

COUNCIL REGULATION (EEC) No 4023/86

of 16 December 1986

opening, allocating and providing for the administration of a Community tariff quota for certain prepared or conserved fish, originating in Norway, falling within subheading 16.04 G II of the Common Customs Tariff (1987)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to the proposal from the Commission,

Whereas an Agreement between the European Economic Community and the Kingdom of Norway was concluded on 14 May 1973;

Whereas the aforesaid agreement in particular provides for the opening of a Community tariff quota at a reduced rate of duty for certain prepared or conserved fishery products originating in Norway; whereas therefore the tariff quota in question should be opened for the period 1 January to 31 December 1987;

Whereas equal and continuous access to the quota should be ensured for all importers and the rate of levy for the tariff quota should be applied consistently to all imports until the quota is used up; whereas, in the light of the principles outlined above, a Community tariff arrangement based on an allocation between the Member States would seem to preserve the Community nature of the quota; whereas, to represent as closely as possible the actual development of the market in the said products, the allocation should follow proportionately the requirements of the Member States calculated both from statistics of imports from Norway during a representative reference period and according to the economic outlook for the tariff year in question;

Whereas, during the last years for which statistics are available, imports, in tonnes, into each of the Member States were as follows:

(in tonnes)

	1983	1984	1985
Benelux	10	0	11
Denmark	31	41	7
Germany	27	15	22
Greece	0	0	0
Spain	0	0	3
France	2 087	1 690	1 604
Ireland	0	0	0
Italy	0	0	106
Portugal	0	0	0
United Kingdom	795	500	354
	2 950	2 246	2 107

Whereas, during the years under consideration, the products in question were imported only by certain Member States and not at all by the other Member States; whereas, under these circumstances, initial shares should be allocated to the importing Member States and the other Member States should be guaranteed access to the benefit of the tariff quota upon imports into those States of the products concerned being notified; whereas these arrangements for allocation will equally ensure the uniform application of the Common Customs Tariff;

Whereas, taking account of these factors, the initial percentage shares in the quota volume can be set approximately as follows:

Benelux	0,29
Denmark	1,08
Germany	0,88
France	73,68
Italy	1,45
United Kingdom	22,58;

Whereas, to take account of the possible import trends for these products, the quota volume should be divided into two instalments, the first being allocated between the Member States and the second held as a reserve to cover any subsequent requirements of Member States which have used up their initial share; whereas to afford importers some degree of certainty, the first instalment of the tariff quota should be fixed at a high level, which in this case could be 80 % of the amount of the quota;

Whereas initial shares may be used up at different rates; whereas, to avoid disruption of supplies on this account, it should be provided that any Member State which has almost used up its initial share should draw an additional share from the reserve; whereas, each time its additional share is almost used up, a Member State should draw a further share and so on as many times as the reserve allows; whereas the initial and additional shares should be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission and the Commission must be in a position to keep account of the extent to which the quotas have been used up and to inform the Member States accordingly;

Whereas, if at a given date in the quota period a considerable quantity of a Member State's initial share remains unused, it is essential that such a Member State should return a significant proportion thereof to the reserve, in order to prevent a part of the Community tariff quota from remaining

unused in one Member State while it could be used in others;

HAS ADOPTED THIS REGULATION:

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

Article 1

1. From 1 January to 31 December 1987 the Common Customs Tariff duty on the following product originating in Norway shall be suspended at the level and within the limit of the Community tariff quota shown herewith:

Order No	CCT heading No	Description	Quota volume (in tonnes)	Rate of duty (%)
09.0711	16.04	Prepared or preserved fish, including caviar and caviar substitutes:		
		G. Other:		
		ex II. Other, excluding smoked saithe	400	10

Within the limits of this tariff quota, the Kingdom of Spain and the Portuguese Republic shall apply duties of 12,9 % and 25 % respectively.

2. Imports of the products in question shall not benefit from the tariff quota referred to in paragraph 1 unless the free-at-frontier-price, which is determined by the Member States according to Article 21 of Council Regulation (EEC) No 3796/81 of 29 December 1981 on the common organization of the market in fishery products ⁽¹⁾, as last amended by Regulation (EEC) No 2315/86 ⁽²⁾, is at least equal to the reference price if such a price has been fixed by the Community for the product or categories of products under consideration.

3. The Protocol on the definition of the concept of originating products and on methods of administrative cooperation, annexed to the Agreement between the European Economic Community and the Kingdom of Norway, shall be applicable.

Article 2

1. The tariff quota laid down in Article 1 (1) shall be divided into two instalments.

2. A first instalment of this quota shall be allocated among certain Member States. The respective shares, which, subject to Article 5, shall be valid until 31 December 1987, shall be as follows:

	(in tonnes)
Benelux	1
Denmark	3
Germany	3
France	236
Italy	5
United Kingdom	72.

⁽¹⁾ OJ No L 379, 31. 12. 1981, p. 1.

⁽²⁾ OJ No L 202, 25. 7. 1986, p. 1.

3. The second instalment of the quota, being 80 tonnes, shall constitute the reserve.

4. If an importer notifies the imminent import of the products in question into a Member State which does not participate in the initial allocation and requests the benefit of the quota, the Member State concerned shall inform the Commission and draw an amount corresponding to these requirements to the extent that the available balance of the reserve so permits.

Article 3

1. If a Member State has used 90 % or more of its initial share as fixed in Article 2 (2), or of that share minus any proportion returned to the reserve pursuant to Article 5, it shall forthwith, by notifying the Commission, draw a second share, to the extent that the reserve so permits, equal to 10 % of its initial share, rounded up as necessary to the next whole number.

2. If a Member State, after exhausting its initial share, has used 90 % or more of the second share drawn by it, that Member State shall forthwith, in the manner and to the extent provided in paragraph 1, draw a third share equal to 5 % of its initial share, rounded up as necessary to the whole number.

3. If a Member State, after exhausting its second share, has used 90 % or more of the third share drawn by it, that Member State shall, in the manner and to the extent provided in paragraph 1, draw a fourth share equal to the third.

This process shall apply until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, a Member State may draw shares lower than those specified in

those paragraphs if there are grounds for believing that those specified may not be used in full. Any Member State applying this paragraph shall inform the Commission of its grounds for so doing.

Article 4

Additional shares drawn pursuant to Article 3 shall be valid until 31 December 1987.

Article 5

Member States shall, not later than 1 October 1987, return to the reserve the unused portion of their initial share which, on 15 September 1987 is in excess of 20% of the initial volume. They may return a greater portion if there are grounds for believing that it may not be used in full.

Member States shall, not later than 1 October 1987, notify the Commission of the total quantities of the product in question imported up to and including 15 September 1987 and charged against the Community quota and of any portion of their initial shares returned to the reserve.

Article 6

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and shall, as soon as the information reaches it, inform each State of the extent to which the reserve has been used up.

It shall, not later than 5 October 1987, inform the Member States of the amount still in reserve, following any return of shares pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve does not exceed the balance available, and to this end shall

notify the amount of that balance to the Member State making the last drawing.

Article 7

1. The Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that importations may be charged without interruption against their accumulated shares of the Community quota.

2. The Member State shall ensure that importers of the product in question have free access to the shares allocated to them.

3. The Member States shall charge imports of the product in question against their shares as and when the product is entered with the customs authorities for free circulation.

4. The extent to which a Member State has used up its share shall be determined on the basis of the imports charged in accordance with paragraph 3.

Article 8

At the request of the Commission, the Member States shall inform it of imports actually charged against their shares.

Article 9

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 10

This Regulation shall enter into force on 1 January 1987.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 December 1986.

For the Council

The President
