## ANNEX II

The recipient shall unload the 75 000 tonnes of wheat as per the following conditions.

**1. Type of vessels to be fixed**

It is envisaged that three vessels (self-trimming bulk carriers) will be fixed. The vessels must have at least four hatches. Vessels to be geared and each crane/derrick to serve one or two hatches. The vessels must be capable of entering the Chittagong outer anchorage and, after necessary lighterage, be able to shift and berth at Chittagong jetties. To this end vessels should have a maximum length of 610 feet.

Charterers/shipowners must ensure that all certificated officers carry with them on board the original valid certificate of competency and that all vessels are manned strictly according to the *STCW* Convention 1978, failing which any delay to the vessel will be on owner's account.

**2. Discharging facilities**

Vessels will furnish at the discharge port, free of expenses to the recipient, winches and/or cranes and the power to drive them, gins and falls in good working condition and will also supply sufficient lights for night work, as on board, on deck and in the holds, if required. Vessels will provide winchmen at load and discharge ports at their own expense.

**3. Vessels' ETA information**

Master to wireless/cable nominees of the recipient, namely Movements Chittagong — telex 642237 CMS C BJ — (simultaneously informing Bengalship Chittagong — telex 66277 BSC BJ — and Movestore Dhaka — telex 642230 CMS BJ) for orders regarding discharge 10 days prior to their arrival at the discharge port, i.e. Chittagong, and state ETA and draft. Orders for discharging will be transmitted to the vessel within five days of the receipt of master's request.

Master to give following notice to the recipient's nominees, i.e. Movements Chittagong, Bengalship Chittagong and Movestore Dhaka:

(a) upon sailing from load port vessels must state:

- (i) quantity loaded;
- (ii) arrival draft;
- (iii) TPI (tonnes per inch).

(b) 10 days beforehand ETA Chittagong port,

five days beforehand ETA Chittagong port,

72 hours, 48 hours and 24 hours beforehand ETA Chittagong port.

**4. Discharging rate and discharging port time counting**

The cargo is to be discharged by the recipient free of risk and expense to the vessel at the rate of 2 400 tonnes at Chittagong per weather working day of 24 consecutive hours. Time from 12 noon on Thursday or 5 p.m. on a day preceding a holiday until 9 a.m. on Saturday or next working day not to count as laytime even if used. The rate of discharge is based on four or more workable hatches. If, however, the number of workable hatches is less than the specified minimum, the discharging rate will be reduced proportionately.

Notice of readiness is to be tendered and accepted after vessel arrives at the Chittagong outer anchorage and laytime to commence 24 hours after NOR tendered during office hours, whether the vessel is in berth or not. However, in case a time period for the supply has been fixed by the Commission, laytime shall not commence before the first day of the said period. At discharge port, cost of shifting from anchorage to anchorage, anchorage to berth and berth to berth on owner's/charterer's account and time used for such shifting not to count as laytime.

Although stevedores appointed by recipients, all discharging operations to be carried out under masters' direction/approval. All necessary trimming will be at owner's time and expense.

At Chittagong anchorage, if a lighter vessel is required to cast off from the mother ship, due to heavy swell and/or bad weather, all time lost will not count as laytime. The time will stop counting from the time the lighter vessel casts off and will start counting again from the time the lighter ship is re-tied alongside the mother ship.

#### 5. Lighterage at discharge port

All necessary lighterage at Chittagong outer anchorage will be carried out by the recipients at their own cost and time. For vessels unable to enter the Chittagong outer anchorage, due to excessive draft, lighterage may be carried out at Kutubdia anchorage by the charterers/owners at their expense and such lighterage to be treated as transhipment and lighters engaged to be discharged on identical terms as the mother vessel, and time used for lighterage at Kutubdia not to count as laytime. Collision damage, if any, during lighterage to be settled directly between the owners of the mother and the lighter vessels (notwithstanding whether engaged by owners/charterers for Kutubdia lighterage, or by the recipients for outer anchorage lighterage). In case of unsafe anchorage at Chittagong outer anchorage, any lighterage at Kutubdia is for recipients account.

Master of the vessel(s) at all times to extend full cooperation to the recipients and/or their nominees/agents/stevedores/lighterage contractors in order to expedite discharge. Lighter vessels to supply suitable fenders to avoid damage.

#### 6. Demurrage/Despatch

Should the vessel(s) not be discharged at the rate herein stipulated, demurrage shall be paid by the recipient at the rate stipulated in the charter party, subject to a maximum of USD 8 000 per day or part thereof.

For working time saved at the port of discharge, despatch money shall be paid to the recipient at the rate of 50 % of the rate of demurrage stipulated in the charter party, subject to a maximum of USD 4 000 per day saved.

Demurrage of despatch at the discharge port, if any, at the amounts specified above, shall be paid, as the case may be, by the recipient to the Commission or by the Commission to the recipient. Afterwards settlement of despatch/demurrage, if any, between the successful tenderer and the Commission will take place.

Laytime at port of discharge to be non-reversible.

#### 7. Miscellaneous

Overtime expenses, if any, on account of port and customs personnel will be for the account of the party (owner/their agents or receiver/their agents) ordering the same, but if ordered by the Port Authorities, to be on the receiver's/owner's account on 50 : 50 basis. Overtime expenses for vessel's crew always to be on the owner's account.

At the port of discharge opening/closing of hatches on all occasions to be for owner's account and time not to count as laytime. First opening and last closing of hatches at port of discharge to be done by vessel's crew.

Whatever the respective destination of the goods found damaged, they must be disposed of/destroyed as per port rules prior to sailing out of the vessels.

Dock worker management board's levy or any similar levy is for owner's account.

In the case where some extra costs requested by the owner/charterer are to be pre-financed by the recipient, they may be directly paid by the Commission on the recipient's behalf to the successful tenderer.
