Article 1

Subject matter and scope

This Regulation lays down the lists of third countries, territories or zones thereof, or compartments thereof in the case of aquaculture animals, from which the entry into the Union of consignments of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 is to be permitted. The lists and certain general rules concerning the lists are set out in Annexes I to XXII to this Regulation.

It also lays down specific conditions and animal health guarantees for the entry into the Union of certain consignments and specifies the model animal health certificates to be used by the third country or territory of origin of the consignments.

Article 2

Definitions

For the purpose of this Regulation, the definitions laid down in Article 2 of Delegated Regulation (EU) 2020/692 apply.

Article 3

Lists of third countries, territories or zones or compartments thereof from which the entry into the Union of animals, germinal products and products of animal origin shall be permitted

1. The competent authority shall only permit the entry into the Union of consignments of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 only if the third country or territory of origin of the consignment, or zone or compartment thereof, is listed for the specific species and category of animals, germinal products or products of animal origin and the consignment is accompanied by the animal health certificate required to accompany consignments of such species and categories in the table set up in Part 1 of:

(a) Annex II for ungulates other than:

(i) equine animals;

(ii) ungulates intended for confined establishments;

▼B

(b) Annex III for ungulates intended for confined establishments;

(c) Annex IV for equine animals;

(d) Annex V for poultry and germinal products of poultry;

(e) Annex VI for captive birds and germinal products of captive birds;

(f) Annex VII for queen honeybees and bumble bees;

(g) Annex VIII for dogs, cats and ferrets;

(h) Annex IX for germinal products of bovine animals;

(i) Annex X for germinal products of ovine and caprine animals;

(j) Annex XI for germinal products of porcine animals;

(k) Annex XII for germinal products of equine animals

(l) Annex XIII for fresh meat of ungulates;

(m) Annex XIV for fresh meat of poultry and game birds;

(n) Annex XV for meat products from ungulates, poultry and game birds as follows:

(i) Section A of Part 1 for meat products which have undergone the non-specific risk mitigating treatment A or treatments B, C or D for meat products, (in accordance with Annex XXVI to Delegated Regulation (EU) 2020/692);

(ii) Section B of Part 1 for biltong/jerky type products from ungulates, poultry and game birds;

(o) Annex XVI for casings;

(p) Annex XVII for milk, colostrum and colostrum-based products and dairy products derived from raw milk and dairy products not required to undergo specific risk-mitigating treatment against foot and mouth;

(q) Annex XVIII for dairy products required to undergo a specific risk-mitigating treatment against foot and mouth;

(r) Annex XIX for eggs and egg products;

(s) Annex XX for products of animal origin intended for personal use;

▼M7

(t) Annex XXI for aquatic animals of listed species, as follows:

(i) Part 1, Section A, for aquatic animals of listed species intended for certain aquaculture establishments, release into the wild or other purposes, other than human consumption, as well as certain aquatic animals of listed species and products of animal origin from those listed species which are intended for human consumption;

(ii) Part 1, Section B, for molluscs and crustaceans intended to be kept for ornamental purposes in closed facilities.

▼B

2. The competent authority shall only permit the entry into the Union of consignments of animals, germinal products and products of animal origin from the third countries, territories or zones thereof listed in the table set out in Part 1 of Annex XXII if they:

(a) are consignments of the species and categories of animals, germinal products or products of animal origin referred to in column 3 of that table and the Union is not their final destination;

or

(b) are consignments of the species and categories of animals, germinal products or products of animal origin referred to in column 4 of that table and originated in and are being returned to the Union after transiting through a third country or territory.

Article 4

Specific conditions and animal health guarantees for the entry into the Union of animals, germinal products and products of animal origin

Member States shall only permit the entry into the Union of the consignments falling within the scope of Delegated Regulation (EU) 2020/692, if those consignments fulfil, where applicable, the specific conditions and animal health guarantees set out in the relevant Annex for the specific species and categories of animals, germinal products and products of animal origin and for the third country, territory or zone thereof, or compartment thereof in the case of aquaculture animals.

Article 5

ANNEX I

General rules for Annexes II to XXII

This Annex sets out the following general rules applicable to Annexes II to XXII:

(1) Where the animal health requirements for the entry into the Union of the consignments referred to in Article 3 are fulfilled for the whole territory of a third country or territory of origin, that third country or territory is listed with the indication of its ISO code followed by an '0'.

(2) Where the animal health requirements for the entry into the Union of the consignments referred to in Article 3 are fulfilled only for a zone of a third country or territory of origin, that zone is listed with the indication of its ISO code followed by a number other than '0'.

Those zones are described in Part 2 of the relevant Annex.

(3) The model animal health certificates for the consignments referred to in Article 3, as indicated in the table set out in Part 1 of the relevant Annex to this Regulation, are set out in:

(a) Annex II to Commission Implementing Regulation (EU) 2021/403 ([1])

(b) Annex III to Commission Implementing Regulation (EU) 2020/2235;

(c) Annex II to Commission Implementing Regulation (EU) 2020/2236.

(4) The specific conditions referred to in Article 4 are set out, if any, in the table set out in Part 1 of the relevant Annex and described in the table set out in Part 3 of the same Annex.

(5) The animal health guarantees referred to in Article 4 are set out, if any, in the table set out in Part 1 of the relevant Annex and described in the table set out in Part 4 of the same Annex.

(6) The closing dates and opening dates referred to in the table set out in Part 1 of Annexes II to XXII refer to specific time restrictions applicable for the entry into the Union of consignments referred to in Article 3 from the relevant zones, as laid down in Union rules.

(7) The animal health certification requirements for Switzerland are subject to the Agreement between the European Community and the Swiss Confederation on Trade in Agricultural Products, approved by Decision 2002/309/EC, Euratom of the Council, and of the Commission as regards the Agreement on Scientific and Technological Cooperation of 4 April 2002 on the conclusion of seven Agreements with the Swiss Federation (OJ L 114, 30.4.2002, p. 1).

(8) The animal health certificates required to be issued by the competent authority of Iceland, New Zealand and Canada, in accordance with Annexes II to XXI to this Regulation, are subject to the specific certification requirements provided for in the relevant agreements between the Union and those third countries.

([1]) Commission Implementing Regulation (EU) 2021/403 of 24 March 2021 laying down rules for the application of Regulations (EU) 2016/429 and 2017/625 of the European Parliament and of the Council as regards model animal health certificates and model animal health/official certificates, for the entry into the Union and movements between Member States of consignments of certain categories of terrestrial animals and germinal products thereof, official certification regarding such certificates and repealing Decision 2010/470/EU (OJ L 113, 31.3.2021, p. 1)

(9) Entries for Israel are understood to refer to the State of Israel, and shall not apply to the geographic areas that came under the administration of the State of Israel after 5 June 1967, namely the Golan Heights, the Gaza Strip, East Jerusalem and the rest of the West Bank.

(10) When referring to Serbia, the territory of Kosovo, which at present is under international administration pursuant to United Nations Security Council Resolution 1244 of 10 June 1999, is not included.

(11) When referring to Kosovo, this designation is without prejudice to positions on status, and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence.

▼M1

(12) In accordance with the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, and in particular Article 5(4) of the Protocol on Ireland/Northern Ireland in conjunction with Annex 2 to that Protocol, for the purposes of Annexes II to XXII, references to the United Kingdom do not include Northern Ireland.

P1	Suspension of entry into the Union due to restrictions related to (an) outbreak(s) of highly pathogenic avian influenza.
P2	Suspension of entry into the Union due to restrictions related to (an) outbreak(s) of infection with Newcastle disease virus.
N	Guarantees have been provided that the legislation on the control of infection with Newcastle disease virus in the third country or territory or zone thereof is equivalent to that applied in the Union. In the case of an outbreak of infection with Newcastle disease virus, entry into the Union may continue to be authorised from the third country or territory or zone thereof with no change in the third country code or territory code or zone code. However, the entry into the Union from any areas which are placed under official restrictions by the competent authority of the third country or territory concerned due to an outbreak of that disease shall be automatically prohibited.

PART 4

Animal health guarantees referred to in column 6 of the table set out in Part 1

A	Third country or territory in which vaccination against highly pathogenic avian influenza is carried out and the competent authority has provided guarantees in accordance with point (c) of Article 37 of Delegated Regulation (EU) 2020/692.
B	Third country or territory in which the use of vaccines against infection with Newcastle disease virus which comply only with the general criteria set out in point 1 of Annex XV to Delegated Regulation (EU) 2020/692 is not prohibited and the competent authority has provided guarantees that the poultry meet the animal health requirements set out in point 2 of Annex XV to Delegated Regulation (EU) 2020/692, in accordance with point (e) of Article 37 of Delegated Regulation (EU) 2020/692.
C	Third country or territory authorised for the entry into the Union of ratites which is not considered free from infection with Newcastle disease virus in accordance with Article 39 of Delegated Regulation (EU) 2020/692 and the competent authority has provided guarantees in accordance with the second indent of point (d)(ii) of Article 37 of Delegated Regulation (EU) 2020/692 for the relevant commodity.

	SZ-2	The veterinary foot and mouth disease surveillance and vaccination control areas as gazetted as a Statutory Instrument under legal notice number 51 of 2001

PART 3

Specific conditions referred to in column 5 of the table set out in Part 1

Maturation, pH, de-boning	For zones applying a vaccination programme against foot and mouth disease with serotypes A, O or C, the conditions set out in point 1(c) of Part B of Annex XXV to Delegated Regulation (EU) 2020/692 regarding the maturation, pH measurement and de-boning of the fresh meat, excluding offal, shall apply
Maturation and de-boning	For zones not applying vaccination against foot and mouth disease, the conditions set out in point 3.1(c) of Part B of Annex XXV to Delegated Regulation (EU) 2020/692 regarding the maturation and de-boning of the fresh meat, excluding offal, shall apply
No offal	Offal shall not be authorised to enter into the Union, except diaphragm and masseter muscles in the case of bovine animals
Controlled vaccination programme	The vaccination programme carried out against foot and mouth disease in the zone must be supervised by the competent authority and this supervision must include the control of the efficacy of the vaccination programme through a regular serological surveillance that indicates adequate antibody levels in the animals and demonstrates the absence of foot and mouth disease virus circulation in the zone
No vaccination carried out	No vaccination against foot and mouth is carried out in the zone and the competent authority of the third country or territory must implement a regular serological surveillance to demonstrate the absence of foot and mouth disease virus circulation
Additional traceability	1. The animals from which the meat is obtained must be identified and registered in the national System of Identification and Certification of Origin for bovine animals. 2. The establishments of origin of the animals from which the meat is obtained must be listed as approved establishments by competent authority of the third country or territory, following the favourable outcome of an inspection carried out by the same competent authority that must be reflected in an official report, in IMSOC, and inspections must be regularly carried out by the competent authority to ensure that the relevant requirements provided for in Delegated Regulation (EU) 2020/692 are complied with. 3. The list of approved establishments provided by the competent authority must be reviewed on a regular basis and kept up to date by the competent authority. The list of approved establishments must be publicly available for information purposes by the Commission.

PART 4

Animal health guarantees referred to in column 6 of the table set out in Part 1

Assembly centre	Guarantees have been provided regarding the movement of bovine, ovine and caprine animals from the establishment of origin to the slaughterhouse, which allow them to pass via an assembly center before being transported directly to slaughter
