

**COMMISSION REGULATION (EEC) No 82/87**  
**of 13 January 1987**  
**fixing the sluice-gate prices and levies for pigmeat**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat<sup>(1)</sup>, as last amended by Regulation (EEC) No 1475/86<sup>(2)</sup>, and in particular Articles 8 and 12 (1) thereof,

Whereas sluice-gate prices for pig carcasses and for the other products specified in Article 1 of Council Regulation (EEC) No 2766/75 of 29 October 1975 establishing the list of products for which sluice-gate prices are to be fixed and laying down the rules for fixing the sluice-gate prices for pig carcasses<sup>(3)</sup>, as last amended by Regulation (EEC) No 1905/83<sup>(4)</sup>, and levies for the products specified in Article 1 (1) of Regulation (EEC) No 2759/75, must be fixed in advance for each quarter in accordance with the methods of calculation laid down in Commission Regulation (EEC) No 2132/85 of 29 July 1985 fixing the levies and sluice-gate prices on pigmeat<sup>(5)</sup>;

Whereas, since sluice-gate prices and levies for pigmeat were last fixed by Commission Regulation (EEC) No 3078/86 of 7 October 1986, fixing the sluice-gate prices and levies for pigmeat<sup>(6)</sup> for the period 1 November 1986 to 31 January 1987, they must be fixed anew for the period 1 February to 30 April 1987; whereas such prices and levies should in principle be fixed by reference to feed grain prices for the period 1 August to 31 December 1986;

Whereas, when the sluice-gate price applicable from 1 November, 1 February and 1 May is being fixed, trends in world market prices for feed grain are to be taken into account only if the value of the quantity of feed grain required varies by at least a specified minimum in relation to that used in calculating the sluice-gate price for the preceding quarter; whereas this minimum was fixed by Regulation (EEC) No 2766/75 at 3 %;

Whereas the value of the quantity of feed grain varies by more than 3 % from that used for the preceding quarter;

whereas trends in world market prices for feed grain must therefore be taken into account when fixing sluice-gate prices for the period 1 February to 30 April 1987;

Whereas, when the levies applicable from 1 November, 1 February and 1 May are being fixed, trends in world market prices for feed grain should be taken into account only if at the same time a new sluice-gate price is being fixed;

Whereas, since a new sluice-gate price is to be fixed trends in world market prices for feed grain must be taken into account in fixing the levies;

Whereas, in the case of products falling within any of subheadings 02.01 B II c) 1 to 7, 15.01 A I, 16.01 A or 16.02 A II of the Common Customs Tariff, in respect of which the rate of duty has been bound within GATT, the levies should be limited to the amounts resulting from that binding;

Whereas, Commission Regulation (EEC) No 616/86 of 28 February 1986 on the application of import levies on pigmeat products from Portugal suspended the application of import levies on pigmeat products from Portugal owing to the minimal difference between the prices obtaining in the Community on the one hand and in Portugal on the other hand; whereas the situation still pertains;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

*Article 1*
