  - (a) left the Union fishing fleet register and been reflagged in a third country; and
  - (b) subsequently returned to the Union fishing fleet register.

3. To that end, an operator shall provide the following information related to the period during which the vessel operated under a third-country flag required by a flag Member State:

4. If, as a result of the final outcome of the monitoring activities referred to in paragraph 3, there is evidence that the conditions on the basis of which a fishing authorisation has been issued are no longer met, the flag Member State shall take appropriate action, including amending or withdrawing the authorisation and, if necessary, imposing sanctions. The sanctions applied by the flag Member State in respect of infringements shall be sufficiently stringent to ensure effective compliance with the rules, to prevent infringements and to deprive offenders of the benefits derived from infringements. The flag Member State shall immediately notify the operator and the Commission thereof. Where relevant, the Commission shall notify the secretariat of the RFMO or the third country concerned accordingly.
5. Upon a reasoned request from the Commission, a flag Member State shall take appropriate action as provided for in paragraph 4, in the event of contravention of conservation and management measures of marine biological resources adopted by an RFMO to which the Union is a contracting party, or under SFPAs.
6. Where the Union is a contracting party to an RFMO and a Union fishing vessel does not comply with the conditions set out in point (b) of Article 21 as established in the final inspection report recognised by the RFMO, and where the flag Member State fails to take the appropriate action as provided for in paragraph 4 of this Article, the Commission may by decision require the flag Member State concerned to ensure that the Union fishing vessel concerned fulfils those conditions.

Where the flag Member State concerned has not taken appropriate action to comply with the Commission decision referred to in the first subparagraph within a period of 15 days, the Commission shall send the updated details of the fishing vessels referred to in Article 22 to the Secretariat of the RFMO to address the vessel concerned. The Commission shall inform the flag Member State of its action. The flag Member State shall notify the operator of the action of the Commission.

7. Where the Union has concluded an SFPA with a third country and a Union fishing vessel does not comply with the conditions set out in point (b) of Article 10 as established in the final inspection report recognised by the competent authorities, and where the flag Member State fails to take the appropriate action as provided for in paragraph 4 of this Article, the Commission may by decision require the flag Member State concerned to ensure that the Union fishing vessel concerned fulfils those conditions.

**▼B**

*Article 10***Conditions for fishing authorisations by the flag Member State**

A flag Member State may only issue a fishing authorisation for fishing operations carried out in third-country waters under an SFPA if:

- (a) the eligibility criteria set out in Article 5 are fulfilled;
- (b) the conditions set out in the relevant SFPA are complied with;
- (c) the operator has paid all fees due under the relevant agreements, and where applicable, related financial sanctions established by a judicial or administrative decision having final and binding effect; and
- (d) the fishing vessel has a valid fishing authorisation issued by the third country with sovereignty or jurisdiction over the waters where the fishing operations take place.

*Article 11***Procedure for obtaining fishing authorisations of the third country**

1. For the purpose of point (d) of Article 10, a flag Member State that has verified that the conditions set out in points (a) to (c) of Article 10 are complied with shall send to the Commission the corresponding application for the authorisation of the third country.

**▼B**

2. The application referred to in paragraph 1 shall contain the information required under the SFPA.
3. The flag Member State shall send the application to the Commission at least 10 calendar days before the deadline for the transmission of applications laid down in the SFPA. The Commission may send a duly justified request to the flag Member State for any additional information necessary for verifying the conditions.
4. Upon receipt of the application or any additional information requested pursuant to paragraph 3 of this Article, the Commission shall conduct a preliminary examination to determine whether the conditions set out in points (a) to (c) of Article 10 are met. The Commission shall then:
  - (a) send the application to the third country without delay and, in any event, before the expiry of the deadline for the transmission of applications laid down in the SFPA, provided that the deadline set out in paragraph 3 of this Article has been met; or
  - (b) notify the Member State that the application is refused.
5. If a third country informs the Commission that it has decided to issue, refuse, suspend or withdraw a fishing authorisation for a Union fishing vessel under the agreement, the Commission shall immediately inform the flag Member State accordingly, if possible by electronic means.

*Article 12***Temporary reallocation of unused fishing opportunities in the framework of SFPAs**

1. During a specific year or any other relevant period of the implementation of a protocol to an SFPA taking into account validity periods of the fishing authorisations and fishing seasons, the Commission may identify unused fishing opportunities and inform Member States benefiting from the corresponding shares of the allocation accordingly.
2. Within 10 calendar days of receipt of this information from the Commission, the Member States referred to in paragraph 1 may:
  - (a) inform the Commission that they will use their fishing opportunities later in the relevant period of implementation by providing a fishing plan with detailed information on the number of fishing authorisations requested, the estimated catches, area and period of fishing; or
  - (b) notify the Commission of the use of their fishing opportunities through exchanges of fishing opportunities, pursuant to Article 16 (8) of the Basic Regulation.
3. If certain Member States have not informed the Commission of one of the actions referred to in paragraph 2, or have informed it of a partial use of their fishing opportunities only, and, if as a result, fishing opportunities remain unused, the Commission may launch a call for interest for the available unused fishing opportunities among the other Member States benefiting from a share of the allocation. The Commission shall at the same time inform all Member States of the launch of the call for interest.

**▼B**

4. Within 10 calendar days of receipt of the call for interest referred to in paragraph 3, Member States benefiting from a share of the allocation may communicate their interest in the available unused fishing opportunities to the Commission. In support for their request, they shall provide a fishing plan with detailed information on the number of fishing authorisations requested, the estimated catches, area and period of fishing.

5. If deemed necessary for the assessment of the request, the Commission may ask the Member States concerned for additional information.

6. In the absence of interest in the total amount of the available unused fishing opportunities by the Member States benefiting from a share of the allocation at the end of the 10-day period referred to in paragraph 4, the Commission may extend the call for interest to all Member States. A Member State may communicate its interest in the unused fishing opportunities under the conditions referred to in that paragraph.

7. On the basis of the information provided by Member States in accordance with paragraph 4 or 6 of this Article, the unused fishing opportunities shall be reallocated by the Council in accordance with Article 43(3) TFEU, solely on a temporary basis for the relevant period of time referred to in paragraph 1 of this Article.

The Commission shall inform the Member States of the Member States to which the reallocation has been made and the quantities reallocated.

8. The temporary reallocation of fishing opportunities shall be based on transparent and objective criteria including, where applicable, those of an environmental, social and economic nature. Those criteria may include:

- (a) the fishing opportunities available for reallocation;
- (b) the number of requesting Member States;
- (c) the share assigned to each requesting Member State in the initial allocation of fishing opportunities;

- (e) the viability of the fishing plans provided by the requesting Member States, in light of the number, type and characteristics of vessels and gear used.

### *Article 13*

#### **Sub-allocation of a yearly quota broken down into several successive catch limits**

1. Where a protocol to an SFPA sets monthly or quarterly catch limits or other subdivisions of the fishing opportunities available for the relevant year, and where the fishing opportunities allocated are not all used during the same monthly, quarterly or otherwise applicable period of time, the corresponding available fishing opportunities shall be sub-allocated by the Council in accordance with Article 43(3) TFEU among the Member States concerned for the relevant periods of time.

**▼B**

2. The sub-allocation of the available fishing opportunities shall be carried out using transparent and objective criteria. It shall be consistent with the annual fishing opportunities allocated to Member States under the relevant Council Regulation.

**Section 2****Fishing operations under agreements on exchange or joint management***Article 14***Applicable provisions**

2. By way of derogation from Article 11, a flag Member State may provide the Commission with the details of Union fishing vessels that are eligible for carrying out fishing operations in third-country waters under the relevant agreement. When it is established that the conditions set out in points (a) to (c) of Article 10 are met, the Commission shall forward the details of the relevant Union fishing vessels to the third country without delay. As soon as the third country informs the Commission that the details of those Union fishing vessels have been approved, the Commission shall inform the flag Member State accordingly. The Union fishing vessels for which the required details have been provided shall be considered to have a valid fishing authorisation for the purpose of point (d) of Article 10. **FISHING OPERATIONS BY THIRD-COUNTRY FISHING VESSELS IN UNION WATERS***Article 31***RFMO membership requirements**

A third-country fishing vessel may only carry out fishing operations in Union waters on stocks managed by an RFMO if the third country is a contracting party to that RFMO.

### *Article 32*

#### **General principles**

1. A third-country fishing vessel shall not engage in fishing operations in Union waters unless it has been issued with a fishing authorisation by the Commission. It shall only be issued with such an authorisation if it fulfils the eligibility criteria set out in Article 5.
2. A third-country vessel authorised to fish in Union waters shall comply with the rules governing the fishing operations of Union vessels in the fishing area in which it operates. If a third-country fishing vessel is sailing through Union waters without an authorisation issued under this Regulation, its fishing gear shall be lashed and stowed in accordance with the conditions laid down in Article 47 of the Control Regulation so that it is not readily usable for fishing operations.

### *Article 33*

#### **Conditions for fishing authorisations**

1. The Commission may only issue an authorisation to a third-country fishing vessel for fishing operations in Union waters if:
  - (a) there is a surplus of allowable catch that would cover the proposed fishing opportunities as required under Article 62(2) and (3) of UNCLOS;
  - (b) the conditions set out in the relevant fisheries agreement are complied with and the fishing vessel is eligible under the fisheries agreement with the third country concerned and, where relevant, is on the list of vessels under that agreement;
  - (c) the information required under the agreement for the fishing vessel and the associated support vessel(s) is complete and accurate, and the vessel and any associated support vessel(s) have an IMO number when so required under Union law;
  - (d) the fishing vessel is not included in an IUU vessel list adopted by an RFMO and/or by the Union pursuant to the IUU Regulation;

2. The Commission may ask the third country for additional information necessary for verifying that the conditions provided for in Article 33 have been met.
3. When it is established that the conditions referred to in paragraph 2 are met, the Commission shall issue a fishing authorisation and inform the third country and the Member States concerned of this without delay.

#### *Article 35*

##### **Management of fishing authorisations**

1. If a condition set out in Article 33 is no longer met, the Commission shall take the appropriate action, including amending or withdrawing the authorisation, and inform the third country and the Member States concerned of this.
2. The Commission may refuse, suspend or withdraw the authorisation issued to the third-country fishing vessel in cases where a fundamental change of circumstances has occurred or in cases of a serious threat to the sustainable exploitation, management and conservation of marine biological resources, or where it is essential in order to prevent or suppress IUU fishing, or in cases where the Union has decided to suspend or sever relations with the third country concerned.

The Commission shall immediately inform the third country concerned in the event that it refuses, suspends or withdraws the authorisation in accordance with the first subparagraph.

#### *Article 36*

##### **Closure of fishing operations**

1. Where fishing opportunities granted to a third country are deemed to have been exhausted, the Commission shall immediately notify it and the competent inspection authorities of the Member States of this. To ensure the continuance of fishing operations of non-exhausted fishing opportunities, which may also affect the exhausted opportunities, the third country shall submit to the Commission technical measures preventing any negative impact on the exhausted fishing opportunities.

The third country shall also inform the Commission without delay when fishing vessels flying its flag have ceased their fishing operations.

*Article 37***Overfishing of quotas in Union waters**

1. When the Commission establishes that a third country has exceeded the quotas it has been allocated for a stock or group of stocks, the Commission shall operate deductions from the quotas allocated to that country for that stock or group of stocks in subsequent years. The Commission shall endeavour to ensure that the amount of the deduction is consistent with deductions imposed on Member States in similar circumstances.

2. If a deduction in accordance with paragraph 1 cannot be made on the quota for a stock or group of stocks that was overfished as such because that quota for a stock or group of stocks is not sufficiently available to the third country concerned, the Commission may, after consultation with the third country concerned, operate from quotas in subsequent years for other stocks or groups of stocks available to that third country in the same geographical area, or to the corresponding commercial value.

*Article 38***Control and enforcement**

1. A third-country vessel authorised to fish in Union waters shall comply with the control rules governing the fishing operations of Union vessels in the fishing area in which it operates.
