*Article 1*

**Subject matter and scope**

This Regulation lays down the lists of third countries, territories or zones thereof, or compartments thereof in the case of aquaculture animals, from which the entry into the Union of consignments of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 is to be permitted. The lists and certain general rules concerning the lists are set out in Annexes I to XXII to this Regulation.

It also lays down specific conditions and animal health guarantees for the entry into the Union of certain consignments and specifies the model animal health certificates to be used by the third country or territory of origin of the consignments.

*Article 2*

**Definitions**

For the purpose of this Regulation, the definitions laid down in Article 2 of Delegated Regulation (EU) 2020/692 apply.

*Article 3*

**Lists of third countries, territories or zones or compartments thereof from which the entry into the Union of animals, germinal products and products of animal origin shall be permitted**

1. The competent authority shall only permit the entry into the Union of consignments of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 only if the third country or territory of origin of the consignment, or zone or compartment thereof, is listed for the specific species and category of animals, germinal products or products of animal origin and the consignment is accompanied by the animal health certificate required to accompany consignments of such species and categories in the table set up in Part 1 of:

(a) Annex II for ungulates other than:

(i) equine animals;

(ii) ungulates intended for confined establishments;

- (s) Annex XX for products of animal origin intended for personal use;

**▼M7**

- (t) Annex XXI for aquatic animals of listed species, as follows:
  - (i) Part 1, Section A, for aquatic animals of listed species intended for certain aquaculture establishments, release into the wild or other purposes, other than human consumption, as well as certain aquatic animals of listed species and products of animal origin from those listed species which are intended for human consumption;
  - (ii) Part 1, Section B, for molluscs and crustaceans intended to be kept for ornamental purposes in closed facilities.

**▼B**

2. The competent authority shall only permit the entry into the Union of consignments of animals, germinal products and products of animal origin from the third countries, territories or zones thereof listed in the table set out in Part 1 of Annex XXII if they:

- (a) are consignments of the species and categories of animals, germinal products or products of animal origin referred to in column 3 of that table and the Union is not their final destination;

or

- (b) are consignments of the species and categories of animals, germinal products or products of animal origin referred to in column 4 of that table and originated in and are being returned to the Union after transiting through a third country or territory.

*Article 4*

**Specific conditions and animal health guarantees for the entry into the Union of animals, germinal products and products of animal origin**

Member States shall only permit the entry into the Union of the consignments falling within the scope of Delegated Regulation (EU) 2020/692, if those consignments fulfil, where applicable, the specific conditions and animal health guarantees set out in the relevant Annex for the specific species and categories of animals, germinal products and products of animal origin and for the third country, territory or zone thereof, or compartment thereof in the case of aquaculture animals.

## General rules for Annexes II to XXII

This Annex sets out the following general rules applicable to Annexes II to XXII:

- (1) Where the animal health requirements for the entry into the Union of the consignments referred to in Article 3 are fulfilled for the whole territory of a third country or territory of origin, that third country or territory is listed with the indication of its ISO code followed by an '0'.
- (2) Where the animal health requirements for the entry into the Union of the consignments referred to in Article 3 are fulfilled only for a zone of a third country or territory of origin, that zone is listed with the indication of its ISO code followed by a number other than '0'.

Those zones are described in Part 2 of the relevant Annex.

- (3) The model animal health certificates for the consignments referred to in Article 3, as indicated in the table set out in Part 1 of the relevant Annex to this Regulation, are set out in:
  - (a) Annex II to Commission Implementing Regulation (EU) 2021/403 <sup>(1)</sup>
  - (b) Annex III to Commission Implementing Regulation (EU) 2020/2235;
  - (c) Annex II to Commission Implementing Regulation (EU) 2020/2236.
- (4) The specific conditions referred to in Article 4 are set out, if any, in the table set out in Part 1 of the relevant Annex and described in the table set out in Part 3 of the same Annex.
- (5) The animal health guarantees referred to in Article 4 are set out, if any, in the table set out in Part 1 of the relevant Annex and described in the table set out in Part 4 of the same Annex.
- (6) The closing dates and opening dates referred to in the table set out in Part 1 of Annexes II to XXII refer to specific time restrictions applicable for the entry into the Union of consignments referred to in Article 3 from the relevant zones, as laid down in Union rules.
- (7) The animal health certification requirements for Switzerland are subject to the Agreement between the European Community and the Swiss Confederation on Trade in Agricultural Products, approved by Decision 2002/309/EC, Euratom of the Council, and of the Commission as regards the Agreement on Scientific and Technological Cooperation of 4 April 2002 on the conclusion of seven Agreements with the Swiss Federation (OJ L 114, 30.4.2002, p. 1).
- (8) The animal health certificates required to be issued by the competent authority of Iceland, New Zealand and Canada, in accordance with Annexes II to XXI to this Regulation, are subject to the specific certification requirements provided for in the relevant agreements between the Union and those third countries.

<sup>(1)</sup> Commission Implementing Regulation (EU) 2021/403 of 24 March 2021 laying down rules for the application of Regulations (EU) 2016/429 and 2017/625 of the European Parliament and of the Council as regards model animal health certificates and model animal health/official certificates, for the entry into the Union and movements between Member States of consignments of certain categories of terrestrial animals and germinal products thereof, official certification regarding such certificates and repealing Decision 2010/470/EU (OJ L 113, 31.3.2021, p. 1)
