This Schedule of Commitments is consistent with the constitutional and legal provisions governing the area of Establishment in Ecuador.

For the preparation of this offer, account was taken of the United Nations Statistics Division's International Standard Industrial Classification of all Economic Activities, Statistical Reports, Series M, No. 4, revised ISIC, version 3.1, 2002, and of the United Nations Statistics Division's Central Products Classification, Statistical Reports, Series M, No. 77, provisional, 1991.

For methodological revision and analysis purposes:

No commitments of any kind are being made in the sectors or sub-sectors of economic activities not shown on the list

For the economic sub-sectors in which commitments are being maintained or new commitments are being incorporated, the amendments appear in the left-hand column headed "Sector or sub-sector"

Reservations, conditions and exclusions relative to the rules on market access and national treatment and applied to maintained or newly-incorporated commitments appear in the right-hand column headed "Description of reservations".

To complement the list, the same right-hand column includes any comments considered necessary on the commitment or reservation being incorporated or maintained.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to all sectors unless otherwise stated.

The commitments do not include measures relating to requirements, licences or recognitions, procedures or processes necessary for the exercise or development of an economic activity, that apply even when not shown on the list, unless they are presented as restrictions on the rules on market access and national treatment

The reservations, conditions and exclusions included on the list below will not apply, insofar as they present inconsistencies, to the sub-sectors and modes committed by Ecuador on the Schedule of Specific Commitments undertaken for its membership of the World Trade Organisation — WTO in 1996, a recast version of which can be found in document S/DCS/W/ECU of 24 January 2003, produced from the original texts of and amendments to documents GATS/SC/98/Suppl.1 and GATS/SC/98/Suppl.2, of the WTO General Agreement on Trade in Services (GATS). Accordingly, the said reservations, conditions and exclusions will be applicable to and required for the new sectors and/or modes of supply set out on the list below.

In accordance with the provisions included in Article 107(3) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures that may be adopted or maintained by the State of Ecuador in relation to grants and subsidies are listed.

Similarly, based on Article 107(5) of the Title on Trade in Services, Establishment and Electronic Commerce, Ecuador reserves the right to establish, maintain and fully implement its national legislation with the aim of attaining legitimate policy objectives in areas such as the protection of vulnerable groups, consumer protection, health and the environment among others.

In accordance with Article 107(4) of the Title on Trade in Services, Establishment and Electronic Commerce, this offer does not include services provided in the exercise of governmental authority.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

1. The list of commitments below indicates the services sectors liberalised pursuant to Article 121 of this Agreement, and, by means of reservations, the market access and national treatment limitations that apply to signatory Andean Countries services and services suppliers in those sectors. The list is composed of the following elements:

- (a) A first column indicating the sector or sub-sector in which the commitment is assumed by the Party, and the scope of liberalisation to which the reservations apply; and
- (b) A second column describing the applicable reservations.

When the column referred to under subparagraph (b) only includes European Union Member State -specific reservations, European Union Member States not mentioned therein undertake commitments in the sector concerned without reservations <sup>(1)</sup>.

Cross-border supply of services in sectors or sub-sectors covered by this Agreement and not mentioned in the list below is not committed.

2. In identifying individual sectors and sub-sectors:

- (a) "CPC" means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov, 1991; and
- (b) "CPC ver. 1.0" means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver 1.0, 1998.

3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 119 and 120 of this Agreement. Those measures (e.g. need to obtain a licence, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations), even if not listed, apply in any case to signatory Andean Countries service suppliers.
4. The list below is without prejudice to the feasibility of Mode 1 in certain services sectors and sub-sectors and without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.
5. In accordance with Article 107, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.
6. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

## ANNEX XII

## ‘SECTION D

**ECUADOR**

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the services sector in Ecuador and their compatibility with the undertakings made at multilateral level.

For the preparation of this offer, account was taken of the United Nations Statistics Division's Central Products Classification (CPC), Statistical Reports, Series M, No. 77, provisional, 1991, for the offer relating to cross-border trade in services.

The list below is composed of the following elements:

- (a) a first column indicating the sector or sub-sector in which the commitment is assumed by Ecuador, and the scope of the commitment to which the reservations apply;
- (b) a second column describing the applicable reservations, the mode of supply and the obligation affected (Access to Markets — AM, or National Treatment — NT). AM and NT commitments are independent of each other; accordingly, if no AM commitment has been made (remaining “unbound”), this does not invalidate the NT commitment.

For methodological revision and analysis purposes, we would point out the following:

No commitments of any kind are being made in the sectors or sub-sectors of services not shown on the list

For the services sub-sectors in which commitments are being maintained or new commitments are being incorporated, the amendments appear in the left-hand column headed “Sector or sub-sector”

Reservations, conditions and exclusions relative to the rules on market access and national treatment and applied to maintained or newly-incorporated commitments appear in the right-hand column headed “Description of reservations”.

To complement the list, the same right-hand column includes “comments” considered necessary on the commitment or reservation being incorporated or maintained.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to all sectors unless otherwise stated.

The commitments do not include measures relating to requirements, technical standards, procedures or processes necessary for the provision of a service and that apply even when not shown on the list, unless they are presented as restrictions on the rules on market access and national treatment

The reservations, conditions and exclusions included on the list below will not apply, insofar as they present inconsistencies, to the sub-sectors and modes committed by Ecuador on the Schedule of Specific Commitments undertaken for its membership of the World Trade Organisation — WTO in 1996, a recast version of which can be found in document S/DCS/W/ECU of 24 January 2003, produced from the original texts of and amendments to documents GATS/SC/98/Suppl.1 and GATS/SC/98/Suppl.2, of the WTO General Agreement on Trade in Services (GATS). Accordingly, the said reservations, conditions and exclusions will be applicable to and required for the new sectors and/or modes of supply set out on the list below only.

In accordance with the provisions included in Article 107(3) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures that may be adopted or maintained by the State of Ecuador in relation to grants and subsidies are listed.

Similarly, based on Article 107(5) of the Title on Trade in Services, Establishment and Electronic Commerce, Ecuador reserves the right to establish, maintain and fully implement its national legislation with the aim of attaining legitimate policy objectives in areas such as the protection of vulnerable groups, consumer protection, health and the environment among others.

In accordance with Article 107(4) of the Title on Trade in Services, Establishment and Electronic Commerce, this offer does not include services provided in the exercise of governmental authority.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

1. The list of reservations below indicates the economic activities liberalised pursuant to Article 114 of this Agreement for which limitations on key personnel and graduate trainees in accordance with Article 124 of this Agreement apply and specifies such limitations. The lists are composed of the following elements:

- (a) a first column indicating the sector or sub-sector in which limitations apply; and
- (b) a second column describing the applicable limitations.

When the column referred to under subparagraph (b) only includes European Union Member State -specific reservations, European Union Member States not mentioned therein undertake commitments in the sector concerned without reservations <sup>(1)</sup>.

The European Union and its Member States do not undertake any commitment for key personnel and graduate trainees in economic activities which are not liberalised (remain unbound) pursuant to Article 114 of this Agreement.

2. In identifying individual sectors and sub-sectors:

- (a) "ISIC rev 3.1" means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, ISIC REV 3.1, 2002;
- (b) "CPC" means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov, 1991; and
- (c) "CPC ver. 1.0" means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver 1.0, 1998.

3. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.
4. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, and measures regarding employment, work and social security conditions when they do not constitute a limitation within the meaning of Articles 112 and 113 of this Agreement. Those measures (e.g. need to obtain a licence, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to key personnel and graduate trainees of investors of another Party. In accordance with Article 107 paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.
5. All requirements of the laws and regulations of the European Union and its Member States regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.
6. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.
7. In those sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation in the European Union Member States or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.
8. The rights and obligations arising from this list of reservations shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

<sup>(1)</sup> The absence of European Union Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral European Union -broad reservations that may apply.

## ANNEX XIV

## 'SECTION D

**ECUADOR**

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the temporary presence in Ecuador of persons for business purposes and their compatibility with the undertakings made at multilateral level.

For the preparation of this offer, account was taken of the United Nations Statistics Division's Central Products Classification, Statistical Reports, Series M, No. 77, provisional, 1991, for the offer relating to cross-border trade in services.

The list of reservations set out below indicates the economic activities liberalised pursuant to Article 114 of this Agreement for which limitations on key personnel and graduate trainees in accordance with Article 124 of the same apply, and specifies such limitations. Ecuador does not undertake any commitment for key personnel and graduate trainees in economic activities which are not liberalised (remain unbound) pursuant to Article 114 of this Agreement.

For methodological revision and analysis purposes, the list below is presented as follows:

The services sectors affected by restrictions in this offer are shown on the left-hand side headed "Sector or sub-sector".

To complement the list, the right-hand column includes the restrictions or limitations affecting the corresponding sector or sub-sector.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to all sectors unless otherwise stated.

In accordance with the provisions included in Article 107(7) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures are listed that relate to regulation of the entry of natural persons into, or their temporary stay in, Ecuadorian territory, including those measures adopted or maintained by Ecuador as necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders.

The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, and measures regarding employment, work and social security conditions. Such measures, which include but are not limited to: the need to obtain a licence, the need to obtain recognition of qualifications in regulated sectors, the need to pass specific examinations, including language examinations, the need to have a legal domicile in the territory where the economic activity is performed, the need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country, even if not listed, apply in any case to key personnel and graduate trainees.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

1. The list of reservations below indicates the services sectors liberalised by the EU Party pursuant to Articles 126, paragraphs 2 and 3 and 127, paragraphs 2 and 3 of this Agreement and the specific discriminatory limitations which apply thereto.

The lists are composed of the following elements:

- (a) a first column indicating the sector or sub-sector in which limitations apply; and
- (b) a second column describing the applicable limitations;

When no specific limitations, other than those specified in Title IV of this Agreement, apply to both contractual service suppliers (hereinafter referred to as "CSS") and independent professionals (hereinafter referred to as "IP"), "none" is inscribed next to the relevant European Union Member State(s).

2. In identifying individual sectors and sub-sectors, "CPC" means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No 77, CPC prov, 1991.
3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, and measures regarding employment, work and social security conditions when they do not constitute a discriminatory limitation within the meaning of Articles 126 paragraphs 2 and 3 and 127, paragraphs 2 and 3 of this Agreement. Those measures (e.g. need to obtain a licence, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile where the activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to CSS and IP of another Party.
4. In accordance with Article 107 paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.
5. All requirements of the laws and regulations of the European Union and of its Member States regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.
6. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.
7. In those sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation in the European Union Member State or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.
8. The rights and obligations arising from this list of reservations shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.
9. Commitments on CSS and IP do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

## ANNEX XVI

## SECTION D

**ECUADOR**

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the temporary presence in Ecuador of persons for business purposes and their compatibility with the undertakings made at multilateral level.

For the preparation of this offer, account was taken of the United Nations Statistics Division's Central Products Classification, Statistical Reports, Series M, No. 77, provisional, 1991, for the offer relating to cross-border trade in services.

The list of reservations below indicates the economic activities liberalised pursuant to Articles 126, paragraphs 2 and 3 and 127, paragraphs 2 and 3 of this Agreement and the specific discriminatory limitations which apply thereto. Ecuador does not undertake any commitment for contractual service providers and professionals whose activities are not liberalised pursuant to Articles 126 and 127 of this Agreement.

For methodological revision and analysis purposes, the list below is presented as follows:

The sectors of services out of which the sectors affected by restrictions in this offer are described are shown on the left-hand side headed "Sector or sub-sector".

To complement the list, the right-hand column includes the restrictions or limitations affecting the corresponding sector or sub-sector.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to the categories of Contractual Service Providers and Independent Professionals.

In accordance with the provisions included in Article 107(7) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures are listed that relate to regulation of the entry of natural persons into, or their temporary stay in, Ecuadorian territory, including those measures adopted or maintained by Ecuador as necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders.

The list below does not include measures related to requirements and procedures concerning qualifications, technical standards and requirements concerning degrees, and procedures related to employment, work and social security conditions. Such measures, which include but are not limited to: the need to obtain a licence, the need to obtain recognition of qualifications in regulated sectors, the need to pass specific examinations, including language examinations, the need to have a legal domicile in the territory where the economic activity is performed, the need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country, even if not listed, apply in any case to Contractual Service Providers and Independent Professionals.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

| Sector or sub-sector                                                                                                                                                               | Description of reservations                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

1. The Parties understand that Title IV (Trade in Services, Establishment and Electronic Commerce) of this Agreement applies to the measures adopted or maintained by a Party relating to activities and services described in subparagraph (b) of the definition of 'services supplied in the exercise of governmental authority' as referred to in Article 152 of this Agreement, only to the extent that a Party allows its financial service suppliers to supply such activities and services in competition with a public entity or a financial service supplier. ## ANNEX XX

## JOINT DECLARATIONS BY ECUADOR AND THE EU PARTY

## Intellectual Property Rights

The Parties reaffirm the rights and obligations under the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (hereinafter referred to as the “TRIPS Agreement”).

No later than the date of entry into force of this Agreement, Ecuador will put in place fees and administrative costs for the registration and maintenance of intellectual property rights that are in line with the provisions of Article 62(4) of the TRIPS Agreement and at a level comparable with fees set by intellectual property offices of the other WTO Members. Ecuador commits to ensuring national treatment of applications for protection of intellectual property rights in line with the TRIPS Agreement, in particular Articles 3 and 27(1) thereof.

The Parties reaffirm their commitment to the “Declaration on the TRIPS Agreement and Public Health” adopted by the Doha WTO Ministerial Conference on 14 November 2001 and the right of the Parties to resort to the provisions in the TRIPS Agreement which provide flexibility for the purpose of protecting public health. For the process of issuing compulsory licences, Ecuador guarantees full compliance with the provisions and conditions in the TRIPS Agreement regarding the granting of compulsory licences, in particular Article 31 thereof, in the framework of its legal system.

Ecuador guarantees full compliance with the obligations set out in Article 61 of the TRIPS Agreement.

The Parties agree to review Ecuador’s interest in having the same level of protection for non-agricultural geographical indications as for wines, aromatised wines, spirits, agricultural products and foodstuffs in the context of the Subcommittee on Intellectual Property established pursuant to Article 257 of the Agreement. If the European Union adopts specific legislation protecting non-agricultural geographical indications, the review referred to above shall take into account this new legal situation.

- (a) Measures related to the application of taxes on alcoholic beverages in accordance with Articles 10 and 12 of *Ley de Fomento Ambiental Optimización de Ingresos del Estado*, published in the Official Gazette No. 583 of 24 November 2011, and Article 2 of *Ley Orgánica de Incentivos para el Sector Productivo*, published in the Second Supplement of the Official Gazette No. 56 of 12 August 2013, until two years after the entry into force of this Agreement. From that date onwards, the measures must be in conformity with Chapter 1 (Market Access for Goods) of Title III (Trade in Goods), and in particular Article 21 thereof;
  - (b) Measures related to the import of used clothing, used footwear and used vehicles (COMEXI Resolution No 182, COMEX Resolution No 51). The need to maintain these measures shall be reviewed five years after the entry into force of this Agreement.’
