|------------|--|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 7216 32 99 |  | I sections of iron or non-alloy steel, simply hot-rolled, hot-drawn or extruded, of a height > 220 mm (excl. subheading 7216 32 91)                                                                                                                                | Free      | 0        |
| 7216 33 10 |  | H sections of iron or non-alloy steel, simply hot-rolled, hot-drawn or extruded, of a height >= 80 mm but <= 180 mm                                                                                                                                                | Free      | 0        |
| 7216 33 90 |  | H sections of iron or non-alloy steel, simply hot-rolled, hot-drawn or extruded, of a height > 180 mm                                                                                                                                                              | Free      | 0        |
| 7216 40 10 |  | L sections of iron or non-alloy steel, not further worked than hot-rolled, hot-drawn or extruded, of a height of >= 80 mm                                                                                                                                          | Free      | 0        |
| 7216 40 90 |  | T sections of iron or non-alloy steel, not further worked than hot-rolled, hot-drawn or extruded, of a height of >= 80 mm                                                                                                                                          | Free      | 0        |
| 7216 50 10 |  | Sections of iron or non-alloy steel, not further worked than hot-rolled, hot-drawn or hot-extruded, with a cross-section which is capable of being enclosed in a square the side of which is <= 80 mm (excl. U, I, H, L or T sections)                             | Free      | 0        |
| 7216 50 91 |  | Bulb sections (bulb flat), only hot-rolled, hot-drawn or hot-extruded                                                                                                                                                                                              | Free      | 0        |
| 7216 50 99 |  | Profile of iron or non-alloy steel, only hot-rolled, hot-drawn or hot-extruded (other than with a cross-section which is capable of being enclosed in a square the side of which is <= 80 mm, and U-, I-, H-, L- or T-sections and ribbed sections (ribbed steel)) | Free      | 0        |
| 7216 61 10 |  | c, l, u, z, omega or open-ended sections of iron or non-alloy steel, simply cold-formed or cold-finished, obtained from flat-rolled products                                                                                                                       | Free      | 0        |
| 7216 61 90 |  | Angles, shapes and sections (other than c, l, u, z, omega or open-ended sections) of iron or non-alloy steel, simply cold-formed or cold-finished, obtained from flat-rolled products                                                                              | Free      | 0        |
| 7216 69 00 |  | Angles, shapes and sections, of iron or non-alloy steel, not further worked than cold-formed or cold-finished (excl. profiled sheet)                                                                                                                               | Free      | 0        |
| 7216 91 10 |  | Sheets of iron or non-alloy steel, cold-formed or cold finished, profiled (ribbed)                                                                                                                                                                                 | Free      | 0        |
| 7216 91 80 |  | Angles, shapes and sections, of iron or non-alloy steel, cold-formed or cold-finished from flat-rolled products and further worked (excl. profiled sheet)                                                                                                          | Free      | 0        |

| CN 2007    |  | Description                                                                                                                                                                                                                                                 | Base rate | Category |
|------------|--|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 7216 99 00 |  | Angles, shapes and sections, of iron or non-alloy steel, cold-formed or cold-finished and further worked, or not further worked than forged, or forged, or hot-formed by other means and further worked, n.e.s. (excl. from flat-rolled products)           | Free      | 0        |
| 7217 10 10 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, not plated or coated, whether or not polished, with a maximum cross-sectional dimension of < 0,8 mm                                                                        | Free      | 0        |
| 7217 10 31 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, with indentations, ribs, grooves or other deformations produced during the rolling process, not plated or coated, with a maximum cross-sectional dimension of ≥ 0,8 mm     | Free      | 0        |
| 7217 10 39 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, not plated or coated, with a maximum cross-sectional dimension of ≥ 0,8 mm (without indentations, ribs, grooves or other deformations produced during the rolling process) | Free      | 0        |
| 7217 10 50 |  | Wire of iron or non-alloy steel, in coils, containing by weight ≥ 0,25 % but < 0,6 % carbon, not plated or coated, whether or not polished (excl. hot-rolled bars and rods)                                                                                 | Free      | 0        |
| 7217 10 90 |  | Wire of iron or non-alloy steel, in coils, containing by weight ≥ 0,6 % carbon, not plated or coated, whether or not polished (excl. hot-rolled bars and rods)                                                                                              | Free      | 0        |
| 7217 20 10 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, plated or coated with zinc, with a maximum cross-sectional dimension of < 0,8 mm                                                                                           | Free      | 0        |
| 7217 20 30 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, plated or coated with zinc, with a maximum cross-sectional dimension of ≥ 0,8 mm (excl. bars and rods)                                                                     | Free      | 0        |
| 7217 20 50 |  | Wire of iron or non-alloy steel, in coils, containing by weight ≥ 0,25 % but < 0,6 % carbon, plated or coated with zinc (excl. bars and rods)                                                                                                               | Free      | 0        |
| 7217 20 90 |  | Wire of iron or non-alloy steel, in coils, containing by weight ≥ 0,6 % carbon, plated or coated with zinc (excl. bars and rods)                                                                                                                            | Free      | 0        |
| 7217 30 41 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, copper-coated (excl. bars and rods)                                                                                                                                        | Free      | 0        |

| CN 2007    |  | Description                                                                                                                                                                                        | Base rate | Category |
|------------|--|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 7217 30 49 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, plated or coated with base metals (excl. products plated or coated with zinc or copper and bars and rods)         | Free      | 0        |
| 7217 30 50 |  | Wire of iron or non-alloy steel, in coils, containing by weight $\geq$ 0,25 % but < 0,6 % carbon, plated or coated with base metals (excl. products plated or coated with zinc, and bars and rods) | Free      | 0        |
| 7217 30 90 |  | Wire of iron or non-alloy steel, in coils, containing by weight $\geq$ 0,6 % carbon, plated or coated with base metals (excl. products plated or coated with zinc, and bars and rods)              | Free      | 0        |
| 7217 90 20 |  | Wire of iron or non-alloy steel, in coils, containing by weight < 0,25 % carbon, plated or coated (excl. products plated or coated with base metals and bars and rods)                             | Free      | 0        |
| 7217 90 50 |  | Wire of iron or non-alloy steel, in coils, containing by weight $\geq$ 0,25 % but < 0,6 % carbon, plated or coated (excl. products plated or coated with base metals, and bars and rods)           | Free      | 0        |
| 7217 90 90 |  | Wire of iron or non-alloy steel, in coils, containing by weight $\geq$ 0,6 % carbon, plated or coated (excl. products plated or coated with base metals, and bars and rods)                        | Free      | 0        |
| 7218 10 00 |  | Steel, stainless, in ingots and other primary forms (excl. waste and scrap in ingot form, and products obtained by continuous casting)                                                             | Free      | 0        |
| 7218 91 10 |  | Semi-finished products of stainless steel, of rectangular (other than square) cross-section, containing by weight $\geq$ 2,5 % nickel                                                              | Free      | 0        |
| 7218 91 80 |  | Semi-finished products of stainless steel, of rectangular (other than square) cross-section, containing by weight < 2,5 nickel                                                                     | Free      | 0        |
| 7218 99 11 |  | Semi-finished products of stainless steel, of square cross-section, rolled or obtained by continuous casting                                                                                       | Free      | 0        |
| 7218 99 19 |  | Semi-finished products of stainless steel, of square cross-section, forged                                                                                                                         | Free      | 0        |
| 7218 99 20 |  | Semi-finished products of stainless steel, of circular cross-section or of cross-section other than square or rectangular, rolled or obtained by continuous casting                                | Free      | 0        |
| 7218 99 80 |  | Semi-finished products of stainless steel, forged (excl. products of square or rectangular cross-section)                                                                                          | Free      | 0        |
| 7219 11 00 |  | Flat-rolled products of stainless steel, of a width of $\geq$ 600 mm, not further worked than hot-rolled, in coils, of a thickness of > 10 mm                                                      | Free      | 0        |

| CN 2007    |  | Description                                                                                                                                                                                                         | Base rate | Category |
|------------|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 7219 12 10 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $\geq 4,75$ mm but $\leq 10$ mm, containing by weight $\geq 2,5$ nickel       | Free      | 0        |
| 7219 12 90 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $\geq 4,75$ mm but $\leq 10$ mm, containing by weight $< 2,5$ nickel          | Free      | 0        |
| 7219 13 10 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $\geq 3$ mm but $\leq 4,75$ mm, containing by weight $\geq 2,5$ nickel        | Free      | 0        |
| 7219 13 90 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $\geq 3$ mm but $\leq 4,75$ mm, containing by weight $< 2,5$ nickel           | Free      | 0        |
| 7219 14 10 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $< 3$ mm, containing by weight $\geq 2,5$ nickel                              | Free      | 0        |
| 7219 14 90 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, in coils, of a thickness of $< 3$ mm, containing by weight $< 2,5$ nickel                                 | Free      | 0        |
| 7219 21 10 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $> 10$ mm, containing by weight $\geq 2,5$ nickel                         | Free      | 0        |
| 7219 21 90 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $> 10$ mm, containing by weight $< 2,5$ nickel                            | Free      | 0        |
| 7219 22 10 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $\geq 4,75$ mm but $\leq 10$ mm, containing by weight $\geq 2,5$ % nickel | Free      | 0        |
| 7219 22 90 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $\geq 4,75$ mm but $\leq 10$ mm, containing by weight $< 2,5$ % nickel    | Free      | 0        |
| 7219 23 00 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $\geq 3$ mm and $< 4,75$ mm                                               | Free      | 0        |
| 7219 24 00 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than hot-rolled, not in coils, of a thickness of $< 3$ mm                                                                  | Free      | 0        |
| 7219 31 00 |  | Flat-rolled products of stainless steel, of a width of $\geq 600$ mm, not further worked than cold-rolled (cold-reduced), of a thickness of $\geq 4,75$ mm                                                          | Free      | 0        |

| 8529 10 11 |  | Telescopic and whip-type aerials for portable apparatus or for apparatus for fitting in motor vehicles                                                                                                                                                                                                                                                                                                                                                  | 5         | 0        |
| 8529 10 31 |  | Outside aerials for radio or television broadcast receivers, for reception via satellite                                                                                                                                                                                                                                                                                                                                                                | 3,6       | 0        |
| 8529 10 39 |  | Outside aerials for radio or television broadcast receivers (excl. those for satellite reception)                                                                                                                                                                                                                                                                                                                                                       | 3,6       | 0        |
| 8529 10 65 |  | Inside aerials for radio or television broadcast receivers, incl. built-in types (excl. telescopic and whip-type aerials for portable apparatus or for apparatus for fitting in motor vehicles)                                                                                                                                                                                                                                                         | 4         | 0        |
| 8529 10 69 |  | Aerials (excl. inside and outside aerials for radio or television broadcast receivers and telescopic and whip-type aerials for portable apparatus or for apparatus for fitting in motor vehicles)                                                                                                                                                                                                                                                       | 3,6       | 0        |
| 8529 10 80 |  | Aerial filters and separators                                                                                                                                                                                                                                                                                                                                                                                                                           | 3,6       | 0        |
| 8529 10 95 |  | Aerial reflectors and parts suitable for use with aerials or aerial reflectors, n.e.s. (excl. aerial filters and separators)                                                                                                                                                                                                                                                                                                                            | 3,6       | 0        |
| 8529 90 20 |  | Parts suitable for use solely or principally with transmission apparatus incorporating reception apparatus for radio-broadcasting or television, digital cameras, monitors and projectors of a kind solely or principally used in an automatic data-processing machine, video camera recorders, radar apparatus, radio navigational aid apparatus and remote control apparatus, n.e.s. (excl. aerials and aerial reflectors, and electronic assemblies) | Free      | 0        |
| 8529 90 41 |  | Cabinets and cases of wood, for transmission and reception apparatus for radio-broadcasting or television, television cameras, digital cameras, video camera recorders, radar apparatus, radio navigational aid apparatus or radio remote control apparatus, monitors and projectors, n. e.s.                                                                                                                                                           | 2         | 0        |
| 8529 90 49 |  | Cabinets and cases other than of wood, for transmission and reception apparatus for radio-broadcasting or television, television cameras, digital cameras, video camera recorders, radar apparatus, radio navigational aid apparatus or radio remote control apparatus, monitors and projectors, n.e.s.                                                                                                                                                 | 3         | 0        |
| 8529 90 65 |  | Electronic assemblies suitable for use solely or principally with transmission and reception apparatus for radio-broadcasting or television, television cameras, digital cameras, video camera recorders, radar apparatus, radio navigational aid apparatus or radio remote control apparatus, monitors and projectors, n.e.s.                                                                                                                          | 3         | 0        |
| 8529 90 92 |  | Parts suitable for use solely or principally with television cameras, reception apparatus for radio-broadcasting or television, and monitors and projectors, n.e.s. (excl. aerials, cabinets and casings, electronic assemblies and parts for monitors and projectors of a kind solely or principally used in an automatic data-processing machine)                                                                                                     | 5         | 0        |

| CN 2007    |  | Description                                                                                                                                                                                                                                                                                                                                                                                            | Base rate | Category |
|------------|--|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 8529 90 97 |  | Parts suitable for use solely or principally with transmission apparatus not incorporating reception apparatus for radio-broadcasting or television, video camera recorders, radar apparatus, radio navigational aid apparatus and remote control apparatus, n.e.s. (excl. assemblies and sub-assemblies, parts for digital cameras, for aerials and for aerial reflectors, and electronic assemblies) | 3         | 0        |
| 8530 10 00 |  | Electrical signalling, safety or traffic control equipment for railways or tramways (excl. mechanical or electromechanical equipment of heading 8608)                                                                                                                                                                                                                                                  | 1,7       | 0        |
| 8530 80 00 |  | Electrical signalling, safety or traffic control equipment (excl. that for railways or tramways and mechanical or electromechanical equipment of heading 8608)                                                                                                                                                                                                                                         | 1,7       | 0        |
| 8530 90 00 |  | Parts of electrical signalling, safety or traffic control equipment, n.e.s.                                                                                                                                                                                                                                                                                                                            | 1,7       | 0        |
| 8531 10 30 |  | Burglar or fire alarms and similar apparatus, for use in buildings                                                                                                                                                                                                                                                                                                                                     | 2,2       | 0        |
| 8531 10 95 |  | Burglar or fire alarms and similar apparatus (excl. those for use in motor vehicles or buildings)                                                                                                                                                                                                                                                                                                      | 2,2       | 0        |
| 8531 20 20 |  | Indicator panels with light emitting diodes (LED) (excl. those of a kind used for motor vehicles, cycles or traffic signalling)                                                                                                                                                                                                                                                                        | Free      | 0        |
| 8531 20 40 |  | Indicator panels with matrix liquid crystal devices (LCD), active (excl. those of a kind used for motor vehicles, cycles or traffic signalling)                                                                                                                                                                                                                                                        | Free      | 0        |
| 8531 20 95 |  | Indicator panels with liquid crystal devices (LCD) (excl. active matrix liquid crystal devices and those of a kind used for motor vehicles, cycles or traffic signalling)                                                                                                                                                                                                                              | Free      | 0        |
| 8531 80 20 |  | Electric sound or visual signalling apparatus, with flat panel display devices (excl. indicator panels with liquid crystal devices or light emitting diodes, burglar or fire alarms and similar apparatus and apparatus for cycles, motor vehicles and traffic signalling)                                                                                                                             | Free      | 0        |
| 8531 80 95 |  | Electric sound or visual signalling apparatus (excl. with flat panel display devices, indicator panels with liquid crystal devices or light emitting diodes, burglar or fire alarms and similar apparatus and apparatus for cycles, motor vehicles and traffic signalling)                                                                                                                             | 2,2       | 0        |
| 8531 90 20 |  | Parts of display panels with liquid crystal displays (LCD) or light-emitting diodes (LED) and of electric sound or visual signalling equipment with flat panel display devices, n.e.s. (excl. of multichip integrated circuits)                                                                                                                                                                        | Free      | 0        |

| 8707 10 10 |  | Bodies for the industrial assembly of motor cars and other motor vehicles principally designed for the transport of persons                                                                                                                                                                                                                                                                                                                                                                | 4,5       | 0        |
| 8707 10 90 |  | Bodies for motor cars and other motor vehicles principally designed for the transport of persons (excl. those for industrial assembly of subheading 8707 10 10)                                                                                                                                                                                                                                                                                                                            | 4,5       | 0        |
| 8707 90 10 |  | Bodies for the industrial assembly of pedestrian controlled tractors of subheading 8701 10, vehicles for the transport of goods with compression-ignition internal combustion piston engine (diesel or semi-diesel engine) of a cylinder capacity $\leq 2\,500\text{ cm}^3$ or with spark-ignition internal piston engine of a cylinder capacity $\leq 2\,800\text{ cm}^3$ and special purpose motor vehicles of heading 8705                                                              | 4,5       | 0        |
| 8707 90 90 |  | Bodies for tractors, motor vehicles for the transport of ten or more persons, motor vehicles for the transport of goods and special purpose motor vehicles (excl. those for the industrial assembly of certain motor vehicles of subheading 8707 90 10)                                                                                                                                                                                                                                    | 4,5       | 0        |
| 8708 10 10 |  | Bumpers and parts thereof, for the industrial assembly of motor cars and other motor vehicles principally designed for the transport of persons, vehicles for the transport of goods with compression-ignition internal combustion piston engine (diesel or semi-diesel engine) of a cylinder capacity $\leq 2\,500\text{ cm}^3$ or with spark-ignition internal piston engine of a cylinder capacity $\leq 2\,800\text{ cm}^3$ and special purpose motor vehicles of heading 8705, n.e.s. | 3         | 0        |
| 8708 10 90 |  | Bumpers and parts thereof for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles, n.e.s. (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 10 10)                                                                                                                  | 4,5       | 0        |
| 8708 21 10 |  | Safety seat belts for the industrial assembly of: motor cars and other motor vehicles principally designed for the transport of persons, vehicles for the transport of goods, with compression-ignition internal combustion piston engine (diesel or semi-diesel) of a cylinder capacity $\leq 2\,500\text{ cm}^3$ or with spark-ignition internal piston engine of a cylinder capacity $\leq 2\,800\text{ cm}^3$ and special purpose motor vehicles of heading 8705                       | 3         | 0        |
| 8708 21 90 |  | Safety seat belts for motor vehicles (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 21 10)                                                                                                                                                                                                                                                                                                                                                          | 4,5       | 0        |
| 8708 29 10 |  | Parts and accessories for the industrial assembly of bodies of: pedestrian-controlled tractors, motor cars and vehicles principally designed for the transport of persons, vehicles for the transport of goods with compression-ignition internal combustion piston engine (diesel or semi-diesel engine) $\leq 2\,500\text{ cm}^3$ or spark-ignition internal piston engine $\leq 2\,800\text{ cm}^3$ ; special purpose motor vehicles of No 8705 (excl. bumpers and safety seat belts)   | 3         | 0        |

| CN 2007    |  | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | Base rate | Category |
|------------|--|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|----------|
| 8708 29 90 |  | Parts and accessories for the industrial assembly of bodies of: tractors, motor vehicles for the transport of $\geq 10$ persons, motor cars and vehicles principally designed for the transport of persons, motor vehicles for the transport of goods, special purpose motor vehicles (excl. bumpers and parts thereof, safety seat belts and parts and accessories for the industrial assembly of motor vehicles of subheading 8708 29 10)                                                                     | 4,5       | 0        |
| 8708 30 10 |  | Brakes and servo-brakes and their parts, for the industrial assembly of: pedestrian-controlled tractors, motor cars and vehicles principally designed for the transport of persons, vehicles for the transport of goods with compression-ignition internal combustion piston engine (diesel or semi-diesel engine) $\leq 2\,500\text{ cm}^3$ or with spark-ignition internal piston engine $\leq 2\,800\text{ cm}^3$ , special purpose motor vehicles of heading 8705, n.e.s.                                   | 3         | 0        |
| 8708 30 91 |  | Parts for disc brakes, for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles, n.e.s. (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 30 10)                                                                                                                                          | 4,5       | 0        |
| 8708 30 99 |  | Brakes and servo-brakes and their parts, for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles, n.e.s. (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 30 10 and for disc brakes)                                                                                                    | 4,5       | 0        |
| 8708 40 20 |  | Gear boxes and parts thereof, for the industrial assembly of: pedestrian-controlled tractors, motor cars and vehicles principally designed for the transport of persons, vehicles for the transport of goods with compression-ignition internal combustion piston engine (diesel or semi-diesel engine) of a cylinder capacity $\leq 2\,500\text{ cm}^3$ or with spark-ignition internal piston engine of a cylinder capacity $\leq 2\,800\text{ cm}^3$ , special purpose motor vehicles of heading 8705, n.e.s | 3         | 0        |
| 8708 40 50 |  | Gear boxes for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 40 20)                                                                                                                                                              | 4,5       | 0        |
| 8708 40 91 |  | Parts for gear boxes of closed-die forged steel, for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles, n.e.s (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 40 20)                                                                                                                 | 4,5       | 0        |
| 8708 40 99 |  | Parts for gear boxes for tractors, motor vehicles for the transport of ten or more persons, motor cars and other motor vehicles principally designed for the transport of persons, motor vehicles for the transport of goods and special purpose motor vehicles, n.e.s (excl. those for the industrial assembly of certain motor vehicles of subheading 8708 40 20 and of closed-die forged steel)                                                                                                              | 3,5       | 0        |

| CN 2007    |  | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | Base rate | Category |
