COMMISSION REGULATION (EU) 2019/2117

of 29 November 2019

amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein

Article 1

The Annex to Regulation (EC) No 338/97 is replaced by the text set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

▼B

ANNEX

Notes on interpretation of Annexes A, B, C and D

1. Species included in Annexes A, B, C and D are referred to:

   (a) by the name of the species; or

   (b) as being all of the species included in a higher taxon or designated part thereof.

2. The abbreviation ‘spp.’ is used to denote all species of a higher taxon.

3. Other references to taxa higher than species are for the purposes of information or classification only.

4. Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Directive 2009/147/EC of the European Parliament and of the Council [1] or Council Directive 92/43/EEC [2].

5. The following abbreviations are used for plant taxa below the level of species:

   (a) ‘ssp.’ is used to denote subspecies;

   (b) ‘var(s).’ is used to denote variety (varieties); and

   (c) ‘fa.’ is used to denote forma.

6. The symbols ‘(I)’, ‘(II)’ and ‘(III)’ placed against the name of a species or higher taxon refer to the Appendices to the Convention in which the species concerned are listed as indicated in notes 7, 8 and 9. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.

7. (I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.

8. (II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.

9. (III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated.

10. ‘Cultivar’ means, following the definition of the 8th edition of the *International Code of Nomenclature for Cultivated Plants*, an assemblage of plants that (a) has been selected for a particular character or combination of characters, (b) is distinct, uniform, and stable in these characters, and (c) when propagated by appropriate means, retains those characters. No new taxon of a cultivar can be regarded as such until its category name and circumscription has been formally published in the latest edition of the International Code of Nomenclature for Cultivated Plants.

[1] Directive 2009/147/EC of the European Parliament and of the Council of 30 November 2009 on the conservation of wild birds (OJ L 20, 26.1.2010, p. 7).

[2] Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora (OJ L 206, 22.7.1992, p. 7).

▼B

11. Hybrids may be specifically included in the Appendices but only if they form distinct and stable populations in the wild. Hybrid animals that have in their previous four generations of the lineage one or more specimens of species included in Annexes A or B shall be subject to this Regulation just as if they were full species, even if the hybrid concerned is not specifically included in the Annexes.

12. When a species is included in Annex A, B or C, the whole animal or plant, whether alive or dead, and all parts and derivatives thereof are also included. Regarding animal species listed in Annex C and plant species listed in Annex B or C, all parts and derivatives of the species are also included in the same Annex unless the species is annotated to indicate that only specific parts and derivatives are included. In accordance with Article 2(t), the symbol '#' followed by a number placed against the name of a species or higher taxon included in Annex B or C designates parts or derivatives which are specified in relation thereto for the purposes of this Regulation as follows:

#1 Designates all parts and derivatives, except:

(a) seeds, spores and pollen (including pollinia);

(b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;

(c) cut flowers of artificially propagated plants; and

(d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla.*

#2 Designates all parts and derivatives, except:

(a) seeds and pollen; and

(b) finished products packaged and ready for retail trade.

#3 Designates whole and sliced roots and parts of roots, excluding manufactured parts or derivatives, such as powders, pills, extracts, tonics, teas and confectionery.

#4 Designates all parts and derivatives, except:

(a) seeds (including seedpods of Orchidaceae), spores and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from *Beccariophoenix madagascariensis* and *Dypsis decaryi* exported from Madagascar;

(b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;

(c) cut flowers of artificially propagated plants;

(d) fruits and parts and derivatives thereof of naturalized or artificially propagated plants of the genus *Vanilla* (Orchidaceae) and of the family Cactaceae;

(e) stems, flowers, and parts and derivatives thereof of naturalized or artificially propagated plants of the genera *Opuntia* subgenus *Opuntia* and *Selenicereus* (Cactaceae); and

(f) finished products of *Aloe ferox* and *Euphorbia antisyphilitica* packaged and ready for retail trade.

▼B

#5 Designates logs, sawn wood and veneer sheets.

#6 Designates logs, sawn wood, veneer sheets and plywood.

#7 Designates logs, wood-chips, powder and extracts.

#8 Designates underground parts (i.e. roots, rhizomes): whole, parts and powdered.

#9 Designates all parts and derivatives, except those bearing a label 'Produced from *Hoodia* spp. material obtained through controlled harvesting and production under the terms of an agreement with the relevant *CITES Management Authority of [Botswana under agreement No. BW/xxxxxx] [Namibia under agreement No. NA/xxxxxx] [South Africa under agreement No. ZA/xxxxxx]*'.

#10 Designates logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments.

#11 Designates logs, sawn wood, veneer sheets, plywood, powder and extracts. Finished products containing such extracts as ingredients, including fragrances, are not considered to be covered by this annotation.

#12 Designates logs, sawn wood, veneer sheets, plywood and extracts. Finished products containing such extracts as ingredients, including fragrances, are not considered to be covered by this annotation.

#13 Designates the kernel (also known as 'endosperm', 'pulp' or 'copra') and any derivative thereof.

#14 Designates all parts and derivatives, except:

(a) seeds and pollen;

(b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;

(c) fruits;

(d) leaves;

(e) exhausted agarwood powder, including compressed powder in all shapes; and

(f) finished products packaged and ready for retail trade, this exemption does not apply to wood chips, beads, prayer beads and carvings.

#15 Designates all parts and derivatives, except:

(a) leaves, flowers, pollen, fruits, and seeds;

(b) finished products to a maximum weight of wood of the listed species of up to 10 kg per shipment;

(c) finished musical instruments, finished musical instrument parts and finished musical instrument accessories;

(d) parts and derivatives of *Dalbergia cochinchinensis* which are covered by Annotation #4;

(e) parts and derivatives of *Dalbergia* spp. originating and exported from Mexico which are covered by Annotation #6;

▼B

#16 Designates seeds, fruits, and oils;

#17 Logs, sawn wood, veener sheets, plywood and transformed wood.

13. The terms and expressions below, used in annotations in these Annexes, are defined as follows:

Extract

Any substance obtained directly from plant material by physical or chemical means regardless of the manufacturing process. An extract may be solid (e.g. crystals, resin, fine or coarse particles), semisolid (e.g. gums, waxes) or liquid (e.g. solutions, tinctures, oil and essential oils).

Finished musical instruments

A musical instrument (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is ready to play or needs only the installation of parts to make it playable. This term includes antique instruments (as defined by the Harmonized System codes 97.05 and 97.06; Works of art, collectors' pieces and antiques).

Finished musical instrument accessories

A musical instrument accessory (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) that is separate from the musical instrument, and is specifically designed or shaped to be used explicitly in association with an instrument, and that requires no further modification to be used.

Finished musical instrument parts

A part (as referenced by the Harmonized System of the World Customs Organization, Chapter 92; musical instruments, parts and accessories of such articles) of a musical instrument that is ready to install and is specifically designed and shaped to be used explicitly in association with the instrument to make it playable.

Finished products packaged and ready for retail trade

Products, shipped singly or in bulk, requiring no further processing, packaged, labelled for final use or the retail trade in a state fit for being sold to or used by the general public.

Powder

A dry, solid substance in the form of fine or coarse particles

Shipment

Cargo transported under the terms of a single bill of lading or air waybill, irrespective of the quantity or number of containers or packages; or pieces worn, carried or included in personal baggage.

10 kg per shipment

For the term '10 kg per shipment', the 10 kg limit should be interpreted as referring to the weight of the individual portions of each item in the shipment made of wood of the species concerned. In other words, the 10 kg limit is to be assessed against the weight of the individual portions of wood of *Dalbergia/Guibourtia* species contained in each item of the shipment, rather than against the total weight of the shipment.

Transformed wood

▼B

Defined by Harmonized System code 44.09. Wood (including strips, friezes for parquet flooring, not assembled), continuously shaped (tongued, grooved, v-jointed, beaded or the like) along any edges, ends or faces, whether or not planed, sanded or end-jointed.

Woodchips

Wood that has been reduced to small pieces.

14. As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with Article 4(1), this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers, seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to this Regulation.

15. Urine, faeces and ambergris which are waste products and gained without the manipulation of the animal concerned are not subject to this Regulation.

16. In respect of fauna species listed in Annex D, this Regulation shall apply only to live specimens and whole, or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:

§ 1 Any whole, or substantially whole, skins, raw or tanned.

17. In respect of flora species listed in Annex D, this Regulation shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:

§ 3 Dried and fresh plants, including, where appropriate; leaves, roots/root-stock, stems, seeds/spores, bark and fruits.

§ 4 Logs, sawn wood and veneer sheets.

CHIROPTERA				
Phyllostomidae				**Broad-nosed bats**
			Platyrrhinus lineatus (III Uruguay)	White-lined bat
Pteropodidae				**Fruit bats, flying foxes**
		Acerodon spp. (II) (Except for the species included in Annex A)		Flying foxes
	Acerodon jubatus (I)			Golden-capped fruit bat
		Pteropus spp. (II) (Except for the species included in Annex A and except for *Pteropus brunneus*.)		Flying foxes
	Pteropus insularis (I)			Ruck flying fox
	Pteropus livingstonii (II)			Comoro flying fox
	Pteropus loochoensis (I)			Japanese flying fox
	Pteropus mariannus (I)			Marianas flying fox
	Pteropus molossinus (I)			Caroline flying fox
	Pteropus pelewensis (I)			Pelew flying fox
	Pteropus pilosus (I)			Large Pelew flying fox
	Pteropus rodricensis (II)			Rodrigues flying fox
	Pteropus samoensis (I)			Samoan flying fox
	Pteropus tonganus (I)			Pacific flying fox
	Pteropus ualanus (I)			Kosrae flying fox
	Pteropus voeltzkowi (II)			Pemba flying fox
	Pteropus yapensis (I)			Yap flying fox

CINGULATA				
Dasypodidae				**Armadillos**
			Cabassous tatouay (III Uruguay)	Greater naked-tailed armadillo
		Chaetophractus nationi (II) (A zero annual export quota has been established. All specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly)		Andean hairy armadillo
	Priodontes maximus (I)			Giant armadillo
DASYUROMORPHIA				
Dasyuridae				**Dunnarts, marsupial mice, planigales**
	Sminthopsis longicaudata (I)			Long-tailed dunnart
	Sminthopsis psammophila (I)			Sandhill dunnart
DIPROTODONTIA				
Macropodidae				**Kangaroos, wallabies**
		Dendrolagus inustus (II)		Grizzled tree-kangaroo
		Dendrolagus ursinus (II)		Ursine tree-kangaroo
	Lagorchestes hirsutus (I)			Rufous hare-wallaby
	Lagostrophus fasciatus (I)			Banded hare-wallaby
	Onychogalea fraenata (I)			Bridled nail-tail wallaby
Phalangeridae				**Cuscus**
		Phalanger intercastellanus (II)		Eastern common cuscus
		Phalanger mimicus (II)		Southern common cuscus

▼B

	Annex A	Annex B	Annex C	Common name
		Phalanger orientalis (II)		Northern common cuscus
		Spilocuscus kraemeri (II)		Admiralty Island cuscus
		Spilocuscus maculatus (II)		Common spotted cuscus
		Spilocuscus papuensis (II)		Waigeou cuscus
Potoroidae				**Rat-kangaroos**
	Bettongia spp. (I)			Bettongs
Vombatidae				**Wombats**
	Lasiorhinus krefftii (I)			Northern hairy-nosed wombat
LAGOMORPHA				
Leporidae				**Hares, rabbits**
	Caprolagus hispidus (I)			Hispid hare
	Romerolagus diazi (I)			Volcano rabbit
MONOTREMATA				
Tachyglossidae				**Echidnas, spiny anteaters**
		Zaglossus spp. (II)		Long-beaked echidnas
PERAMELEMORPHIA				
Peramelidae				
	Perameles bougainville (I)			Western barred bandicoot
Thylacomyidae				
	Macrotis lagotis (I)			Greater bilby

▼B

PERISSODACTYLA				
Equidae				**Horses, wild asses, zebras**
	Equus africanus (I) (Excludes the domesticated form referenced as *Equus asinus*, which is not subject to this Regulation)			African ass
	Equus grevyi (I)			Grévy's zebra
	Equus hemionus (I/II) (The species is listed in Appendix II but subspecies *Equus hemionus hemionus* and *Equus hemionus khur* are listed in Appendix I)			Asiatic wild ass
	Equus kiang (II)			Kiang
	Equus przewalskii (I)			Przewalski's horse
		Equus zebra hartmannae (II)		Hartmann's mountain zebra
		Equus zebra zebra (II)		Cape mountain zebra
Rhinocerotidae				**Rhinoceroses**
	Rhinocerotidae spp. (I) (Except for the subspecies included in Annex B)			Rhinoceroses
		Ceratotherium simum simum (II) (Only the populations of Eswatini and South Africa; all other populations are included in Annex A. For the exclusive purpose of allowing international trade in live animals to appropriate and acceptable destinations and trade in hunting trophies. All other specimens shall be deemed to be specimens of species included in Annex A and trade in them shall be regulated accordingly)		Southern white rhinoceros

Tapiridae				**Tapirs**
	Tapiridae spp. (I) (Except for the species included in Annex B)			Tapirs
		Tapirus terrestris (II)		South American tapir
PHOLIDOTA				
Manidae				**Pangolins**
		Manis spp. (II) (Except for the species included in Annex A)		Pangolins
	Manis crassicaudata (I)			Indian pangolin
	Manis culionensis (I)			Philippine pangolin
	Manis gigantea (I)			Giant pangolin
	Manis javanica (I)			Sunda pangolin
	Manis pentadactyla (I)			Chinese pangolin
	Manis temminckii (I)			Ground pangolin
	Manis tetradactyla (I)			Long-tailed pangolin
	Manis tricuspis (I)			Tree pangolin
PILOSA				
Bradypodidae				**Three-toed sloths**
		Bradypus pygmaeus (II)		Pygmy tree-toed sloth
		Bradypus variegatus (II)		Brown-throated sloth
Myrmecophagidae				**American anteaters**
		Myrmecophaga tridactyla (II)		Giant anteater
			Tamandua mexicana (III Guatemala)	Northern tamandua

	Annex A	Annex B	Annex C	Common name
PRIMATES				**Primates (apes and monkeys)**
		PRIMATES spp. (II) (Except for the species included in Annex A)		Primates
Atelidae				**Howlers, spider monkeys**
	Alouatta coibensis (I)			Coiba Island howler
	Alouatta palliata (I)			Mantled howler
	Alouatta pigra (I)			Guatemalan black howler
	Ateles geoffroyi frontatus (I)			Black-browed spider monkey
	Ateles geoffroyi ornatus (I)			Red spider monkey
	Brachyteles arachnoides (I)			Southern muriqui
	Brachyteles hypoxanthus (I)			Northern muriqui
	Oreonax flavicauda (I)			Yellow-tailed woolly monkey
Cebidae				**Marmosets, tamarins, New-world monkeys**
	Callimico goeldii (I)			Goeldi's marmoset
	Callithrix aurita (I)			Buffy-tufted marmoset
	Callithrix flaviceps (I)			Buffy-headed marmoset
	Leontopithecus spp. (I)			Lion tamarins
	Saguinus bicolor (I)			Pied tamarin
	Saguinus geoffroyi (I)			Geoffroy's tamarin
	Saguinus leucopus (I)			White-footed tamarin
	Saguinus martinsi (I)			Martins' bare-face tamarin
	Saguinus oedipus (I)			Cottontop tamarin
	Saimiri oerstedii (I)			Central American squirrel monkey

▼B

Cercopithecidae				**Old-world monkeys**
	Cercocebus galeritus (I)			Tana River mangabey
	Cercopithecus diana (I)			Diana monkey
	Cercopithecus roloway (I)			Roloway monkey
	Cercopithecus solatus (II)			Sun-tailed monkey
	Colobus satanas (II)			Black colobus
	Macaca silenus (I)			Lion-tailed macaque
	Macaca sylvanus (I)			Barbary macaque
	Mandrillus leucophaeus (I)			Drill
	Mandrillus sphinx (I)			Mandrill
	Nasalis larvatus (I)			Proboscis monkey
	Piliocolobus foai (II)			Central African red colobus
	Piliocolobus gordonorum (II)			Uzungwa red colobus
	Piliocolobus kirkii (I)			Zanzibar red colobus
	Piliocolobus pennantii (II)			Pennant's red colobus
	Piliocolobus preussi (II)			Preuss's red colobus
	Piliocolobus rufomitratus (I)			Tana River red colobus
	Piliocolobus tephrosceles (II)			Ugandan red colobus
	Piliocolobus tholloni (II)			Thollon's red colobus
	Presbytis potenziani (I)			Mentawai langur
	Pygathrix spp. (I)			Douc langurs
	Rhinopithecus spp. (I)			Snub-nosed monkeys

▼B

	Annex A	Annex B	Annex C	Common name
	Semnopithecus ajax (I)			Kashmir grey langur
	Semnopithecus dussumieri (I)			Southern Plains grey langur
	Semnopithecus entellus (I)			Northern Plains grey langur
	Semnopithecus hector (I)			Tarai grey langur
	Semnopithecus hypoleucos (I)			Black-footed grey langur
	Semnopithecus priam (I)			Tufted grey langur
	Semnopithecus schistaceus (I)			Nepal grey langur
	Simias concolor (I)			Simakobou
	Trachypithecus delacouri (II)			Delacour's langur
	Trachypithecus francoisi (II)			François's langur
	Trachypithecus geei (I)			Gee's golden langur
	Trachypithecus hatinhensis (II)			Hatinh langur
	Trachypithecus johnii (II)			Nilgiri langur
	Trachypithecus laotum (II)			Laotian langur
	Trachypithecus pileatus (I)			Capped langur
	Trachypithecus poliocephalus (II)			White-headed langur
	Trachypithecus shortridgei (I)			Shortridge's langur
Cheirogaleidae				**Dwarf lemurs and mouse-lemurs**
	Cheirogaleidae spp. (I)			Dwarf lemurs and mouse lemurs
Daubentoniidae				**Aye-aye**
	Daubentonia madagascariensis (I)			Aye-aye

		Bulnesia sarmientoi (II) #11		Holy wood
		Guaiacum spp. (II) #2		Lignum-vitae

(*) This taxon is referred to as *Ovis ammon* in Annex XIII to Commission Regulation (EC) No 865/2006.

►C1 (1) For the exclusive purpose of allowing international trade in fibre from vicuñas (*Vicugna vicugna*) and their derivative products, only if the fibre comes from the shearing of live vicuñas. Trade in products derived from the fibre may only take place in accordance with the following provisions:

(a) Any person or entity processing vicuña fibre to manufacture cloth and garments must request authorization from the relevant authorities of the country of origin [Countries of origin: The countries where the species occurs, that is, Argentina, Bolivia, Chile, Ecuador and Peru] to use the 'vicuña country of origin' wording, mark or logo adopted by the range States of the species that are signatories to the Convention for the Conservation and Management of the Vicuña.

(b) Marketed cloth or garments must be marked or identified in accordance with the following provisions:

(i) For international trade in cloth made from live-sheared vicuña fibre, whether the cloth was produced within or outside of the range States of the species, the wording, mark or logo must be used so that the country of origin can be identified. The VICUÑA [COUNTRY OF ORIGIN] wording, mark or logo has the format as detailed below:

This wording, mark or logo must appear on the reverse side of the cloth. In addition, the selvages of the cloth must bear the words VICUÑA [COUNTRY OF ORIGIN].

(ii) For international trade in garments made from live-sheared vicuña fibre, whether the garments were produced within or outside of the range States of the species, the wording, mark or logo indicated in paragraph (b)(i) must be used. This wording, mark or logo must appear on a label in the garment itself. If the garments are produced outside of the country of origin, the name of the country where the garment was produced should also be indicated, in addition to the wording, mark or logo referred to in paragraph (b)(i).

(c) For international trade in handicraft products made from live-sheared vicuña fibre produced within the range States of the species, the VICUÑA [COUNTRY OF ORIGIN] - ARTESANÍA wording, mark or logo must be used as detailed below:

(d) If live-sheared vicuña fibre from various countries of origin is used for the production of cloth and garments, the wording, mark or logo of each of the countries of origin of the fibre must be indicated, as detailed in paragraphs (b)(i) and (ii).

(e) All other specimens shall be deemed to be specimens of species listed in Appendix I and the trade in them shall be regulated accordingly. ◄

([2]) All species are listed in Appendix II to the Convention except *Balaena mysticetus, Eubalaena* spp.*, Balaenoptera acutorostrata* (except population of West Greenland), *Balaenoptera bonaerensis, Balaenoptera borealis, Balaenoptera edeni, Balaenoptera musculus, Balaenoptera omurai, Balaenoptera physalus, Megaptera novaeangliae, Orcaella brevirostris, Orcaella heinsohni, Sotalia* spp., *Sousa* spp., *Eschrichtius robustus, Lipotes vexillifer, Caperea marginata, Neophocaena asiaeorientalis, Neophocaena phocaenoides, Phocoena sinus, Physeter macrocephalus, Platanista* spp., *Berardius* spp.*, Hyperoodon* spp.*,* which are listed in Appendix I. Specimens of the species listed in Appendix II to the Convention, including products and derivatives other than meat products for commercial purposes, taken by the people of Greenland under licence granted by the competent authority concerned, shall be treated as belonging to Annex B. A zero annual export quota is established for live specimens from the Black Sea population of *Tursiops truncatus* removed from the wild and traded for primarily commercial purposes.

([3]) Populations of Botswana, Namibia, South Africa and Zimbabwe (listed in Annex B):

For the exclusive purpose of allowing: (a) trade in hunting trophies for non-commercial purposes; (b) trade in live animals to appropriate and acceptable destinations as defined in Resolution Conf. 11.20 (Rev. CoP18) for Botswana and Zimbabwe and for *in situ* conservation programmes for Namibia and South Africa; (c) trade in hides; (d) trade in hair; (e) trade in leather goods for commercial or non-commercial purposes for Botswana, Namibia and South Africa and for non-commercial purposes for Zimbabwe; (f) trade in individually marked and certified Ekipas incorporated in finished jewellery for non-commercial purposes for Namibia and ivory carvings for non-commercial purposes for Zimbabwe; (g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe whole tusks and pieces) subject to the following: (i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin); (ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP18) concerning domestic manufacturing and trade; (iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks; (iv) raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at CoP12 which are 20,000 kg (Botswana), 10,000 kg (Namibia) and 30,000 kg (South Africa); (v) in addition to the quantities agreed at CoP12, government-owned ivory from Botswana, Namibia, South Africa and Zimbabwe registered by 31 January 2007 and verified by the Secretariat may be traded and despatched, with the ivory in paragraph (g)(iv) above in a single sale per destination under strict supervision of the Secretariat; (vi) the proceeds of the trade are used exclusively for elephant conservation and community conservation and development programmes within or adjacent to the elephant range; and (vii) the additional quantities specified in paragraph (g)(v) above shall be traded only after the Standing Committee has agreed that the above conditions have been met; (h) no further proposals to allow trade in elephant ivory from populations already in Annex B shall be submitted to the Conference of the Parties for the period from CoP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraphs (g)(i), (g)(ii), (g)(iii), (g)(vi), and (g)(vii). In addition, such further proposals shall be dealt with in accordance with Decisions 14.77 and 14.78 (Rev. CoP15). On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

▼B

([4]) The following are not subject to the provisions of this Regulation:

Fossils;

Coral sand, that is to say, material consisting entirely or in part of finely crushed fragments of dead coral no larger than 2 mm in diameter, not identifiable to the level of genus, and which may also contain, amongst other things, the remains of Foraminifera, mollusc and crustacean shell, and coralline algae;

Coral fragments (including gravel and rubble), that is to say, unconsolidated fragments of broken finger-like dead coral and other material between 2 and 30 mm measured in any direction, not identifiable to the level of genus.

([5]) Trade of specimens with source code A is allowed only if specimens traded possess cataphylls.

([6]) Artificially propagated specimens of the following hybrids and/or cultivars are not subject to the provisions of this Regulation:

Hatiora x *graeseri*

Schlumbergera x *buckleyi*

Schlumbergera russelliana x *Schlumbergera truncata*

Schlumbergera orssichiana x *Schlumbergera truncata*

Schlumbergera opuntioides x *Schlumbergera truncata*

Schlumbergera truncata (cultivars)

Cactaceae spp. colour mutants grafted on the following grafting stocks: *Harrisia* 'Jusbertii', *Hylocereus trigonus* or *Hylocereus undatus*

Opuntia microdasys (cultivars)

([7]) Artificially propagated hybrids of *Cymbidium*, *Dendrobium*, *Phalaenopsis* and *Vanda* are not subject to the provisions of this Regulation, when specimens are readily recognizable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and heterogeneous size and shape within a taxon and shipment, algae or other epiphyllous organisms adhering to leaves, or damage by insects or other pests; and

(a) when shipped in non flowering state, the specimens must be traded in shipments consisting of individual containers (such as cartons, boxes, crates or individual shelves of CC-containers) each containing 20 or more plants of the same hybrid; the plants within each container must exhibit a high degree of uniformity and healthiness; and the shipment must be accompanied by documentation, such as an invoice, which clearly states the number of plants of each hybrid; or

(b) when shipped in flowering state, with at least one fully open flower per specimen, no minimum number of specimens per shipment is required but specimens must be professionally processed for commercial retail sale, e.g. labelled with printed labels or packaged with printed packages indicating the name of the hybrid and the country of final processing. This should be clearly visible and allow easy verification.

Plants not clearly qualifying for the exemption must be accompanied by appropriate CITES documents.

([8]) Commission Regulation (EC) No 865/2006 of 4 May 2006 laying down detailed rules concerning the implementation of Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein (OJ L 166, 19.6.2006, p. 1).

([9]) Artificially propagated specimens of cultivars of *Cyclamen persicum* are not subject to the provisions of this Regulation. However, the exemption does not apply to such specimens traded as dormant tubers.

([10]) Artificially propagated hybrids and cultivars of *Taxus cuspidata*, live, in pots or other small containers, each consignment being accompanied by a label or document stating the name of the taxon or taxa and the text 'artificially propagated', are not subject to the provisions of this Regulation.

	Annex D	Common name
Ranidae		**Frogs**
	Pelophylax shqiperica	Albanian pool frog
CAUDATA		
Hynobiidae		**Asiatic salamanders**
	Ranodon sibiricus	Semirechensk salamander/Central Asian salamander/Siberian salamander
Plethodontidae		**Lungless salamanders**
	Bolitoglossa dofleini	Giant palm salamander
Salamandridae		**Newts and salamanders**
	Cynops ensicauda	Sword-tailed newt
	Echinotriton andersoni	Anderson's salamander
	Laotriton laoensis	Paddletail newt
	Liangshantriton taliangensis	
ACTINOPTERYGII		**Fish**
PERCIFORMES		
Apogonidae		
	Pterapogon kauderni	Banggai cardinalfish
ARTHROPODA (ARTHROPODS)		
INSECTA		**Insects**
LEPIDOPTERA		Butterflies
Papilionidae		**Birdwing and swallow-tail butterflies**

▼B

	Annex D	Common name
	Baronia brevicornis	Short-horned baronia
	Papilio grosesmithi	
	Papilio maraho	Broad-tailed swallowtail
	MOLLUSCA (MOLLUSCS)	
GASTROPODA		
Haliotidae		
	Haliotis midae	Midas ear abalone
	FLORA	
AGAVACEAE		**Agaves**
	Calibanus hookeri	
	Dasylirion longissimum	Beargrass
ARACEAE		**Arums**
	Arisaema dracontium	Green dragon
	Arisaema erubescens	
	Arisaema galeatum	
	Arisaema nepenthoides	
	Arisaema sikokianum	
	Arisaema thunbergii var. *urashima*	
	Arisaema tortuosum	
	Biarum davisii ssp. *marmarisense*	
	Biarum ditschianum	

▼B

	Annex D	Common name
COMPOSITAE (ASTERACEAE)		**Asters, daisies, costus**
	Arnica montana §3	Mountain tobacco
	Othonna cacalioides	
	Othonna clavifolia	
	Othonna hallii	
	Othonna herrei	
	Othonna lepidocaulis	
	Othonna retrorsa	
ERICACEAE		**Heathers, rhododendrons**
	Arctostaphylos uva-ursi §3	Bearberry
GENTIANACEAE		**Gentians**
	Gentiana lutea §3	Great yellow gentian
LILIACEAE		**Wakerobins**
	Trillium pusillum	Dwarf wakerobin
	Trillium rugelii	Ill-scented wakerobin
	Trillium sessile	Sessile-flowered wakerobin wood-lily
LYCOPODIACEAE		**Clubmosses**
	Lycopodium clavatum §3	Stagshorn clubmoss

▼B

	Annex D	Common name
MELIACEAE		**Mahoganies, cedars**
	Cedrela montana §4 (until 27 August 2020)	
	Cedrela oaxacensis §4 (until 27 August 2020)	
	Cedrela salvadorensis §4 (until 27 August 2020)	
	Cedrela tonduzii §4 (until 27 August 2020)	
MENYANTHACEAE		**Bogbeans**
	Menyanthes trifoliata §3	Bogbean
PARMELIACEAE		**Parmelioid lichens**
	Cetraria islandica §3	Icelandic moss
PASSIFLORACEAE		**Desert roses**
	Adenia glauca	Desert rose
	Adenia pechuelli	Desert rose
PEDALIACEAE		**Sesame, devil's claw**
	Harpagophytum spp. §3	Devil's claw
PORTULACACEAE		**Portulas, purslanes**
	Ceraria carrissoana	
	Ceraria fruticulosa	
SELAGINELLACEAE		**Clubmosses, spikemosses**
	Selaginella lepidophylla	Rose of Jericho
