

2024/1222

29.4.2024

**COMMISSION IMPLEMENTING DECISION (EU) 2024/1222**

**of 23 April 2024**

**amending the Annex to Implementing Decision (EU) 2023/2447 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States**

*(notified under document C (2024)2806)*

**(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law')<sup>(1)</sup>, and in particular Article 259(1), point (c), thereof,

Whereas:

- (1) Highly pathogenic avian influenza (HPAI) is an infectious viral disease in birds and can have a severe impact on the profitability of poultry farming causing disturbance to trade within the Union and exports to third countries. HPAI viruses can infect migratory birds, which can then spread these viruses over long distances during their autumn and spring migrations. Therefore, the presence of HPAI viruses in wild birds poses a continuous threat for the direct and indirect introduction of these viruses into holdings where poultry or captive birds are kept. In the event of an outbreak of HPAI, there is a risk that the disease agent may spread to other holdings where poultry or captive birds are kept.
- (2) Regulation (EU) 2016/429 establishes a new legislative framework for the prevention and control of diseases that are transmissible to animals or humans. HPAI falls within the definition of a listed disease in that Regulation, and it is subject to the disease prevention and control rules laid down therein. In addition, Commission Delegated Regulation (EU) 2020/687<sup>(2)</sup> supplements Regulation (EU) 2016/429 as regards the rules for the prevention and control of certain listed diseases, including disease control measures for HPAI.
- (3) Commission Implementing Decision (EU) 2023/2447<sup>(3)</sup> was adopted within the framework of Regulation (EU) 2016/429 and it lays down emergency measures at Union level in relation to outbreaks of HPAI.
- (4) More particularly, Implementing Decision (EU) 2023/2447 provides that the protection, surveillance and further restricted zones established by the Member States following outbreaks of HPAI, in accordance with Delegated Regulation (EU) 2020/687, are to comprise at least the areas listed as protection, surveillance and further restricted zones in the Annex to that Implementing Decision.
- (5) The Annex to Implementing Decision (EU) 2023/2447 was recently amended by Commission Implementing Decision (EU) 2024/1184<sup>(4)</sup> following outbreaks of HPAI in poultry in Bulgaria that needed to be reflected in that Annex.

<sup>(1)</sup> OJ L 84, 31.3.2016, p. 1, ELI: <http://data.europa.eu/eli/reg/2016/429/oj>.

<sup>(2)</sup> Commission Delegated Regulation (EU) 2020/687 of 17 December 2019 supplementing Regulation (EU) 2016/429 of the European Parliament and the Council, as regards rules for the prevention and control of certain listed diseases (OJ L 174, 3.6.2020, p. 64, ELI: [http://data.europa.eu/eli/reg\\_del/2020/687/oj](http://data.europa.eu/eli/reg_del/2020/687/oj)).

<sup>(3)</sup> Commission Implementing Decision (EU) 2023/2447 of 24 October 2023 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L, 2023/2447, 30.10.2023, ELI: [http://data.europa.eu/eli/dec\\_impl/2023/2447/oj](http://data.europa.eu/eli/dec_impl/2023/2447/oj)).

<sup>(4)</sup> Commission Implementing Decision (EU) 2024/1184 of 17 April 2024 amending the Annex to Implementing Decision (EU) 2023/2447 concerning emergency measures in relation to outbreaks of highly pathogenic avian influenza in certain Member States (OJ L, 2024/1184, 18.4.2024, ELI: [http://data.europa.eu/eli/dec\\_impl/2024/1184/oj](http://data.europa.eu/eli/dec_impl/2024/1184/oj)).

- (6) Since the date of adoption of Implementing Decision (EU) 2024/1184, Bulgaria has notified the Commission of a new outbreak of HPAI in an establishment where poultry were kept, located in the Plovdiv region.
- (7) In addition, Hungary notified the Commission of outbreaks of HPAI in establishments where poultry or captive birds were kept, located in Békés and Jász-Nagykun-Szolnok counties.
- (8) The competent authorities of Bulgaria and Hungary have taken the necessary disease control measures required in accordance with Delegated Regulation (EU) 2020/687, including the establishment of protection and surveillance zones around the outbreaks.
- (9) The Commission has examined the disease control measures taken by Bulgaria and Hungary in collaboration with those Member States, and it is satisfied that the boundaries of the protection and surveillance zones established by the competent authorities of Bulgaria and Hungary are at a sufficient distance from the establishments where the outbreaks of HPAI have been confirmed.
- (10) In the Annex to Implementing Decision (EU) 2023/2447, there are currently no areas listed as protection and surveillance zones for Hungary.
- (11) In order to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade being imposed by third countries, it is necessary to rapidly describe at Union level, in collaboration with Bulgaria and Hungary, the protection and surveillance zones duly established by those Member States in accordance with Delegated Regulation (EU) 2020/687.
- (12) Therefore, the areas listed as protection and surveillance zones for Bulgaria in the Annex to Implementing Decision (EU) 2023/2447 should be amended.
- (13) In addition, protection and surveillance zones should be listed for Hungary in the Annex to Implementing Decision (EU) 2023/2447.
- (14) Accordingly, the Annex to Implementing Decision (EU) 2023/2447 should be amended to update regionalisation at Union level to take account of the protection and surveillance zones duly established by Bulgaria and Hungary in accordance with Delegated Regulation (EU) 2020/687, and the duration of the measures applicable therein.
- (15) Implementing Decision (EU) 2023/2447 should therefore be amended accordingly.
- (16) Given the urgency of the epidemiological situation in the Union as regards the spread of HPAI, it is important that the amendments to be made to Implementing Decision (EU) 2023/2447 by this Decision take effect as soon as possible.
- (17) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

#### *Article 1*

The Annex to Implementing Decision (EU) 2023/2447 is replaced by the text set out in the Annex to this Decision.

#### *Article 2*

This Decision is addressed to the Member States.

Done at Brussels, 23 April 2024.

*For the Commission*  
Stella KYRIAKIDES  
*Member of the Commission*

---

## ANNEX

## Part A

Protection zones in the concerned Member States\* as referred to in Article 1, point (a), and Article 2:

**Member State: Bulgaria**

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
<b>Haskovo Region</b>		
BG-HPAI(P)-2024-00010 BG-HPAI(P)-2024-00011	The following villages in Haskovo municipality: — Haskovo — Voyvodovo — Manastir — Konush	15.5.2024
<b>Kardzhali Region</b>		
BG-HPAI(P)-2024-00012	The following villages in Krumovgrad municipality: — Doborsko — Bagriltsi — Chal — Perunika	5.5.2024
<b>Plovdiv Region</b>		
BG-HPAI(P)-2024-00009	The following village in Rodopi municipality: — Tsalapitsa The following village in Stamboliyski municipality: — Stamboliyski	28.4.2024
BG-HPAI(P)-2024-00013	The following villages in Asenovgrad municipality: — Asenovgrad — Boyantsi	26.5.2024
	The following village in Sadovo municipality: — Mominsko	

**Member State: Hungary**

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 39 of Delegated Regulation (EU) 2020/687
<b>Békés vármegye</b>		
HU-HPAI(P)-2024-00007 HU-HPAI(P)-2024-00009 HU-HPAI(P)-2024-00010	Békéssámson, Kardoskút és Tótkomlós települések közigazgatási területének a 46.428759 és a 20.707461, a 46.442322 és a 20.727723, valamint a 46.443534 és a 20.727690 GPS-koordináták által meghatározott pont körüli 3 km sugarú körön belül eső területe.	9.5.2024
HU-HPAI(P)-2024-00008	Kardoskút, Kaszaper, Orosháza, Pusztaföldvár és Tótkomlós települések közigazgatási területének a 46.489250 és a 20.791090 GPS-koordináták által meghatározott pont körüli 3 km sugarú körön belül eső területe.	10.5.2024
HU-HPAI(P)-2024-00011	Szarvas település közigazgatási területének a 46.889059 és a 20.421714 GPS-koordináták által meghatározott pont körüli 3 km sugarú körön belül eső területe.	11.5.2024
<b>Jász-Nagykun-Szolnok vármegye</b>		
HU-HPAI(P)-2024-00011	Mesterszállás és Öcsöd települések közigazgatási területének a 46.889059 és a 20.421714 GPS-koordináták által meghatározott pont körüli 3 km sugarú körön belül eső területe.	11.5.2024

**Part B**

Surveillance zones in the concerned Member States\* as referred to in Article 1, point (a), and Article 3:

**Member State: Bulgaria**

ADIS reference number of the outbreak	Area comprising:	Date until applicable in accordance with Article 55 of Delegated Regulation (EU) 2020/687
