THE EUROPEAN PARLIAMENT,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 228(4) thereof,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 106a(1) thereof,

After transmission of the draft legislative act to the national parliaments,

Having regard to the consent of the Council of the European Union ⁽¹⁾,

Having regard to the opinion of the European Commission ⁽²⁾,

Acting in accordance with a special legislative procedure,

Whereas:

- (1) The regulations and general conditions governing the performance of the Ombudsman's duties should be laid down in compliance with the provisions of the Treaty on the Functioning of the European Union (TFEU), and in particular point (d) of Article 20(2) and Article 228 thereof, the Treaty establishing the European Atomic Energy Community and the Charter of Fundamental Rights of the European Union (the 'Charter').
- (2) Decision 94/262/ECSC, EC, Euratom of the European Parliament ⁽³⁾ was last amended in 2008. Following the entry into force of the Treaty of Lisbon on 1 December 2009, Decision 94/262/ECSC, EC, Euratom should be repealed and replaced by a Regulation adopted on the basis of Article 228(4) TFEU.
- (3) Article 41 of the Charter recognises the right to good administration as a fundamental right of citizens of the Union. Article 43 of the Charter recognises the right to refer to the European Ombudsman cases of maladministration in the activities of the institutions, bodies, offices or agencies of the Union. In order to ensure that those rights are effective and to enhance the capacity of the Ombudsman to conduct thorough and impartial inquiries, thereby underpinning the Ombudsman's independence upon which they both depend, he or she should be provided with all the tools necessary to successfully perform the Ombudsman's duties referred to in the Treaties and in this Regulation.

⁽¹⁾ Consent of 18 June 2021 (not yet published in the Official Journal).

⁽²⁾ Opinion of 18 June 2021 (not yet published in the Official Journal).

⁽³⁾ Decision 94/262/ECSC, EC, Euratom of the European Parliament of 9 March 1994 on the regulations and general conditions governing the performance of the Ombudsman's duties (OJ L 113, 4.5.1994, p. 15).

- (4) The establishment of the conditions under which a complaint may be lodged with the Ombudsman should comply with the principle of full, free and easy access, with due regard being given to the specific restrictions arising from legal and administrative proceedings.
- (5) The Ombudsman should act with due regard to the competences of the Union institutions, bodies, offices or agencies which are the subject of his or her inquiries.
- (6) It is necessary to lay down the procedures to be followed where the Ombudsman's inquiries reveal cases of maladministration. The Ombudsman should submit a comprehensive report to the European Parliament at the end of each annual session. The Ombudsman should also be entitled to include in that annual report an assessment of compliance with recommendations made.
- (7) In order to strengthen the Ombudsman's role and to promote administrative best practices within the Union institutions, bodies, offices and agencies, it is desirable to allow the Ombudsman, without prejudice to his or her primary duty, which is to handle complaints, to conduct own-initiative inquiries whenever he or she finds grounds, and in particular in repeated, systemic or particularly serious instances of maladministration.
- (8) Regulation (EC) No 1049/2001 of the European Parliament and of the Council ⁽⁴⁾, as complemented by Regulation (EC) No 1367/2006 of the European Parliament and of the Council ⁽⁵⁾, should apply to requests for public access to documents of the Ombudsman, with the exception of those obtained in the course of an inquiry, in which case requests should be dealt with by the originating Union institution, body, office or agency.
- (9) The Ombudsman should have access to all elements required for the performance of his or her duties. To that end, Union institutions, bodies, offices and agencies should provide the Ombudsman with any information that he or she requests for the purposes of an inquiry. Where the exercise of the Ombudsman's duties would require the Ombudsman to be provided with classified information held by the Union institutions, bodies, offices and agencies or by the authorities of the Member States, the Ombudsman should be able to access such information, subject to ensuring that the rules for its protection are complied with.
- (10) The Ombudsman and his or her staff should be obliged to treat in confidence any information which they have acquired in the course of their duties, without prejudice to the Ombudsman's obligation to inform the authorities of the Member States of facts which might relate to criminal offences and have come to his or her attention in the course of an inquiry. The Ombudsman should also be able to inform the Union institution, body, office or agency concerned of the facts that call into question the conduct of a member of their staff. The obligation of the Ombudsman to treat in confidence any information acquired in the course of his or her duties should be without prejudice to the Ombudsman's obligation to conduct his or her work as openly as possible pursuant to Article 15(1) TFEU. In particular, in order to duly carry out his or her duties and to support his or her findings, the Ombudsman should be able to refer in his or her reports to any information accessible to the public.
- (11) Where necessary for the effective performance of his or her duties, the Ombudsman should be given the possibility to cooperate and exchange information with the authorities of the Member States, in compliance with the applicable national and Union law, and with other Union institutions, bodies, offices or agencies, in compliance with applicable Union law.

⁽⁴⁾ Regulation (EC) No 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents (OJ L 145, 31.5.2001, p. 43).

⁽⁵⁾ Regulation (EC) No 1367/2006 of the European Parliament and of the Council of 6 September 2006 on the application of the provisions of the Aarhus Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters to Community institutions and bodies (OJ L 264, 25.9.2006, p. 13).

- (12) The Ombudsman should be elected by the European Parliament at the beginning of the parliamentary term and for the duration thereof, chosen from among persons who are citizens of the Union and who offer all requisite guarantees of independence and competence. General conditions should also be laid down, inter alia, concerning the cessation of the Ombudsman's duties, the replacement of the Ombudsman, incompatibilities, the remuneration of the Ombudsman and the privileges and immunities of the Ombudsman.
- (13) It should be specified that the seat of the Ombudsman is that of the European Parliament as determined by point (a) of the sole Article of Protocol No 6 on the location of the seats of the institutions and of certain bodies, offices, agencies and departments of the European Union, annexed to the Treaty on European Union, to the Treaty on the Functioning of the European Union and to the Treaty establishing the European Atomic Energy Community ('Protocol No 6').
- (14) The Ombudsman should achieve gender parity within the composition of his or her secretariat, paying due regard to Article 1d(2) of the Staff Regulations of Officials of the European Union and the Conditions of Employment of Other Servants of the Union, laid down in Council Regulation (EEC, Euratom, ECSC) No 259/68 ⁽⁶⁾ (the 'Staff Regulations').
- (15) It is for the Ombudsman to adopt the implementing provisions for this Regulation after consultation of the European Parliament, the Council and the European Commission. In the absence of an opinion from these institutions within the timeframe reasonably set by the Ombudsman in advance, he or she may adopt the implementing provisions concerned. In order to guarantee legal certainty and the highest standards in performing the Ombudsman's duties, the minimum content of the implementing provisions to be adopted should be established in this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

Subject matter and principles

1. This Regulation lays down the regulations and general conditions governing the performance of the Ombudsman's duties (Statute of the European Ombudsman).
2. The Ombudsman shall be completely independent in the performance of his or her duties and shall act without any prior authorisation.
3. The Ombudsman shall help to uncover maladministration in the activities of the Union institutions, bodies, offices and agencies, with the exception of the Court of Justice of the European Union acting in its judicial role, paying due regard to point (d) of Article 20(2) and Article 228 TFEU and Article 41 of the Charter on the right to good administration.

No action by any other authority or person may be the subject of a complaint to the Ombudsman.

4. Where appropriate, the Ombudsman shall make recommendations, proposals for solutions and suggestions for improvement to address the issue.
5. In the performance of his or her duties, the Ombudsman may not question the soundness of a court's ruling or a court's competence to issue a ruling.

Article 2

Complaints

1. Any citizen of the Union or any natural or legal person residing or having its registered office in a Member State may, directly or through a member of the European Parliament, lodge a complaint with the Ombudsman in respect of an instance of maladministration.

⁽⁶⁾ OJ L 56, 4.3.1968, p. 1.

2. A complaint shall make clear reference to its object and to the identity of the complainant. A complainant may request that the complaint, or parts of it, remains confidential.
3. A complaint shall be lodged within two years of the date on which the facts on which it is based came to the attention of the complainant. Before the complaint is lodged, the complainant shall make the appropriate administrative approaches to the Union institution, body, office or agency concerned.
4. The Ombudsman shall dismiss a complaint as inadmissible if it is outside the scope of the Ombudsman's mandate or if the procedural requirements laid down in paragraphs 2 and 3 are not fulfilled. Where a complaint is outside the scope of the Ombudsman's mandate, he or she may advise the complainant to address it to another authority.
5. If the Ombudsman finds that the complaint is manifestly unfounded, he or she shall close the file and inform the complainant of that finding. In cases where the complainant has informed the Union institution, body, office or agency concerned about the complaint, the Ombudsman shall also inform the authority concerned.
6. Complaints concerning employment relations between the Union institutions, bodies, offices or agencies and their staff shall be admissible only if the person concerned has exhausted all internal administrative procedures, in particular those referred to in Article 90 of the Staff Regulations, and the competent authority of the Union institution, body, office or agency concerned has taken a decision or the time limits for its reply have expired. The Ombudsman shall also be entitled to verify the measures adopted by the competent authority of the Union institution, body, office or agency concerned to ensure the protection of alleged victims of harassment and to restore a healthy and safe working environment respecting the dignity of the persons concerned while an administrative inquiry is ongoing, provided that the persons concerned have exhausted the internal administrative procedures in relation to these measures.
7. The Ombudsman shall inform the Union institution, body, office or agency concerned of a registered complaint, as soon as that complaint has been declared admissible and the decision has been taken to open an inquiry.
8. Complaints lodged with the Ombudsman shall not affect time limits for appeals in administrative or judicial proceedings.
9. Where, because of legal proceedings in progress or concluded concerning the facts which have been put forward, the Ombudsman declares a complaint inadmissible or decides to terminate consideration of it, the outcome of any inquiries that the Ombudsman has carried out up to that point shall be put on file and that file shall be closed.
10. The Ombudsman shall as soon as possible inform the complainant of the action taken on the complaint and, as far as possible, seek a solution with the Union institution, body, office or agency concerned to eliminate the instance of maladministration. The Ombudsman shall inform the complainant of the solution proposed along with the comments, if any, of the Union institution, body, office or agency concerned. The complainant may submit comments or provide, at any stage, additional information that was not known at the time of the submission of the complaint.

Where a solution accepted by the complainant and the Union institution, body, office or agency concerned has been found, the Ombudsman may close the file without pursuing the procedure provided for in Article 4.

Article 3

Inquiries

1. In accordance with his or her duties, the Ombudsman shall conduct inquiries for which he or she finds grounds, on his or her own initiative or following a complaint.
2. The Ombudsman shall inform the Union institution, body, office or agency concerned of such inquiries without undue delay. Without prejudice to Article 5, the Union institution, body, office or agency concerned may, on its own initiative or at the Ombudsman's request, submit any useful comment or evidence.

3. The Ombudsman may conduct own-initiative inquiries whenever he or she finds grounds, and in particular in repeated, systemic or particularly serious instances of maladministration, in order to address those instances as an issue of public interest. In the context of such inquiries, he or she may also make proposals and initiatives to promote administrative best practices within Union institutions, bodies, offices and agencies.

Article 4

Interaction between the Ombudsman and the institutions

1. Where, following an inquiry, instances of maladministration are found, the Ombudsman shall inform, without undue delay, the Union institution, body, office or agency concerned of the findings of the inquiry and, where appropriate, shall make recommendations.

2. The Union institution, body, office or agency concerned shall send the Ombudsman a detailed opinion within three months. The Ombudsman may, upon a reasoned request of the Union institution, body, office or agency concerned, grant an extension of that deadline. That extension shall not exceed two months. Where no opinion is delivered by the Union institution, body, office or agency concerned within the original three-month deadline or within the extended deadline, the Ombudsman may close the inquiry without such an opinion.

3. Upon the closure of an inquiry, the Ombudsman shall forward a report to the Union institution, body, office or agency concerned and, where the nature or the scale of the instance of maladministration uncovered so requires, to the European Parliament. The Ombudsman may make recommendations in the report. The Ombudsman shall inform the complainant of the outcome of the inquiry, of the opinion delivered by the Union institution, body, office or agency concerned and of any recommendations made in the report.

4. Where appropriate in relation to an inquiry into the activities of a Union institution, body, office or agency, the Ombudsman may be heard before the European Parliament, at the appropriate level, on his or her own initiative or at the request of the European Parliament.

5. At the end of each annual session, the Ombudsman shall submit to the European Parliament a report on the outcome of the inquiries that he or she carried out. The report shall include an assessment of compliance with the Ombudsman's recommendations, proposals for solutions and suggestions for improvement. The report shall also include, where relevant, the outcome of the Ombudsman's inquiries related to harassment, whistleblowing and conflicts of interest within the Union institutions, bodies, offices or agencies.

Article 5

Provision of information to the Ombudsman

1. For the purposes of this Article, 'provision of information' includes all physical and electronic means by which the Ombudsman and his or her secretariat are given access to information, including documents, independently of its form.

2. 'EU classified information' means any information or material designated by EU security classification, the unauthorised disclosure of which could cause varying degrees of prejudice to the interests of the Union or to those of one or more of the Member States.

3. Subject to the conditions laid down in this Article, the Union institutions, bodies, offices and agencies and the competent authorities of the Member States shall, at the request of the Ombudsman or on their own initiative, and without undue delay, provide the Ombudsman with any information he or she has requested for the purposes of an inquiry.

4. The Ombudsman shall be provided with EU classified information subject to the following principles and conditions:

(a) the Union institution, body, office or agency providing the EU classified information must have completed its relevant internal procedures and, where the originator is a third party, the latter must have given its prior written consent;

- (b) the Ombudsman's 'need to know' must have been established;
- (c) it must be ensured that access to information classified CONFIDENTIEL UE/EU CONFIDENTIAL or above is granted only to persons holding a security clearance to the relevant security level in accordance with national law and authorised by the competent security authority.

5. For the provision of EU classified information, the Union institution, body, office or agency concerned shall assess whether the Ombudsman has effectively put in place internal security rules as well as physical and procedural measures to protect EU classified information. To this effect, the Ombudsman and a Union institution, body, office or agency may also enter into an arrangement establishing a general framework governing the provision of EU classified information.

6. In accordance with paragraphs 4 and 5, access to EU classified information shall be provided in the premises of the Union institution, body, office or agency concerned, unless otherwise agreed with the Ombudsman.

7. Without prejudice to paragraph 3, the competent authorities of the Member States may refuse to provide the Ombudsman with information covered by national law on protection of classified information or by provisions preventing its communication.

Nonetheless, the Member State concerned may provide such information to the Ombudsman subject to conditions set out by its competent authority.

8. Where the Union institutions, bodies, offices or agencies and the authorities of the Member States intend to provide the Ombudsman with EU classified information or any other information which is not accessible to the public, they shall give the Ombudsman advance notice thereof.

The Ombudsman shall ensure that such information is adequately protected and in particular shall not disclose it to the complainant or to the public without the prior consent of the Union institution, body, office or agency or the competent authority of the Member State concerned. As regards EU classified information, the consent shall be given in writing.

9. The Union institutions, bodies, offices or agencies refusing access to EU classified information shall provide the Ombudsman with a justification in writing, indicating, as a minimum, the grounds for refusal.

10. The Ombudsman shall retain possession of information referred to in paragraph 8 only until the inquiry is definitively closed.

The Ombudsman may request a Union institution, body, office or agency, or a Member State, to retain such information for a period of at least five years.

11. If the requested assistance is not forthcoming, the Ombudsman may inform the European Parliament, which shall act accordingly.

Article 6

Public access to documents of the Ombudsman

The Ombudsman shall deal with requests for public access to documents, with the exception of those obtained in the course of an inquiry and held by the Ombudsman for the duration of that inquiry or after its closure, in accordance with the conditions and limits provided for in Regulation (EC) No 1049/2001, as complemented by Regulation (EC) No 1367/2006.

2. In such cases, the official or other servant shall benefit from the protection offered by the Staff Regulations against any prejudicial effects on the part of the Union institution, body, office or agency as a result of having communicated the information.

3. The Ombudsman may also inquire whether there was an instance of maladministration in the handling of such case by the Union institution, body, office or agency concerned, including as regards the protection of the official or other servant concerned.

Article 9

Professional secrecy

1. The Ombudsman and his or her staff shall not divulge information or documents which they obtain in the course of an inquiry. Without prejudice to paragraph 2, they shall, in particular, not divulge any EU classified information or internal documents of the Union institutions, bodies, offices or agencies supplied to the Ombudsman or documents falling within the scope of Union law regarding the protection of personal data. They shall also not divulge any information which could harm the rights of the complainant or of any other person involved.

2. Without prejudice to the general reporting obligation of all Union institutions, bodies, offices and agencies to the European Anti-Fraud Office (OLAF), in accordance with Article 8 of Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council ⁽⁷⁾, if facts learnt in the course of an Ombudsman inquiry might constitute or relate to a criminal offence, the Ombudsman shall report to the competent authorities of the Member States and, in so far as the case falls within their respective competences, to the European Public Prosecutor's Office, in accordance with Article 24 of Council Regulation (EU) 2017/1939 ⁽⁸⁾ and to OLAF.

3. If appropriate, and with the agreement of the European Public Prosecutor's Office or OLAF, the Ombudsman shall also notify the Union institution, body, office or agency with authority over the official or other servant concerned, which may initiate the appropriate procedures.
