ANNEX IV

referred to in Article 2

PART ONE

Origin

Article 1

1. Products listed in Annex I originating in Yugoslavia may be imported into the Community in accordance with the arrangements established by this Regulation on production of a certificate of origin conforming to the specimen attached to Annex V.

2. The certificate of origin shall be issued by the competent authorities of Yugoslavia if the products in question can be considered as originating in Yugoslavia within the meaning of the relevant rules in force in the Community.

3. However, products listed in Annex I other than those falling within group I or II may be imported into the Community in accordance with the arrangements established by the Regulation on production of a declaration by the exporter or supplier on the invoice, or, where there is no invoice, on another commercial document relating to the products in question, to the effect that the said products originate in Yugoslavia, within the meaning of the relevant rules in force within the Community.

4. Where different criteria for determining origin are fixed in respect of products falling within a single category and a single tariff heading, the certificate or declaration shall include a description of the goods which is sufficiently detailed to allow assessment of the criterion on the basis of which the certificate was issued or the declaration made.

Article 2

The discovery of slight discrepancies between the entries made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not *ipso facto* cast doubt upon the statements in the certificate.

Article 3

1. The movement certificates and forms EUR.1 and EUR.2 presented at the time of importation into the Community in order to obtain a tariff preference shall be accepted in place of the proof of origin stipulated in Article 1.

2. The proof of origin referred to in Article 1 shall not be required where goods are accompanied by a certificate conforming to the specimen and complying with the conditions set out in Regulations (EEC) No 3058/82 (1) or (EEC) No 3059/82 (2) or in the corresponding provisions which are to replace the said Regulations.

3. Paragraph 2 shall also apply to goods accompanied by a certificate conforming to the specimen and complying with the conditions set out in Annex VI.

4. Non-commercial imports exempt from production of the documents referred to in paragraph 1 in accordance with the provisions of the preferential arrangements concerned shall not be subject to the provisions of this Annex.

5. The conditions whereby this Annex shall apply to non-commercial imports other than those covered by paragraph 4 shall be adopted in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68 (3).

Pending the implementation of these rules, the Member States may continue to apply the national rules in force in this field.

PART II

Administrative cooperation

Article 4

The Commission shall supply the Member States' authorities with the names and addresses of the authorities in Yugoslavia competent to issue certificates of origin and export licences, together with specimens of stamps used by these authorities.

Article 5

1. Subsequent verification of certificates of origin or export licences shall be carried out at random, or

(1) OJ No L 328, 24. 11. 1982, p. 1.
(2) OJ No L 328, 24. 11. 1982, p. 26.
(3) OJ No L 148, 26. 6. 1968, p. 1.

whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate of origin or export licence or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the competent authorities in the Community shall return the certificate of origin or the export licence or a copy thereof to the competent governmental authority in the supplying country concerned, giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate of origin or export licence or copy thereof. The competent authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate or the said licence are inaccurate.

2. The provisions of paragraph 1 above shall also be applicable to subsequent verfications of the declarations of origin referred to in Article 1 (3) of this Annex.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 shall be communicated to the competent authorities of the Community within three months at the latest.

The information communicated shall indicate whether the disputed certificate or licence or declaration applies to the goods actually exported and whether the goods are eligible for export to the Community under this Regulation. The competent authorities of the Community may also request copies of all documentation necessary to determine the facts fully and, in particular, the true origin of the goods (1).

4. Should such verifications reveal abuse or major irregularities in the use of declarations of origin, the Member State concerned shall inform the Commission of this fact. The Commission shall pass the information on to the other Member States.

At the request of a Member State or at the initiative of the Commission, the Committee on Origin shall, as soon as possible and in accordance with the procedure specified in Article 13 of Regulation (EEC) No 802/68, examine whether it is desirable to require the production of a certificate of origin, in accordance with Article 1 (1) and (2), in respect of the products and the supplying country concerned.

The decision shall be taken in accordance with the procedure specified in Article 14 of Regulation (EEC) No 802/68.

5. Random recourse to the procedure specified in this Article shall not constitute an obstacle to the release for home use of the products in question.

Article 6

1. Where the verification procedure referred to in Article 5 or where information available to the competent authorities in the Community indicates that the provisions of this Regulation are being contravened, the said authorities shall request the competent authorities of Yugoslavia to carry out appropriate enquiries concerning operations which are, or appear to be, in contravention of this Regulation. The results of these enquiries shall be communicated to the competent authorities of the Community, together with any other pertinent information enabling the true origin of the goods to be determined.

2. In pursuance of the cooperation referred to in this Annex, the competent authorities of the Community may exchange any information with the competent authorities of Yugoslavia which is considered of use in preventing contravention of the provisions of this Regulation.

3. Where it is established that the provisions of this Regulation have been contravened, the Commission may, in accordance with the procedure laid down in Article 15 of this Regulation, agree with Yugoslavia to take such measures as it deems necessary to prevent the recurrence of such contravention.

(1) For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in each supplying country.

ANNEX V

PART I

Classification

Article 1

The classification of the textile products referred to in Article 1 (1) of this Regulation is based on the Annex to Council Regulation (EEC) No 950/68 (1), the 'Common Customs Tariff', as subsequently amended, and on the Annex to Council Regulation (EEC) No 1445/72 (2), the 'Nomenclature of goods for the external trade statistics of the Community and statistics of trade between Member States (NIMEXE)', as subsequently amended.

Article 2

On the initiative of the Commission or of a Member State, the Common Customs Tariff Nomenclature Committee, which was established by Council Regulation (EEC) No 97/69 (3), as subsequently amended, and the NIMEXE Committee established by Council Regulation (EEC) No 1445/72, will examine urgently, in accordance with their respective jurisdiction and in conformity with the provisions of the aforementioned Regulations, all questions concerning the classification of products referred to in Article 1 (1) of this Regulation within the Common Customs Tariff and the NIMEXE in order to classify them in the appropriate categories.

Article 3

The Commission shall inform Yugoslavia of any changes in the Common Customs Tariff or NIMEXE on their adoption by the competent authorities of the Community.

Article 4

The Commission shall inform the competent authorities of Yugoslavia of any decisions adopted in accordance with the procedures in force in the Community relating to the classification of products subject to the present Regulation, within one month at the latest of their adoption. Such communication shall include:

(a) a description of the products concerned;

(b) the relevant category, tariff heading or sub-heading and the NIMEXE code;

(c) the reasons which have led to the decision.

Article 5

1. Where a classification decision adopted in accordance with current Community procedures results in a change of classification practice or a change in category of any product subject to the present Regulation, the competent authorities of the Member States shall provide 30 days' notice, from the date of the Community's notification, before the decision is put into effect.

2. Products shipped before the date of the application of the decision shall remain subject to earlier classification practice, provided that the goods in question are entered for importation within 60 days of that date.

3. Paragraphs 1 and 2 above apply without prejudice to the preliminary provisions of the Annex 'Nomenclature of goods for the external trade statistics of the Community and statistics of trade between Member States (NIMEXE)' to Council Regulation (EEC) No 1445/72, as last amended by Commission Regulation (EEC) No 3589/83 (4).

Article 6

Where a classification decision adopted in accordance with the established Community procedures referred to in Article 5 of this Annex involves a category of products subject to a quantitative limit, the Commission shall, without delay, initiate consultation with Yugoslavia in accordance with Article 13 of the present Regulation, in order to reach an agreement on the necessary adjustments to the relative quantitative limits provided for in Annex II of this Regulation.

Article 7

1. Without prejudice to any other provision on this subject, where the classification indicated in the documentation necessary for importation of the products covered by this Regulation differs from the classification determined by the competent authorities of the Member State into which they are to be imported, the goods in question are provisionally subject to the import regime which, in accordance with the provisions of the present Regulation, is

(1) OJ No L 172, 22. 7. 1968, p. 1.
(2) OJ No L 161, 17. 7. 1972, p. 1.
(3) OJ No L 14, 21. 1. 1969, p. 1.
(4) OJ No L 364, 27. 12. 1983, p. 8.

applicable to them on the basis of the classification determined by the aforementioned authorities.

2. Member States shall inform the Commission without delay of the cases referred to in paragraph 1 and the Commission shall notify the competent authorities of the supplying countries of the details of the case in question.

3. Member States, at the time of the communication referred to in paragraph 2, shall specify if, following the application of the provisions of paragraph 1, the quantities of the products which are the subject of divergence have been provisionally debited against a quantitative limit laid down for a category of products other than that indicated in the export licence referred to in Article 11 of this Annex.

4. The Commission shall notify the competent authorities of Yugoslavia of the provisional debits referred to in paragraph 3, within 30 days of the date of such provisional debit.

Article 8

In the cases referred to in Article 7 of this Annex as well as in those cases of a similar nature raised by the competent authorities of the supplying countries, the Commission, if necessary, and in accordance with the procedure provided for in Article 14 of this Regulation, shall enter into consultation with Yugoslavia in order to reach an agreement on the classification to be definitively applicable for the products causing the divergence.

Article 9

The Commission, in agreement with the competent authorities of the Member State or States of importation and of Yugoslavia, may, in the cases referred to in Article 8 of this Annex, determine the classification definitively applicable to the products causing the divergence.

Article 10

When a case of divergence referred to in Article 7 cannot be resolved in accordance with Article 9 of this Annex, the Nomenclature Committee of the Common Customs Tariff and the NIMEXE Committee are required, in accordance with their respective competence and with the provisions of the Regulations setting up the aforesaid Committees, to establish the classification definitively applicable to the goods concerned.

PART II

Double-checking system

Article 11

1. The competent government authorities of Yugoslavia shall issue an export licence in respect of all consignments of textile products subject to the quantitative limits established in Annex II up to the level of the said limits and the corresponding shares.

2. The original of the export licence must be presented by the importer for the purposes of the issue of the import authorization (1) referred to in Article 14 below.

Article 12

2. The import authorizations shall be valid for three months from the date of their issue.

3. The import authorizations shall be valid only in the Member State which issued them.

The breakdown between Member States for the years 1984 to 1986 shall be carried out in accordance with the procedure laid down in Article 14.

3. After consultation with Yugoslavia in accordance with the procedures set out in Article 13 of this Regulation, specific quantitative limits can be established for re-imports of products not referred to in Appendix A. The decision to do so shall be taken in accordance with the provisions set out in Article 14.

4. (a) Transfers between categories, as well as the advance use or carry-over of part of any specific limit from one year to another may be decided in accordance with the procedure laid down in Article 14.
