REGULATIONS

COMMISSION DELEGATED REGULATION (EU) 2020/578

of 21 February 2020

amending Regulation (EU) 2018/196 of the European Parliament and of the Council on additional customs duties on imports of certain products originating in the United States of America

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/196 of the European Parliament and of the Council of 7 February 2018 on additional customs duties on imports of certain products originating in the United States of America ([1]), and in particular Article 3(3) thereof,

Whereas:

(1) As a result of the United States' failure to bring the Continued Dumping and Subsidy Offset Act (CDSOA) in compliance with its obligations under the World Trade Organization (WTO) agreements, Regulation (EU) 2018/196 originally imposed a 4,3 % *ad valorem* additional customs duty on imports of certain products originating in the United States of America. In conformity with the WTO authorisation to suspend the application of concessions to the United States, the Commission is to adjust the level of suspension annually to the level of nullification or impairment caused by the CDSOA to the European Union at that time. In 2019, the level of suspension was adjusted to 0,001 % *ad valorem* additional customs duty and Regulation (EU) 2018/196 was amended accordingly.

(2) The CDSOA disbursements for the most recent year for which data are available relate to the distribution of anti-dumping and countervailing duties collected during the Fiscal Year 2019 (1 October 2018-30 September 2019). On the basis of the data published by the United States' Customs and Border Protection and pursuant to Article 3(1)(a) of Regulation (EU) 2018/196, the level of nullification or impairment caused to the Union is calculated at USD 25 506,30.

(3) The level of nullification or impairment and consequently of suspension has increased compared to the 2019 level. However, the level of suspension cannot be adjusted to the level of nullification or impairment in accordance with Article 3(1)(c) by adding products to the list in Annex I to Regulation (EU) 2018/196, as all products from the list in Annex II to Regulation (EU) 2018/196 have already been added to Annex I. As a consequence, in accordance with Article 3(1)(e) of that Regulation, the Commission should keep the list of products in Annex I unchanged and amend the rate of the additional duty in order to adjust the level of suspension to the level of nullification or impairment. The four products listed in Annex I should therefore be maintained on the list and the rate of additional import duty should be amended and set at 0,012 %.

(4) The effect of a 0,012 % *ad valorem* additional import duty on imports from the United States of the products in Annex I represents, over one year, a value of trade that does not exceed USD 25 506,30.

(5) To make sure that there are no delays in the application of the amended rate of additional import duty, this Regulation should enter into force on the day of its publication.

(6) Regulation (EU) 2018/196 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1
