gibraltar, when its legislation is applicable by priority, or the Kingdom of Spain, when its legislation is applicable by priority, inform the person concerned and, without prejudice to the provisions of Annex SSC-5 concerning the provisional award of benefits, provide, if necessary, the differential supplement mentioned in paragraph 2;

(b) the competent institution of either the United Kingdom, in respect of Gibraltar, when its legislation is applicable by priority, or the Kingdom of Spain, when its legislation is applicable by priority, shall deal with this application as though it were submitted directly to itself, and the date on which such application was submitted to the first institution shall be considered as the date of its claim to the institution with priority.

Article SSC.60

Provision of benefits

In the event that family benefits are not used by the person to whom they should be provided for the maintenance of the members of the family, the competent institution shall discharge its legal obligations by providing those benefits to the natural or legal person in fact maintaining the members of the family, at the request and through the agency of the institution of the place of residence either in the Kingdom of Spain or in Gibraltar or of the designated institution or body appointed for that purpose by the competent authority of the place of residence in either the Kingdom of Spain or Gibraltar.

Article SSC.61

Additional provisions

1. If, under the legislation designated by virtue of Articles SSC.57 and SSC.58, no right is acquired to the payment of additional or special family benefits for orphans, such benefits shall be paid by default, and in addition to other family benefits acquired in accordance with the abovementioned legislation, under the legislation of either the United Kingdom, in respect of Gibraltar, where the deceased worker was subject for the longest periods of time to the legislation of the United Kingdom, in respect of Gibraltar, insofar as the right was acquired under that legislation, or the Kingdom of Spain, where the deceased worker was subject for the longest periods of time to the legislation of the Kingdom of Spain. If no right was acquired under that legislation, the conditions for the acquisition of such right under the legislation of either the United Kingdom, in respect of Gibraltar, where no right was acquired under the legislation of the Kingdom of Spain, or the Kingdom of Spain, where no right was acquired under the legislation of the United Kingdom, in respect of Gibraltar, shall be examined and benefits shall be provided in decreasing order of the length of periods of insurance completed under the legislation of either the United Kingdom, in respect of Gibraltar, where no right was acquired under the legislation of the Kingdom of Spain, or the Kingdom of Spain, where no right was acquired under the legislation of the United Kingdom, in respect of Gibraltar.

2. Benefits paid in the form of pensions or supplements to pensions shall be provided and calculated in accordance with Chapter 5.

Unless this Protocol requires such information to be notified to the Specialised Committee on the Circulation of Persons, the competent authorities of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain shall communicate to each other measures taken to implement this Protocol that are not notified under paragraph 1 and that are relevant for the implementation of this Protocol.

3. For the purposes of this Protocol, the authorities and institutions of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain shall lend one another their good offices and act as though implementing their own legislation. However, the Specialised Committee on the Circulation of Persons shall establish the nature of reimbursable expenses and the limits above which their reimbursement is due.

4. The authorities and institutions of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain may, for the purposes of this Protocol, communicate directly with one another and with the persons involved or their representatives.

5. The institutions and persons covered by this Protocol shall have a duty of mutual information and cooperation to ensure the correct implementation of this Protocol. An administrative arrangement between the authorities directly involved of both the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall determine the means and procedures to carry out the duty of cooperation on the issuance of documentation, exchange of information, resolution of conflicts, and introduction and settlement of claims.

The institutions, in accordance with the principle of good administration, shall respond to all queries within a reasonable period of time and shall in this connection provide the persons concerned with any information required for exercising the rights conferred on them by this Protocol.

The persons concerned must inform the competent institutions of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, and institutions of the place of residence, as soon as possible of any change in their personal or family situation which affects their right to benefits under this Protocol.

6. Failure to respect the obligation of information referred to in the third subparagraph of paragraph 5 may result in the application of proportionate measures in accordance with national law. Nevertheless, these measures shall be equivalent to those applicable to similar situations under domestic law and shall not make it impossible or excessively difficult in practice for claimants to exercise the rights conferred on them by this Protocol.

7. In the event of difficulties in the interpretation or application of this Protocol which could jeopardise the rights of a person covered by it, the competent institution or the institution of the place of residence shall contact the institution(s) of the United Kingdom, in respect of Gibraltar, where the United Kingdom, in respect of Gibraltar, is concerned, or of the Kingdom of Spain, where the Kingdom of Spain is concerned. If a solution cannot be found within a reasonable period, a Party may request to hold consultations in the framework of the Specialised Committee on the Circulation of Persons.

8. The authorities, institutions and tribunals of the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain may not reject applications or other documents submitted to them on the grounds that they are written in an official language of the Union, including in English.

An electronic document sent or issued by an institution in conformity with this Protocol, Annex SSC-5 and the administrative arrangement may not be rejected by any authority or institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain on the grounds that it was received by electronic means, once the receiving institution has declared that it can receive electronic documents. Reproduction and recording of such documents shall be presumed to be a correct and accurate reproduction of the original document or representation of the information it relates to, unless there is proof to the contrary.

4. An electronic document shall be considered valid if the computer system on which the document is recorded contains the safeguards necessary in order to prevent any alteration, disclosure or unauthorised access to the recording. It shall at any time be possible to reproduce the recorded information in an immediately readable form.

Article SSC.64

Any claim, declaration or appeal which should have been submitted, in application of the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain within a specified period to an authority, institution or tribunal of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, respectively, shall be admissible if it is submitted within the same period to a corresponding authority, institution or tribunal of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain. In such a case, the authority, institution or tribunal receiving the claim, declaration or appeal shall forward it without delay to the competent authority, institution or tribunal of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, either directly or through the competent authorities concerned. Article SSC.66

Medical examinations

1. Medical examinations provided for by the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain may be carried out, at the request of the competent institution, in the territory of Gibraltar or the Kingdom of Spain by the institution of the place of stay or residence of the claimant or the person entitled to benefits, under the conditions laid down in Annex SSC-5.

2. Enforceable decisions of the judicial and administrative authorities relating to the collection of contributions, interest and any other charges or to the recovery of benefits provided but not due under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall be recognised and enforced at the request of the competent institution in Gibraltar or the Kingdom of Spain within the limits and in accordance with the procedures laid down by the legislation and any other procedures applicable to similar decisions of the latter. Such decisions shall be declared enforceable in Gibraltar or the Kingdom of Spain insofar as the legislation and any other procedures of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain so require.

3. Claims of an institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall in enforcement, bankruptcy or settlement proceedings in Gibraltar, in the case of claims of an institution of the Kingdom of Spain, or in the Kingdom of Spain, in the case of claims of an institution of the United Kingdom, in respect of Gibraltar, enjoy the same privileges as the legislation that the latter accords to claims of the same kind.

4. The procedure for implementing this Article, including costs reimbursement, shall be governed by Annex SSC-5 or, where necessary and as a complementary measure, by means of administrative arrangements between the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain.

Article SSC.68

Rights of institutions

1. If a person receives benefits under the legislation of either the United Kingdom, in respect of Gibraltar, in respect of an injury resulting from events occurring in the Kingdom of Spain, or the Kingdom of Spain, in respect of an injury resulting from events occurring in Gibraltar, any rights of the institution responsible for providing benefits against a third party liable to provide compensation for the injury shall be governed by the following rules:

(a) where the institution responsible for providing benefits is, under the legislation it applies, subrogated to the rights which the beneficiary has against the third party, such subrogation shall be recognised by the United Kingdom, in respect of Gibraltar, and by the Kingdom of Spain; and

(b) where the institution responsible for providing benefits has a direct right against the third party, the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall recognise such rights.

2. If a person receives benefits under the legislation of either the United Kingdom, in respect of Gibraltar, in respect of an injury resulting from events occurring in the Kingdom of Spain, or the Kingdom of Spain, in respect of an injury resulting from events occurring in Gibraltar, the provisions of the said legislation which determine the cases in which the civil liability of employers or of their employees is to be excluded shall apply with regard to the said person or to the competent institution.

Paragraph 1 shall also apply to any rights of the institution responsible for providing benefits against employers or their employees in cases where their liability is not excluded.

3. Where, in accordance with Article SSC.27(3) or SSC.33(2) the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain or their competent authorities have concluded an agreement to waive reimbursement between them, or, where reimbursement does not depend on the amount of benefits actually provided, any rights arising against a liable third party shall be governed by the following rules:

ANNEX SSC-4

SPECIAL PROVISIONS FOR THE APPLICATION OF THE LEGISLATION OF THE UNITED KINGDOM, IN RESPECT OF GIBRALTAR, OR OF THE KINGDOM OF SPAIN

(Articles SSC.44(3), SSC.49(1) and SSC.69)

(Equivalent of Annex XI of Regulation (EC) No 883/2004)

KINGDOM OF SPAIN

1. For the purpose of implementing point (b)(i) of Article SSC.45(1) of this Protocol, the years which the worker lacks to reach the pensionable or compulsory retirement age as stipulated under Article 31(4) of the consolidated version of the Ley de Clases Pasivas del Estado (Law on State Pensioners) shall be taken into account as actual years of service to the State only if at the time of the event in respect of which invalidity or death pensions are due, the beneficiary was covered by the Kingdom of Spain's special scheme for civil servants or was performing an activity assimilated under the scheme, or if, at the time of the event in respect of which the pensions are due, the beneficiary was performing an activity that would have required the person concerned to be included under the State's special scheme for civil servants, the armed forces or the judiciary, had the activity been performed in the Kingdom of Spain.

2. (a) Under point (c) of Article SSC.49(1) of this Protocol, the calculation of the theoretical Spanish benefit shall be carried out on the basis of the actual contributions of the person during the years immediately preceding payment of the last contribution to Spanish social security. Where, in the calculation of the basic amount for the pension, periods of insurance or residence under the legislation of the United Kingdom, in respect of Gibraltar, have to be taken into account, the contribution basis in the Kingdom of Spain which is closest in time to the reference periods shall be used for the aforementioned periods, taking into account the development of the retail price index.

   (b) The amount of the pension obtained shall be increased by the amount of the increases and revaluations calculated for each subsequent year for pensions of the same nature.

3. Periods completed in Gibraltar which must be calculated in the special scheme for civil servants, the armed forces and the judicial administration, will be treated in the same way, for the purposes of Article SSC.49 of this Protocol, as the periods closest in time covered as a civil servant in the Kingdom of Spain.

4. The additional amounts based on age referred to in the Second Transitional Provision of the General Law on Social Security shall be applicable to all beneficiaries of this Protocol who have contributions to their name under the Spanish legislation prior to 1 January 1967; it shall not be possible, by application of Article SSC.6 of this Protocol, to treat periods of insurance credited in Gibraltar prior to the aforementioned date as being the same as contributions paid in the Kingdom of Spain, solely for the purposes of this Protocol. The date corresponding to 1 January 1967 shall be 1 August 1970 for the Special Scheme for Seafarers and 1 April 1969 for the Special Social Security Scheme for Coal Mining.

UNITED KINGDOM, IN RESPECT OF GIBRALTAR

There are no special provisions relevant, for the purposes of this Annex, for the application of the legislation of the United Kingdom, in respect of Gibraltar.

Article SSCI.2

Scope and rules for exchanges between institutions

1. For the purposes of this Annex, exchanges between authorities and institutions of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain and persons covered by this Protocol shall be based on the principles of public service, efficiency, active assistance, rapid delivery and accessibility, including e-accessibility, in particular for the disabled and the elderly.

2. The institutions shall without delay provide or exchange all data necessary for establishing and determining the rights and obligations of persons to whom this Protocol applies. Such data shall be transferred between the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain directly by the institutions themselves or indirectly via the liaison bodies.

3. Where a person has mistakenly submitted information, documents or claims to an institution across the border in the territory of Gibraltar or of the Kingdom of Spain but which is not the institution designated in accordance with this Annex, the information, documents or claims shall be resubmitted without delay by the former institution to the institution designated in accordance with this Annex, indicating the date on which they were initially submitted. That date shall be binding on the latter institution. The institutions of the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall not, however, be held liable, or be deemed to have taken a decision by virtue of their failure to act as a result of the late transmission of information, documents or claims by the institutions of the Kingdom of Spain and the United Kingdom, in respect of Gibraltar, respectively.

4. Where data are transferred indirectly via the liaison body of the place of destination, time limits for responding to claims shall start from the date when that liaison body received the claim, as if it had been received by the institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain.

Article SSCI.3

Scope and rules for exchanges between the persons concerned and institutions

1. The United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall ensure that the necessary information is made available to the persons concerned in order to inform them of the changes introduced by this Protocol and this Annex to enable them to assert their rights. They shall also provide for user friendly services.

2. The relevant institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall notify the claimant residing or staying in the Kingdom of Spain or Gibraltar, respectively, of its decision directly or through the liaison body of the place of residence or stay. When refusing the benefits, it shall also indicate the reasons for refusal, the remedies and periods allowed for appeals. A copy of this decision shall be sent to other involved institutions.

Article SSCI.4

Forms, documents and methods of exchanging data

1. Subject to paragraph 2, the structure, content and format of forms and documents issued on behalf of the United Kingdom, in respect of Gibraltar, and on behalf of the Kingdom of Spain for the purpose of implementing this Protocol shall be agreed by the competent authorities of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain.

2. For an interim period, the end date of which shall be agreed by the United Kingdom, in respect of Gibraltar, and by the Kingdom of Spain, all forms and documents issued by the competent institutions in the format used immediately before this Protocol comes into force shall be valid for the purpose of implementing this Protocol and, where appropriate, shall continue to be used for the exchange of information between competent institutions. All such forms and documents issued before and during that interim period shall be valid until their expiry or cancellation. The forms and documents valid in accordance with this paragraph include portable documents which certify a person's social security situation as required to give effect to this Protocol.

3. The transmission of data between the institutions or the liaison bodies may be carried out via the Electronic Exchange of Social Security Information. To the extent the forms and documents referred to in paragraph 1 are exchanged via the Electronic Exchange of Social Security Information, they shall respect the rules applicable to that system.

4. Where the transmission of data between institutions or the liaison bodies is carried out via the Electronic Exchange of Social Security Information, the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain will bear the related costs.

5. Where the transmission of data between institutions or the liaison bodies is not carried out via the Electronic Exchange of Social Security Information, the relevant institutions and liaison bodies shall use the arrangements appropriate to each case, and favour the use of electronic means as far as possible.

6. In their communications with the persons concerned, the relevant institutions shall use the arrangements appropriate to each case and favour the use of electronic means as far as possible.

Article SSCI.5

Legal value of documents and supporting evidence issued in the United Kingdom, in respect of Gibraltar, and in the Kingdom of Spain

1. Documents issued by the institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain and showing the position of a person for the purposes of the application of this Protocol and this Annex, and supporting evidence on the basis of which the documents have been issued, shall be accepted by the institutions of the Kingdom of Spain and of the United Kingdom, in respect of Gibraltar, respectively, for as long as they have not been withdrawn or declared to be invalid by the United Kingdom, in respect of Gibraltar, or by the Kingdom of Spain, whichever issued them.

2. Where there is doubt about the validity of a document or the accuracy of the facts on which the particulars contained therein are based, the relevant institution that receives the document shall ask the issuing institution for the necessary clarification and, where appropriate, the withdrawal of that document. The issuing institution shall reconsider the grounds for issuing the document and, if necessary, withdraw it.

3. Pursuant to paragraph 2, where there is doubt about the information provided by the persons concerned, the validity of a document or supporting evidence or the accuracy of the facts on which the particulars contained therein are based, the institution of the place of stay or residence shall, insofar as this is possible, at the request of the competent institution, proceed to the necessary verification of this information or document.

Article SSCI.6

Provisional application of legislation and provisional granting of benefits

1. Unless otherwise provided for in this Annex, where there is a difference of views between the institutions or authorities of the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain concerning the determination of the applicable legislation, the person concerned shall be made provisionally subject to the legislation of one of them, the order of priority being determined as follows:

(a) the legislation of the place where the person actually pursues their employment or self-employment, if the employment or self-employment is pursued in only one place;

(b) the legislation of the place of residence if the person concerned pursues employment or self-employment in both the Kingdom of Spain and Gibraltar;

(c) in all other cases, the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, the application of whichever was first requested, if the person pursues an activity, or activities, in both Gibraltar and the Kingdom of Spain.

2. Where there is a difference of views between the institutions or authorities of the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain about which institution should provide the benefits in cash or in kind, the person concerned who could claim benefits if there was no dispute shall be entitled, on a provisional basis, to the benefits provided for by the legislation applied by the institution of that person's place of residence.

3. Where it is established either that the applicable legislation is not that of the place of provisional membership or the institution which granted the benefits on a provisional basis was not the competent institution, the institution identified as being competent shall be deemed retroactively to have been so, as if that difference of views had not existed, at the latest from either the date of provisional membership or of the first provisional granting of the benefits concerned.

4. If necessary, the institution identified as being competent and the institution which provisionally paid the cash benefits or provisionally received contributions shall settle the financial situation of the person concerned as regards contributions and cash benefits paid provisionally, where appropriate, in accordance with Title IV of this Annex.

Benefits in kind granted provisionally by an institution in accordance with paragraph 2 shall be reimbursed by the competent institution in accordance with Title IV of this Annex.

Article SSCI.7

Provisional calculation of benefits and contributions

1. Unless otherwise provided for in this Annex, where a person is eligible for a benefit, or is liable to pay a contribution in accordance with this Protocol, and the competent institution does not have all the information concerning the situation in the Kingdom of Spain, where the United Kingdom, in respect of Gibraltar, is competent, or in Gibraltar, where the Kingdom of Spain is competent, which is necessary to calculate definitively the amount of that benefit or contribution, that institution shall, on request of the person concerned, award this benefit or calculate this contribution on a provisional basis, if such a calculation is possible on the basis of the information at the disposal of that institution.

2. The benefit or the contribution concerned shall be recalculated once all the necessary supporting evidence or documents are provided to the institution concerned.

CHAPTER III

OTHER GENERAL PROVISIONS FOR THE APPLICATION OF THIS PROTOCOL

Article SSCI.8

Other procedures between authorities and institutions

The United Kingdom, in respect of Gibraltar, and the Kingdom of Spain or their competent authorities may agree procedures other than those provided for by this Annex, provided that such procedures do not adversely affect the rights or obligations of the persons concerned.

Article SSCI.9

Prevention of overlapping of benefits

Notwithstanding other provisions in this Protocol, when benefits due under the legislation of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain are mutually reduced, suspended or withdrawn, any amounts that would not be paid in the event of strict application of the rules concerning reduction, suspension or withdrawal laid down by the legislation of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain, whichever is concerned, shall be divided by the number of benefits subject to reduction, suspension or withdrawal.

Article SSCI.10

Aggregation of periods

1. For the purpose of applying Article SSC.7, the competent institution shall contact the institution to whose legislation the person concerned has been subject previously in order to determine all the periods completed under its legislation.

2. The respective periods of insurance, employment or self-employment completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain shall be added to those completed under the legislation the competent institution applies, insofar as necessary for the purpose of applying Article SSC.7, provided that these periods do not overlap.

3. Where a period of insurance which is completed in accordance with compulsory insurance under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain coincides with a period of insurance completed on the basis of voluntary insurance or continued optional insurance under the legislation of either the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, only the period completed on the basis of compulsory insurance shall be taken into account.

4. Where a period of insurance other than an equivalent period completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain coincides with an equivalent period on the basis of the legislation of either the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, only the period other than an equivalent period shall be taken into account.

5. Any period regarded as equivalent under the legislation of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain shall be taken into account only by the institution applying the legislation the person concerned was last compulsorily subject to before that period. In the event that the person concerned was not compulsorily subject to the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain before that period, the latter shall be taken into account by the institution applying the legislation the person concerned was compulsorily subject to for the first time after that period.

6. In the event that the time in which certain periods of insurance were completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain cannot be determined precisely, it shall be presumed that these periods do not overlap with periods of insurance completed under the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, respectively, and account shall be taken thereof, where advantageous to the person concerned, insofar as they can reasonably be taken into consideration.

Article SSCI.11

Rules for the conversion of periods

1. Where periods completed under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain are expressed in units different from those provided for by the legislation of the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar, the conversion needed for the purposes of aggregation under Article SSC.7 shall be carried out under the following rules:

(a) the period to be used as the basis for the conversion shall be that communicated by the institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain under whose legislation the period was completed;

(b) in the case of schemes where the periods are expressed in days the conversion from days to other units, and vice versa, as well as between different schemes based on days shall be calculated according to the following table:

Scheme based on	1 day corresponds to	1 week corresponds to	1 month corresponds to	1 quarter corresponds to	Maximum of days in one calendar year
5 days	9 hours	5 days	22 days	66 days	264 days
6 days	8 hours	6 days	26 days	78 days	312 days
7 days	6 hours	7 days	30 days	90 days	360 days

(c) in the case of schemes where the periods are expressed in units other than days,

(i) three months or 13 weeks shall be equivalent to one quarter, and vice versa;

(ii) one year shall be equivalent to four quarters, 12 months or 52 weeks, and vice versa;

(iii) for the conversion of weeks into months, and vice versa, weeks and months shall be converted into days in accordance with the conversion rules for the schemes based on six days in the table in point (b);

(d) in the case of periods expressed in fractions, those figures shall be converted into the next smaller integer unit applying the rules laid down in points (b) and (c). Fractions of years shall be converted into months unless the scheme involved is based on quarters;

(e) if the conversion under this paragraph results in a fraction of a unit, the next higher integer unit shall be taken as the result of the conversion under this paragraph.

2. The application of paragraph 1 shall not have the effect of producing, for the total sum of the periods completed during one calendar year, a total exceeding the number of days indicated in the last column in the table in point (b) of paragraph 1, 52 weeks, 12 months or four quarters.

If the periods to be converted correspond to the maximum annual amount of periods under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain in which they have been completed, the application of paragraph 1 shall not result within one calendar year in periods that are shorter than the possible maximum annual amount of periods provided under the legislation concerned.

3. The conversion shall be carried out either in one single operation covering all those periods which were communicated as an aggregate, or for each year, if the periods were communicated on a year-by-year basis.

4. Where an institution communicates periods expressed in days, it shall at the same time indicate whether the scheme it administers is based on five days, six days or seven days.

TITLE II

DETERMINATION OF THE LEGISLATION APPLICABLE

Article SSCI.12

Details relating to Articles SSC.11, SSC.12 and SSC.13 of this Protocol

1. For the purposes of the application of Article SSC.11(1) and (2) and Article SSC.12 of this Protocol, the words 'which normally carries out its activities there' shall refer to an employer that ordinarily performs substantial activities, other than purely internal management activities, in the territory of Gibraltar or the Kingdom of Spain in which it is established, taking account of all criteria characterising the activities carried out by the undertaking in question. The relevant criteria must be suited to the specific characteristics of each employer and the real nature of the activities carried out.

2. For the purposes of the application of Article SSC.11(3) and (4) of this Protocol, the words 'who normally pursues an activity as a self-employed frontier worker' shall refer to a person established in Gibraltar or in the Kingdom of Spain who habitually carries out substantial activities in the territory of Gibraltar or of the Kingdom of Spain, respectively. In particular, such a person established in Gibraltar or in the Kingdom of Spain must have already pursued their activity for some time before the date on which they wish to take advantage of the provisions of that Article and, during any period of temporary activity in the Kingdom of Spain or in Gibraltar, respectively, must continue to fulfil, in Gibraltar or in the Kingdom of Spain, where they are established, the requirements for the pursuit of their activity in order to be able to pursue it on their return.

3. For the purposes of the application of Article SSC.11(3) and (4) of this Protocol, the criterion for determining whether the activity that a self-employed person goes to pursue in the Kingdom of Spain or Gibraltar is 'similar' to the self-employed activity normally pursued shall be that of the actual nature of the activity, rather than of the designation of employed or self-employed activity that may be given to this activity by the Kingdom of Spain or Gibraltar, respectively.

4. For the purposes of the application of Article SSC.13(2) of this Protocol, a person who 'normally pursues an activity as an employed person in the Kingdom of Spain and Gibraltar' shall refer to a person who simultaneously, or in alternation, for the same undertaking or employer or for various undertakings or employers, exercises one or more separate activities in the Kingdom of Spain and Gibraltar.

5. For the purposes of Article SSC.13(2) of this Protocol, an employed flight crew or cabin crew member normally pursuing air passenger or freight services in the Kingdom of Spain and Gibraltar shall be subject to the legislation of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain, depending on where the home base is located.

6. Marginal activities shall be disregarded for the purpose of determining the applicable legislation under Article SSC.13 of this Protocol. Article SSCI.15 of this Annex shall apply to all cases under this Article.

7. For the purposes of the application of Article SSC.13(3) of this Protocol, a person who 'normally pursues an activity as a self-employed person in the Kingdom of Spain and Gibraltar' shall refer, in particular, to a person who simultaneously or in alternation pursues one or more separate self-employed activities, irrespective of the nature of those activities, in the Kingdom of Spain and Gibraltar.

8. For the purpose of distinguishing the activities under paragraphs 1 and 4 of this Article from the situations described in Article SSC.11 of this Protocol, the duration of the activity in the place of residence (whether it is permanent or of an ad hoc or temporary nature) shall be decisive. For these purposes, an overall assessment shall be made of all the relevant facts including, in particular, in the case of an employed person, the place of work as defined in the employment contract.

9. For the purposes of the application of Article SSC.13 of this Protocol, a 'substantial part of employed or self-employed activity' pursued in the Kingdom of Spain or in Gibraltar shall mean a quantitatively substantial part of all the activities of the employed or self-employed person pursued there, without this necessarily being the major part of those activities.

To determine whether a substantial part of the activities is pursued in the Kingdom of Spain or Gibraltar, the following indicative criteria shall be taken into account:

(a) in the case of an employed activity, the working time or the remuneration; and

(b) in the case of a self-employed activity, the turnover, working time, number of services rendered or income.

In the framework of an overall assessment, a share of less than 25 % in respect of the criteria mentioned above shall be an indicator that a substantial part of the activities is not being pursued in the Kingdom of Spain or Gibraltar.

10. For the purposes of the application of point (b) of Article SSC.13(3) of this Protocol, the 'centre of interest' of the activities of a self-employed person shall be determined by taking account of all the aspects of that person's occupational activities, notably the place where the person's fixed and permanent place of business is located, the habitual nature or the duration of the activities pursued, the number of services rendered, and the intention of the person concerned as revealed by all the circumstances.

11. For the determination of the applicable legislation under paragraphs 5 and 6, the institutions concerned shall take into account the situation projected for the following 12 calendar months.

12. If a person pursues their activity as an employed person in the Kingdom of Spain and Gibraltar on behalf of an employer established outside the territory of the Kingdom of Spain and Gibraltar, and if this person resides in Gibraltar or the Kingdom of Spain, respectively, without pursuing substantial activity there, they shall be subject to the legislation of the place of residence.

Article SSCI.13

Procedures for the application of point (b) of Article SSC.10(3), Article SSC.10(4) and Articles SSC.11 and SSC.12 of this Protocol

1. That institution shall issue the attestation referred to in Article SSCI.15(2) of this Annex to the person concerned and shall without delay make information concerning the legislation applicable to that person, pursuant to point (b) of Article SSC.10(3) or Article SSC.11 or SSC.12 of this Protocol, available to the institution designated by the competent authority of the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, where the activity is pursued.

2. An employer within the meaning of Article SSC.10(4) of this Protocol whose registered office or place of business is in Gibraltar and who has an employee on board a vessel flying the flag of the Kingdom of Spain, or whose registered office or place of business is in the Kingdom of Spain and who has an employee on board a vessel flying the flag of the United Kingdom, in respect of Gibraltar, shall inform the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, respectively, whose legislation is applicable, thereof, whenever possible in advance. That institution shall, without delay, make information concerning the legislation applicable to the person concerned, pursuant to Article SSC.10(4) of this Protocol, available to the institution designated by the competent authority of the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, whose flag the vessel on which the employee is to perform the activity is flying.

Article SSCI.14

Procedure for the application of Article SSC.13 of this Protocol

1. A person who pursues activities in the Kingdom of Spain and Gibraltar shall inform the institution designated by the competent authority of the place of residence thereof.

2. The designated institution of the place of residence shall without delay determine the legislation applicable to the person concerned, having regard to Article SSC.13 of this Protocol and Article SSCI.12 of this Annex. That initial determination shall be provisional. The institution shall inform the designated institution of the other place in which an activity is pursued of its provisional determination.

3. The provisional determination of the applicable legislation, as provided for in paragraph 2, shall become definitive within two months of the institution designated by the competent authorities of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, whichever is concerned, being informed of it, in accordance with paragraph 2, unless the legislation has already been definitively determined on the basis of paragraph 4, or the institution concerned informs the institution designated by the competent authority of the place of residence by the end of this two-month period that it cannot yet accept the determination or that it takes a different view on this.

4. Where uncertainty about the determination of the applicable legislation requires contacts between the institutions or authorities of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain, at the request of one or more of the institutions designated by the competent authorities of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, or of the competent authorities themselves, the legislation applicable to the person concerned shall be determined by common agreement, having regard to Article SSC.13 of this Protocol and the relevant provisions of Article SSCI.12 of this Annex.

Where there is a difference of views between the institutions or competent authorities concerned, those bodies shall seek agreement in accordance with the conditions set out above and Article SSCI.6 shall apply.

5. The competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain whose legislation is determined to be applicable either provisionally or definitively shall without delay inform the person concerned.

6. If the person concerned fails to provide the information referred to in paragraph 1, this Article shall be applied at the initiative of the institution designated by the competent authority of the place of residence as soon as it is appraised of that person's situation, possibly via another institution concerned.

Article SSCI.15

Provision of information to persons concerned and employers

1. The competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain whose legislation becomes applicable pursuant to Title II of this Protocol shall inform the person concerned and, where appropriate, the employer(s) of the obligations laid down in that legislation. It shall provide them with the necessary assistance to complete the formalities required by that legislation.

2. At the request of the person concerned or of the employer, the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain whose legislation is applicable pursuant to Title II of this Protocol shall provide an attestation that such legislation is applicable and shall indicate, where appropriate, until what date and under what conditions.

Article SSCI.16

Cooperation between institutions

1. The relevant institutions shall communicate to the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain whose legislation is applicable to a person pursuant to Title II of this Protocol the necessary information required to establish the date on which that legislation becomes applicable and the contributions which that person and the employer(s) are liable to pay under that legislation.

2. The competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain whose legislation becomes applicable to a person pursuant to Title II of this Protocol shall make the information indicating the date on which the application of that legislation takes effect available to the institution designated by the competent authority applying the legislation that person was last subject to.

Article SSCI.22

If a person receives a pension from the United Kingdom, in respect of Gibraltar, and from the Kingdom of Spain, the amount of contributions deducted from all the pensions paid shall, under no circumstances, be greater than the amount deducted in respect of a person who receives the same amount of pension from the United Kingdom, in respect of Gibraltar, or from the Kingdom of Spain.

2. Where periods of voluntary or optional continued insurance have not been taken into account under Article SSCI.10 (3) of this Annex, the institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, under whose legislation those periods were completed shall calculate the amount corresponding to those periods under the legislation it applies. The actual amount of the benefit, calculated in accordance with point (b) of Article SSC.45(1) of this Protocol shall be increased by the amount corresponding to periods of voluntary or optional continued insurance.

3. The institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain shall calculate, under the legislation it applies, the amount due corresponding to periods of voluntary or optional continued insurance which, under point (c) of Article SSC.46(3) of this Protocol, shall not be subject to the rules relating to withdrawal, reduction or suspension of either the Kingdom of Spain or of the United Kingdom, in respect of Gibraltar.

Where the legislation applied by the competent institution does not allow it to determine this amount directly, on the grounds that that legislation allocates different values to insurance periods, a notional amount may be established. The United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall lay down the detailed arrangements for the determination of that notional amount.

Article SSCI.26

Taking into account child-raising periods

1. 2. Where, under the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, which is competent under Title II of this Protocol, no child-raising period is taken into account, the institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain whose legislation, according to Title II of this Protocol, was applicable to the person concerned at the date when, under that legislation, the child-raising period started to be taken into account for the child concerned, shall remain responsible for taking into account that period as a child-raising period under its own legislation, as if such child-raising took place in its own territory.

3. Paragraph 2 shall not apply if the person concerned is, or becomes, subject to the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain due to the pursuit of an employed or self-employed activity.

CHAPTER V

UNEMPLOYMENT BENEFITS

Article SSCI.27

Aggregation of periods and calculation of benefits

1. Article SSCI.10 of this Annex shall apply *mutatis mutandis* to Article SSC.54 of this Protocol. 2. For the purpose of applying Article SSC.55 of this Protocol, the competent institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain, whose legislation provides that the calculation of benefits varies with the number of members of the family shall also take into account the members of the family of the person concerned who are residing in the same household as if they resided in the place of the competent institution. This provision shall not apply where, in the place of residence of members of the family, another person is entitled to unemployment benefits calculated on the basis of the number of members of the family.

Article SSCI.28

Unemployed persons who resided outside the place of competence

1. The competent institution of the place of last employment shall inform wholly unemployed persons of their rights and obligations and shall provide them with documents which shall include all necessary information related to the receipt of unemployment benefits in accordance with its legislation in the place of residence.

2. The relevant institutions of the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall provide each other with the necessary information to support the job-seeking activities of unemployed persons and to inform them about the applicable control procedures and conditions, and to which employment service they are to make themselves available. The institution of the place of residence shall, upon request of the competent institution, immediately inform the competent institution of any circumstances of which it is aware and which are likely to affect the entitlement to benefits, in particular, if the wholly unemployed persons have taken up employment or have become self-employed in the place of residence.

3. Where, in accordance with Article SSC.56 of this Protocol, an unemployed person decides to make themself also available to the employment services of the place of residence, by registering there as a person seeking work, they shall inform the competent institution and the employment services providing the benefits.

4. Where requested by the employment services of the place of residence, the competent employment services shall send the relevant information concerning the unemployed person's registration and their search for employment. The employment services of the place of residence shall also, upon request of the competent institution, immediately inform the competent institution of any circumstances of which it is aware and which are likely to affect the entitlement to benefits, in particular, if the wholly unemployed person has taken up employment or has become self-employed in the place of residence.

CHAPTER VI

FAMILY BENEFITS

Article SSCI.30

Priority rules in the event of overlapping

For the purpose of applying point (b)(i) and (ii) of Article SSC.59(1) of this Protocol, where the order of priority cannot be established on the basis of the children's place of residence, the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall calculate the amount of benefits including the children not resident within its own territory. In the event of applying point (b)(i) of Article SSC.59(1) of this Protocol, the institution that applies the legislation which provides for the highest level of benefits shall pay the full amount of such benefits and shall be reimbursed half this sum by the other institution up to the limit of the amount provided for in the legislation applied by the latter institution.

Article SSCI.31

Rules applicable where the applicable legislation and/or the competence to grant family benefits changes

1. Where the applicable legislation and/or the competence to grant family benefits change between the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain during a calendar month, irrespective of the payment dates of family benefits under the legislation of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain, the institution which has paid the family benefits by virtue of the legislation under which the benefits have been granted at the beginning of that month shall continue to do so until the end of the month in progress.

2. The institution that continues to pay the family benefits in accordance with paragraph 1 shall inform the other institution of the date on which it ceases to pay those family benefits. Payment of benefits from either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain shall take effect from that date.

Article SSCI.32

Procedure for applying Articles SSC.58 and SSC.59 of this Protocol

1. The application for family benefits shall be addressed to the competent institution. For the purpose of applying Articles SSC.58 and SSC.59 of this Protocol, the situation of the whole family shall be taken into account as if all the persons involved were subject to the legislation of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain and residing in Gibraltar or in the Kingdom of Spain, in particular as regards a person's entitlement to claim such benefits. Where a person entitled to claim the benefits does not exercise their right, an application for family benefits submitted by the other parent, a person treated as a parent, or a person or institution acting as guardian of the child or children shall be taken into account by the competent institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain.

2. The institution to which an application is made in accordance with paragraph 1 shall examine the application on the basis of the detailed information supplied by the applicant, taking into account the overall factual and legal situation of the applicant's family. If that institution concludes that its legislation is applicable by priority right in accordance with Articles SSC.58 and SSC.59 of this Protocol, it shall provide the family benefits according to the legislation it applies.

If it appears to that institution that there may be an entitlement to a differential supplement by virtue of the legislation of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain in accordance with Article SSC.59(2) of this Protocol, that institution shall forward the application, without delay, to the competent institution of either the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, and inform the person concerned; moreover, it shall inform the other institution of its decision on the application and the amount of family benefits paid.

3. Where the institution to which the application is made concludes that its legislation is applicable, but not by priority right in accordance with Article SSC.59(1) and (2) of this Protocol, it shall take a provisional decision, without delay, on the priority rules to be applied and shall forward the application, in accordance with Article SSC.59(3) of this Protocol, to the institution of either the United Kingdom, in respect of Gibraltar, or the Kingdom of Spain and shall also inform the applicant thereof. That institution shall take a position on the provisional decision within two months.

If the institution to which the application was forwarded does not take a position within two months of the receipt of the application, the provisional decision referred to above shall apply and the institution shall pay the benefits provided for under its legislation and inform the institution to which the application was made of the amount of benefits paid.

4. Where there is a difference of views between the institutions concerned about which legislation is applicable by priority right, Article SSCI.6(2), (3) and (4) shall apply. For this purpose, the institution of the place of residence referred to in Article SSCI.6(2) shall be the institution of the child's or children's place of residence.

5. If the institution which has supplied benefits on a provisional basis has paid more than the amount for which it is ultimately responsible, it may claim reimbursement of the excess from the institution with primary responsibility in accordance with the procedure laid down in the administrative arrangement.

A dispute concerning a particular claim shall not hinder the reimbursement of another claim or other claims.

Article SSCI.35

Common provisions

For the purpose of applying Article SSC.67 of this Protocol and within the framework defined therein, the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall adopt the necessary arrangements to ensure, wherever possible, offsetting either between the institutions of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain concerned, or recovery *vis-à-vis* the natural or legal person concerned.

2. The institution of the place of residence shall forward a report to the debtor institution that requested the medical examination. This institution shall be bound by the findings of the institution of the place of residence.

The debtor institution shall reserve the right to have the beneficiary examined by a doctor of its choice. However, the beneficiary may be asked to return to the place where the debtor institution is established only if they are able to make the journey without prejudice to their health and the cost of travel and accommodation is paid for by the debtor institution.

3. The administrative check shall, at the request of the debtor institution, be performed by the institution of the beneficiary's place of residence.

Paragraph 2 shall also apply in this case.

4. The competent authorities or competent institutions of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain may agree specific provisions and procedures to improve fully or partly the labour-market readiness of claimants and recipients and their participation in any schemes or programmes available in the place of residence for that purpose.

5. As an exception to the principle of free-of-charge mutual administrative cooperation in Article SSC.62(3) of this Protocol, the effective amount of the expenses of the checks referred to in paragraphs 1, 2 and 3 of this Article shall be refunded to the institution which was requested to carry them out by the debtor institution which requested them.

Article SSCI.37

Information

The competent authorities of the United Kingdom, in respect of Gibraltar, and of the Kingdom of Spain shall prepare the information needed to ensure that the persons covered are aware of their rights and the administrative formalities required in order to assert them. This information shall, where possible, be disseminated electronically via publication online on sites accessible to the public. They shall ensure that the information is regularly updated and monitor the quality of services provided to customers.

Article SSCI.38

Currency conversion

1. For the purpose of applying this Protocol and this Annex, the exchange rate between the currencies applied in the United Kingdom, in respect of Gibraltar, and in the Kingdom of Spain, respectively, shall be the reference rate published by the European Central Bank.

2. For the purpose of applying this Protocol and this Annex, the rate of conversion shall be understood as a daily conversion rate published by the European Central Bank.

3. If not otherwise stated in this Article, the rate of conversion shall be the rate published on the day when the operation is performed.

4. An institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain which, for the purposes of the establishment of an entitlement, and for the first calculation of the benefit, has to convert an amount shall use:

(a) when, according to national legislation or this Protocol, an institution takes into account amounts, such as earnings or benefits, during a certain period before the date for which the benefit is calculated, the rate of conversion published on the last day of that period;

(b) when, according to national legislation or this Protocol, for the purposes of calculation of the benefit an institution takes into account one amount, the rate of conversion published on the first day of the month immediately preceding the month when the provision must be applied.

5. Paragraph 4 shall apply *mutatis mutandis* when an institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain has to convert an amount for the recalculation of the benefit due to changes in the factual or legal situation of the person concerned.

6. An institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain which pays a benefit that is regularly indexed in accordance with the national legislation, and where the amounts in other currency have an impact on that benefit, shall, when recalculating it, use the rate of conversion published on the first day of the month preceding the month when the indexation is due, unless provided for differently in the national legislation.

7. For the purposes of this Article, the date to be taken into account for determining the applicable exchange rate between the currencies of the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain shall be:

(a) in the case of a request for offsetting from arrears or ongoing payments, the working day immediately preceding the day on which the applicant party sent the final request for offsetting from arrears or ongoing payments; or

For the purposes of this paragraph, 'working day' shall refer to a working day of the European Central Bank on which it publishes a daily reference rate for currency exchange.

Article SSCI.39

Transitional provisions relating to pensions

1. Where the contingency arises before the date of entry into force of this Protocol in the territory of Gibraltar or of the Kingdom of Spain and the claim for pension has not been awarded before that date, such claim shall give rise to a double award, inasmuch as benefits must be granted, pursuant to such contingency, for a period prior to that date:

(a) for the period prior to the date of entry into force of this Protocol in the territory of Gibraltar or of the Kingdom of Spain in accordance with agreements in force between the United Kingdom, in respect of Gibraltar, and the Kingdom of Spain;

(b) for the period commencing on the date of entry into force of this Protocol in the territory of Gibraltar or of the Kingdom of Spain in accordance with this Protocol.

However, if the amount calculated pursuant to the provisions referred to under point (a) is greater than that calculated pursuant to the provisions referred to under point (b), the person concerned shall continue to be entitled to the amount calculated pursuant to the provisions referred to under point (a).

2. A claim for invalidity, old-age or survivors' benefits submitted to an institution of the United Kingdom, in respect of Gibraltar, or of the Kingdom of Spain from the date of entry into force of this Protocol in the territory of Gibraltar or of the Kingdom of Spain shall automatically necessitate the reassessment of the benefits which have been awarded for the same contingency prior to that date by the institution or institutions of, respectively, the Kingdom of Spain or the United Kingdom, in respect of Gibraltar, as appropriate in accordance with this Protocol. Such reassessment may not give rise to any reduction in the amount of the benefit awarded.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

Article PVAT.19

Conditions governing a request for recovery

1. The applicant authority may not make a request for recovery if and for so long as the claim or the instrument permitting its enforcement are contested in the territory of the applicant authority.

2. Before making a request for recovery, the applicant authority shall first apply appropriate recovery procedures available in its own territory, except in the following situations:

(a) where it is obvious that there are no assets for recovery in the territory of that Party or that such procedures will not result in the payment of a substantial amount, and the applicant authority has specific information indicating that the person concerned has assets in the territory of the Party of the requested authority; or

(b) where recourse to such procedures in the territory of the Party of the applicant authority would give rise to disproportionate difficulty.

Article PVAT.20

Execution of the request for recovery

1. The requested authority shall recover the claim as if it were a claim of its own territory, making use of the powers and procedures provided under the laws, regulations or administrative provisions of that territory.

2. The requested authority shall keep the applicant authority informed of the recovery steps taken and of the amounts recovered.

3. The requested authority may grant payment facilities or instalments in accordance with its law and may charge interest or recovery costs, which it may retain.

Article PVAT.21

Disputed claims and enforcement measures

1. Any dispute about the validity or amount of the claim shall be decided by the authorities of the Party of the applicant authority. Disputes about recovery actions taken in the territory of the Party of the requested authority shall be decided by its own competent bodies.

2. If the claim or enforcement instrument is contested, the requested authority shall suspend recovery for the disputed part until the decision becomes final, but the applicant authority may request that recovery measures be continued or that precautionary measures be taken to secure the debt.

3. When recovery continues for a contested claim at the request of the applicant authority and the claim is later annulled or reduced, the applicant authority shall reimburse any amounts unduly recovered and any related costs or compensation.

4. Where necessary to prevent non-recovery due to fraud, disappearance of assets or insolvency, the requested authority may take precautionary measures allowed under its national law, prior to receiving a request from the applicant authority under paragraph 2.

Article PVAT.22

Amendment or withdrawal of the request for recovery assistance

The applicant authority shall inform the requested authority immediately of any subsequent amendment to its request for recovery or of the withdrawal of its request, indicating the reasons for amendment or withdrawal.

Article PVAT.23

Request for precautionary measures

1. At the request of the applicant authority, the requested authority shall take precautionary measures, if allowed by its national law and in accordance with its administrative practices, to ensure recovery where a claim or the instrument permitting enforcement in the territory of the applicant authority is contested at the time when the request is made, or where the claim is not yet the subject of an instrument permitting enforcement in the territory of the applicant authority, in so far as precautionary measures are possible in a similar situation under the law and administrative practices of the territory of the applicant authority.

The document drawn up for permitting precautionary measures in the territory of the applicant authority and relating to the claim for which mutual assistance is requested, if any, shall be attached to the request for precautionary measures in the territory of the requested authority. This document shall not be subject to any act of recognition, supplementing or replacement in the territory of the requested authority.

2. The request for precautionary measures may be accompanied by other documents relating to the claim.

Article PVAT.24

(b) the administrative effort or cost would be clearly disproportionate to the amount to be recovered; or

(c) the claim is more than five years old, counting from its due date in the territory of the Party of the applicant authority.

2. In exceptional cases, assistance may still be provided up to 10 years after the due date, if recovery remains legally possible in the territory of the Party of the applicant authority.

3. No assistance shall be requested for claims below GBP 5 000.

4. When assistance is refused or limited, the requested authority shall inform the applicant authority in writing and explain the reasons.

Article PVAT.25

Questions on limitation

1. Time limits for establishing and recovering claims shall be determined by the law of the Party of the applicant authority.

2. Any request for recovery or precautionary measures pursuant to this Protocol shall have the effect of suspending the period of limitation until the requested authority has executed the request.

Article PVAT.26

Costs

1. Each Party shall bear the costs it incurs in recovery assistance and shall not seek reimbursement from the other Party.

2. The requested authority may recover its costs directly from the debtor in accordance with its law. The applicant authority shall reimburse the requested authority for costs or losses resulting from unfounded requests.

3. In exceptional cases involving unusually high costs, the authorities may agree specific reimbursement arrangements.
