

DECISION No 3/92 OF THE EEC-SWITZERLAND JOINT COMMITTEE
of 18 November 1992
amending Protocol 3 concerning the definition of the concept of 'originating products' and methods of administrative cooperation

(93/192/EEC)

THE JOINT COMMITTEE,

HAS DECIDED AS FOLLOWS:

Having regard to the Agreement between the European Economic Community and the Swiss Confederation, signed in Brussels on 22 July 1972,

Having regard to Protocol 3 concerning the definition of the concept of 'originating products' and methods of administrative cooperation, hereinafter referred to as 'Protocol 3', and in particular Article 28 thereof,

Whereas the origin rule in the list in Annex III to Protocol 3 applicable to articles of apparel, clothing accessories and other articles of furskin falling within HS heading No 4303 provides for the manufacture from non-assembled, tanned or dressed furskins, falling within HS heading No 4302;

Whereas a footnote authorized, however, the use of assembled skins of suzluki, grey Siberian squirrel and hamster falling within HS heading No 4302 until 31 March 1990;

Whereas it is appropriate to re-insert this derogation from the rules of origin, limited to a two-year period, and also to authorize the use of skins of burunduki, pechaniky, pahmi and Chinese lamb and Chinese kid as well,

Article 1

The reference ⁽¹⁾ and the footnote in the list annexed to this Decision shall be inserted in the list in Annex III to Protocol 3 to the EEC-Switzerland Agreement.

Article 2

This Decision shall apply with effect from 1 November 1992.

Done at Brussels, 18 December 1992.

For the Joint Committee

The President

B. de TSCHARNER

ANNEX

List of working or processing required to be carried out on non-originating materials in order that the product manufactured can obtain originating status
