

**COMMISSION IMPLEMENTING REGULATION (EU) 2024/3172**  
**of 29 November 2024**

**laying down implementing technical standards for the application of Regulation (EU) No 575/2013 of the European Parliament and of the Council with regard to public disclosures by institutions of the information referred to in Part Eight, Titles II and III, of that Regulation, and repealing Commission Implementing Regulation (EU) 2021/637**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and amending Regulation (EU) No 648/2012 (<sup>1</sup>) and in particular Article 434a, the fifth paragraph, thereof,

Whereas:

- (1) Commission Implementing Regulation (EU) 2021/637 (<sup>2</sup>) laid down uniform disclosure formats to ensure the uniform application of Regulation (EU) No 575/2013. Regulation (EU) 2024/1623 of the European Parliament and of the Council (<sup>3</sup>) amended Regulation (EU) No 575/2013 to incorporate into that regulation the international standards of the Basel Committee on Banking Supervision's third International Regulatory Framework for banks (referred to as 'Basel III'). Those international standards contain prudential disclosure standards to improve transparency and consistency in the area of prudential requirements for credit institutions. It is therefore necessary to amend the rules on uniform disclosure formats to reflect those changes in the specifications relating to disclosure obligations.
- (2) The disclosure of information by institutions on their key regulatory metrics should include the disclosure of an institution's available capital, its risk-weighted assets, its leverage, as well as the most relevant liquidity metrics.
- (3) To be able to absorb losses in a going or in a gone concern situation, institutions need own funds in sufficient quantity and quality, as required by Article 92 of Regulation (EU) No 575/2013. Institutions should disclose information on their own funds composition, quantity and quality, in order to allow stakeholders to assess the banks loss absorbing capacity.
- (4) Disclosure on the compliance with the requirement for a countercyclical capital buffer should reflect the fact that the countercyclical capital buffer referred to in Chapter 4 of Title VII of Directive 2013/36/EU of the European Parliament and of the Council (<sup>4</sup>) aims to ensure that banking sector capital requirements take account of the macro-financial environment in which credit institutions operate.

(<sup>1</sup>) OJ L 176, 27.6.2013, p. 1, ELI: <http://data.europa.eu/eli/reg/2013/575/oj>.

(<sup>2</sup>) Commission Implementing Regulation (EU) 2021/637 of 15 March 2021 laying down implementing technical standards with regard to public disclosures by institutions of the information referred to in Titles II and III of Part Eight of Regulation (EU) No 575/2013 of the European Parliament and of the Council and repealing Commission Implementing Regulation (EU) No 1423/2013, Commission Delegated Regulation (EU) 2015/1555, Commission Implementing Regulation (EU) 2016/200 and Commission Delegated Regulation (EU) 2017/2295 (OJ L 136, 21.4.2021, p. 1, ELI: [http://data.europa.eu/eli/reg\\_impl/2021/637/oj](http://data.europa.eu/eli/reg_impl/2021/637/oj)).

(<sup>3</sup>) Regulation (EU) 2024/1623 of the European Parliament and of the Council of 31 May 2024 amending Regulation (EU) No 575/2013 as regards requirements for credit risk, credit valuation adjustment risk, operational risk, market risk and the output floor (OJ L, 2024/1623, 19.6.2024, ELI: <http://data.europa.eu/eli/reg/2024/1623/oj>).

(<sup>4</sup>) Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (OJ L 176, 27.6.2013, p. 338, ELI: <http://data.europa.eu/eli/dir/2013/36/oj>).

- (5) It is crucial that the market has access to information on whether an institution should be classified as global systemically important institutions (G-SIIs). For that reason, institutions should disclose information whether the significance indicators referred to in Article 131 of Directive 2013/36/EU are met or not.
- (6) Uniform templates should be laid down to ensure that institutions disclose information on their compliance with liquidity requirements, including the liquidity coverage ratio and the net stable funding ratio, in a uniform and comparable way.
- (7) It is necessary to ensure coherence and consistency between the reporting obligations laid down in Regulation (EU) No 575/2013 with other Union legislation in the area of ESG risks, and in particular Regulation (EU) 2020/852 of the European Parliament and of the Council (⁹). Rules on the disclosure of ESG risks should therefore take into account the criteria, classifications, and definitions laid down in Articles 2 and 3 of Regulation (EU) 2020/852. In particular, those rules should take into account the criteria for the identification and classification of environmentally sustainable economic activities, as laid down in Regulation (EU) 2020/852 and in Commission Delegated Regulation (EU) 2020/1818 (⁹). For the same reason, when disclosing information on the energy performance of their real estate portfolio, institutions should provide that information in the form of the energy performance certificate as defined in Article 2, point 12 of Directive 2010/31/EU of the European Parliament and of the Council (⁹).
- (8) Articles 19a and 29a of Directive 2013/34/EU of the European Parliament and of the Council (⁸) require certain large undertakings that are public-interest entities, or public-interest entities which are parent undertakings of a large group, respectively, to include in their management report or in their consolidated management report information about the impact of their activity on environmental, social and employee matters, respect for human rights, anti-corruption and bribery matters. That obligation does not apply, however, to other undertakings. As a result, undertakings that are not subject to Articles 19a and 29a of Directive 2013/34/EU are not required to disclose such information and may be not able to provide such information to institutions. Those undertakings that are counterparties to institutions can thus only be expected to provide that information and data on a voluntary basis.
- (9) In order to implement Basel III standards, Regulation (EU) 2024/1623 has introduced into Article 92(3) of Regulation (EU) No 575/2013 a lower limit to the risk-based capital requirements calculated using internal models ('output floor') that is equal to a percentage of the capital requirements that would apply if standardised approaches were used. It is therefore appropriate to reflect the changes in the relevant disclosure templates. Furthermore, to provide a comparison between the risk-based capital ratios computed under the standardised and the internally modelled approaches at risk level and at exposure classes for credit risk, two new disclosure templates should be introduced.
- (10) In relation to the use of the Standardised Approach ('SA') for credit risk, Regulation (EU) 2024/1623 has introduced into Chapter 2 of Title II Regulation (EU) No 575/2013 a more granular risk weight treatment of different exposures, including for exposures to institutions, exposures to corporates, specialised lending exposures, retail exposures, exposures secured by real estate, subordinated debt exposures, equity exposures and defaulted exposures. It is necessary to reflect those changes in the disclosure templates, and to align the row numbering in those disclosure templates to the one used in the corresponding BCBS disclosure templates.

(⁹) Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088 (OJ L 198, 22.6.2020, p. 13, ELI: <http://data.europa.eu/eli/reg/2020/852/oj>).

(⁹) Commission Delegated Regulation (EU) 2020/1818 of 17 July 2020 supplementing Regulation (EU) 2016/1011 of the European Parliament and of the Council as regards minimum standards for EU Climate Transition Benchmarks and EU Paris-aligned Benchmarks (OJ L 406, 3.12.2020, p. 17, ELI: [http://data.europa.eu/eli/reg\\_del/2020/1818/oj](http://data.europa.eu/eli/reg_del/2020/1818/oj)).

(⁹) Directive 2010/31/EU of the European Parliament and of the Council of 19 May 2010 on the energy performance of buildings (recast) (OJ L 153, 18.6.2010, p. 13, ELI: <http://data.europa.eu/eli/dir/2010/31/oj>).

(⁸) Directive 2013/34/EU of the European Parliament and of the Council of 26 June 2013 on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings, amending Directive 2006/43/EC of the European Parliament and of the Council and repealing Council Directives 78/660/EEC and 83/349/EEC (OJ L 182, 29.6.2013, p. 19, ELI: <http://data.europa.eu/eli/dir/2013/34/oj>).

- (11) Regulation (EU) 2024/1623 introduced into Chapter 3 Title II of Regulation (EU) No 575/2013, in relation to the use of the Internal Ratings Approach ('IRB') for credit risk exposures, limited the exposures classes for which the advanced IRB (A-IRB) approach can be applied to calculate own funds requirements for credit risk. Specifically, for exposures to institutions, only the foundation IRB (F-IRB) approach can now be used, and for equity exposures, only the use of the standardised approach is allowed, except for a transitional period. Moreover, new exposure classes for 'Regional governments or local authorities' and 'Public sector entities' have been created to ensure a consistent treatment of those exposures and to avoid unintended variability in the related own funds requirements. Those amendments should be reflected in the disclosure templates on the use of IRB approach. It is also necessary to align the structure of the template effect on the RWEAs of credit derivatives used as credit risk mitigation techniques (CRM) to the row numbering used in the corresponding BCBS disclosure template.
- (12) Regulation (EU) 2024/1623 introduced into Title IV of Regulation (EU) No 575/2013 a new framework for calculating the own funds requirements for market risk, based on the BCBS's Fundamental review of the trading book (FRTB). That amendment was necessary to address the deficiencies identified in the current market risk capital requirements framework for trading book positions. In accordance with the new framework, institutions are to apply a simplified standardised, an alternative standardised, or an alternative internal model approach to calculate the own funds requirements for market risk. Those amendments should be reflected in the disclosure templates by the introduction of a comprehensive set of disclosures tables and templates. That new set of disclosures tables and templates should be effective when the regulatory framework for market risk based on the Basel's FRTB standards starts to apply in the Union. In the meantime, the disclosure requirements as currently applicable should continue to apply. To have a comprehensive understanding of the use of that new approach, institutions using the alternative internal model approach should, at the first date of application of the new disclosure framework, disclose the quantitative information together with the qualitative information.
- (13) Uniform disclosure formats should be laid down to ensure uniform and comparable disclosure on credit valuation adjustments ('CVA') risks. It is therefore necessary to introduce new disclosure templates and tables with quantitative and qualitative information on CVA risk to that effect. Those templates should take into account that institutions subject to own funds requirements for CVA may apply the standardised, basic, or simplified approach or a combination of those approaches and that CVA risk should capture both the credit spread risk of an institution's counterparty and the market risk of the portfolio of transactions traded by the institution with that counterparty.
- (14) Regulation (EU) 2024/1623 introduced in Chapter 1 of Title III of Regulation (EU) No 575/2013 a new single non-model-based approach for the calculation of the own funds requirements for operational risk to address the lack of risk-sensitivity and of comparability of the existing approaches. Following a discretion included in the Basel III standards, the Union's minimum own funds requirements are solely based on the calculation of the Business Indicator Component (BIC), whilst the loss history is considered for disclosure purposes only. Those amendments should be reflected in the disclosure templates, inter alia by laying down new templates to provide information on annual operational losses incurred over the past 10 years, the calculation of business indicator, components and sub-components, and the related own funds requirements and risk exposure amounts.
- (15) Article 501d(2) of Regulation (EU) No 575/2013 prescribes how institutions are to calculate their own funds requirements for crypto-asset exposures until the date of application of the legislative act referred to in Article 501d(1) of that Regulation. It is therefore necessary to lay down how institutions are to disclose their crypto-asset exposures during that transitional period.
- (16) Regulation (EU) 2024/1623 amended Article 434a(1) of Regulation (EU) No 575/2013 and introduced a requirement for the EBA to develop IT solutions, including instructions, to be used by institutions for disclosures required under Titles II and III of that Regulation. Accordingly, the disclosure templates should indicate with sufficient clarity the data points and the information that institutions have to disclose to ensure that users get access to sufficient comprehensive and comparable information and that consistency with international standards on disclosures is maintained. In order to allow the EBA to develop appropriate IT solutions, those uniform disclosure formats should not be binding as concerns their structure and their representation. In particular, the EBA should be able to depart from the graphical representation and tabular structure of the disclosure templates as long as all the data points and information required are included in the IT solution.

- (17) To provide institutions with a comprehensive integrated set of uniform disclosure formats and to ensure high quality disclosures, while also reflecting the approach under the revised Article 434a(1) of Regulation (EU) No 575/2013, it is necessary to repeal Implementing Regulation (EU) 2021/637 and replace that Implementing Regulation with this Regulation.
- (18) To ensure timely and quality disclosures by institutions, they should be given sufficient time to adapt their internal systems in view of the changes to the existing disclosure framework reflected/incorporated in this Regulation.
- (19) This Regulation is based on the draft implementing technical standards submitted to the Commission by the European Banking Authority.
- (20) The European Banking Authority has conducted open public consultations on the draft implementing technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the advice of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010 of the European Parliament and of the Council <sup>(9)</sup>,

HAS ADOPTED THIS REGULATION:

#### *Article 1*

##### **Disclosure of key metrics and overview of risk-weighted exposure amounts**

Institutions shall disclose the information referred to in Article 438, points (a) to (d), (f) and (g), and Article 447, points (a) to (g), of Regulation (EU) No 575/2013 as specified in Section 1 – ‘Disclosure of overview of risk management, key prudential metrics and RWA’ in Annex I.

#### *Article 2*

##### **Disclosure of risk management objectives and policies**

Institutions shall disclose the information referred to in Article 435 of Regulation (EU) No 575/2013 as specified in Section 2 – ‘Disclosure of risk management objectives and policies’ in Annex I.

#### *Article 3*

##### **Disclosure of the scope of application**

Institutions shall disclose the information referred to in Article 436, points (b) to (h), of Regulation (EU) No 575/2013 as specified in Section 3 – ‘Disclosure of the scope of application’ in Annex I.

#### *Article 4*

##### **Disclosure of own funds**

Institutions shall disclose the information the information referred to in Article 437, points (a) to (f), of Regulation (EU) No 575/2013 as specified in Section 4 – ‘Disclosure of own funds’ in Annex I.

<sup>(9)</sup> Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12, ELI: <http://data.europa.eu/eli/reg/2010/1093/oj>).

## Article 5

### **Disclosure of countercyclical capital buffers**

Institutions shall disclose the information referred to in Article 440, points (a) and (b), of Regulation (EU) No 575/2013 as specified in Section 5 – ‘Disclosure of countercyclical capital buffers’ in Annex I.

## Article 6

### **Disclosure of the leverage ratio**

Institutions shall disclose the information referred to in Article 451(1), points (a) to (e), and in Article 451(2) and (3) of Regulation (EU) No 575/2013 as specified in Section 6 – ‘Disclosure of leverage ratio’ in Annex I.

## Article 7

### **Disclosure of indicators of global systemic importance**

1. Global systemically important institutions (G-SIIs) shall disclose the information on the values of the indicators used for determining their score referred to in Article 441 of Regulation (EU) No 575/2013 by using the uniform disclosure format referred to in Article 434a of that Regulation. G-SIIs shall use that disclosure format for the collection of the indicator values by relevant authorities as set out in Article 3(2) of Commission Delegated Regulation (EU) No 1222/2014<sup>(10)</sup>, with the exception of any ancillary data and memorandum items collected in accordance with Article 3(2) of that Delegated Regulation.

2. G-SIIs shall disclose the information referred to in paragraph 1 in their year-end Pillar 3 report. G-SIIs shall redisclose the information referred to in paragraph 1 in their first Pillar 3 report following the final submission of the values of the indicators to the relevant competent authorities, where the submitted figures are different from the figures disclosed in the year-end Pillar 3 report.

## Article 8

### **Disclosure of liquidity requirements**

Institutions shall disclose the information referred to in Article 435(1) and in Article 451a(2), (3) and (4), of Regulation (EU) No 575/2013 as specified in Section 7 – ‘Disclosure of liquidity requirements’ in Annex I.

## Article 9

### **Disclosure of exposures to credit risk, dilution risk and credit quality**

1. Institutions shall disclose the information referred to in Article 435(1), points (a), (b), (d) and (f), and in Article 442 of Regulation (EU) No 575/2013 as specified in Section 8 – ‘Disclosure of credit risk quality’ in Annex I.

2. Large institutions that have a ratio between the gross carrying amount of loans and advances that fall under Article 47a(3) of Regulation (EU) No 575/2013 and the total gross carrying amount of loans and advances that fall under Article 47a(1) of that Regulation equal to or higher than 5 % shall, in addition to the information referred to in paragraph 1, disclose additional information to comply with Article 442, points (c) and (f), of that Regulation. Those institutions shall disclose that information on an annual basis.

<sup>(10)</sup> Commission Delegated Regulation (EU) No 1222/2014 of 8 October 2014 supplementing Directive 2013/36/EU of the European Parliament and of the Council with regard to regulatory technical standards for the specification of the methodology for the identification of global systemically important institutions and for the definition of subcategories of global systemically important institutions (OJ L 330, 15.11.2014, p. 27, ELI: <http://data.europa.eu/eli/reg/del/2014/1222/oj>).

3. For the purposes of paragraph 2, institutions shall exclude loans and advances classified as held for sale, cash balances at central banks, and other demand deposits both from the denominator and the numerator of the ratio.

4. Institutions shall commence disclosure in accordance with paragraph 2 where they have reached or exceeded the 5 % threshold referred to in that paragraph in two consecutive quarters during the four quarters prior to the reference date of the disclosure. For the reference date of the first disclosure, institutions shall disclose the information concerned by using the templates referred to in that paragraph where they exceed the 5 % threshold on that disclosure reference date.

5. Institutions shall no longer be obliged to disclose in accordance with paragraph 2 where they have fallen below the 5 % threshold on three consecutive quarters during the four quarters prior to the disclosure reference date.

#### *Article 10*

##### **Disclosure of the use of credit risk mitigation techniques**

Institutions shall disclose the information referred to in Article 453, points (a) to (f), of Regulation (EU) No 575/2013 as specified in Section 9 – ‘Disclosure of credit risk mitigation techniques’ in Annex I.

#### *Article 11*

##### **Disclosure of the use of the Standardised Approach**

Institutions calculating risk-weighted exposure amounts under the Standardised Approach shall disclose the following information on the use of the Standardised Approach:

- (a) the information referred to in Article 444, points (a) to (e), and the information referred to in Article 453, points (g), (h) and (i), of Regulation (EU) No 575/2013 as specified in Section 10 – ‘Disclosure of credit risk SA’ in Annex I;
- (b) the information on the exposure values deducted from own funds referred to in Article 444, point (e), of Regulation (EU) No 575/2013 as specified in Section 4 – ‘Disclosure of own funds’ in Annex I.

#### *Article 12*

##### **Disclosure of the use of the IRB Approach to credit risk**

Institutions calculating risk-weighted exposure amounts under the IRB Approach shall disclose the information referred to in Article 438, point (h), Article 452, points (a) to (h), and in Article 453, points (g) and (j), of Regulation (EU) No 575/2013 as specified in Section 11 – ‘Disclosure of credit risk IRB’ in Annex I.

#### *Article 13*

##### **Disclosure of specialised lending and equity exposures**

Institutions shall disclose the information referred to in Article 438, point (e), of Regulation (EU) No 575/2013 as specified in Section 12 – ‘Disclosure of specialised lending and equity exposures’ in Annex I.

#### *Article 14*

##### **Disclosure of exposures to counterparty credit risk**

Institutions shall disclose the information referred to in Article 438, point (h), and Article 439 of Regulation (EU) No 575/2013 as specified in Section 13 – ‘Disclosure of counterparty credit risk’ in Annex I.

*Article 15***Disclosure of exposures to securitisation positions**

Institutions shall disclose the information referred to in Article 449 of Regulation (EU) No 575/2013 as specified in Section 14 – ‘Disclosure of exposures to securitisation positions’ in Annex I.

*Article 16***Disclosure of the use of the standardised approach and of the alternative internal models for market risk**

1. Institutions shall disclose the information referred to in Article 435(1), points (a) to (d), Article 438, Article 445(1) and (2), Article 455(1), points (a) to (f), and Article 455(2) and (3), of Regulation (EU) No 575/2013 as specified in Section 15 – ‘Disclosure of market risk’ in Annex I.
2. Until 31 December 2025, institutions shall make the disclosures in accordance with Article 15 of Commission Implementing Regulation (EU) 2021/637 (<sup>(1)</sup>).
3. At the first date of application of the use of the alternative approaches referred to in Article 325az of Regulation (EU) No 575/2013, institutions using the alternative internal model approach for market risk shall disclose the qualitative information referred to in Article 455(1), points (a) to (f), of Regulation (EU) No 575/2013 together with the quantitative information referred to in Article 455(2) of that Regulation.

*Article 17***Disclosure of credit valuation adjustment risk**

Institutions shall disclose the information referred to in Article 438, points (d) and (h), Article 439, point (h), and Article 445a of Regulation (EU) No 575/2013 as specified in Section 16 – ‘Disclosure of credit valuation adjustment’ in Annex I.

*Article 18***Disclosure of operational risk**

Institutions shall disclose the information referred to in Article 435, Article 438, point (d), and Article 446 of Regulation (EU) No 575/2013 as specified in Section 17 – ‘Disclosure of operational risk’ in Annex I.

*Article 19***Disclosure of exposures to interest rate risk on positions not held in the trading book**

1. Institutions shall disclose the information referred to in Article 448(1), points (a) to (g), of Regulation (EU) No 575/2013 as specified in Section 18 – ‘Disclosure of interest rate risk of non-trading book activities’ in Annex I.
2. Institutions that disclose information in accordance with paragraph 1 for the first time shall not be obliged to disclose that information relating to the previous reference date.

<sup>(1)</sup> Commission Implementing Regulation (EU) 2022/2453 of 30 November 2022 amending the implementing technical standards laid down in Implementing Regulation (EU) 2021/637 as regards the disclosure of environmental, social and governance risks (OJ L 324, 19.12.2022, p. 1, ELI: [http://data.europa.eu/eli/reg\\_impl/2022/2453/oj](http://data.europa.eu/eli/reg_impl/2022/2453/oj)).

*Article 20***Disclosure of remuneration policy**

Institutions shall disclose the information referred to in Article 450 of Regulation (EU) No 575/2013 as specified in Section 19 – ‘Disclosure of remuneration policy’ in Annex I.

*Article 21***Disclosure of encumbered and unencumbered assets**

Institutions shall disclose the information referred to in Article 443 of Regulation (EU) No 575/2013 as specified in Section 20 – ‘Disclosure of encumbered and unencumbered assets’ in Annex I.

*Article 22***Disclosure of environmental, social and governance risks (ESG risks)**

1. Institutions shall disclose the information referred to in Article 449a of Regulation (EU) No 575/2013 as specified in Section 21 – ‘Disclosure of prudential disclosures on ESG risks’ in Annex I. That information shall cover all of the following:

- (a) qualitative information on environmental, social and governance risks;
- (b) quantitative information on climate change transition risk;
- (c) quantitative information on climate change physical risks;
- (d) quantitative information on mitigating actions associated with economic activities that qualify as environmentally sustainable under Article 3 of Regulation (EU) 2020/852 towards those counterparties that are subject to Articles 19a or 29a of Directive 2013/34/EU, towards households, and towards local governments as referred to in Part 1, point 42(b), of Annex V to Commission Implementing Regulation (EU) 2021/451 (<sup>(12)</sup>);
- (e) quantitative information on other mitigating actions and exposures to climate-change-related risks that do not qualify as environmentally sustainable economic activities under Article 3 of Regulation (EU) 2020/852 but support counterparties in the transition or adaptation process for the objectives of climate change mitigation and climate change adaptation.

2. Institutions may choose to disclose quantitative information on mitigating actions and exposures on climate-change-related risks associated with economic activities that qualify as environmentally sustainable under Article 3 of Regulation (EU) 2020/852, towards counterparties that are non-financial corporations, that are not subject to the disclosure obligations laid down in Articles 19a or 29a of Directive 2013/34/EU, and that are not subject to the disclosure obligations laid down in Commission Implementing Regulation (EU) 2021/2178 (<sup>(13)</sup>).

<sup>(12)</sup> Commission Implementing Regulation (EU) 2021/451 of 17 December 2020 laying down implementing technical standards for the application of Regulation (EU) No 575/2013 of the European Parliament and of the Council with regard to supervisory reporting of institutions and repealing Implementing Regulation (EU) No 680/2014 (OJ L 97, 19.3.2021, p. 1, ELI: [http://data.europa.eu/eli/reg\\_impl/2021/451/oj](http://data.europa.eu/eli/reg_impl/2021/451/oj)).

<sup>(13)</sup> Commission Delegated Regulation (EU) 2021/2178 of 6 July 2021 supplementing Regulation (EU) 2020/852 of the European Parliament and of the Council by specifying the content and presentation of information to be disclosed by undertakings subject to Articles 19a or 29a of Directive 2013/34/EU concerning environmentally sustainable economic activities, and specifying the methodology to comply with that disclosure obligation (OJ L 443, 10.12.2021, p. 9, ELI: [http://data.europa.eu/eli/reg\\_del/2021/2178/oj](http://data.europa.eu/eli/reg_del/2021/2178/oj)).

For the calculation of the percentage of the exposures to activities that comply with the requirements laid down in Article 3 of Regulation (EU) 2020/852 (taxonomy-aligned exposures) towards those counterparties, institutions:

- (a) may, where available, use the information received from their counterparties on a voluntary and bilateral basis through the loan origination, and regular credit review and monitoring processes;
- (b) where the counterparty is not able or willing to provide the data concerned on a bilateral basis, may use internal estimates and proxies and explain in the narrative accompanying the template to what extent those internal estimates and proxies have been used, and which internal estimates and proxies have been applied;
- (c) where they are unable to collect on a bilateral basis the information concerned, or cannot use internal estimates and proxies, or cannot collect that information or use those estimates and proxies in a way that is not overly burdensome for them or their counterparties, may explain that inability in the narrative accompanying the template.

For the purposes of point (a), institutions shall inform their counterparties that the provision of such information is voluntary.

#### Article 23

##### **Disclosure of crypto assets**

Institutions shall disclose the information for the calculation of the own funds requirements of exposures to crypto-assets in accordance with Article 501d(2) of Regulation (EU) No 575/2013 as specified in Section 22 – ‘Disclosure of exposures to crypto assets’ in Annex I.

#### Article 24

##### **IT solutions**

The EBA shall ensure that the IT solutions, including instructions, developed for disclosures required under Titles II and III of Regulation (EU) No 575/2013 comply with the uniform disclosure formats laid down in this Regulation at all times and include all the data points and information listed in the disclosure templates.

The EBA shall make available the IT solutions referred to in first paragraph and any related instructions on its website. The EBA shall keep those IT solutions and instructions up-to-date and available in all official languages.

#### Article 25

##### **General provisions on the uniform disclosure formats**

1. The numbering of rows or columns in the uniform disclosure formats referred to in the Annex Ind included in the IT solutions developed by the EBA shall not be altered where an institution omits one or more disclosures in accordance with Article 432 of Regulation (EU) No 575/2013.
2. Institutions shall make a clear note in the narrative accompanying the IT solution-based template or table concerned indicating which rows or columns are not populated and stating the reason of the omission of the disclosure.
3. The information required by Article 431 of Regulation (EU) No 575/2013 shall be clear and comprehensive, enabling users of that information to understand the quantitative disclosures, and shall be placed next to the templates to which that information relates.
4. Numeric values shall be presented as follows:
  - (a) quantitative monetary data shall be disclosed using a minimum precision equivalent to millions of units;
  - (b) quantitative data disclosed as ‘percentage’ shall be expressed as per unit with a minimum precision equivalent to four decimals.

5. Institutions shall also provide the following information:
  - (a) disclosure reference date and reference period;
  - (b) reporting currency;
  - (c) name and, where relevant, the legal entity identifier (LEI) of the disclosing institution;
  - (d) where relevant, the accounting standard used;
  - (e) where relevant, the scope of consolidation.

#### *Article 26*

##### **Disclosure period and frequency**

1. Disclosure periods shall be defined as quarterly periods T, T-1, T-2, T-3 and T-4.
2. The rows or columns in the uniform disclosure formats referred to in the Annex Ind included in the IT solutions developed by the EBA shall be populated in accordance with the frequency of the disclosure laid down in Articles 433a, 433b and 433c of Regulation (EU) No 575/2013.
3. Institutions subject to the obligation to publish disclosures shall disclose information with the following frequency:
  - (a) institutions disclosing the information contained in the Annex I on a quarterly basis shall provide data for periods T, T-1, T-2, T-3 and T-4;
  - (b) institutions disclosing the information contained in the Annex I on a semi-annual basis shall provide data for periods T, T-2 and T-4;
  - (c) institutions disclosing the information contained in the Annex I on an annual basis shall provide data for periods T and T-4.
4. Institutions shall disclose the dates corresponding to the disclosure periods.
5. The disclosure of data for previous periods shall not be required where data are disclosed for the first time.

#### *Article 27*

##### **Repeal**

1. Implementing Regulation (EU) 2021/637 shall cease to apply from 1 January 2025, except for Article 15 and Annexes XXIX and XXX. Article 15 and Annexes XXIX and XXX of Implementing Regulation (EU) 2021/637 shall continue to apply until 31 December 2025 only for the purposes of Article 16 of this Regulation.
2. Implementing Regulation (EU) 2021/637 is repealed with effect from 31 December 2025.
3. References to the repealed Regulation shall be construed as references to this Regulation and read in accordance with the correlation table in Annex II.

*Article 28*

**Entry into force and application**

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2025.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 29 November 2024.

*For the Commission*

*The President*

Ursula VON DER LEYEN

8 Impairment assets (net of related tax liability) (negative amount)		(p)minus (d)
10 Deferred tax assets where the institution does not have a significant investment in those entities (amount below 10% threshold and net of eligible short positions) (negative amount)		
11 Fair value revaluation related to gains or losses on cash flow hedges of financial instruments that are not valued at fair value		
12 Any increase in equity that arises from the cancellation of expected loss amounts		
13 Any increase in equity that arises from securitised assets (negative amount)		
14 Gain or losses on liabilities valued at fair value resulting from changes in own credit standing		
15 Financial benefit margin fund assets (negative amount)		
16 Direct, indirect and synthetic holdings by an institution of own CET1 instruments (negative amount)		
17 Direct, indirect and synthetic holdings of CET1 instruments of financial sector entities where those entities have reciprocal cross holdings with the institution designed to isolate artifacts (the own funds of the institution (negative amount))		
18 Direct, indirect and synthetic holdings of CET1 instruments of financial sector entities where the institution does not have a significant investment in those entities (amount above 10% threshold and net of eligible short positions) (negative amount)		
19 Direct, indirect and synthetic holdings by the institution of the CET1 instruments of financial sector entities where the institution has a significant investment in these entities (amount above 10% threshold and net of eligible short positions) (negative amount)		
20 Not applicable		
EU-20a Income from the following items which qualify for a RWA of 1250N, where the institution uses the deduction alternative		
EU-20b Income of which: qualifying holdings outside the financial sector (negative amount)		
EU-20c Income of which: qualifying holdings inside the financial sector (negative amount)		
EU-20d Income of which: fair dividends (negative amount)		
21 Deferred tax assets arising from temporary differences (amounts above 10% threshold and of related tax liability where the conditions in Article 38 (3) CRR are met) (negative amount)		
22 Amount exceeding the 17.65% threshold (negative amount)		
23 of which: direct, indirect and synthetic holdings by the institution of the CET1 instruments of financial sector entities where the institution has a significant investment in those entities		
24 Not applicable		
25 Income from financial assets arising from temporary differences		
EU-25a Income for the current financial year (negative amount)		
EU-25b Permissible fee charges relating to CET1 items except where the institution subsequently adjusts the amount of CET1 items inside as such tax charges reduce the amount up to which those items may be used to cover risks or losses (negative amount)		
26 Not applicable		
27 Qualifying AT1 deductions that exceed the AT1 items of the institution (negative amount)		
27a Other regulatory adjustments		
28 Total regulatory adjustments to Common Equity Tier 1 (CET1)		
29 Common Equity Tier 1 (CET1) capital		
<b>Additional Tier 1 (AT1) capital: Instruments</b>		
30 Capital instruments and the related share premium accounts		(j)
31 of which: classified as equity under applicable accounting standards		
32 Financial instruments of which the institution is the issuer		
33 Amount of qualifying items referred to in Article 484 (ii) CRR and the related share premium accounts subject to phase out from AT1		
EU-33a Amount of qualifying items referred to in Article 494a(1) CRR subject to phase out from AT1		
EU-33b Amount of qualifying items referred to in Article 494a(2) CRR subject to phase out from AT1		
34 Qualifying Tier 1 capital included in consolidated AT1 capital (including minority interests not included in row 33 subject to aggregation and held by third parties)		
35 Qualifying Tier 1 capital included in consolidated AT1 capital (excluding minority interests not of third parties)		
36 Additional Tier 1 (AT1) capital before regulatory adjustments		
<b>Additional Tier 1 (AT1) capital: regulatory adjustments</b>		
37 Direct, indirect and synthetic holdings by an institution of own AT1 instruments (negative amount)		
38 Direct, indirect and synthetic holdings of the AT1 instruments of financial sector entities where those entities have reciprocal cross holdings with the institution designed to isolate artifacts (the own funds of the institution (negative amount))		
39 Direct, indirect and synthetic holdings of the AT1 instruments of financial sector entities where the institution does not have a significant investment in those entities (amount above 10% threshold and net of eligible short positions) (negative amount)		
40 Direct, indirect and synthetic holdings by the institution of the AT1 instruments of financial sector entities where the institution has a significant investment in these entities (amount not of third parties)		
41 Not applicable		
42 Qualifying Tier 1 deductions that exceed the AT1 items of the institution (negative amount)		
42a Other regulatory adjustments to AT1 capital		
43 Total regulatory adjustments to Additional Tier 1 (AT1) capital		
44 Additional Tier 1 (AT1) capital		
45 Tier 1 capital (T1 + CET1 + AT1)		
<b>Tier 2 (T2) capital: Instruments</b>		
46 Capital instruments and the related share premium accounts		
47 Amount of qualifying items referred to in Article 484(3) CRR and the related share premium accounts subject to phase out from T2 as described in Article 484(4) CRR		
EU-47a Amount of qualifying items referred to in Article 494a(2) CRR subject to phase out from T2		
EU-47b Amount of qualifying items referred to in Article 494a(2) CRR subject to phase out from T2		
48 Qualifying long-term subordinated debt instruments under Tier 2 capital (excluding minimum requirements and AT1 instruments not included in rows 5 or 34) issued by subsidiaries and held by third parties		
49 Qualifying long-term subordinated debt instruments issued by subsidiaries subject to phase out		
50 Credit risk adjustments		
51 Tier 2 (T2) capital before regulatory adjustments		
<b>Tier 2 (T2) capital: regulatory adjustments</b>		
52 Direct, indirect and synthetic holdings by an institution of own T2 instruments and subordinated loans (negative amount)		
53 Direct, indirect and synthetic holdings of the T2 instruments and subordinated loans of financial sector entities where the institution has a significant investment in these entities (amount above 10% threshold and net of eligible short positions) (negative amount)		
54 Direct, indirect and synthetic holdings of the T2 instruments and subordinated loans of financial sector entities where the institution does not have a significant investment in these entities (amount above 10% threshold and net of eligible short positions) (negative amount)		
55 Not applicable		
EU-56a Qualifying eligible liabilities deductions that exceed the eligible liabilities items of the institution (negative amount)		
EU-56b Other regulatory adjustments to Tier 2 (T2) capital		
57 Tier 2 (T2) capital		
58 Not 2 (T2) capital		
59 Total capital (T1 + T2 + T2)		
60 Total Risk exposure amount		
<b>Capital ratios and requirements including buffers</b>

**Table EU CRA: General qualitative information about credit risk**

Institutions shall describe their risk management objectives and policies for credit risk by providing the following information:

Qualitative disclosures	
(a)	In the concise risk statement in accordance with point (f) of Article 435(1) CRR, how the business model translates into the components of the institution's credit risk profile.
(b)	When discussing their strategies and processes to manage credit risk and the policies for hedging and mitigating that risk in accordance with points (a) and (d) of Article 435(1) CRR, the criteria and approach used for defining the credit risk management policy and for setting credit risk
(c)	When informing on the structure and organisation of the risk management function in accordance with point (b) of Article 435(1) CRR, the structure and organisation of the credit risk management and control function.
(d)	When informing on the authority, status and other arrangements for the risk management function in accordance with point (b) of Article 435(1) CRR, the relationships between credit risk management, risk control, compliance and internal audit functions.

**Table EU CRB: Additional disclosure related to the credit quality of assets**

Qualitative disclosures	
(a)	The scope and definitions of 'past-due' and 'impaired' exposures used for accounting purposes and the differences, if any, between the definitions of past due and default for accounting and regulatory purposes as specified by the EBA Guidelines on the application of the definition of default in accordance with Article 178 CRR.
(b)	The extent of past-due exposures (more than 90 days) that are not considered to be impaired and the reasons for this.
(c)	Description of methods used for determining general and specific credit risk adjustments.
(d)	The institution's own definition of a restructured exposure used for the implementation of point (d) of Article 178(3) CRR specified by the EBA Guidelines on default in accordance with Article 178 CRR when different from the definition of forbearance exposure defined in Annex V to Commission Implementing Regulation (EU) 680/2014.

## Template EU CR1: Performing and non-performing exposures and related provisions.

**Table EU-SECA - Qualitative disclosure requirements related to securitisation exposures**

Free format text boxes for disclosure of qualitative information

Legal basis	Row number	Qualitative information - Free format
Article 449(a) CRR	(a)	Description of securitisation and re-securitisation activities; including institutions' risk management and investment objectives in connection with those activities, their role in securitisation and re-securitisation transactions whether they use the Simple Transparent and Standardised (STS) securitisation framework and the extent to which they use securitisation transactions to transfer the credit risk of the securitised exposures to third parties with, where applicable, a separate description of their synthetic securitisation risk transfer policy
Article 449(b) CRR	(b)	The type of risk that institutions are exposed to in their securitisation and re-securitisation activities by level of seniority of the relevant securitisation positions, providing a distinction between STS and non-STS positions and: i) risk retained in own-originated transactions; ii) risk incurred in relation to transactions originated by third parties
Article 449(c) CRR	(c)	Institutions' approaches to calculating the risk-weighted exposure amounts that they apply to their securitisation activities, including the types of securitisation positions to which each approach applies with a distinction between STS and non-STS positions
Article 449(d) CRR	(d)	A list of SSPEs falling into any of the following categories, with a description of types of institution's exposures to those SSPEs, including derivatives contracts: (i) SSPEs which acquire exposures originated by the institutions; (ii) SSPEs sponsored by the institutions; (iii) SSPEs and other legal entities for which the institutions provide securitisation-related services, such as advisory, asset servicing or management services; (iv) SSPEs included in the institutions' regulatory scope of consolidation
Article 449(e) CRR	(e)	A list of any legal entities in relation to which the institutions have disclosed that they have provided support in accordance with Chapter 5 of Title II of Part Three CRR
Article 449(f) CRR	(f)	A list of legal entities affiliated with the institutions and that invest in securitisations originated by the institutions or in securitisation positions issued by SSPEs sponsored by the institutions
Article 449(g) CRR	(g)	A summary of their accounting policies for securitisation activity, including where relevant a distinction between securitisation and re-securitisation positions
Article 449(h) CRR	(h)	The names of the ECAs used for securitisations and the types of exposure for which each agency is used
Article 449(i) CRR	(i)	Where applicable, a description of the Internal Assessment Approach as set out in Chapter 5 of Title II of Part Three CRR including the structure of the internal assessment process and the relation between internal assessment and external ratings of the relevant ECAI disclosed in accordance with point (h), the control mechanisms for the internal assessment process including discussion of independence, accountability, and internal assessment process review, the exposure types to which the internal assessment process is applied and the stress factors used for determining credit enhancement levels

		Flexible format disclosure
EU (a)	<b>Point (1) (a) of Article 455 CRR</b> Description of objectives in undertaking trading activities and the processes implemented to identify, measure, monitor and control the institution's market risks.	
EU (b)	<b>Point (1) (b) of Article 455 CRR</b> Description of policies referred to in Article 104(1) for determining which position is to be included in the trading book.	
EU (c)	<b>Point (1) (e) of Article 455 CRR</b> Description of the structure and organisation of the market risk management function and governance.	
<b>Point (1) (c) (d) of Article 455 CRR</b> (A) (B) Institutions shall provide a general description of the trading desk structure and types of instruments included in the AIMA trading desk. In particular, they shall disclose the following:		
B (a)	<b>Point (1) (c) of Article 455 CRR</b> General description of the structure of the trading desks covered by the alternative internal model referred to in Article 325az, including for each desk a broad description of the desk's business strategy, the instruments permitted therein and the main risk types in relation to that desk.	
	<b>Point (1) (d) of Article 455 CRR</b> General overview of the trading book positions not covered by the alternative internal model referred to in Article 325az, including a general description of the desk structure and of type of instruments included in the desks or in the desks categories in accordance with Article 104b.	
<b>Point (1) (f) of Article 455 CRR</b> B) C) E) Institutions shall describe the main characteristics of the models used at the consolidated level, including the approaches used in the validation of the models and modelling processes. In particular, institutions shall include the following:		
B (b) (c) (d) (e)	<b>Point (1) (f) (i) of Article 455 CRR</b> Description of the scope, the main characteristics and the key modelling choices of the different alternative internal models referred to in Article 325az used to calculate the risk exposure amounts for the main models used at the consolidated level, and a description to what extent those internal models represent all the models used at the consolidated level, including where applicable: (i) a broad description of the modelling approach used to calculate the expected shortfall referred to in Article 325ba(1), point (a), including the frequency of data update;	
C (a)	<b>Point (1) (f) (ii) of Article 455 CRR</b> A broad description of the methodology used to calculate the stress scenario risk measure referred to in Article 325ba(1), point (b), other than the specifications provided for in Article 325bk(3);	
<b>Point (1) (f) (iii) of Article 455 CRR</b> D) Institutions using internal models to calculate the default risk charge shall provide the following information:		
(a) (b)	<b>Point (1) (f) (iii) of Article 455 CRR</b> A broad description of the modelling approach used to calculate the default risk charge referred to in Article 325ba(2), including the frequency of data update.

**Table EU REMA - Remuneration policy**

Institutions shall describe the main elements of their remuneration policies and how they implement these policies. In particular, the following elements, where relevant, shall be described:

Qualitative disclosures	
Information relating to the bodies that oversee remuneration. Disclosures shall include:	
(a)	<ul style="list-style-type: none"> <li>• Name, composition and mandate of the main body (management body or remuneration committee as applicable) overseeing the remuneration policy and the number of meetings</li> <li>• External consultants whose advice has been sought, the body by which they were commissioned, and in which areas of the remuneration framework.</li> <li>• A description of the scope of the institution's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to subsidiaries and branches located in</li> <li>• A description of the staff or categories of staff whose professional activities have a material impact on institutions' risk profile.</li> </ul>
(b)	<ul style="list-style-type: none"> <li>Information relating to the design and structure of the remuneration system for identified staff. Disclosures shall include:           <ul style="list-style-type: none"> <li>• An overview of the key features and objectives of remuneration policy, and information about the decision-making process used for determining the remuneration policy and the role</li> <li>• Information on the criteria used for performance measurement and ex ante and ex post risk adjustment.</li> <li>• Whether the management body or the remuneration committee where established reviewed the institution's remuneration policy during the past year, and if so, an overview of any</li> <li>• Information of how the institution ensures that staff in internal control functions are remunerated independently of the businesses they oversee.</li> <li>• Policies and criteria applied for the award of guaranteed variable remuneration and severance payments.</li> </ul> </li> </ul>
(c)	<ul style="list-style-type: none"> <li>• Description of the ways in which current and future risks are taken into account in the remuneration processes. Disclosures shall include an overview of the key risks, their measurement and how</li> </ul>
(d)	<ul style="list-style-type: none"> <li>• The ratios between fixed and variable remuneration set in accordance with point (g) of Article 94(1) CRD.</li> </ul>
Description of the ways in which the institution seeks to link performance during a performance measurement period with levels of remuneration. Disclosures shall include:	
(e)	<ul style="list-style-type: none"> <li>• An overview of main performance criteria and metrics for institution, business lines and individuals.</li> <li>• An overview of how amounts of individual variable remuneration are linked to institution-wide and individual performance.</li> <li>• Information on the criteria used to determine the balance between different types of instruments awarded including shares, equivalent ownership interest, options and other</li> <li>• Information of the measures the institution will implement to adjust variable remuneration in the event that performance metrics are weak, including the institution's criteria for determining "weak" performance metrics.</li> </ul>
Description of the ways in which the institution seeks to take account of longterm performance. Disclosures shall include:	
(f)	<ul style="list-style-type: none"> <li>• An overview of the institution's policy on deferral, payout in instrument, retention periods and vesting of variable remuneration including where it is different among staff or</li> <li>• Information of the institution's criteria for ex post adjustments (malus) during deferral and clawback after vesting, if permitted by national law).</li> <li>• Where applicable, shareholding requirements that may be imposed on identified staff.</li> </ul>
(g)	<ul style="list-style-type: none"> <li>• The description of the main parameters and rationale for any variable components scheme and any other non-cash benefit in accordance with point (f) of Article 450(1) CRR. Disclosures shall</li> <li>• Information on the specific performance indicators used to determine the variable components of remuneration and the criteria used to determine the balance between different</li> </ul>
(h)	<ul style="list-style-type: none"> <li>• Upon demand from the relevant Member State or competent authority, the total remuneration for each member of the management body or senior management.</li> </ul>
(i)	<ul style="list-style-type: none"> <li>• Information on whether the institution benefits from a derogation laid down in Article 94(3) CRD in accordance with point (k) of Article 450(1) CRR.</li> <li>• For the purposes of this point, institutions that benefit from such a derogation shall indicate whether this is on the basis of point (a) and/or point (b) of Article 94(3) CRD. They shall</li> </ul>
(j)	<ul style="list-style-type: none"> <li>• Large institutions shall disclose the quantitative information on the remuneration of their collective management body, differentiating between executive and non-executive members in</li> </ul>

Free format text boxes for disclosure of qualitative information, in accordance with Article 443 CRR

Row number	Qualitative information - Free format
(a)	General narrative information on asset encumbrance
(b)	Narrative information on the impact of the business model on assets encumbrance and the importance of encumbrance to the institution's business model, which provides users with the context of the disclosures required in Template EU AE1 and EU AE2.

**Table 1 - Qualitative information on Environmental risk**  
in accordance with Article 449a CRR

Row number	Qualitative information - Free format
	<b>Business strategy and processes</b>
(a)	Institution's business strategy to integrate environmental factors and risks, taking into account the impact of environmental factors and risks on institution's business environment, business model, strategy and financial planning
(b)	Objectives, targets and limits to assess and address environmental risk in short-, medium-, and long-term, and performance assessment against these objectives, targets and limits, including forward-looking information about the design of business strategy and processes
(c)	Current investment activities and (future) investment targets towards environmental objectives and EU taxonomy-aligned activities
(d)	Policies and procedures relating to direct and indirect engagement with new or existing counterparties on their strategies to mitigate and reduce environmental risks
	<b>Governance</b>
(e)	Responsibilities of the management body for setting the risk framework, supervising and managing the implementation of the objectives, strategy and policies in the context of environmental risk management covering relevant transmission channels
(f)	Management body's integration of short-, medium- and long-term effects of environmental factors and risks, organisational structure both within business lines and internal control functions
(g)	Integration of measures to manage environmental factors and risks in internal governance arrangements, including the role of committees, the allocation of tasks and responsibilities, and the feedback loop from risk management to the management body covering relevant transmission channels
(h)	Lines of reporting and frequency of reporting relating to environmental risk
(i)	Alignment of the remuneration policy with institution's environmental risk-related objectives
	<b>Risk management</b>
(j)	Integration of short-, medium- and long-term effects of environmental factors and risks in the risk framework
(k)	Definitions, methodologies and international standards on which the environmental risk management framework is based
(l)	Processes to identify, measure and monitor activities and exposures (and collateral where applicable) sensitive to environmental risks, covering relevant transmission channels
(m)	Activities, commitments and exposures contributing to mitigate environmental risks
(n)	Implementation of tools for identification, measurement and management of environmental risks
(o)	Results and outcome of the risk tools implemented and the estimated impact of environmental risk on capital and liquidity risk profile
(p)	Data availability, quality and accuracy, and efforts to improve these aspects
(q)	Description of limits to environmental risks (as drivers of prudential risks) that are set, and triggering escalation and exclusion in the case of breaching these limits
(r)	Description of the link (transmission channels) between environmental risks with credit risk, liquidity and funding risk, market risk, operational risk and reputational risk in the risk management framework

**Table 2 - Qualitative information on Social risk**  
in accordance with Article 449a CRR

Row number	Qualitative information - Free format
	<b>Business strategy and processes</b>
(a)	Adjustment of the institution's business strategy to integrate social factors and risks taking into account the impact of social risk on the institution's business environment, business model, strategy and financial planning
(b)	Objectives, targets and limits to assess and address social risk in short-term, medium-term and long-term, and performance assessment against these objectives, targets and limits, including forward-looking information in the design of business strategy and processes
(c)	Policies and procedures relating to direct and indirect engagement with new or existing counterparties on their strategies to mitigate and reduce socially harmful activities
	<b>Governance</b>
(d)	Responsibilities of the management body for setting the risk framework, supervising and managing the implementation of the objectives, strategy and policies in the context of social risk management covering counterparties' approaches to:
(i)	Activities towards the community and society
(ii)	Employee relationships and labour standards
(iii)	Customer protection and product responsibility
(iv)	Human rights
(e)	Integration of measures to manage social factors and risks in internal governance arrangements, including the role of committees, the allocation of tasks and responsibilities, and the feedback loop from risk management to the management body
(f)	Lines of reporting and frequency of reporting relating to social risk
(g)	Alignment of the remuneration policy in line with institution's social risk-related objectives
	<b>Risk management</b>
(h)	Definitions, methodologies and international standards on which the social risk management framework is based
(i)	Processes to identify, measure and monitor activities and exposures (and collateral where applicable) sensitive to social risk, covering relevant transmission channels
(j)	Activities, commitments and assets contributing to mitigate social risk
(k)	Implementation of tools for identification and management of social risk
(l)	Description of setting limits to social risk and cases to trigger escalation and exclusion in the case of breaching these limits
(m)	Description of the link (transmission channels) between social risks with credit risk, liquidity and funding risk, market risk, operational risk and reputational risk in the risk management framework

**Table 3 - Qualitative information on Governance risk**
