

COMMISSION REGULATION (EC) No 1443/2003**of 13 August 2003****opening a standing invitation to tender for the resale on the Community market of rice from the 1999 harvest held by the Italian intervention agency**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice ⁽¹⁾, as last amended by Commission Regulation (EC) No 411/2002 ⁽²⁾, and in particular Article 8(b) thereof,

Whereas:

- (1) Commission Regulation (EEC) No 75/91 ⁽³⁾ provides, among other things, that paddy rice held by intervention agencies is to be sold by tendering procedure at prices preventing market disturbance.
- (2) Italy still has intervention stocks of paddy rice from the 1999 harvest whose quality is in danger of deteriorating as a result of prolonged storage.
- (3) In the present production situation where concessions for rice imports are being granted under international agreements and restrictions are being applied to subsidised exports, disposing of this rice on traditional markets inside the Community would inevitably result in an equivalent quantity being placed in intervention, which must be avoided.
- (4) This rice can be disposed of by processing it into broken rice or into a form suitable for use in animal feed, on certain conditions.
- (5) In order to ensure that the rice really is processed, the procedure should be specially monitored and the successful tenderer should provide a security, to be released on conditions to be laid down.
- (6) The undertakings given by tenderers must be regarded as primary requirements within the meaning of Commission Regulation (EEC) No 2220/85 of 22 July 1985 laying down common detailed rules for the application of the system of securities for agricultural products ⁽⁴⁾, as last amended by Regulation (EC) No 1932/1999 ⁽⁵⁾.
- (7) Commission Regulation (EEC) No 3002/92 ⁽⁶⁾, as last amended by Regulation (EC) No 770/96 ⁽⁷⁾, lays down common detailed rules for verifying the use of products

from intervention. Procedures should also be laid down to ensure the traceability of the products used for animal feed.

- (8) So that the quantities awarded can be managed accurately, an allocation coefficient should be fixed for tenders offering the minimum selling price, while allowing tenderers to specify a minimum quantity awarded below which they do not wish their tender to stand.
- (9) When the Italian intervention agency notifies the Commission, the tenderers should remain anonymous.
- (10) While respecting the tenderers' anonymity, they should be identified by numbers so that it is evident which have submitted several tenders and what prices they have offered.
- (11) For control purposes, tenders must be traceable by their reference numbers, while safeguarding anonymity.
- (12) With a view to modernising management, the information required by the Commission should be sent by electronic mail.
- (13) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 3

1. At least eight days before the closing date of the first period for the submission of tenders, the Italian intervention agency shall publish a notice of invitation to tender.

The notice, and any changes to it, shall be forwarded to the Commission before publication.

3. The Italian intervention agency shall take all additional steps necessary to enable the parties concerned to assess the quality of the rice put up for sale before submitting their tenders.

Article 4

1. Tenders shall indicate whether they relate to processing into broken rice or into a form suitable for animal feed.

Tenders shall be valid only if they are accompanied by:

 - (b) evidence that the tenderer is an animal feed manufacturer or a rice mill;
 - (c) a written undertaking by the tenderer to lodge a security for an amount equivalent to the difference between the intervention price for paddy rice applicable on the tender date plus EUR 15 and the price tendered per tonne of rice not later than two working days after the date of receipt of the notice of award of contract.

Where tenders offer the minimum sale price, the Commission may fix an award coefficient for the quantities offered at the same time as it fixes the minimum sale price.

This Decision shall be taken in accordance with the procedure laid down in Article 22 of Regulation (EC) No 3072/95.

Article 8

The intervention agency shall immediately notify all tenderers of the outcome of their participation in the tendering procedure.

Where a successful tenderer fails to pay for the rice within the period referred to in the first paragraph, the contract shall be terminated by the intervention agency, where appropriate in respect of the quantity not paid for.

Article 10

1. The security referred to in Article 4(1)(a) shall be released

(a) in full for the quantities for which:

1. no award is made,
2. the offer does not stand, in accordance with Article 4(3),
3. the sale price is paid within the period set and the security referred to in Article 4(1)(c) has been lodged;

(b) proportionately to the quantity not awarded where an award coefficient is set for the quantities offered in accordance with the second paragraph of Article 7.

2. The security referred to in Article 4(1)(c) shall be released in proportion to the quantities used only if the intervention agency has carried out all the checks necessary to ensure that the product is processed in accordance with this Regulation.
